Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the financial statements of Charter Foods, Inc. 401(k) Plan (the "Plan"), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statements of net assets available for benefits as of December 31, 2022 and 2021, and the related statement of changes in net assets available for benefits for the years then ended, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of December 31, 2022 and 2021, and for the years then ended, stating that the certified investment information, as described in Note 4 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section:

- the amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America (GAAP).
- the information in the accompanying financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Trustees
Charter Foods, Inc. 401(k) Plan

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with GAAP, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year after the date the financial statements are issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the Plan, and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an independent auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and, therefore, is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users made on the basis of these financial statements.

Trustees
Charter Foods, Inc. 401(k) Plan

Auditor's Responsibilities for the Audit of the Financial Statements (continued)

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of GAAP.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with GAAP.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter - Supplemental Schedules Required by ERISA

The supplemental Schedule of Delinquent Participant Contributions for the year ended December 31, 2022 and Schedule of Assets (Held at End of Year) as of December 31, 2022, are presented for purposes of additional analysis and are not a required part of the financial statements but are supplementary information required by the DOL's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements.

Trustees
Charter Foods, Inc. 401(k) Plan

Other Matter - Supplemental Schedules Required by ERISA (continued)

The information included in the supplemental schedules, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedules that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedules, we evaluated whether the supplemental schedules, other than the information agreed to or derived from the certified investment information, including their form and content, are presented in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- the form and content of the supplemental schedules, other than the information in the supplemental schedules that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedules related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Charter Foods, Inc. 401(k) Plan

Notes to Financial Statements

December 31, 2022

1. Description of the Plan

The following description of Charter Foods, Inc. 401(k) Plan (the “Plan”) provides only general information. Participants should refer to the Plan Document for a more complete description of the Plan’s provisions. Copies of this publication are available from the Plan Sponsor.

General

The Plan is a controlled group defined contribution plan sponsored by Charter Foods, Inc., Charter Foods North, LLC, and Charter Central, LLC (collectively referred to as the “Plan Sponsor”). The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA). All employees of the Plan Sponsor, with the exception of highly compensated employees, crew members, team leaders, and shift managers, who have completed 90 days of service are eligible to participate in the Plan. Employees can elect to participate at the beginning of each quarter after meeting eligibility requirements.

Plan Contributions

Participants may defer 401(k) contributions up to 100% of their pre-tax or after-tax annual compensation, as defined in the Plan Document, subject to certain Internal Revenue Service (IRS) limitations. In addition, participants who have attained the age of 50 before the end of the plan year are eligible to make catch-up contributions. Participants may also contribute amounts representing distributions from other qualified plans (rollovers). Participants direct the investment of their contributions into various investment options offered by the Plan. Participants may change the investment options previously elected at any time.

The Plan Sponsor may make discretionary matching or profit sharing contributions. Participants in the Plan are eligible to receive Plan Sponsor contributions after completing one year (of at least 1,000 hours) of service. During 2022 and 2021, the Plan Sponsor made discretionary matching contributions equal to 100% of the participant’s elective deferral of eligible compensation, in 1% increments, for each year of service, up to a maximum of 4% of eligible compensation for four years of service. No discretionary profit sharing contributions were made in 2022 or 2021.

Receivables, if any, from the Plan Sponsor for contributions are unsecured.

Participant Accounts

Each participant’s account is credited with the participant’s contributions and Plan Sponsor contributions, investment earnings and losses that are allocated based on each participant’s relative account balance within the respective fund, and an allocation of administrative expenses that are paid by the Plan. The benefit to which a participant is entitled is the benefit that can be provided from the participant’s vested account.

Charter Foods, Inc. 401(k) Plan
Notes to Financial Statements (continued)

1. Description of the Plan (continued)

Payment of Benefits

Upon termination of services, death, disability, or retirement, a participant (or his or her beneficiaries) may receive a lump sum payment equal to the vested value of his or her account. In-service distributions may be made to participants who have not separated from service provided the participant has reached normal retirement age (59½ years of age). In-service hardship withdrawals are available in certain circumstances.

Vesting

Participants are immediately vested and have a non-forfeitable interest in their voluntary contributions, Plan Sponsor contributions, and actual earnings on those contributions.

Plan Termination

Although it has not expressed any intent to do so, the Plan Sponsor has the right to under plan provisions to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of termination of the Plan, participants will become 100% vested in their accounts.

2. Significant Accounting Policies

Basis of Accounting

The financial statements of the Plan are presented on the accrual basis of accounting, as are the annual returns filed under applicable provisions of ERISA and the Internal Revenue Code (IRC).

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts in the Plan's financial statements. Accordingly, actual results may differ from those estimates.

Investments

Prior to December 21, 2022, Transamerica Life Insurance Company (Transamerica) held the Plan's investments in various pooled separate accounts and a fully-benefit responsive investment contract (FBRIC). Effective December 21, 2022, Nationwide Life Insurance Company (Nationwide) holds the Plan's investments in various mutual funds and a FBRIC. Net appreciation or depreciation in the fair value of investments is reflected in the Statements of Changes in Net Assets Available for Benefits. This includes all investments bought or sold as well as held during the year. Purchases and sales of securities are recorded on a trade-date basis.

Charter Foods, Inc. 401(k) Plan
Notes to Financial Statements (continued)

2. Significant Accounting Policies (continued)

Investments (continued)

Generally, the Plan's investments are collateralized by the proportionate share of the respective fund's underlying net assets. The maximum loss, if any, incurred by the Plan if the counterparties to the Plan's investments failed to perform and any collateral was insufficient, would be the recorded amount of such investment.

Benefit Payments

Benefits are recorded when paid.

Administrative Expenses

Certain plan administrative expenses are paid by the Plan Sponsor and are excluded from these financial statements. Certain investment related expenses are included in net realized and unrealized appreciation or depreciation in the fair value of investments.

Subsequent Events

Plan management has evaluated subsequent events through October 13, 2023, the date the financial statements were available to be issued.

3. Income Tax Status

The Plan Sponsor adopted a volume submitter plan sponsored by ERISA Services, Inc. that received a favorable opinion letter from the IRS dated March 31, 2014, which states the form of the prototype plan is acceptable for use under applicable sections of the IRC.

Effective January 1, 2022, the Plan Sponsor adopted a volume submitter plan sponsored by ERISA Services, Inc. that received a favorable opinion letter from the IRS dated June 1, 2021, which states the form of the prototype plan is acceptable for use under applicable sections of the IRC.

The Plan has been amended since the latest opinion letter date; however, the Plan Administrator believes the Plan is being operated in accordance with applicable requirements of the IRC and, accordingly, remains exempt from income taxes.

Charter Foods, Inc. 401(k) Plan
Notes to Financial Statements (continued)

4. Certified Information (Unaudited)

Prior to December 21, 2022, Transamerica held the Plan's investments assets and executes transactions therein. Effective December 21, 2022, Nationwide holds the Plan's investments assets and executes transactions therein. Financial information relating to those assets disclosed in the accompanying financial statements and ERISA-required supplemental schedules is based upon information provided to the Plan Administrator and agreed to or derived from information certified as complete and accurate by Transamerica as of December 31, 2021 and for the period from January 1, 2021 to December 20, 2022, and Nationwide as of December 31, 2022 and for the period from December 21, 2022 to December 31, 2022.

This financial information includes investments held as of December 31, 2022 and 2021, net realized and unrealized (depreciation) appreciation in the fair value of investments, and investment income from FBRICs. Investment income from FBRICs includes \$1,297 from the Transamerica FBRIC during 2022, \$126 from the Nationwide FBRIC during 2022, and \$1,100 from the Transamerica FBRIC during 2021.

5. Fair Value Measurements

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3).

The three levels of the fair value hierarchy under Financial Accounting Standards Board Accounting Standards Codification 820, *Fair Value Measurement (Topic 820)*, are described as follows:

- Level 1 Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets the Plan has the ability to access.
- Level 2 Inputs to the methodology include:
 - Quoted prices for similar assets or liabilities in active markets;
 - Quoted prices for identical or similar assets or liabilities in inactive markets;
 - Inputs other than quoted prices that are observable for the asset or liability;
 - Inputs that are derived principally from or corroborated by observable market data by correlation or other means.If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.
- Level 3 Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The fair value measurement level of the asset or liability within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs.

5. Fair Value Measurements (continued)

Mutual funds are valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the Securities and Exchange Commission (SEC). These funds are required to publish their daily net asset value (NAV) and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

Pooled separate accounts are valued using their daily NAV practical expedient based on the NAV of the underlying mutual funds or securities that are publicly quoted and available.

There have been no changes to the methodologies used as of December 31, 2022 and 2021.

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following table sets forth by level, within the fair value hierarchy, the fair value of the Plan's investments as of December 31:

	Level 1	Level 2	Level 3	Investments measured at NAV	Total
2022:					
Mutual funds	\$5,382,984	\$ —	\$ —	\$ —	\$5,382,984
2021:					
Pooled Separate Accounts*	\$ —	\$ —	\$ —	\$5,882,313	\$5,882,313

* In accordance with Subtopic 820-10, the Plan's interest in the pooled separate accounts is measured at fair value using the NAV per share (or its equivalent) practical expedient and has not been classified in the fair value hierarchy. The NAV is determined by Transamerica and is based on the fair value of the underlying assets held by the funds. The fair value amounts presented in this table are intended to permit reconciliation of the fair value hierarchy to the line items presented in the statements of net assets available for benefits.

For investments measured using the NAV per share (or its equivalent) practical expedient during 2021, participant initiated redemption was permitted daily with no restrictions or notice periods. There were no unfunded commitments as of December 31, 2021.

6. Nationwide Fixed Account

Effective December 21, 2022, the Plan has a FBRIC with Nationwide. Nationwide maintains the contributions in a general account. The account is credited with earnings on the underlying investments and charged for participant withdrawals and administrative expenses. Nationwide is contractually obligated to repay the principal and a specified interest rate that is guaranteed to the Plan. The crediting rate is based on a formula established by the contract issuer and is reviewed on a quarterly basis for resetting. The FBRIC does not permit Nationwide to terminate the agreement prior to the scheduled maturity date.

Because the investment contract meets the FBRIC criteria, contract value is the relevant measurement attribute for the portion of the net assets available for benefits attributed to the investment contract. Contract value, as reported to the Plan by Nationwide, represents contributions made under the contract, plus earnings, less participant withdrawals, and administrative expenses. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value.

The Plan's ability to receive amounts due is dependent on Nationwide's ability to meet its financial obligations. Nationwide's ability to meet its contractual obligations may be affected by future economic and regulatory developments.

Certain events might limit the ability of the Plan to transact at contract value with Nationwide. Such events include amendments to the Plan documents (including complete or partial Plan termination or merger with another plan), changes to the Plan's prohibition on competing investment options or deletion of equity wash provisions, bankruptcy of the Plan sponsor or other Plan sponsor events that cause a significant withdrawal from the Plan, the failure of the trust to qualify for exemption from federal income taxes or any required prohibited transaction exemption under ERISA, or premature termination of the contract. No events are probable of occurring that might limit the Plan's ability to transact at contract value with Nationwide and that also would limit the ability of the Plan to transact at contract value with the participants.

In addition, certain events allow Nationwide to terminate the contract with the Plan and settle at an amount different from contract value. Such events include an uncured violation of the Plan's investment guidelines, a breach of material obligation under the contract, a material misrepresentation, or a material amendment to the agreement without consent of Nationwide.

7. Transamerica Fixed Account

Prior to December 21, 2022, the Plan had a FBRIC with Transamerica. Transamerica maintained the contributions in a general account. The account was credited with earnings on the underlying investments and charged for participant withdrawals and administrative expenses. Transamerica was contractually obligated to repay the principal and a specified interest rate that was guaranteed to the Plan. The crediting rate was based on a formula established by the contract issuer and was reviewed on a quarterly basis for resetting. The FBRIC did not permit Transamerica to terminate the agreement prior to the scheduled maturity date.

7. Transamerica Fixed Account (continued)

Because the investment contract met the FBRIC criteria, contract value was the relevant measurement attribute for the portion of the net assets available for benefits attributed to the investment contract. Contract value, as reported to the Plan by Transamerica, represented contributions made under the contract, plus earnings, less participant withdrawals, and administrative expenses. Participants could ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value.

The Plan's ability to receive amounts due was dependent on Transamerica's ability to meet its financial obligations. Transamerica's ability to meet its contractual obligations could have been affected by future economic and regulatory developments.

Certain events could have limited the ability of the Plan to transact at contract value with Transamerica. Such events included amendments to the Plan documents (including complete or partial Plan termination or merger with another plan), changes to the Plan's prohibition on competing investment options or deletion of equity wash provisions, bankruptcy of the Plan Sponsor or other Plan sponsor events that caused a significant withdrawal from the Plan, the failure of the trust to qualify for exemption from federal income taxes or any required prohibited transaction exemption under ERISA, or premature termination of the contract. No events occurred that limited the Plan's ability to transact at contract value with Transamerica and that also limited the ability of the Plan to transact at contract value with the participants.

In addition, certain events allowed Transamerica to terminate the contract with the Plan and settle at an amount different from contract value. Such events included an uncured violation of the Plan's investment guidelines, a breach of material obligation under the contract, a material misrepresentation, or a material amendment to the agreement without consent of Transamerica.

8. Party-in-Interest Transactions

Effective December 21, 2022, certain investments are held and managed by Nationwide; therefore, these transactions qualify as party-in-interest transactions. For the period from January 1, 2021 to December 21, 2022, certain investments were held and managed by Transamerica; therefore, these transactions qualified as party-in-interest transactions.

9. Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks, such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

10. Delinquent Participant Contributions

Defined contribution plans are required to remit employee contributions to the Plan as soon as they can be reasonably segregated from the employer's general assets. While the Plan Sponsor remitted all employee contributions to the Plan, contributions totaling \$354 and \$642 were not remitted within the required time period for the years ended December 31, 2021, and 2020, respectively. These delinquent contributions, including remitting the lost earnings, were correcting during November 2022. Contributions totaling \$35,926 were not remitted within the required time period for the year ended December 31, 2022. These delinquent contributions, including remitting the lost earnings, are in process of being corrected as of October 13, 2023.
