INDEPENDENT AUDITOR'S REPORT

To the Plan Administrator and Participants of
Foulke Management Corporation, Incorporated 401(k) Plan:

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the financial statements of Foulke Management Corporation, Incorporated 401(k) Plan, an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 ("ERISA"), as permitted by ERISA Section 103(a)(3)(C) ("ERISA Section 103(a)(3)(C) audit"). The financial statements comprise the statements of net assets available for benefits as of December 31, 2022 and 2021, and the related statement of changes in net assets available for benefits for the year ended December 31, 2022, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of Foulke Management Corporation, Incorporated 401(k) Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's ("DOL") Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the plan ("investment information") by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA ("qualified institution").

Management has obtained a certification from a qualified institution as of December 31, 2022 and 2021, stating that the certified investment information, as described in Note 8 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section:

- The amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- The information in the accompanying financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America ("GAAS"). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of Foulke Management Corporation, Incorporated 401(k) Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about Foulke Management Corporation, Incorporated 401(k) Plan's ability to continue as a going concern for one year after the date that the financial statements are issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the plan, and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if, there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of Foulke Management Corporation, Incorporated 401(k) Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about Foulke Management Corporation, Incorporated 401(k) Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the 2021 financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter - Supplemental Schedule Required by ERISA

The supplemental schedule, Schedule H, Part IV, Line 4i - Schedule of Assets (Held at End of Year) as of December 31, 2022, is presented for purposes of additional analysis and is not a required part of the financial statements but is supplemental information required by the DOL's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- The form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.
- The information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Notes to Financial Statements
December 31, 2022 and 2021

1. PLAN DESCRIPTION

The following summary Plan description of the Foulke Management Corporation, Incorporated 401(k) Plan (the "Plan") is provided for general information purposes. Participants of the Plan should refer to the Plan agreement for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution plan covering all employees of Foulke Management Corporation (the "Sponsor" or the "Company") and is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA"). Employees attaining age 21 are eligible to participate in the Plan upon completion of four consecutive months of employment and at least 190 hours of service. Once the eligibility requirement is met, the employee may join on the first day of the following month.

Administration

The Plan is administered by an Administrative Committee under the terms of the Plan dated August 15, 1989, restated on November 4, 2015 and amended from time to time.

Contributions

Employees who do not affirmatively elect to not participate once they are eligible will have 3% of their compensation contributed to the Plan. Employees subject to the initial automatic deferral amount will have their deferral rate increase by 1% up to a maximum of 5% on the anniversary date following the date that the participant's automatic deferrals first were implemented.

Eligible employees may elect to contribute pre-tax amounts of not less than 1% nor more than 99% of their total annual compensation, subject to maximum annual amounts allowed under the Internal Revenue Code. Rollover contributions are permitted into the Plan in accordance with Internal Revenue Service ("IRS") regulations and Plan provisions.

The Company will make matching contributions up to 33.4% of the participant's elective deferral amount up to a maximum of 3% of a participant's compensation. The Company may also make additional contributions at the discretion of the Company's Board of Directors. Any additional annual contribution will be determined without regard to the Company's net profit. Contributions are subject to certain limitations. Employer contributions were \$368,996 for the year ended December 31, 2022.

Vesting

Participants are immediately vested in their voluntary contributions plus actual earnings thereon. Participants generally vest in employer contributions upon reaching normal retirement age, becoming disabled, upon death, or as follows:

<u>Years of Service</u>	<u>Vested Percentage</u>
Less than 2	0%
2	20%
3	40%
4	60%
5	80%
6	100%

Notes to Financial Statements
December 31, 2022 and 2021

Participant Accounts

Each participant's account is credited with the participant's contribution and allocations of (a) the Company's contributions and (b) Plan earnings. Allocations of Plan earnings are based on account balances, as defined. The participant's account is reduced by withdrawals, expenses of the Plan, and any forfeitures. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Notes Receivable From Participants

Any participant may borrow from his or her account the lesser of 50% of the participant's vested account or \$50,000. The minimum loan is \$1,000. The loans are secured by the participant's account and bear interest at the prevailing rate at the time the loan is taken, as of December 31, 2022, all loans had interest rates ranging from 4.25% to 8.25%. Principal and interest are paid through weekly payroll deductions and loans at December 31, 2022 mature at various dates through 2049.

Forfeitures

Forfeitures of employer contributions may be used to reduce any employer contribution or Plan expenses. During the year ended December 31, 2022, \$13,041 of forfeitures were used to offset plan fees. At December 31, 2022 and 2021, there were \$148,938 and \$105,248, respectively, of forfeitures available.

Payment of Benefits

Upon retirement, termination, disability, death, or attainment of age 65 years, vested Plan benefits will be distributed to a participant in a lump sum. In addition, the Plan provides for participant withdrawals in the event of serious financial hardship. In the event that a terminated participant's vested accrued benefit is less than \$5,000, the Plan administrator may make a distribution without the election of the participant.

Revenue Sharing

Under an agreement between the Trustee and the Company, the Trustee makes deposits to the Plan in the amount of the revenue sharing received from each investment manager. Amounts in this account are allocated to participant accounts or used to offset Plan administrative expenses. During the year ended December 31, 2022, part of the Plan's revenue sharing income was allocated to administrative expenses. As of December 31, 2022 there was \$13,510 in the revenue sharing account.

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting

The financial statements of the Plan are prepared under the accrual basis of accounting in accordance with accounting standards generally accepted in the United States of America

Notes Receivable From Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred. No allowance for credit losses has been recorded as of December 31, 2022 and 2021. Delinquent participant loans are reclassified as distributions based upon terms of the Plan document.

Valuation of Investments and Income Recognition

Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. Fair value measurements are discussed in Note 4. Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. The net appreciation (depreciation) in the fair value of investments consists of the net realized gains or losses on investments sold and the net unrealized gains or losses on investments held.

Foulke Management Corporation, Incorporated 401(k) Plan
Notes to Financial Statements
December 31, 2022 and 2021

Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market volatility, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

Plan Expenses

All expenses of managing the Plan, including compensation of the Trustee, may be paid by the Plan. The Plan Sponsor has elected to pay for all accounting fees which are not included in administrative expenses. Fees related to the administration of benefit payments and notes receivable from participants are included in administrative expenses. Investment related expenses included in net appreciation (depreciation) of fair value of investments are not readily determinable.

Use of Estimates

The preparation of financial statements in accordance with accounting principles generally accepted in the United States of America ("GAAP") requires the Plan administrator to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Accordingly, actual results may differ from those estimates.

Payment of Benefits

Benefits are recorded when paid.

3. PLAN TERMINATION

It is currently the intention of the employer to permanently maintain the Plan. However, the Company reserves the right to terminate, suspend, or completely discontinue contributions to the Plan at any time. Upon termination, partial termination, or complete discontinuance of contributions under the Plan, all participants become fully vested in their individual accounts.

4. FAIR VALUE MEASUREMENTS

The Financial Accounting Standards Board established a framework for measuring fair value. This framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements.) The three levels of the fair value hierarchy are described as follows:

Level 1 - Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 - Observable inputs other than Level 1 prices, such as quoted prices for similar assets or liabilities; or other inputs that are observable or can be corroborated by observable market data for substantially the full term of the assets or liabilities.

Level 3 - Unobservable inputs that are supported by little or no market activity and that are financial instruments whose values are determined using pricing models, discounted cash flow methodologies, or similar techniques, as well as instruments for which the determination of fair value requires significant judgment or estimation.

Foulke Management Corporation, Incorporated 401(k) Plan
Notes to Financial Statements
December 31, 2022 and 2021

The following is a description of the valuation methodology used for assets measured at fair value. There have been no changes in the methodology used at December 31, 2022 and 2021.

Mutual Funds: Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the U.S. Securities and Exchange Commission. These funds are required to publish their daily net asset value and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31:

	2022			
	Level 1	Level 2	Level 3	Total
Mutual funds	\$ 14,407,105	\$ -	\$ -	\$ 14,407,105
	2021			
	Level 1	Level 2	Level 3	Total
Registered investment companies	\$ 18,507,907	\$ -	\$ -	\$ 18,507,907

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

The following is a description of the valuation methodology used for assets measured at fair value. There have been no changes in the methodology used for the periods presented in these financial statements.

Registered Investment Companies: Shares of the registered investment companies are valued based on the quoted market prices that are available on an active market and are priced daily. The mutual funds held by the Plan are deemed to be actively traded.

The preceding method described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation method is appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

Changes in Fair Value Levels

The availability of observable market data is monitored to assess the appropriate classification of financial instruments within the fair value hierarchy. Changes in economic conditions or model-based valuation techniques may require the transfer of financial instruments from one fair value level to another. Plan management evaluated the significance of transfers between levels based upon the nature of the financial instrument and size of the transfer relative to total assets available for benefits. For the year ended December 31, 2022, there were no transfers in or out of Levels 1, 2 or 3.

5. INVESTMENTS AT CONTRACT VALUE

The Plan has a fully benefit responsive group annuity contract with Empower Annuity Insurance Company of America, the Plan custodian, called The Empower Investments Fixed Account. The insurance company maintains the contributions in a general account, which is credited with earnings and charged for participant withdrawals and administrative expenses. The group annuity contract is included in the financial statements at contract value. As of December 31, 2022, the balance in this account was \$1,933,486.

Certain events may limit the ability of the Plan to transact at contract value. Such events include but may not be limited to a participant termination of employment due to: (1) removal of a group of participants from Plan coverage as a result of temporary absence; (2) change in position or other occurrence qualifying as a temporary break in service under the Plan; (3) transfer or other change of position resulting in employment by an entity controlling, controlled by, or under other common control with the employer; or (4) cessation of an employment relationship resulting from a reorganization, merger, layoff or the sale or discontinuance of all or any part of the Plan sponsor's business. Such events also include: (1) removal from the Plan of one or more groups or classifications of participants; (2) partial or complete Plan termination; or (3) Plan disqualification.

The Empower Investments Fixed Account ("EIFA") is a stable value investment with a guaranteed rate of return and a guarantee of principal that is backed by Mass Mutual. Under the contract, a crediting rate is established for a six-month period of time and all assets invested in the EIFA are credited with that rate. At the expiration of each rate period, a new crediting rate is declared. The rate from January 1, 2022, to March 31, 2022 is 0.80%, from April 1, 2022 to June 30, 2022 is 0.85%, from July 1, 2022 to September 30, 2022 is 1.0%, and the rate from October 1, 2022 to December 31, 2022 is 1.05%.

The insurance company is contractually obligated to pay the principal and specified interest rate that is guaranteed to the Plan. The crediting interest rate is based on a formula agreed upon with the insurance company. Such interest rates are reviewed on a quarterly basis for resetting. The crediting rate of the product will be established based on the earnings of the underlying assets in the entire medium long-term portfolio compared to the minimum interest crediting rate, as stated in the contract, and prevailing market conditions. The average yield earning by the Plan for the group annuity contract is derived by averaging the quarterly gross interest rates for the fund over the year.

6. INCOME TAXES

The Internal Revenue Service has determined and informed the Company by letter dated October 6, 2020, that the Plan and related trust are designed in accordance with applicable sections of the Internal Revenue Code ("IRC"). Although the Plan has been amended since receiving the determination letter, the Plan administrator and the Plan's tax counsel believe that the Plan is designed, and is currently being operated, in compliance with the applicable requirements of the IRC and, therefore, believe that the Plan is qualified, and the related trust is tax-exempt. Therefore, no provision for income taxes has been included in the Plan's financial statements.

Accounting principles generally accepted in the United States of America require Plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2022 and 2021, there are no uncertain positions taken or expected to be taken that would require recognition of a liability or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. In addition, there have been no tax related interest or penalties for the periods presented in these financial statements.

7. RELATED PARTY TRANSACTIONS AND PARTY-IN-INTEREST TRANSACTIONS

Certain Plan investments are shares of mutual funds managed by various third parties. Fees incurred by the Plan for the investment management services are included in net appreciation (depreciation) in fair value of investments as they are paid through revenue sharing, rather than a direct payment. The Plan made direct payments of \$29,415 for administrative expenses. The Plan Sponsor pays directly any other expenses related to the Plan's operations. Participants are a party-in-interest to the Plan and notes receivable to participants are exempt party-in-interest transactions pursuant to Section 408(b)(1) of ERISA.

8. TRUSTEE CERTIFICATION AND INVESTMENTS

No auditing procedures were performed by the independent public accountants as permitted by 29 CFR 2520, 103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA with respect to information certified as complete and accurate by the Trustee, Empower Trust Company, except for comparing such information with information reported in the financial statements. Based on information provided and certified by the Trustee, there are no fixed income obligations, leases, or debt instruments in default or deemed uncollectible, as defined by ERISA, for the years ended December 31, 2022 and 2021.

The following information as of and for the years ended December 31 was prepared from reports certified by the Trustee as complete and accurate:
