Independent Auditor's Report

To the Trustees
ASHA 401(k) Plan
Rockville, Maryland

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the financial statements of **ASHA 401(k) Plan** (the Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C). The financial statements comprise the statements of net assets available for benefits as of December 31, 2022 and 2021, and the related statement of changes in net assets available for benefits for the year ended December 31, 2022, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under ERISA (ERISA Section 103(a)(3)(C) audit). As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency (qualified institution), provided that the investment information is prepared and certified to by the qualified institution in accordance with 29 CFR 2520.103-5 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

Management has obtained certifications from qualified institutions as of December 31, 2022 and 2021, and for the year ended December 31, 2022, stating that the certified investment information, as described in Note 4 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and the procedures performed as described in the *Auditor's Responsibilities for the Audit of the Financial Statements* section of our report:

- the amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America (GAAP); and
- the certified investment information in the accompanying financial statements agrees to, or is derived from, in all material respects, the information prepared and certified by qualified institutions that management determined meet the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the *Auditor's Responsibilities for the Audit of the Financial Statements* section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with GAAP, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern within one year after the date that the financial statements are issued or available to be issued.

Management is responsible for maintaining a current plan instrument, including all plan amendments. Management is also responsible for administering the Plan and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the *Scope and Nature of the ERISA Section 103(a)(3)(C) Audit* section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if, there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certifications, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of GAAP.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with GAAP.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter – Supplemental Schedule Required by ERISA

The supplemental schedule (*Schedule H, Line 4i - Schedule of Assets (Held at End of Year)* as of December 31, 2022) is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the DOL's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the

financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion

- the form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, is presented, in all material respects, in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.
- the certified investment information in the supplemental schedule agrees to, or is derived from, in all material respects, the information prepared and certified by qualified institutions that management determined meets the requirements of ERISA Section 103(a)(3)(C).

ASHA 401(k) Plan

Notes to Financial Statements

1. Description of the Plan

The following description of the ASHA 401(k) Plan (the “Plan”) provides only general information. Participants should refer to the Plan document and any amendments thereto for a more complete description of the Plan’s provisions.

General

The Plan is a defined contribution plan that became effective on January 1, 1982. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974, as amended (“ERISA”), and it covers all employees of American Speech-Language-Hearing Association (“ASHA” or “Plan Sponsor”). Employees are eligible to participate in the Plan from the first day of employment except for leased employees, non-resident aliens, Puerto Rican employees, interns and independent contractors.

Effective August 1, 2022, the Plan changed its recordkeeper, trustee, and custodian to Principal Trust Company (Principal) from Prudential Retirement Insurance and Annuity Company (Prudential). The trustee and recordkeeper of the Plan is Principal and Prudential. The administrator of the Plan is the Company. The trustee holds all assets of the Plan in accordance with the service provider contract with the Company. The Retirement Plans Committee determines the appropriateness of the Plan’s investment offerings and monitors investment performance.

Contributions

Participants may elect to defer a maximum of 90% of their calendar-year compensation, as defined, up to the maximum allowable by the Internal Revenue Code (“IRC”). Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions. Employees who are eligible with an entry date first occurring on or after January 31, 2014 and do not specifically decline enrollment are automatically enrolled in the Plan as a participant with a deferral election of 3%. Roth deferrals are permitted in the Plan as of December 15, 2014. The Plan does not permit In-Plan Roth Rollover contributions.

All employees hired on or after January 1, 2003, as well as existing employees who elected to freeze their pension plan benefits in the ASHA Retirement Income Plan as of January 1, 2003, receive a quarterly employer discretionary contribution of a percentage of their base salary for the portion of the year in which they were eligible to participate in the Plan. Prior to January 1, 2017, the applicable targeted percentage was 8% but was subject to change by Plan Sponsor action or Plan amendment with respect to any calendar quarter. Effective January 1, 2017, this percentage was modified to 3%. This contribution totaled \$831,783 for year ended December 31, 2022.

Effective January 1, 2017, the Plan was also amended to add an employer match provision of up to 2.5% of eligible pay, with a three-year cliff vesting schedule. This contribution totaled \$472,684 for year ended December 31, 2022. Employees first become eligible to receive the employer contribution semi-annually, the first day of the first month and of the seventh month of plan year.

Participants may also contribute amounts representing distributions from other qualified retirement plans.

ASHA 401(k) Plan

Notes to Financial Statements

Investment Options

Participants direct the investment of their employee and employer contributions into various investment options offered by the Plan. The Plan currently offers various pooled separate accounts, mutual funds and guaranteed income funds as investment options for participants.

Vesting

Participants vest immediately in their contributions plus actual earnings thereon. Prior to January 1, 2017, employer contributions were 100% vested after an employee completes five years of vesting service or upon reaching normal retirement age of 65. As defined by the Plan, a year of vesting service meant the vesting computation period during which an employee completes at least 1,000 hours of service, without regard to whether the employer continues to employ the employee during the entire vesting computation period. Effective January 1, 2017, employer contributions vest after three years of vesting service. Vesting services are computed based on the elapsed time method in which the employee is 100% vested based after three years of service.

Forfeitures

At December 31, 2022 and 2021, forfeited non-vested accounts totaled \$114,403 and \$119,984, respectively. These accounts can be used to pay administrative expenses or to reduce future employer nonelective and matching contributions. During 2022, employer contributions were reduced by \$308,160 from forfeited non-vested accounts.

Distributions of Benefits

Benefit payments are made in the form of participant directed lump-sum withdrawals upon severance from employment, retirement, death, or disability; upon attainment of age 59½, or upon hardship, as applicable. Benefits may be paid in cash, rolled over to another qualified retirement plan or IRA, or remain in the Plan until the participant chooses to take a distribution. For vested account balances less than \$5,000 and greater than \$1,000, benefits may, at the option of the participant, be paid as a cash distribution, rolled over to another qualified retirement plan or IRA, or if no election is made transferred to an individual IRA. Vested account balances less than \$1,000 will be paid to the individual as a cash distribution.

Withdrawals after age 59½ can be made at any time of an amount which is equal to any whole percentage (not exceeding 100%) of vested account balances attributable to elective deferral contributions and rollover contributions, including earnings. Employer contributions are available for in-service withdrawals.

The Plan also provides for minimum required distributions per Internal Revenue Service ("IRS") regulations by April 1 of the calendar year following the later of the calendar year in which the participant reaches age 72 or the calendar year the participant retires.

Notes Receivable from Participants

Participants in the Plan may borrow from the Plan. Loan amounts must not exceed the lesser of 50% of the participant's account balance, reduced by the highest outstanding loan balance, or \$50,000. Loans are only permitted from a participant's elective deferral and rollover account balances. Generally, a loan term is up to five years, unless the loan is for a primary residence, in which case

ASHA 401(k) Plan

Notes to Financial Statements

the loan term may be up to 10 years. The loans are secured by the balance in the participant's account. Interest rates on the loans are comparable to market rates. Loans are repaid via regular payroll deductions. Participants are allowed one loan outstanding at any given time.

Participant Accounts

Each participant's account is credited with the participant's contribution and allocations of employer contributions and investment earnings and charged with an allocation of investment losses and administrative expenses. Allocations are based on participant earnings or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account balance.

2. Summary of Accounting Policies

Basis of Accounting

The accompanying financial statements have been prepared on the accrual basis of accounting, in accordance with accounting principles generally accepted in the United States of America (GAAP).

Use of Estimates

The preparation of financial statements in conformity with GAAP requires management to make certain estimates and assumptions that affect reported amounts of assets and liabilities, and changes therein, and disclosures of contingent assets and liabilities. Actual results could differ from those estimates.

Investment Valuation and Income Recognition

Investments are reported at fair value (except for the fully benefit-responsive investment contract, which is reported at contract value). Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 5 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net depreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Investment contracts held by a defined-contribution plan are required to be reported at fair value, except for fully benefit-responsive investment contracts. Contract value is the relevant measurement attribute for that portion of the net assets available for benefits of a defined-contribution plan attributable to fully benefit-responsive investment contracts because contract value is the amount participants would receive if they were to initiate permitted transactions under the terms of the Plan. The Plan invests in the Principal Fixed Income Guaranteed Option and Prudential Guaranteed Income Fund ("GIF"), both fully benefit-responsive group annuity contracts as of December 31, 2022 and 2021, respectively.

Notes Receivable from Participants

Notes receivable from participants are measured at the unpaid principal balances plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as

ASHA 401(k) Plan

Notes to Financial Statements

administrative expenses and are expensed when they are incurred. No allowance for credit losses has been recorded as of December 31, 2022 and 2021. If a participant ceases to make loan repayments and the Plan Administrator deems the participant loan to be in default, the participant loan balance is reduced and a benefit payment is recorded. For the year ended December 31, 2022, the Plan recorded defaults of \$32,579 as deemed distributions.

Benefit Payments

Benefits are recorded when paid.

Administrative Expenses

The Plan maintains an ERISA spending account used to recapture revenue sharing amounts in excess of recordkeeping charges, and funds used to pay Plan expenses. During 2022, \$71,926 was recaptured and used to pay the Plan's quarterly investment advisor fees. The revenue is recorded in other income in the statement of changes in net assets available for benefits. The Plan also pays transaction fees which are charged to participants. Administrative expenses totaled \$35,481 for year ended December 31, 2022. Substantially all other expenses of the Plan are paid by ASHA and are excluded from these statements.

Accounting Pronouncement Not Yet Adopted

In June 2022, the Financial Accounting Standards Board (FASB) issued Accounting Standards Update (ASU) No. 2022-03, *Fair Value Measurement of Equity Securities Subject to Contractual Sale Restrictions*, to clarify that a contractual restriction on the sale of an equity security is not considered part of the unit of account of the equity security and is not considered in measuring the fair value of the equity security in accordance with ASC 820, Fair Value Measurements. ASU No. 2022-03 also adds certain disclosures for equity securities subject to contractual sales restrictions. It is effective and applied prospectively for public business entities for fiscal years beginning after December 15, 2023, and for all other entities is effective and applied prospectively for fiscal years beginning after December 15, 2024.

3. Concentration of Significant Investments

The Plan's significant investments are as follows:

<i>December 31, 2022</i>		Percentage of total investments
Principal Fixed Income Guaranteed Option	\$ 15,274,088	25%
Fidelity 500 Bond Index Fund	\$ 6,622,564	11%
<i>December 31, 2021</i>		Percentage of total investments
Guaranteed Income Fund	\$ 10,485,592	15%
Franklin Growth Fund	\$ 9,240,539	13%
Dodge & Cox Income Fund	\$ 7,859,467	11%

4. Certified Investment Information

The Plan Administrator has elected the method of annual reporting compliance permitted by ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, Principal, Prudential Retirement Insurance and Annuity Company and Prudential Bank and Trust F.S.B., qualified institutions, have certified that the following investment information included in the accompanying financial statements and ERISA-required supplemental schedule is complete and accurate:

- Investments and notes receivable from participants as shown in the statements of net assets available for benefits as of December 31, 2022 and 2021.
- Net investment income, and interest income on notes receivable from participants as shown in the statement of changes in net assets available for benefits for the year ended December 31, 2022.
- Investment information included in the schedule of assets (held at end of year) as of December 31, 2022, as shown in the ERISA-Required Supplemental Schedule.

At the request of the Plan Administrator, the Plan's independent auditors did not perform auditing procedures with respect to this certified investment information, except for comparing such certified investment information to the related investment information in the financial statements, including reading the disclosures related to the investment information to assess whether they are in accordance with the presentation and disclosure requirements of GAAP, and in the ERISA-required supplemental schedule, including assessing whether the supplemental schedule are in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

5. Fair Value Measurements

The fair value hierarchy provides the framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1) and the lowest priority to measurements involving significant unobservable inputs (level 3). The three levels of the fair value hierarchy are described as follows:

Level 1: Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2: Inputs to the valuation methodology include:

- quoted prices for similar assets or liabilities in active markets;
- quoted prices for identical or similar assets or liabilities in inactive markets;
- inputs other than quoted prices that are observable for the asset or liability;
- inputs that are derived principally from or corroborated by observable market data by correlation or other means.

ASHA 401(k) Plan

Notes to Financial Statements

If the asset or liability has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability.

Level 3: Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2022 and 2021.

- **Mutual funds:** Mutual funds represent investments with various investment managers. The mutual funds are valued at the daily closing net asset value as reported by the fund. Mutual funds held by the Plan are registered with the Securities and Exchange Commission. These funds are required to publish their daily net asset value ("NAV") and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded and therefore classified as level 1 investments.
- **Pooled separate accounts:** The fair value of the Plan's interest in pooled separate accounts is based on each fund's daily NAV, which is considered by Plan management to be the best approximation of fair value. Data for NAVs are available daily to Plan administrators and client investors on Prudential's website, and provides sufficient corroborative evidence to ascertain the relationship between each fund's NAV and the values of individual underlying holdings. Underlying holdings are primarily valued using market quotations or prices obtained from independent pricing sources. There are no unfunded commitments from participants in the Plan who invest in these accounts.

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following tables set forth by level, within the fair value hierarchy, the Plan's assets at fair value and NAV, as of December 31, 2022 and 2021:

	Assets at Fair Value as of December 31, 2022			
	Level 1	Level 2	Level 3	Total
Mutual funds	\$ 45,847,536	\$ -	\$ -	\$ 45,847,536
Total investments measured at net asset value (NAV):				
Pooled separate accounts	-	-	-	-
Total investments	\$ 45,847,536	\$ -	\$ -	\$ 45,847,536

	Assets at Fair Value as of December 31, 2021			
	Level 1	Level 2	Level 3	Total
Mutual funds	\$ 39,435,027	\$ -	\$ -	\$ 39,435,027
Total investments measured at net asset value (NAV):				
Pooled separate accounts	-	-	-	20,940,802
Total investments	\$ 39,435,027	\$ -	\$ -	\$ 60,375,829

The following table summarizes investments for which fair value is measured using the net asset value per share practical expedient as of December 31, 2022 and 2021. There are no participant redemption restrictions for this investment; the redemption notice period is applicable only to the Plan:

Description	2022 Fair Value	2021 Fair Value	Redemption Frequency	Trade to Settlement terms
Pooled separate accounts	\$ -	\$ 20,940,802	Daily	1 day

Gains and losses (realized and unrealized) included in changes in net assets for the period above are reported in net depreciation in fair value of investments in the statement of changes in net assets available for benefits.

6. Investment Contract With Insurance Company

The Plan entered into a benefit-responsive investment contract, the Guaranteed Income Fund, with Prudential, which the Plan held through July 31, 2022. Effective August 1, 2022, the Plan entered into a benefit-responsive investment contract, the Principal Fixed Income Guaranteed Option, with Principal. Under both contracts, contributions are maintained in a general account. The account is credited with earnings on the underlying investments and charged for participant withdrawals and administrative expenses. The guaranteed investment contract issuer is contractually obligated to repay the principal and a specified interest rate that is guaranteed to the Plan.

Because the guaranteed investment contract is fully benefit-responsive, contract value is the relevant measurement attribute for that portion of the net assets available for benefits attributable to the guaranteed investment contract. Contract value, as reported to the Plan by Prudential and Principal, represents contributions made under the contract, plus earnings, less participant withdrawals, and administrative expenses. Participants may direct the withdrawal or transfer of all or a portion of their investment at contract value. There are no reserves against contract value for credit risk of the contract issuer or otherwise.

Certain events limit the ability of the Plan to transact at contract value with the issuer. Such events include the following: (1) amendments to the Plan documents (including complete or partial plan termination or merger with another plan), (2) changes to the Plan's prohibition on competing investment options or deletion of equity wash provisions, (3) bankruptcy of the Plan Sponsor or other Plan Sponsor events (for example, divestitures or spin-offs of a subsidiary) that cause a significant withdrawal from the Plan, or (4) the failure of the trust to qualify for exemption from

ASHA 401(k) Plan

Notes to Financial Statements

federal income taxes or any required prohibited transaction exemption under ERISA. The Plan Administrator believes that the probability of any events that would limit the Plan's ability to transact at contract value with participants are remote.

7. Related Party Transactions

Certain Plan investments are managed by Principal and Prudential that act as the record keepers for these investments as defined by the Plan. These investments include the Principal Fixed Income Guaranteed Option, the pooled separate accounts and Prudential Guaranteed Income Fund. Transactions including these investments qualify as party-in-interest transactions and are exempt from the prohibited transaction rules of ERISA. Notes receivable from participants also qualify as party-in-interest transactions and are denoted as such on the supplemental schedule of assets (held at end of year).

8. Tax Status

Effective January 1, 2022, the Plan adopted the Prudential Pre-Approved Defined Contribution Plan ("Pre-Approved Plan"). The Internal Revenue Service ("IRS") ruled on September 16, 2022, that the Pre-Approved Plan, including related amendments, as designed, was in compliance with the applicable requirements of the Internal Revenue Code ("IRC"). The Plan Administrator believes the Plan is currently designed and is being operated in accordance with the IRC.

U.S. GAAP requires plan management to evaluate tax positions taken by the plan and recognize a tax liability (or asset) if the plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The plan administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2022 and 2021, there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

9. Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks, such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

10. Plan Termination

Although ASHA has not expressed any intent to do so, it has the right under the Plan to discontinue its contributions at any time, and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants will become 100% vested in their accounts.

ASHA 401(k) Plan
Notes to Financial Statements

11. Subsequent Events

The Plan Administrator has evaluated subsequent events and transactions through October 16, 2023, the date the financial statements were available to be issued. The plan administrator is not aware of any subsequent events which would require recognition or disclosure in the financial statements.
