Independent Auditor's Report

To the Plan Administrator 403(b) Thrift Plan of Alma Family Services

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit of the 2022 Financial Statements

We have performed an audit of the financial statements of 403(b) Thrift Plan of Alma Family Services (the Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statement of net assets available for benefits as of June 30, 2022, the related statement of changes in net assets available for benefits for the year then ended, and the related notes to the financial statements (2022 financial statements).

Management, having determined it is permissible in the circumstances, has elected to have the audit of the 2022 financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audit need not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained a certification from a qualified institution as of and for the year ended June 30, 2022, stating that the certified investment information, as described in Note 5 to the financial statements, is complete and accurate.

Opinion on the 2022 Financial Statements

In our opinion, based on our audit and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the 2022 Financial Statements section:

- The amounts and disclosures in the accompanying 2022 financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America (U.S. GAAP).

An independently owned member
RSM US Alliance

- The information in the accompanying 2022 financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion on the 2022 Financial Statements

We conducted our audit in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the 2022 Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the 2022 Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with U.S. GAAP, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern within one year after the date that the financial statements are issued or available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the Plan, and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the 2022 Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit of the 2022 Financial Statements section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if, there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audit did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the 2022 financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of U.S. GAAP.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with U.S. GAAP.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matters

2022 Supplemental Schedule Required by ERISA

The supplemental schedule of assets (held at end of year) as of June 30, 2022, is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the DOL's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements.

The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- The form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.
- The information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Auditor's Report on the 2021 Financial Statements

We were engaged to audit the 2021 financial statements of the Plan. As permitted by 29 CFR 2520.103-8 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA, the plan administrator instructed us not to perform and we did not perform any auditing procedures with respect to the information certified by a qualified institution. In our report dated April 14, 2022, we indicated that (a) because of the significance of the information that we did not audit, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion and accordingly, we did not express an opinion on the 2021 financial statements, and (b) the form and content of the information included in the 2021 financial statements other than that derived from the certified information were presented in compliance with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

NOTE 1 DESCRIPTION OF THE PLAN

The following description of the 403(b) Thrift Plan of Alma Family Services (the Plan) (formerly the Tax Deferred Annuity Plan of Alma Family Services (TDAP)) is provided for general information purposes only. Participants should refer to the Plan document for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution plan covering all employees of Alma Family Services (the Plan Sponsor or Organization). The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA). The plan was established effective January 1, 2009.

The plan was amended effective January 1, 2019 to comply with the Bipartisan Budget Act of 2018 relating to hardship withdrawals.

Eligibility

All employees are eligible to participate in the Plan except those who are nonresident aliens with no U.S. source income and those who are classified or treated as independent contractors. An employee must be at least 21 years of age and must complete at least one year of service to receive employer contributions under the Plan.

An employee is included as a participant in the Plan on the first day of the month coinciding with or immediately following the date of meeting the eligibility requirements. A participant will be credited with a year of service for eligibility at the end of the first twelve months of employment provided the participant completes at least 1,000 hours of service. If the employee was a participant in any pension plan underwritten by Mutual of America Life Insurance Company (MOA), the employee will be included in the Plan on the first of the month coincident with or following the date of hire.

Contributions

Participants may contribute any percentage of their eligible compensation, as defined in the Plan or the maximum amount allowable under the Internal Revenue Code (IRC). The employer will make an employer base contribution equal to 4% of the eligible participant's salary whether or not they make contributions. Participants who have attained the age of 50 before the end of the Plan year are eligible to make catch-up contributions. Participants may also contribute amounts representing distributions from other qualified plans. Participants direct the investment of their contributions into various investment options offered by the Plan.

Participant Accounts

Each participant's account is credited (charged) with the participant's and employer's contribution and allocations of Plan earnings (losses), and charged with participant-directed administrative expenses, if any. Allocations are based on participant earnings or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

NOTE 1 DESCRIPTION OF THE PLAN (CONTINUED)

Investment Programs

Participants are able to direct the investment of their accounts (including Organization safe harbor basic matching contributions) among any of the available funds daily. The available funds as of June 30, 2022 are listed in the supplemental schedule of assets (held at end of year). The available funds are regularly reviewed by the Organization and are subject to change at any time.

Vesting

Participants are vested immediately in their contributions plus actual earnings thereon. Employer contributions are vested based on years of service in the Organization.

Benefits Paid to Participants

Upon termination of service due to death, disability, retirement, or termination of employment from the Organization, benefits are paid to participants or their beneficiaries based on the elected payment option in the Plan document.

Notes Receivable from Participants

Participants may borrow against their vested accounts provided the loan amount does not exceed the lesser of (a) 50% of the participant's total vested balance under the Plan or (b) \$50,000 reduced by the highest aggregate outstanding loan balance under the Plan during the year which ends on the date before the loan is made. The minimum loan amount under the Plan is \$1,000. A participant may only have two outstanding loans at any time.

Forfeitures

Forfeitures are non-vested amounts in the accounts of participants who terminate employment. Each year, if there are any forfeitures, they are used first to pay certain Plan expenses. Any amount of forfeitures remaining will be used to reduce future employer contributions to the Plan. The changes in the Plan's forfeiture account balance for the years ended June 30, 2022 and 2021 are as follows:

	2022	2021
Balance, July 1	\$ 7,973	\$ 5,123
Forfeitures during the year	48,114	38,073
Investment gain	9	11
Forfeitures used during the year to reduce employer contribution	(55,938)	(35,234)
Balance, June 30	\$ 158	\$ 7,973

No forfeiture amounts were used to reduce administrative fees for the years ended June 30, 2022 and 2021.

NOTE 2 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Presentation

The accompanying financial statements of the Plan have been prepared on the accrual method of accounting in accordance with accounting principles generally accepted in the United States of America (U.S. GAAP).

Use of Estimates

The preparation of financial statements in conformity with U.S. GAAP requires management of the Plan to make certain estimates and assumptions that affect the reported amounts of assets, liabilities, and changes therein, disclosure of contingent assets and liabilities. Actual results could differ from estimates made.

Investment Valuation and Income Recognition

The Plan's investments in pooled separate accounts are stated at fair value, as reported by MOA to the Plan. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 3 for discussion of fair value measurement.

The Plan accounts for its annuity contract, which is considered fully benefit-responsive contract, at contract value.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation or depreciation in fair value of investments includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Net Appreciation (Depreciation) in Fair Value of Investments

Realized and unrealized appreciation (depreciation) in the fair value of investments is calculated based on the difference between the fair value of the assets at the beginning of the year, or at the time of purchase for assets purchased during the year, and the related fair value on the day investments are sold with respect to realized appreciation (depreciation), or on the last day of the year for unrealized appreciation (depreciation).

Realized and unrealized appreciation (depreciation) is reported in the accompanying Statements of Changes in Net Assets Available for Benefits as net appreciation (depreciation) in fair value of investments.

Concentration of Risk

The Plan's investments have exposure to risk to the extent that the investments are subject to market and interest rate fluctuations that may materially affect the value of the investment balances.

Participant Loans

Participant loans are recorded at amortized cost which represents unpaid principal plus accrued interest balance at year end.

Payment of Benefits

Benefits are recorded when paid.

NOTE 2 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

Administrative Expenses

All usual and reasonable expenses are paid by the employer and any expenses not paid by the employer may be paid from the assets of the Plan, if not prohibited by applicable law or regulations.

NOTE 3 FAIR VALUE MEASUREMENT

The Plan has adopted Financial Accounting Standards Board's (FASB) Accounting Standards Codification (ASC) 820, *Fair Value Measurement*. This framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurement) and the lowest priority to unobservable inputs (Level 3 measurement). The three levels of the fair value hierarchy under ASC Topic 820 are described below:

Level 1 - Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 - Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability; and
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 - Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

NOTE 3 FAIR VALUE MEASUREMENT (CONTINUED)

The following is a description of the valuation methodology used for investments measured at fair value. There have been no changes in the methodology used at June 30, 2022 and 2021.

Pooled Separate Accounts - Investments in pooled separate accounts are valued using the net asset value (NAV) provided by the custodian of the funds. The NAV is based on the value of the underlying assets owned by the funds, minus its liabilities, and then divided by the number of shares outstanding. The NAV is used as a practical expedient to estimate fair value. The pooled separate accounts are not classified within the fair value hierarchy; however, the amounts measured using NAV are disclosed to permit reconciliation of the fair value of investments in the Statements of Net Assets Available for Benefits.

The Plan's investments in pooled separate accounts amounting to \$3,913,844 and \$4,355,678 as of June 30, 2022 and 2021, respectively, are measured at NAV.

The preceding method described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation method is appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

NOTE 4 ANNUITY CONTRACT WITH INSURANCE COMPANY

The Plan has an annuity contract with MOA. The funds held in the Custodian's General Account are credited with a contractual rate of return and meet the definition of a fully benefit-responsive investment contract. Accordingly, contract value is the relevant measurement attribute for that portion of the net assets available for benefits attributable to the investment contracts. The investment contracts are presented on the face of the Statements of Net Assets Available for Benefits at contract value.

As of June 30, 2022 and 2021, the Plan's investment in annuity contract amounted to \$993,164 and \$906,380, respectively.

NOTE 5 INFORMATION CERTIFIED BY THE CUSTODIAN

The Plan's asset information as of June 30, 2022 and 2021, and for the years then ended, included throughout the Plan's financial statements and ERISA-required supplemental schedule, were obtained by management and agreed to or derived from information certified by Mutual of America, the custodian of the Plan. The Plan Administrator has obtained certifications from the custodian that information provided to the Plan Administrator by the custodian related to the Plan's assets is complete and accurate. Accordingly, as permitted by 29 CFR 2520.103-8 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA, the Plan Administrator instructed the Plan's independent auditors not to perform any audit procedures with respect to this information which appears throughout the financial statements and ERISA-required supplemental schedule related to the following:

- Investments, as reflected in the Statements of Net Assets Available for Plan Benefits as of June 30, 2022 and 2021.
- Investment activity, as reflected in the Statements of Changes in Net Assets Available for Plan Benefits for the years ended June 30, 2022 and 2021.
- Investment information disclosed in Notes 3 and 4 of the Plan's financial statements; and,
- Investments, as reflected in Schedule H, Part IV, line 4i - Schedule of Assets (Held at End of Year) as of June 30, 2022.

NOTE 6 INCOME TAX STATUS

The Plan adopted a prototype non-standardized 403(b) plan which is the subject of a favorable tax opinion letter from the IRS dated March 31, 2017. The Company routinely self-reviews the administration of the Plan and self-corrects any compliance issues in accordance with the Employee Plans Compliance Resolution System. Accordingly, the Plan Administrator believes that the Plan is designed and is currently being operated in compliance with the applicable requirements of the IRC. No provision for income taxes has been included in the Plan's financial statements.

U.S. GAAP requires Plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the Internal Revenue Service. The Plan Administrator has analyzed the tax positions taken by the Plan and has concluded that, as of June 30, 2022, there are no uncertain tax positions taken or expected to be taken that would require recognition of liability (or asset) or disclosure in these financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

NOTE 7 RELATED PARTY AND PARTY-IN-INTEREST TRANSACTIONS

Certain investments of the Plan are managed by MOA. Transactions involving these investments, while considered party-in-interest transactions under ERISA regulations, are permitted under the provisions of the Plan and are specifically exempt from the prohibition of party-in-interest transactions under ERISA.

The Plan allows for transactions with certain parties who may perform services or have fiduciary responsibilities to the Plan. MOA provides certain necessary recordkeeping duties and functions on its behalf. During the years ended June 30, 2022 and 2021, MOA received \$2,032 and \$1,866 in fees which were paid by participants through the Plan, respectively. The Plan issues loans to participants, which are secured by the vested balances in the participants' accounts. These transactions qualify as party-in-interest transactions for which a statutory exemption exists.

NOTE 8 RISKS AND UNCERTAINTIES

The Plan invests in various investment securities. Investment securities, in general, are normally exposed to various risks such as interest rate, credit risks, and overall market volatility. Due to the level of risk associated with certain investment securities, it is reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the Statements of Net Assets Available for Benefits.

NOTE 9 PLAN TERMINATION

Although it has not expressed any intent to do so, the Plan Sponsor has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of the Plan's termination, participants will become 100% vested in their accounts and the net assets of the Plan will be allocated among the participants and their beneficiaries after payment of any expenses properly chargeable to the Plan, in accordance with the provisions of ERISA.

NOTE 10 IMPACT OF CORONAVIRUS ON THE PLAN'S OPERATIONS

On January 30, 2020, the World Health Organization declared the coronavirus outbreak a "Public Health Emergency of International Concern" and on March 10, 2020, declared it to be a pandemic. The coronavirus and actions taken to mitigate it have had and are expected to continue to have an adverse impact on the economies and financial markets of many countries, including the United States.

NOTE 10 IMPACT OF CORONAVIRUS ON THE PLAN'S OPERATIONS (CONTINUED)

It is unknown how long these conditions will last and what the complete financial effect will be to the Plan. However, the Plan Administrator believes that the financial impact, if any, did not materially affect the Plan's June 30, 2022 financial statements.

On March 27, 2020, the Coronavirus Aid, Relief and Economic Security Act (CARES Act) was enacted and signed into law. The CARES Act provided plan sponsors the ability to offer qualifying participants penalty-free distributions up to \$100,000, increased loan limits and deferment of loan payments. The CARES Act also temporarily waived the required minimum distributions for terminated participants in the calendar year 2020. In connection with the CARES Act, the Plan has implemented these legislative changes and will formally execute the required plan amendments reflecting their implementation prior to the IRS deadline of December 31, 2025.

NOTE 11 SUBSEQUENT EVENTS

The Plan has evaluated events subsequent to June 30, 2022 to assess the need for potential recognition and/or disclosure in the financial statements. Such events were evaluated through April 17, 2023, the date the financial statements were available to be issued. Based upon this evaluation, it was determined that no subsequent events occurred that require recognition or additional disclosure in the financial statements.
