INDEPENDENT AUDITOR'S REPORT

To the Administrative Committee of the
Consolidated Medical Practices Retirement Plan
Memphis, TN

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed an audit of the accompanying financial statements of Consolidated Medical Practices Retirement Plan, an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 ("ERISA"), as permitted by ERISA Section 103(a)(3)(C) ("ERISA Section 103(a)(3)(C) audit"). The financial statements comprise the statements of net assets available for benefits as of December 31, 2022 and 2021, and the related statement of changes in net assets available for benefits for the year ended December 31, 2022, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audit of Consolidated Medical Practices Retirement Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audit need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained a certification from a qualified institution as of December 31, 2022 and 2021 and for the year ended December 31, 2022, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audit and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section—

- the amounts and disclosures in the financial statements referred to above, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- the information in the financial statements referred to above related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audit in accordance with auditing standards generally accepted in the United States of America. Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of Consolidated Medical Practices Retirement Plan and to meet our other ethical responsibilities in accordance with the

relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about Consolidated Medical Practices Retirement Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments; administering the plan; and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with generally accepted auditing standards, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of Consolidated Medical Practices Retirement Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about Consolidated Medical Practices Retirement Plan's ability to continue as a going concern for a reasonable period of time.

Our audit did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and

disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Supplemental Schedules Required by ERISA

The supplemental schedule of assets (held at end of the year) and schedule of delinquent contributions as of December 31, 2022 are presented for purposes of additional analysis and are not a required part of the financial statements but are supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedules, other than that agreed to or derived from the certified investment information, have been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with generally accepted auditing standards. For information included in the supplemental schedules that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedules, we evaluated whether the supplemental schedules, other than the information agreed to or derived from the certified investment information, including their form and content, are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion—

- The form and content of the supplemental schedules, other than the information in the supplemental schedules that agreed to or is derived from the certified investment information, is presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- The information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Note 1 – Description of Plan

The following description of the Consolidated Medical Practices Retirement Plan (the “Plan”) provides only general information. Participants should refer to the Plan Document for a more complete description of the Plan’s provisions.

General

The Plan is a defined contribution plan covering the employees of Consolidated Medical Practices of Memphis, PLLC (the “Company”) who are twenty-one years of age or older and have completed one year of service, excluding union employees, nonresident alien employees, and leased employees. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (“ERISA”). The plan administrator is responsible for oversight of the Plan, determining the appropriateness of the Plan’s investment offerings, and monitoring investment performance.

Contributions

Participants may elect to contribute a percentage of their annual pre-tax compensation up to the limits prescribed by the Internal Revenue Code, and may make rollover contributions. The Company may elect to make safe harbor matching contributions equal to 100% of participant contributions up to 4% of the participant’s compensation. For the years ended December 31, 2022 and 2021, the Company elected to make the maximum safe harbor matching contributions. At December 31, 2022 and 2021, safe harbor matching contributions of \$647,566 and \$646,445, respectively, are included in employer contributions receivable on the statements of net assets available for benefits.

Participant Accounts

Each participant’s account is credited with the participant’s contribution, the Company’s contribution, and Plan earnings (losses) as stated in the Plan Document. The benefit to which a participant is entitled is the benefit that can be provided from the participant’s vested account.

Investments

Participants may direct contributions in several investment options. The Plan offers various mutual fund investment options. Participants may change their investment options and transfer previously contributed amounts between fund options at any time.

Vesting

Participants are always 100% vested in all contributions plus actual earnings thereon.

Payment of Benefits

Upon termination of service due death, disability, or retirement, a participant (or its beneficiary) may elect to receive the vested account balance as a lump-sum payment or in installments. For termination of service due to other reasons, a participant may receive the vested account balance as a lump-sum payment. Benefit payments to participants are recorded when paid.

Forfeited Accounts

At years ending December 31, 2022 and 2021, forfeited nonvested accounts totaled \$37,963 and \$37,645, respectively. These accounts will be used to pay plan expenses and reduce future employer contributions. After payment of Plan expenses, forfeitures may be reallocated to participants in the same manner as employer contributions. During the years ended December 31, 2022 and 2021, there were no forfeitures used to pay Plan expenses.

Note 2 – Summary of Significant Accounting Policies*Basis of Accounting*

The accompanying financial statements of the Plan are prepared on the accrual basis of accounting.

Cash and Cash Equivalents

The Plan considers cash, money market funds, and unallocated contracts to be cash and cash equivalents.

Investment Valuation and Income Recognition

The Plan's investments are stated at fair value. Fair value is defined as the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date (an exit price). See Note 4 for further discussion of fair value measurements.

Realized and unrealized appreciation (depreciation) in the fair value of investments is based on the difference between the fair value of the assets at the beginning of the year, or at the time of purchase for assets purchased during the year, and the related fair value on the day investments are sold with respect to realized appreciation (depreciation), or on the last day of the year for unrealized appreciation (depreciation).

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation (depreciation) includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Plan Expenses

The Plan pays various transaction fees and administrative expenses whereas the Company pays other basic investment and administrative expenses of the Plan as provided in the Plan document. Investment related expenses are included in the net appreciation of fair value of investments.

Payment of Benefits

Benefit payments to participants are recorded when paid.

Use of Estimates in the Preparation of Financial Statements

The preparation of financial statements in conformity with accounting principles generally accepted in the United States ("GAAP") requires the plan administrator to make estimates and assumptions that affect the amounts reported in the financial statements and accompanying notes. Actual results could differ from those estimates.

Events Occurring after Reporting Date

Management has evaluated subsequent events through October 13, 2023, which was the date the financial statements were available to be issued, for possible recognition of disclosure in the financial statements. Management has determined that there are no material events or transactions that would require recognition or disclosure in the Plan's financial statements.

Note 3 – Information Prepared and Certified by Custodian

Certain information related to investments disclosed in the accompanying financial statements and supplemental schedule, including investments held at December 31, 2022 and 2021, and net appreciation (depreciation) in fair value of investments and dividend income for the year ended December 31, 2022, was obtained or derived from information supplied to the plan administrator and certified as complete and accurate by the custodian of the plan, Reliance Trust Company. The information was not audited by independent auditors.

The following information included in the accompanying financial statements and supplemental schedule was obtained from data certified by the custodians:

	2022	2021
Investments, at fair value:		
Mutual funds	\$ 25,542,082	\$ 29,783,801
Cash and cash equivalents	1,109,809	1,022,611
Net appreciation (depreciation) in fair value of investments	(6,615,489)	2,456,480
Dividend income	1,116,431	1,877,676

The Plan's custodian records transactions on the cash basis.

Note 4 – Fair Value Measurements

FASB Accounting Standards Codification (“ASC”) 820, *Fair Value Measurement and Disclosures*, provides a common definition of fair value and establishes a framework for measuring fair value. ASC 820 defines fair value as the exchange price that would be received for an asset or paid to transfer a liability (an exit price) in the principal or most advantageous market for the asset or liability in an orderly transaction between market participants on the measurement date. ASC Topic 820 also establishes a fair value hierarchy which requires an entity to maximize the use of observable inputs and minimize the use of unobservable inputs when measuring fair value, and describes three levels of inputs that may be used to measure fair value. The three levels of the fair value hierarchy under FASB ASC 820 are described as follows:

- Level 1 - Quoted prices for identical assets in active markets that the entity has the ability to access as of the measurement date.
- Level 2 - Significant other observable inputs other than Level 1 prices, such as quoted prices for similar assets, quoted prices in markets that are not active, and other inputs that are observable or can be correlated by observable market data.
- Level 3 - Significant unobservable inputs that reflect a plan’s own assumptions about the assumptions that market participants would use in pricing an asset or liability.

The following is a description of the valuation methodologies used for assets and liabilities measured at fair value. There have been no changes in the methodologies used as of December 31, 2022 and 2021.

Mutual Funds: Valued at net asset value (NAV) of units held by the Plan at year end, as determined by the issuer, based on the fair value of the underlying investments.

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although management believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following tables set forth by level, within the fair value hierarchy, the Plan’s investments at fair value as of December 31, 2022 and 2021:

	Investments at Fair Value as of December 31, 2022			
	Level 1	Level 2	Level 3	Total
Mutual funds	\$ 25,542,082	\$ -	\$ -	\$ 25,542,082
Cash and cash equivalents	1,109,809	-	-	1,109,809
Total investments at fair value	\$ 26,651,891	\$ -	\$ -	\$ 26,651,891
	Investments at Fair Value as of December 31, 2021			
	Level 1	Level 2	Level 3	Total
Mutual funds	\$ 29,783,801	\$ -	\$ -	\$ 29,783,801
Cash and cash equivalents	1,022,611	-	-	1,022,611
Total investments at fair value	\$ 30,806,412	\$ -	\$ -	\$ 30,806,412

Note 5 – Tax Status

The Internal Revenue Service has determined that the Plan is qualified and the trust established under the Plan is tax-exempt, under the appropriate sections of the Internal Revenue Code. The Plan has been amended since receiving the determination letter dated June 30, 2020. However, the Plan administrator believes that the plan is currently designed and being operated in compliance with the applicable requirements of the Internal Revenue Code.

CONSOLIDATED MEDICAL PRACTICES RETIREMENT PLAN

Notes to the Financial Statements

December 31, 2022 and 2021

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be substantiated upon examination by the Internal Revenue Service. The Plan administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2022, there are no uncertain tax positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The Plan administrator believes it is no longer subject to income tax examinations for years prior to the year ended December 31, 2020.

Note 6 – Plan Termination

Although the Company has not expressed any intent to do so, it has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA.

Note 7 – Related-Party Transactions and Party-in-Interest transactions

Reliance Trust Company, the Plan's custodian, managed the Plan's investments, Burleigh Consulting Group was the third party administrator, and Transamerica was the record keeper during the year ended December 31, 2022, as defined by the Plan and, therefore, these services qualify as exempt party-in-interest transactions. For the years ended December 31, 2022 and 2021, service fees paid to BDC Advisory totaled \$27,676 and \$28,082, respectively, and service fees paid to Transamerica on behalf of itself and Reliance Trust Company totaled \$67,264 and \$69,076, respectively.

Note 8 – Separated Participants

For the years ending December 31, 2022 and 2021, the Plan held balances for participants who have terminated totaling \$2,368,157 and \$2,349,413, respectively.

Note 9 – Reconciliation to Form 5500

The following table reconciles differences in the audited financial statements and the Plan's Form 5500 at December 31, 2022:

Employer contributions receivable	(646,445)
Per Form 5500	\$ 30,806,412

Note 10 – Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks, such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the value of investment securities will occur in the near term and that such changes could materially affect the participants' account balances and the amounts reported in the statements of net assets available for benefits.

During March 2022, a conflict began between Russia and Ukraine. As a result, the United States and other countries placed economic sanctions on Russia, including removing the Russian central bank from the SWIFT global finance system and banning imports of Russian petroleum products.

These factors have helped to exacerbate significant and increasing inflationary trends in the global and US economy which have included price increases to food, fuel, and other commodities. This is expected to cause volatility in the market and impact to the Plan, which cannot be reasonably estimated at this time.
