Statement by Enrolled Actuary

To the best of my knowledge, the information supplied in this schedule and accompanying schedules, statements and attachments, if any, is complete and accurate. Each prescribed assumption was applied in accordance with applicable law and regulations. In my opinion, each other assumption is reasonable (taking into account the experience of the plan and reasonable expectations) and such other assumptions, in combination, offer my best estimate of anticipated experience under the plan.

Part II Income and Expense Statement

2 Plan income, expenses, and changes in net assets for the year. Include all income and expenses of the plan, including any trust(s) or separately maintained fund(s) and any payments/receipts to/from insurance carriers. Round off amounts to the nearest dollar. MTIAs, CCTs, PSAs, and 103-12 IEs do not complete lines 2a, 2b(1)(E), 2e, 2f, and 2g.

Income

		(a) Amount	(b) Total
a Contributions:			
(1) Received or receivable in cash from: (A) Employers	2a(1)(A)		
(B) Participants	2a(1)(B)		
(C) Others (including rollovers)	2a(1)(C)		
(2) Noncash contributions	2a(2)		
(3) Total contributions. Add lines 2a(1)(A) , (B) , (C) , and line 2a(2)	2a(3)		0
b Earnings on investments:			
(1) Interest:			
(A) Interest-bearing cash (including money market accounts and certificates of deposit)	2b(1)(A)		
(B) U.S. Government securities	2b(1)(B)		
(C) Corporate debt instruments	2b(1)(C)		
(D) Loans (other than to participants)	2b(1)(D)		
(E) Participant loans	2b(1)(E)		
(F) Other	2b(1)(F)		
(G) Total interest. Add lines 2b(1)(A) through (F)	2b(1)(G)		0
(2) Dividends: (A) Preferred stock	2b(2)(A)		
(B) Common stock	2b(2)(B)		
(C) Registered investment company shares (e.g. mutual funds)	2b(2)(C)		
(D) Total dividends. Add lines 2b(2)(A) , (B) , and (C)	2b(2)(D)		0
(3) Rents	2b(3)		
(4) Net gain (loss) on sale of assets: (A) Aggregate proceeds	2b(4)(A)		
(B) Aggregate carrying amount (see instructions)	2b(4)(B)		
(C) Subtract line 2b(4)(B) from line 2b(4)(A) and enter result	2b(4)(C)		0
(5) Unrealized appreciation (depreciation) of assets: (A) Real estate	2b(5)(A)		
(B) Other	2b(5)(B)		
(C) Total unrealized appreciation of assets. Add lines 2b(5)(A) and (B)	2b(5)(C)		0

		(a) Amount	(b) Total
(6) Net investment gain (loss) from common/collective trusts	2b(6)		
(7) Net investment gain (loss) from pooled separate accounts	2b(7)		
(8) Net investment gain (loss) from master trust investment accounts	2b(8)		-2204736
(9) Net investment gain (loss) from 103-12 investment entities.....	2b(9)		
(10) Net investment gain (loss) from registered investment companies (e.g., mutual funds)	2b(10)		
c Other income	2c		
d Total income. Add all income amounts in column (b) and enter total	2d		-2204736
Expenses			
e Benefit payment and payments to provide benefits:			
(1) Directly to participants or beneficiaries, including direct rollovers	2e(1)	394496	
(2) To insurance carriers for the provision of benefits	2e(2)		
(3) Other	2e(3)	2290216	
(4) Total benefit payments. Add lines 2e(1) through (3)	2e(4)		2684712
f Corrective distributions (see instructions)	2f		
g Certain deemed distributions of participant loans (see instructions)	2g		
h Interest expense	2h		
i Administrative expenses: (1) Professional fees	2i(1)		
(2) Contract administrator fees	2i(2)		
(3) Investment advisory and management fees	2i(3)		
(4) Other	2i(4)		
(5) Total administrative expenses. Add lines 2i(1) through (4)	2i(5)		0
j Total expenses. Add all expense amounts in column (b) and enter total	2j		2684712
Net Income and Reconciliation			
k Net income (loss). Subtract line 2j from line 2d	2k		-4889448
l Transfers of assets:			
(1) To this plan	2l(1)		
(2) From this plan	2l(2)		

Part III Accountant's Opinion

3 Complete lines 3a through 3c if the opinion of an independent qualified public accountant is attached to this Form 5500. Complete line 3d if an opinion is not attached.

a The attached opinion of an independent qualified public accountant for this plan is (see instructions):

(1) ☒ Unmodified (2) ☐ Qualified (3) ☐ Disclaimer (4) ☐ Adverse

b Check the appropriate box(es) to indicate whether the IQPA performed an ERISA section 103(a)(3)(C) audit. Check both boxes (1) and (2) if the audit was performed pursuant to both 29 CFR 2520.103-8 and 29 CFR 2520.103-12(d). Check box (3) if pursuant to neither.

(1) ☒ DOL Regulation 2520.103-8 (2) ☐ DOL Regulation 2520.103-12(d) (3) ☐ neither DOL Regulation 2520.103-8 nor DOL Regulation 2520.103-12(d).

c Enter the name and EIN of the accountant (or accounting firm) below:

(1) Name: **BAKER TILLY US, LLP**

(2) EIN: **39-0859910**

d The opinion of an independent qualified public accountant is **not attached** because:

(1) ☐ This form is filed for a CCT, PSA, or MTIA. (2) ☐ It will be attached to the next Form 5500 pursuant to 29 CFR 2520.104-50.

Part IV Compliance Questions

4 CCTs and PSAs do not complete Part IV. MTIAs, 103-12 IEs, and GIAs do not complete lines 4a, 4e, 4f, 4g, 4h, 4k, 4m, 4n, or 5. 103-12 IEs also do not complete lines 4j and 4l. MTIAs also do not complete line 4l.

During the plan year:

a Was there a failure to transmit to the plan any participant contributions within the time period described in 29 CFR 2510.3-102? Continue to answer "Yes" for any prior year failures until fully corrected. (See instructions and DOL's Voluntary Fiduciary Correction Program.)

	Yes	No	Amount
4a		X	

	Yes	No	Amount
b Were any loans by the plan or fixed income obligations due the plan in default as of the close of the plan year or classified during the year as uncollectible? Disregard participant loans secured by participant's account balance. (Attach Schedule G (Form 5500) Part I if "Yes" is checked.)			
4b		X	
c Were any leases to which the plan was a party in default or classified during the year as uncollectible? (Attach Schedule G (Form 5500) Part II if "Yes" is checked.)			
4c		X	
d Were there any nonexempt transactions with any party-in-interest? (Do not include transactions reported on line 4a. Attach Schedule G (Form 5500) Part III if "Yes" is checked.)			
4d		X	
e Was this plan covered by a fidelity bond?	X		10000000
f Did the plan have a loss, whether or not reimbursed by the plan's fidelity bond, that was caused by fraud or dishonesty?		X	
4f		X	
g Did the plan hold any assets whose current value was neither readily determinable on an established market nor set by an independent third party appraiser?		X	
4g		X	
h Did the plan receive any noncash contributions whose value was neither readily determinable on an established market nor set by an independent third party appraiser?		X	
4h		X	
i Did the plan have assets held for investment? (Attach schedule(s) of assets if "Yes" is checked, and see instructions for format requirements.)		X	
4i		X	
j Were any plan transactions or series of transactions in excess of 5% of the current value of plan assets? (Attach schedule of transactions if "Yes" is checked and see instructions for format requirements.)		X	
4j		X	
k Were all the plan assets either distributed to participants or beneficiaries, transferred to another plan, or brought under the control of the PBGC?		X	
4k		X	
l Has the plan failed to provide any benefit when due under the plan?		X	
4l		X	
m If this is an individual account plan, was there a blackout period? (See instructions and 29 CFR 2520.101-3.)			
4m			
n If 4m was answered "Yes," check the "Yes" box if you either provided the required notice or one of the exceptions to providing the notice applied under 29 CFR 2520.101-3.			
4n			

5a Has a resolution to terminate the plan been adopted during the plan year or any prior plan year? ☐ Yes ☒ No
If "Yes," enter the amount of any plan assets that reverted to the employer this year _____.

5b If, during this plan year, any assets or liabilities were transferred from this plan to another plan(s), identify the plan(s) to which assets or liabilities were transferred. (See instructions.)

5b(1) Name of plan(s)	5b(2) EIN(s)	5b(3) PN(s)

5c Was the plan a defined benefit plan covered under the PBGC insurance program at any time during this plan year? (See ERISA section 4021 and instructions.) ☒ Yes ☐ No ☐ Not determined
If "Yes" is checked, enter the My PAA confirmation number from the PBGC premium filing for this plan year 485789.

Independent Auditors' Report

To the Participants and Plan Administrator of
Retirement Plan of GCP Applied Technologies Inc. Chemical Group (Chicago Dewey & Almy Plant)

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the financial statements of Retirement Plan of GCP Applied Technologies Inc. Chemical Group (Chicago Dewey & Almy Plant) (the Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statements of net assets available for benefits as of December 31, 2022 and 2021, and the related statements of changes in net assets available for benefits for the years then ended, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audit need not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of and for the years ended December 31, 2022 and 2021, stating that the certified investment information, as described in Note 8 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditors' Responsibilities for the Audit of the Financial Statements section:

- the amounts and disclosures in the financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- the information in the financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditors' Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the Plan, and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditors' Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditors' report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.

- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings and certain internal control-related matters that we identified during the audit.

Retirement Plan of GCP Applied Technologies Inc. Chemical Group (Chicago Dewey & Almy Plant)

Notes to Financial Statements
December 31, 2022 and 2021

1. Description of the Plan

The following description of the Retirement Plan of GCP Applied Technologies Inc. Chemical Group (Chicago Dewey & Almy Plant) (the Plan) provides only general information. Participants should refer to the plan document for a complete description of the Plan's provisions.

General

The Plan is a noncontributory defined benefit retirement plan which was established January 1, 1963 for hourly employees of the Chicago Dewey & Almy Plant of GCP Applied Technologies Inc. (GCP). Participants are considered entered into the Plan on the first day of the month following the date on which the eligibility requirements are met, as defined by the plan document. The Henkel of America, Inc. Benefits Administrative Committee (the Committee) and the plan administrator control and manage the operation and administration of the Plan. State Street Bank and Trust Company, N.A. (State Street) serves as the trustee of the Plan. The Plan's investments are held in the Henkel of America Master Trust (the Master Trust). The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

In connection with the divestiture of the Darex Packaging Technologies segment on July 3, 2017, the Plan was amended to change the plan sponsor to Henkel of America, Inc. (the Company) effective on such date. Certain employees of GCP covered by the Plan prior to the change in plan sponsor remained employees of GCP (continuing GCP employees). Accordingly, the assets and liabilities with respect to such employees have been spun off from the Plan to form a new plan.

The Plan was amended effective October 7, 2022 to allow for the purchase of one or more group annuity contracts. The annuity contracts will cover accrued benefits for certain participants or beneficiaries with payment dates on or before August 1, 2022 and monthly benefits in payment as of August 1, 2022 that are less than \$1,500 monthly. On October 14, 2022, the Company entered into an annuity contract with Massachusetts Mutual Life Insurance Company (Mass Mutual) and transferred \$2,290,216 in assets out of the Master Trust to Mass Mutual to cover 48 participants that met the criteria as outlined in the amendment.

Vesting

Employees are fully vested in benefits accrued after five years of vesting service, as defined by the plan document or at age 55 regardless of years of service.

Pension Benefits

Participants are eligible to receive retirement benefits upon actual retirement at any age beginning at age 65 based on the retirement benefit level at actual termination or the commencement of retirement benefits, if earlier, and are eligible for early retirement benefits at age 55. Participants' monthly retirement benefits are based on years of credited service depending on the date of termination of service as defined by the plan document. Additionally, monthly benefits for retirees are reduced if the employee has less than 10 years of service.

Benefits are paid in the form of an annuity unless the participant's accrued benefit is valued at an amount equal to or less than \$1,000, in which case the participant will receive a direct lump sum distribution from the Plan. If the participant's accrued benefit exceeds \$1,000 but is not greater than \$5,000, such benefit will remain in the Plan until the participant affirmatively elects to have the Plan distribute the funds or until the participant elects for the funds to be paid in the form of a direct rollover to an individual retirement plan.

Retirement Plan of GCP Applied Technologies Inc. Chemical Group (Chicago Dewey & Almy Plant)

Notes to Financial Statements
December 31, 2022 and 2021

Death and Disability Benefits

Upon the death of an active vested participant or a vested former participant who terminated employment on or after January 1, 1976, a death benefit may be payable to the participant's spouse or designated beneficiary, as defined by the plan document. Disability benefits are available for eligible participants prior to retirement age.

2. Summary of Significant Accounting Policies

Basis of Accounting

The financial statements of the Plan are prepared on the accrual basis of accounting.

Use of Estimates

The preparation of financial statements in accordance with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, disclosure of contingent assets and liabilities and the actuarial present value of accumulated plan benefits at the date of the financial statements, and changes therein. Actual results could differ from those estimates.

Payment of Benefits

Benefit payments to participants are recorded upon distribution.

Administrative Expenses

The Plan's expenses are paid either by the Plan or the Company, as provided by the plan document. Expenses that are paid directly by the Company, including actuarial fees, insurance premiums, legal fees and accounting fees, are excluded from these financial statements. Certain expenses incurred in connection with the general administration of the Plan that are paid by the Plan are recorded as deductions in the accompanying Statements of Changes in Net Assets Available for Benefits. Accrued expenses include investment and administrative expenses. Certain investment related expenses are included in the plan interest in the Master Trust investment loss presented in the accompanying Statements of Changes in Net Assets Available for Benefits.

Investment Valuation and Income Recognition

The Plan's investments are held in the Master Trust. Investments in the Master Trust are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Henkel of America Pension Investment Committee determines the Plan's valuation policies utilizing information provided by the trustee. See Note 6 for a discussion of fair value measurements.

Purchases and sales of securities are recorded on the trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Investment loss includes the Plan's interest in the Master Trust's gains and losses on investments bought and sold as well as held during the year.

Retirement Plan of GCP Applied Technologies Inc. Chemical Group (Chicago Dewey & Almy Plant)

Notes to Financial Statements
December 31, 2022 and 2021

Actuarial Present Value of Accumulated Plan Benefits

The actuarial present value of accumulated plan benefits presented below is based on an actuarial valuation as of January 1, 2022, prepared by the Plan's actuary, Mercer, using the present value of accrued benefits.

Accumulated plan benefits are those future periodic payments, including lump-sum distributions that are attributable under the Plan's provisions to the service employees have rendered. Accumulated plan benefits include benefits expected to be paid to: (a) retired or terminated employees or their beneficiaries, (b) beneficiaries of employees who have died and (c) present employees or their beneficiaries. Benefits under the Plan are based on years of credited service. Benefits payable under all circumstances - retirement, death, disability and termination of employment - are included, to the extent they are deemed attributable to employee service rendered to the valuation date.

The actuarial present value of accumulated plan benefits was determined by the Plan's independent actuary and is that amount that results from applying actuarial assumptions to adjust the accumulated plan benefits to reflect the time value of money (through discounts for interest) and the probability of payment (by means of decrements such as for death, disability, withdrawal, retirement and termination of employment) between the valuation date and the expected date of payment.

The actuarial present value of accumulated plan benefits as of January 1, 2022 is as follows:

Vested benefits:

Retired participants and beneficiaries currently receiving benefit payments	\$ 4,995,108
Other participants	<u>2,529,960</u>
Total vested benefits	7,525,068

Nonvested benefits	<u>79,559</u>
--------------------	---------------

Total actuarial present value of accumulated plan benefits	<u>\$ 7,604,627</u>
--	---------------------

The changes in actuarial present value of accumulated plan benefits for the year ended December 31, 2021 are as follows:

Actuarial present value of accumulated plan benefits, at beginning of year	\$ 7,775,414
--	--------------

Increase (decrease) during the year attributable to:

Benefits accumulated and experience (gains) or losses	58,830
Increase for interest due to decrease in discount period	308,928
Benefits paid	(444,172)
Change in actuarial assumptions	<u>(94,373)</u>

Total actuarial present value of accumulated plan benefits, at end of year	<u>\$ 7,604,627</u>
--	---------------------

The changes in actuarial present value of accumulated plan benefits for the year ended December 31, 2021 are as follows:

Interest rate	4.20%
Mortality	Pri-2012 sex distinct, separate employee and retiree tables with contingent survivor adjustments and no collar adjustments applied and with future improvement using the MP-2021 projection scale
Retirement age	Age 65

Retirement Plan of GCP Applied Technologies Inc. Chemical Group (Chicago Dewey & Almy Plant)

Notes to Financial Statements
December 31, 2022 and 2021

The foregoing actuarial assumptions are based on the presumption that the Plan will continue. Were the Plan to terminate, different actuarial assumptions and other factors might be applicable in determining the actuarial present value of accumulated plan benefits.

The assumed rate of interest used to value the present value of accumulated plan benefits changed from 4.10% to 4.20% and the mortality table changed from the Pri-2012 sex distinct, separate employee and retiree tables with contingent survivor adjustments and blue collar adjustments applied and with future improvement using the MP-2020 projection scale to the Pri-2012 sex distinct, separate employee and retiree tables with contingent survivor adjustments and no collar adjustments applied and with future improvement using the MP-2021 projection scale resulting in an decrease of \$94,373 in actuarial present value of accumulated benefits for the year ended December 31, 2021.

Subsequent Events

The Plan has evaluated subsequent events for recognition or disclosure through October 13, 2023, the date the financial statements were available to be issued.

The Secure 2.0 Act of 2022 was signed into law on December 29, 2022. This legislation includes a vast array of provisional changes to retirement plans, becoming effective in 2023 and beyond. Plan management is evaluating the impact of the adoption and implementation of this legislation on the Plan.

3. Related-Party and Party in Interest Transactions

The Plan's investments are administered under a contract with State Street. Contributions are held and managed by State Street, who invests cash received, interest and dividend income and makes distributions to participants. These transactions qualify as party in interest transactions which are exempt from the prohibited transactions rules of ERISA.

Certain expenses of State Street related to plan operations and investment activity are paid by the Plan, as described in Note 2. Additionally, certain administrative functions of the Plan are performed by officers or employees of the Company. No such officer or employee receives compensation from the Plan.

4. Funding Policy

The Plan's funding policy is for the Company to make annual contributions to the Plan as determined by the Plan's independent actuary in amounts necessary to provide the Plan with assets sufficient to fund participants' benefits by the time they retire. No participant contributions are permitted. The minimum funding requirements of ERISA were met for 2022 and 2021.

Although it has not expressed any intention to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions set forth in ERISA.

Retirement Plan of GCP Applied Technologies Inc. Chemical Group (Chicago Dewey & Almy Plant)

Notes to Financial Statements
December 31, 2022 and 2021

5. Plan Termination

In the event the Plan terminates, the net assets of the Plan will be allocated, as prescribed by ERISA and its related regulations, generally to provide the following benefits in the order indicated:

- a) Annuity benefits former employees or their beneficiaries have been receiving for at least three years, or that employees eligible to retire for that three-year period would have been receiving if they had retired with benefits in the normal form of annuity under the Plan. The priority amount is limited to the lowest benefit that was payable (or would have been payable) during those three years. The amount is further limited to the lowest benefit that would be payable under plan provisions in effect at any time during the five years preceding plan termination.
- b) Other vested benefits insured by the Pension Benefit Guaranty Corporation (PBGC) (a U.S. government agency) up to the applicable limitations (discussed subsequently).
- c) All other vested benefits (that is, vested benefits not insured by the PBGC).
- d) All nonvested benefits.

Certain benefits under the Plan are insured by the PBGC if the Plan terminates. Generally, the PBGC guarantees most vested normal age retirement benefits, early retirement benefits and certain disability and survivor pensions. However, the PBGC does not guarantee all types of benefits under the Plan, and the amount of benefit protection is subject to certain limitations. Vested benefits under the Plan are guaranteed at the level in effect on the date of the Plan's termination. However, there is a statutory ceiling, which is adjusted periodically, on the amount of an individual's monthly benefit that the PBGC guarantees.

Whether all participants receive their benefits should the Plan terminate at some future time will depend on the sufficiency, at the time, of the Plan's net assets to provide those benefits and may also depend on the level of benefits guaranteed by the PBGC.

6. Fair Value Measurements

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3). The three levels of the fair value hierarchy under authoritative guidance are described as follows:

Level 1 - Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 - Inputs other than quoted prices included within Level 1 that are observable for the asset or liability, either directly or indirectly, such as:

- quoted prices for similar assets or liabilities in active markets;
- quoted prices for identical or similar assets or liabilities in inactive markets;
- inputs other than quoted prices that are observable for the asset or liability;
- inputs that are derived principally from or corroborated by observable market data by correlation or other means.

Retirement Plan of GCP Applied Technologies Inc. Chemical Group (Chicago Dewey & Almy Plant)

Notes to Financial Statements
December 31, 2022 and 2021

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 - Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of relevant observables and minimize the use of unobservable inputs.

The following is a description of the valuation methodologies used for assets measured at fair value in the Master Trust. There have been no changes in the methodologies used at December 31, 2022 and 2021.

Short-term investments consist of cash and cash equivalents, foreign currencies, the State Street Short Term Investment Fund and U.S. Treasury Bills. The State Street Short Term Investment Fund is valued at net asset value (NAV) of shares held at year end. Foreign currencies and U.S. Treasury Bills are valued based on quoted market prices in the active markets on which the individual securities are traded.

Corporate debt obligations are valued using pricing models maximizing the use of observable inputs for similar securities. This includes basing value on yields currently available on comparable securities of issuers with similar credit ratings. When quoted prices are not available for identical or similar bonds, the bond is valued under a discounted cash flows approach that maximizes observable inputs, such as current yields of similar instruments but includes adjustments for certain risks that may not be observable, such as credit and liquidity risks or a broker quote if available.

The collective trusts and commingled funds are valued at the NAV of units of a bank collective trust. The collective trusts and commingled funds are valued at the NAV of the unit values of such funds held by the Plan at year end. The NAV, as provided by the trustee, is used as a practical expedient to estimate fair value. The NAV is based on the fair value of the underlying investments held by the fund less its liabilities. This practical expedient is not used when it is determined to be probable that the fund will sell the investment for an amount different than the reported NAV. Were the Plan to initiate a full redemption of the collective trusts and commingled funds, the investment adviser reserves the right to temporarily delay withdrawal from the trust in order to ensure that securities liquidations will be carried out in an orderly business manner.

U.S. government agency securities are valued using pricing models maximizing the use of observable inputs for similar securities.

The private equity limited partnerships are valued at NAV in a manner consistent with fair value guidance. The values assigned are based upon the general partners estimates and assessment of each underlying investment, incorporating valuation techniques that consider the evaluation of financing and sale transactions with third parties, EBITDA (earnings before interest, taxes, depreciation and amortization) multiples, expected cash flows and market-based information, including comparable transactions and performance multiples, among other factors. The Committee considers fair value measurements based on valuations provided by the investment manager of the partnerships. The private equity limited partnerships have unfunded commitments and redemption restrictions and are classified as Level 3 in the fair value hierarchy. The redemption restrictions do not have a material impact on the stated NAV's of the limited partnerships, which represent fair value, as of December 31, 2022 and 2021.

Retirement Plan of GCP Applied Technologies Inc. Chemical Group (Chicago Dewey & Almy Plant)

Notes to Financial Statements
December 31, 2022 and 2021

Investments Measured Using NAV per Share Practical Expedient

The following table summarizes investments measured at fair value based on NAV per share as of December 31, 2022 and 2021, respectively.

December 31, 2022				
	Fair Value	Unfunded Commitments	Redemption Frequency (if Currently Eligible)	Redemption Notice Period
Collective trusts and commingled funds	\$ 95,930,331	\$ -	Daily	N/A
December 31, 2021				
	Fair Value	Unfunded Commitments	Redemption Frequency (if Currently Eligible)	Redemption Notice Period
Collective trusts and commingled funds	\$ 196,022,768	\$ -	Daily	N/A

7. Undivided Interest in Henkel of America Master Trust

The Plan's investments are in the Master Trust, which was established for the investment of assets of the plan and several other Company sponsored retirement plans. Each participating retirement plan has an undivided interest in the Master Trust.

The value of the Plan's interest in the Master Trust is based on the beginning of year value of the Plan's interest in the Master Trust plus actual contributions and allocated investment loss less actual distributions and allocated administrative expenses. At December 31, 2022 and 2021, the Plan's undivided interest in the net assets of the Master Trust was 1%. Total investment loss (including net depreciation in the value of investments) and administrative expenses of the Master Trust are allocated to the individual plans based upon the amount of the time the Plan's assets were invested in the Master Trust.

**Retirement Plan of GCP Applied Technologies Inc. Chemical Group
(Chicago Dewey & Almy Plant)**

Notes to Financial Statements
December 31, 2022 and 2021

The following table presents the investments and other assets and liabilities of the Master Trust and the Plan's undivided interest as of December 31, 2022 and 2021:

	2022	
	Master Trust Balances	Plan's Interest in Master Trust Balances
Short-term investments	\$ 45,687,769	\$ 422,304
Corporate debt obligations	358,371,400	3,312,524
U.S. government agency securities	5,123,938	47,362
Collective trusts and commingled funds	95,930,331	886,711
Private equity limited partnerships	692,030	6,397
Total investments at fair value	505,805,468	4,675,298
Cash	3,071,756	28,393
Receivables:		
Receivables for interest, dividends and securities sold	3,062,075	28,303
Total	<u>\$ 511,939,299</u>	<u>\$ 4,731,994</u>
2021		
	Master Trust Balances	Plan's Interest in Master Trust Balances
Short-term investments	\$ 92,091,142	\$ 874,575
Corporate debt obligations	692,583,564	6,577,359
U.S. government agency securities	26,093,770	247,809
Collective trusts and commingled funds	196,022,768	1,861,599
Private equity limited partnerships	1,335,941	12,687
Total investments at fair value	1,008,127,185	9,574,029
Cash	579,678	5,505
Receivables:

Total Master Trust investments in the fair value hierarchy	<u>\$ 45,687,769</u>	<u>\$ 363,495,338</u>	<u>\$ 692,030</u>	409,875,137
Investments measured at net asset value (a)				<u>95,930,331</u>
Total Master Trust investments at fair value				<u>\$ 505,805,468</u>

Retirement Plan of GCP Applied Technologies Inc. Chemical Group (Chicago Dewey & Almy Plant)

Notes to Financial Statements
December 31, 2022 and 2021

	Master Trust Investments at Fair Value as of December 31, 2021			
	Level 1	Level 2	Level 3	Total
Short-term investments	\$ 92,091,142	\$ -	\$ -	\$ 92,091,142
Corporate debt obligations	-	692,583,564	-	692,583,564
U.S. government agency securities	-	26,093,770	-	26,093,770
Private equity limited partnerships	-	-	1,335,941	1,335,941
Total Master Trust investments in the fair value hierarchy	<u>\$ 92,091,142</u>	<u>\$ 718,677,334</u>	<u>\$ 1,335,941</u>	812,104,417
Investments measured at net asset value (a)				<u>196,022,768</u>
Total Master Trust investments at fair value				<u>\$ 1,008,127,185</u>

(a) In accordance with Subtopic 820-10, certain investments that were measured at net asset value per share (or its equivalent) have not been classified in the fair value hierarchy. The fair value amounts presented in this table are intended to permit reconciliation of the fair value hierarchy to the line items presented in the Statements of Net Assets Available for Benefits.

The table below sets forth a summary of certain changes in the fair value of the Master Trust's Level 3 assets for the years ended December 31, 2022 and 2021:

	Level 3 Assets	
	2022	2021
Contributions	\$ -	\$ 40,068
Distributions	(195,249)	(2,751,039)
Transfers in and/or out of Level 3	-	-

The amount of total losses for the years ended December 31, 2022 and 2021 attributable to the change in unrealized gains relating to assets still held at the reporting date was \$317,546 and \$1,014,800, respectively.

8. Information Certified by the Trustee

The plan administrator has elected the method of compliance as permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA for 2022 and 2021. Accordingly, State Street, the trustee of the Plan, has certified to the completeness and accuracy of all investments reported in the accompanying Statements of Net Assets Available for Benefits as of December 31, 2022 and 2021 and the related investment activity reported in the Statements of Changes in Net Assets Available for Benefits for the years then ended.

Retirement Plan of GCP Applied Technologies Inc. Chemical Group (Chicago Dewey & Almy Plant)

Notes to Financial Statements
December 31, 2022 and 2021

9. Tax Status

The Plan adopted a nonstandardized prototype plan which received a favorable advisory letter from the Internal Revenue Service (IRS) dated June 28, 2018. The plan administrator believes that the Plan is currently being operated in compliance with the applicable requirements of the Internal Revenue Code (IRC). The Plan has been amended since receiving the determination letter. However, the plan administrator believes that the Plan is designed and is currently being operated in compliance with the applicable requirements of the IRC.

Accounting principles generally accepted in the United States of America require management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

10. Risks and Uncertainties

Plan contributions are made and the actuarial present value of accumulated plan benefits are reported based on certain assumptions pertaining to interest rates, inflation rates and employee demographics, all of which are subject to change. Due to uncertainties inherent in the estimations and assumptions process, it is at least reasonably possible that changes in these estimates and assumptions in the near term would be material to the financial statements.

In addition, the Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect the amounts reported in the Statements of Net Assets Available for Benefits.

As of December 31, 2021, the Master Trust had an investment of \$103,919,286 that was concentrated in one fund. There were no concentrations as of December 31, 2022.

11. Reconciliation of Financial Statements to Form 5500

The following is a reconciliation of net assets available for benefits on the financial statements to Form 5500 at December 31, 2022 and 2021:

	2022	2021
Net assets available for benefits on financial statements	\$ 4,722,071	\$ 9,611,288
Accrued expenses	9,923	10,154
Net assets available for benefits on Form 5500	<u>\$ 4,731,994</u>	<u>\$ 9,621,442</u>

Net decrease on the financial statements	\$ (4,889,217)
Plus current year accrued expenses	9,923
Less prior year accrued expenses	<u>(10,154)</u>
Net loss on Form 5500	<u>\$ (4,889,448)</u>

Schedule SB, line 26a — Schedule of Active Participant Data

Rationale for Economic Assumptions

- **Discount rate** – The discount rate assumption for funding purposes is prescribed by the plan sponsor through an election from allowable alternatives under IRS regulations.
- **Expected investment return** – The expected rate of return on plan assets for funding purposes is the median rate based on the hypothetical past performance of the plan's target asset mix, adjusted for current market conditions. The expected return on assets assumption is net of an adjustment for investment expenses assumed to be paid from plan assets.
- **Expenses** – Administrative expenses are not paid from the plan trust and are therefore assumed to be \$0.

Rationale for Demographic Assumptions

- **Mortality** – The mortality assumption for funding purposes is prescribed by the plan sponsor through an election from allowable alternatives under IRS regulations.
- **Withdrawal** – Withdrawal rates are based on an experience study undertaken in 2021 using data from plan years 2015 to 2020. The plan sponsor believes that this period will be representative of anticipated future experience.
- **Disability incidence** – The disability incidence assumption is that which has been used historically. We will monitor this assumption and, as more data becomes available, we will adjust the disability incidence assumption, if necessary.
- **Retirement rates** – Retirement rates are based on an experience study undertaken in 2021 using data from plan years 2015 to 2020. The plan sponsor believes that this period will be representative of anticipated future experience.
- **Vested termination benefit commencement age** – The vested terminated benefit commencement age assumption is based on a weighted average of the commencement ages used historically. We will monitor this assumption and, as more data becomes available, we will adjust the vested terminated benefit commencement age assumption, if necessary.
- **Percentage married/spouse age difference** – The Spouse assumptions are based on an experience study undertaken in 2021 using data from plan years 2015 to 2020. The plan sponsor believes that this period will be representative of anticipated future experience.
- **Form of payment** – The form of payment assumption is based on the plan's normal form for single participants.

Schedule SB, Part V — Statement of Actuarial Assumptions/Methods**Actuarial methods for funding****Asset methods**

The asset valuation method is an average of the adjusted market value for each year during the last 2 years preceding the valuation date. The adjusted market value is the market value at each determination date adjusted to the valuation date based on actual cash flows and expected interest at the lesser of the expected rate of return and the third segment rate. This amount is adjusted to be no greater than 110% and no less than 90% of the fair market value, as defined in IRC Section 430.

A characteristic of this asset method is that, over time, it is slightly more likely to produce an actuarial value of assets that is less than the market value of assets than an actuarial value that is greater than the market value.

Participant methods

Participants or former participants are included or excluded from the valuation as described below:

- **Participants included:** Only those employees who have completed the plan's eligibility requirements are included in the valuation of liabilities.
- **Participants excluded:** No actuarial liability is included for nonvested participants who terminated prior to the valuation date. For this purpose, participants with a break-in-service on the valuation date are treated as terminated participants.
- **Insurance contracts:** The plan does not have any insurance contracts.

Minimum funding methods

The funding target for minimum funding calculations is computed using the traditional unit credit method of funding. The objective under this method is to fund each participant's benefits under the plan as they accrue. Thus, the total pension to which each participant is expected to become entitled at retirement is broken down into units, each associated with a year of past or future credited service.

A detailed description of the calculation follows:

- The plan's valuation date is the beginning of the plan year.
- An individual's **funding target** is the present value of future benefits based on credited service and average pay as of the beginning of the plan year, and an individual's **target normal cost** is the present value of the benefit expected to accrue in the plan year. If multiple decrements are used, the funding target and the target normal cost for an individual is the sum of the component funding targets and target normal costs associated with the various anticipated separation dates.
- This plan provides disability benefits that are only partially based on a participant's accrued benefit or years of service. This benefit is allocated to funding target based on the accrued benefit on the valuation date plus a portion of the excess of the benefit over the accrued benefit multiplied by the ratio of the participant's service at the beginning of the plan year to their service at each decrement age. This benefit is allocated to target normal cost based on the proportionate benefit attributable to the increase in the participant's service and compensation during the plan year.

Schedule SB, Part V — Statement of Actuarial Assumptions/Methods

- The plan's **target normal cost** is the sum of the individual target normal costs, and the plan's **funding target** is the sum of the individual funding targets for all participants under the plan.

Statement by Enrolled Actuary
To the best of my knowledge, the information supplied in this schedule and accompanying schedules, statements and attachments, if any, is complete and accurate. Each prescribed assumption was applied in accordance with applicable law and regulations. In my opinion, each other assumption is reasonable (taking into account the experience of the plan and reasonable expectations) and such other assumptions, in combination, offer my best estimate of anticipated experience under the plan.

Total			1,000.00	61,039.89
Average				61.04

Schedule SB, Part V — Summary of plan provisions

Summary of major plan provisions

Effective date and plan year	Original plan: January 1, 1963 Restated plan: February 1, 2016 Plan year: Calendar Year										
Status of the plan	The Plan closed to new hires on July 1, 2021. The plan will freeze benefit accruals as of December 31, 2022.										
Significant events that occurred during the year	The Plan closed to new hires on July 1, 2021.										
Definitions											
• Covered employees	Collectively bargained employees specified by the plan.										
• Employee contributions	None										
• Vesting service	One year of vesting service is credited for each year in which an employee works 1,000 or more hours.										
• Credited service	From date of hire										
Normal retirement											
• Eligibility	Age 65										
• Benefit	Benefit level per month multiplied by Credited Service:										
	<table> <tr> <th><u>Effective Date</u></th><th><u>Benefit Level</u></th></tr> <tr> <td>02/01/2006</td><td>\$36.00</td></tr> <tr> <td>02/01/2006</td><td>\$39.00</td></tr> <tr> <td>02/01/2008</td><td>\$42.00</td></tr> <tr> <td>02/01/2009</td><td>\$45.00</td></tr> </table>	<u>Effective Date</u>	<u>Benefit Level</u>	02/01/2006	\$36.00	02/01/2006	\$39.00	02/01/2008	\$42.00	02/01/2009	\$45.00
<u>Effective Date</u>	<u>Benefit Level</u>										
02/01/2006	\$36.00										
02/01/2006	\$39.00										
02/01/2008	\$42.00										
02/01/2009	\$45.00										
Early retirement											
• Eligibility	Age 55										
• Benefit	Accrued Benefit reduced 3/10% per month preceding age 65.										
Late retirement											
• Eligibility	Retirement after normal retirement date.										
• Benefit	Greater of (i) the normal retirement benefit determined using the benefit rate and credited service as of the retirement date, and (ii) the actuarial equivalent of the normal retirement benefit.										
Deferred vested											
• Eligibility	5 years of vesting service.										
• Benefit	Normal retirement benefit payable at normal retirement date. Participant may elect to receive a reduced retirement benefit prior to normal retirement date. Reduction is 3/10% per month preceding age 65.										
Disability											
• Eligibility	10 years of Credited Service.										
• Benefit	Accrued Benefit with service projected to age 65.										

Schedule SB, Part V — Summary of plan provisions

Pre-retirement death				
• Eligibility	Five years of service or age 55.			
• Benefit	Accrued benefit at age 55.			
Form of benefits				
• Automatic form for unmarried participants	Life annuity with 5 year certain			
• Automatic form for married participants	50% joint and survivor			
• Optional forms (after early retirement eligibility)	Life annuity 50% joint and survivor annuity 66 2/3% joint and survivor annuity 75% joint and survivor annuity 100% joint and survivor annuity Five-year certain and life annuity Ten-year certain and life annuity Social Security level income option			
• Actuarial equivalence	For purposes of calculating joint and survivor optional form of benefit the following factors (as adjusted) should be applied:			
	(1)	(2)*	(3)** Adjustment for Age Difference Between Participant and Beneficiary	
J&S Option	Participant and Beneficiary Age65 Nearest Birthday	Adjustment for Retirement Age	Years 1-10	Years 11 and Over
50%	0.88	0.004	0.005	0.003
66 2/3%	0.85	0.005	0.006	0.003
75%	0.82	0.006	0.007	0.005
100%	0.78	0.007	0.008	0.005
* Increase/decrease factor in Col. (1) by appropriate factor in Col. (2) for each year, based on nearest birthday, participant retires before/after age 65, respectively.				
** Decrease/increase factor in Col. (1) by appropriate factor in Col. (3) for each year based on nearest birthday, beneficiary is younger/older than participant, respectively.				
In no event shall the factor in Col. (1) exceed .99 on account of an increase thereof provided under Col. (2) or Col. (3), or both.				
For purposes of calculating any other optional form of benefit available, optional form factors are based on 6.50% and UP84 mortality.				

Schedule SB, Part V — Summary of plan provisions

Miscellaneous

- **Maximum benefits** Annual benefits may not exceed the limits in IRC Section 415. This limit is indexed annually. For 2022, the limit is \$245,000.

Benefits included or excluded

Unless noted below, all benefits provided by the plan, as restated effective February 1, 2006 and amended through January 1, 2022, are included in this valuation:

- **Most recent plan amendments included:** Amendment #4, adopted September 13, 2021.
- **Plan amendments excluded:** None
- **Late retirement increases:**
 - *Active participants:* The plan provides benefit suspension notices to participants who work beyond normal retirement; therefore, late retirement actuarial increases only apply to participants who defer retirement beyond age 70½. This valuation includes increases for current participants over age 70.
 - *Deferred vested participants:* Current deferred vested participants over normal retirement age are valued including the late retirement actuarial increase.
- **Internal Revenue Code limitations:** The limitations of Internal Revenue Code Section 415(b) and 401(a)(17) have been incorporated into our calculations.
- **IRC Section 416 rules for top-heavy plans:** We did not test whether this plan is top-heavy (when the present value of benefits for key employees equals or exceeds 60% of the present value for all participants). However, we expect that the plan is not top-heavy due to the large number of rank-and-file participants; therefore, the funding target and target normal cost do not reflect any liability for top-heavy benefit accruals.

Additional benefits included or excluded

- **IRC Section 436 benefit restrictions:**
 - *Unpredictable contingent event benefits:* This valuation excludes restricted contingent event benefits for events that occurred before the valuation date but includes contingent event benefits for events that are expected to occur on or after the valuation date regardless of anticipated funding-based limitations.
 - *Plan amendments:* See above.
 - *Prohibited payments:* Limitations on prohibited benefits (if any) are reflected for annuity starting dates before the valuation date but are ignored for annuity starting dates on or after the valuation date.
 - *Benefit accruals:* The plan's funding target does not reflect any limitation on benefit accruals. The target normal cost does not reflect any limitation on benefit accruals.

Schedule SB, Part V — Summary of plan provisions

- **Scheduled benefit increases:** Scheduled benefit increases effective after the end of the current plan year are excluded from minimum funding requirements.
- **Unpredictable contingent event benefits:** The plan does not have any unpredictable contingent event benefits.

Plan provision changes since prior valuation

Maximum benefits amounts under IRS rules were updated from 2021 to 2022.

The plan was closed to new hires as of July 1, 2021.

Schedule SB, Line 24 — Change in Actuarial Assumptions

Actuarial assumption changes since prior valuation

- Expected investment return was changed from 3.70% for 2021 to 3.20% for 2022.
- Retirement rates, withdrawal rates and spouse assumptions were updated based on Henkel experience for the period 2015-2020.
