The financial statements comprise the statement of net assets available for benefits as of December 31, 2022, and the related statement of changes in net assets available for benefits for the year then ended, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audit of Bray & Scarff 401(k) Savings Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audit need not extend to any statements or information related to assets held for investment of the plan ("investment information") by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA ("qualified institution").

Management has obtained a certification from a qualified institution as of and for the year ended December 31, 2022, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate to the best of its knowledge and belief.

Opinion on the 2022 Financial Statements

In our opinion, based on our audit and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the 2022 Financial Statements section:

- The amounts and disclosures in the financial statements referred to above, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- The information in the financial statements referred to above related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion on the 2022 Financial Statements

We conducted our audit in accordance with auditing standards generally accepted in the United States of America. Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the 2022 Financial Statements section of our report. We are required to be independent of Bray & Scarff 401(k) Savings Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the 2022 Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about Bray & Scarff 401(k) Savings Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments; administering the plan; and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the 2022 Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with auditing standards generally accepted in the United States of America will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with auditing standards generally accepted in the United States of America, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of Bray & Scarff 401(k) Savings Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about Bray & Scarff 401(k) Savings Plan's ability to continue as a going concern for a reasonable period of time.

Our audit did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matters

2022 Supplemental Schedule Required by ERISA

The supplemental schedule, Schedule H, Line 4i - Schedule of Assets (Held at End of Year) as of December 31, 2022 is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

- The form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- The information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

1. PLAN DESCRIPTION

The following description of the Bray & Scarff 401(k) Savings Plan (the “Plan”) provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan’s provisions.

General

The Plan is a defined contribution salary deferral pension plan for employees of Bray & Scarff, Inc. (the “Company”) who are at least 21 years of age and have completed at least one year of service, as defined.

The Plan was established effective January 1, 1986 and is subject to the provisions of the Employee Retirement Income Security Act of 1974 (“ERISA”). Bray & Scarff, Inc. is the Plan’s sponsor.

The Board of Trustees is responsible for oversight of the Plan. The Board of Trustees determines the appropriateness of the Plan’s investment offerings and monitors investment performance.

Effective January 1, 2022, the Plan was amended to change the employer matching contribution to 50% of the first 5% of a participant’s deferred compensation and changed the computation period from a per pay period basis to an annual basis.

Effective July 1, 2022, the Plan was amended and restated in accordance with certain regulatory updates. Plan provisions remained substantially unchanged.

Contributions

Each year, participants may contribute 1% to 15% of pretax annual compensation, as defined by the Plan. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions. Participants may also contribute amounts representing distributions from other qualified defined benefit or defined contribution plans (rollovers). The Plan provides for employer matching contributions equal to 50% of the first 5% of the participant’s deferred compensation. The Company made employer matching contributions of \$186,579 for the year ended December 31, 2022. Employer nonelective contributions are at the discretion of the Company. Such contributions, if any, are allocated to all participants’ accounts under guidelines set forth in the Plan. The Company did not make a nonelective contribution for the year ended December 31, 2022.

Participants direct the investment of contributions into various investment options offered by the Plan. Participants may change their allocations on a daily basis. All contributions are subject to certain Internal Revenue Service (“IRS”) limitations.

Participant Accounts

Each participant’s account is credited with the participant’s contribution and an allocation of the Company’s contribution and Plan earnings (losses). Participant accounts are charged with an allocation of administrative expenses that are paid by the Plan. Allocations are based on participant earnings, account balances, or specific participant transactions, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant’s vested account.

Bray & Scarff 401(k) Savings Plan
Notes to Financial Statements
December 31, 2022 and 2021

Vesting

Participants are vested immediately in their voluntary contributions plus actual earnings thereon. The Company's contribution portion of their accounts vests based on the following years of credited service:

<u>Years of Service (As Defined)</u>	<u>Vested Percentage</u>
Less than 1	-
1	10%
2	20%
3	40%
4	60%
5	80%
6 or more	100%

Forfeited Accounts

Forfeitures of terminated participants' nonvested accounts are used to reduce the Company's matching contributions or pay Plan administrative expenses. Forfeited nonvested accounts totaled \$517 and \$802 at December 31, 2022 and 2021, respectively. Forfeited nonvested accounts in the amount of \$965 were used to offset employer contributions during the year ended December 31, 2022.

Notes Receivable From Participants

Participants may borrow from their Plan accounts. The Plan provides for a minimum loan amount of \$500 up to a maximum of 50% of the vested account balance or \$50,000 (whichever is less). The loans are secured by the balance in the participant's account. The interest rate is the rate in effect in the month the loan is effective. The interest rate is the prime rate as published in *The Wall Street Journal* on the 14th of each month, plus two percent. Currently, interest rates on outstanding loans range from 5.25% to 7.5%. Participants repay principal and interest directly to their accounts through payroll deductions, over a maximum five-year period, unless the loan is for a primary residence, in which case the loan may be repaid over a 30-year period.

Payment of Benefits

Participants or their beneficiaries are eligible for distributions upon retirement, termination, disability or death. The Plan allows automatic distributions of vested benefits totaling less than \$1,000 for terminated participants. Account balances of terminated participants between \$1,000 and \$5,000 are transferred to an individual retirement account through a direct rollover, unless the participant elects to receive a lump-sum distribution. If the benefit is more than \$5,000, it is at the discretion of the participant to have the distribution made by a lump-sum payment or installment payments, as set forth in the Plan document.

Hardship withdrawals are permitted as defined in the Plan document. In-service distributions are also available to those participants who have attained age 59½.

2. SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting

The financial statements of the Plan are prepared on the accrual basis of accounting.

Bray & Scarff 401(k) Savings Plan
Notes to Financial Statements
December 31, 2022 and 2021

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets, liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Investment Valuation and Income Recognition

The Plan's investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Plan's Board of Trustees determines the Plan's valuation policies utilizing information provided by the investment advisors and trust company. See Note 4 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation (depreciation) in fair value of investments includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Notes Receivable From Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred. No allowance for credit losses has been recorded as of December 31, 2022 or 2021. Delinquent notes receivable from participants are recorded as a distribution according to the terms of the Plan document.

Excess Contributions Payable

Amounts payable to participants for contributions in excess of amounts allowed by the IRS are recorded as a liability with a corresponding reduction to contributions. The Plan distributed the 2022 excess contributions to the applicable participants before March 15, 2023.

Payment of Benefits

Benefit payments to participants are recorded when paid.

Administrative Expenses

Certain expenses of maintaining the Plan are paid directly by the Company and are excluded from these financial statements. Fees related to the administration of notes receivable from participants and distributions are charged directly to the participant's account and are included in administrative expenses. In addition, certain investment advisory fees are allocated to participants' accounts and are included in administrative expenses. Certain other investment-related expenses are included in net depreciation in fair value of investments.

Subsequent Events

The Plan has evaluated subsequent events through October 13, 2023 the date the financial statements were available to be issued.

3. INFORMATION CERTIFIED BY THE PLAN'S TRUSTEE

The following is a summary of the Plan's information as of December 31, 2022 and 2021, and for the year ended December 31, 2022, included throughout the Plan's financial statements and ERISA-required supplemental schedule, obtained by management and agreed to or derived from information certified by Reliance Trust Company, the trustee of the Plan. The Plan administrator has obtained certifications from the trustee that information provided to the Plan administrator by the trustee related to the following assets and income is complete and accurate to the best of its knowledge and belief. Accordingly, as permitted by 29 CFR 2520.103-8 of the Department of Labor's ("DOL's") Rules and Regulations for Reporting and Disclosure under ERISA, the Plan administrator instructed the Plan's independent auditors not to perform any auditing procedures with respect to the information that appears throughout the financial statements and ERISA-required supplemental schedule related to the following:

	<u>2022</u>	<u>2021</u>
Investments, at fair value		
Mutual funds	\$ 4,482,120	\$ 4,959,280
Common collective trust funds	3,321,638	3,401,564
Notes receivable from participants	104,038	94,623
Net appreciation (depreciation) in fair value of investments	(1,651,433)	*
Dividends	320,931	*
Interest income on notes receivable from participants	5,357	*

* Information not required to be presented.

4. FAIR VALUE MEASUREMENTS

The Financial Accounting Standards Board ("FASB") Accounting Standards Codification ("ASC") 820, *Fair Value Measurement*, provides the framework for measuring fair value. The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3). The three levels of the fair value hierarchy under FASB ASC 820 are described as follows:

Level 1 - Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 - Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability; and
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 - Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

Bray & Scarff 401(k) Savings Plan
Notes to Financial Statements
December 31, 2022 and 2021

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs.

The following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2022 and 2021.

Mutual Funds: Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily net asset value ("NAV") and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

Common Collective Trusts: Valued at the net asset value of units of the bank collective trust. The NAV, as provided by the trustee, is used as a practical expedient to estimate fair value. The NAV is based on the fair value of the underlying investments held by the fund less its liabilities. This practical expedient is not used when it is determined to be probable that the fund will sell the investment for an amount different than the reported NAV. Participant transactions (purchases and sales) may occur daily. If the Plan were to initiate a full redemption of the collective trust, the investment advisor of the trust reserves the right to temporarily delay withdrawal from the trust in order to ensure that securities liquidations will be carried out in an orderly business manner.

Common Collective Trust – Managed Guaranteed Investment Contract Fund: The Plan's interest in the Managed Guaranteed Investment Contract Fund ("MaGIC Fund") invests in a related MaGIC Fund, which invests in fully benefit-responsive Guaranteed Investment Contracts ("GICs"), synthetic GICs, and cash and cash equivalents. The fund is valued at the NAV of units of the common collective trust. The NAV is used as a practical expedient to estimate fair value. This practical expedient is not used when it is determined to be probable that the fund will sell the investment for an amount different than the reported NAV. Participant transactions (purchases and sales) may occur daily. Certain withdrawals require twelve months advance notice to the fund. At the fund's discretion, the fund may affect these withdrawals prior to the end of the twelve month period.

The following table presents by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2022:

	December 31, 2022			
	Level 1	Level 2	Level 3	Total
Mutual funds	<u>\$ 4,482,120</u>	<u>\$ -</u>	<u>\$ -</u>	\$ 4,482,120

The following table presents by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2021:

	December 31, 2021			
	Level 1	Level 2	Level 3	Total
Mutual Funds	<u>\$ 4,959,280</u>	<u>\$ -</u>	<u>\$ -</u>	\$ 4,959,280
Investments measured at net asset value*				<u>3,401,564</u>
Investments at fair value				<u>\$ 8,360,844</u>

* In accordance with Subtopic 820-10, certain investments that were measured at NAV per share (or its equivalent) have not been classified in the fair value hierarchy. The fair value amounts presented in this table are intended to permit reconciliation of the fair value hierarchy to the line items presented in the statements of net assets available for benefits.

The following table summarizes investments for which fair value is measured using the NAV per share as a practical expedient as of December 31, 2022 and 2021:

	2022 Fair Value	2021 Fair Value	Unfunded Commitments	Redemption Frequency	Redemption Notice Period
Common collective trust funds	\$ 2,704,709	\$ 2,914,823	N/A	Daily	Up to 15 days
Common collective trust fund- Contract Fund	\$ 616,929	\$ 486,741	N/A	Daily	Up to 1 year

5. PLAN TERMINATION

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants will become 100% vested in their accounts.

6. RELATED PARTY AND PARTY-IN-INTEREST TRANSACTIONS

Certain Plan investments are shares of mutual funds and common collective trusts managed by Reliance Trust Company, the trustee of the Plan, and therefore, these transactions qualify as party-in-interest transactions for which a statutory exemption applies.

Kestra Advisory Services is a broker for the Plan and, therefore, a party-in-interest. For the year ended December 31, 2022, the Plan paid investment management fees of \$20,452 to Kestra Advisory Services, which are included in administrative expenses on the statement of changes in net assets available for benefits.

The Plan paid indirect fees to ADP Broker-Dealer, a broker for the Plan, and therefore, a party-in-interest. These fees are offset against net depreciation in fair value of investments on the statement of changes in net assets available for benefits.

The Plan also issues loans to participants, which are secured by the participant's vested account balance. These transactions qualify as party-in-interest transactions

7. TAX STATUS

Effective July 1, 2022, the Plan adopted a Prototype Non-Standardized Defined Contribution Plan sponsored by Automatic Data Processing (ADP, Inc.). The Prototype Non-Standardized Defined Contribution Plan received a favorable opinion letter from the IRS dated October 6, 2020, which stated that the Prototype Plan is designed in accordance with applicable sections of the Internal Revenue Code ("IRC").

Previously, the Plan had adopted a Prototype Non-Standardized Profit Sharing Plan sponsored by ADP, Inc. The Prototype Non-Standardized Profit Sharing Plan had received a favorable opinion letter from the IRS dated July 8, 2014, which stated that the Prototype Plan was designed in accordance with applicable sections of the IRC.

The Plan has not received its own tax determination letter. However, the Plan administrator believes that the Plan is designed and currently being operated in compliance with the applicable requirements of the IRC, and therefore, believes that the Plan is qualified, and the related trust is tax exempt.

Accounting principles generally accepted in the United States of America require Plan management to evaluate tax positions taken by the Plan and to recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

8. RISKS AND UNCERTAINTIES

The Plan invests in various types of investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

9. FORM 5500 RECONCILIATION

The following is a reconciliation of net assets available for benefits per the financial statements to the Form 5500 as of December 31:
