INDEPENDENT AUDITOR'S REPORT

To the Trustee of
RoadRunner Recycling 401(k) Plan
Pittsburgh, Pennsylvania

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the accompanying financial statements of RoadRunner Recycling 401(k) Plan ("Plan"), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 ("ERISA"), as permitted by ERISA Section 103(a)(3)(C) ("ERISA Section 103(a)(3)(C) audit"). The financial statements comprise the statements of assets available for benefits as of December 31, 2022 and 2021, and the related statements of changes in assets available for benefits for the years then ended, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the plan ("investment information") by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA ("qualified institution").

Management has obtained certifications from qualified institutions as of and for the year ended December 31, 2022 and a certification from a qualified institution as of and for the year ended December 31, 2021, stating that the certified investment information, as described in Note 4 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the *Auditor's Responsibilities for the Audit of the Financial Statements* section —

- The amounts and disclosures in the financial statements referred to above, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

INDEPENDENT AUDITOR'S REPORT

(continued)

- The information in the financial statements referred to above related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America. Our responsibilities under those standards are further described in the *Auditor's Responsibilities for the Audit of the Financial Statements* section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of the financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year after the date the financial statements are issued.

Management is also responsible for maintaining a current Plan instrument, including all Plan amendments; administering the Plan; and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the *Scope and Nature of the ERISA Section 103(a)(3)(C) Audit* section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

INDEPENDENT AUDITOR'S REPORT
(continued)

In performing an audit in accordance with generally accepted auditing standards, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certifications, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Supplemental Schedule Required by ERISA

The supplemental schedule of assets held at end of year as of December 31, 2022 is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from, and relates directly to, the underlying accounting and other records used to prepare the financial statements.

INDEPENDENT AUDITOR'S REPORT
(continued)

The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with generally accepted auditing standards. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion —

- The form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, is presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- The information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

ROADRUNNER RECYCLING
401(k) PLAN

NOTES TO FINANCIAL STATEMENTS

NOTE 1 - PLAN DESCRIPTION

The following description of the RoadRunner Recycling 401(k) Plan ("Plan") provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions. The Plan was established on June 1, 2019.

General

The Plan is a defined contribution profit sharing and 401(k) plan established to provide retirement benefits for substantially all eligible employees of RoadRunner Recycling, Inc. ("Company"). The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA").

Eligibility

An employee becomes eligible to participate in the Plan after completing six months of service and attaining the age of eighteen. Leased employees, employees covered by a collective bargaining agreement, and independent contractors reclassified as an employee by the Internal Revenue Service ("IRS") are excluded from the Plan.

Contributions

Participants may direct the Company to contribute a deferral of up to 100% of their annual compensation to the Plan, subject to overall limitations imposed by the Internal Revenue Code ("IRC"). Participants who have attained age 50 by the end of the Plan year are eligible under the IRC to make additional catch-up contributions (limited to \$6,500 in both 2022 and 2021). Participants may elect to designate some or all of their deferred salary contributions as Roth deferral contributions subject to the same rules applicable to pre-tax deferral contributions. These deferred salary contributions are reported as participant contributions in the financial statements. In addition, participants who receive qualified distributions from another qualified plan may be able to rollover such distributions into the Plan. Rollover contributions were \$896,499 and \$834,934, for the years ended December 31, 2022 and 2021, respectively.

The Company contributes safe harbor matching contributions equal to 100% of the first 3% of the participants' deferred compensation plus 50% of the participants' deferred compensation which are over 3%, but not over 5%. These contributions are classified as employer contributions in the accompanying financial statements. The Company may also elect to make discretionary employer contributions. No discretionary employer contributions were made in 2022 or 2021.

Participants direct all contributions into various investment options offered by the Plan.

ROADRUNNER RECYCLING
401(k) PLAN

NOTES TO FINANCIAL STATEMENTS
(continued)

NOTE 1 - PLAN DESCRIPTION (continued)

Participant accounts

Each participant's account is credited with the participant's deferred salary contributions, Company safe harbor matching contributions, Company discretionary employer contributions, and an allocation of Plan earnings based on the investment options selected by the participant. Each participant's account is reduced by participant withdrawals, forfeitures, an allocation of any administrative expenses and fees paid by the Plan, and an allocation of Plan losses based on investment options selected by the participant. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting

Participants are always 100% vested in their contributions and safe harbor matching contributions. Vesting in the Company's discretionary employer contributions plus actual earnings thereon is based on years of continuous service. A participant is 100% vested after four years of credited service. Vesting is as follows:

<u>Years of Service</u>	<u>Vested Percentage</u>
2	50%
3	75%
4 or more years	100%

Notes receivable from participants

Participants may borrow from their vested account balance in amounts ranging from a minimum of \$1,000 to a maximum of \$50,000 or 50% of their vested account balance, whichever is less. The notes are secured by the participant's account balance. Fixed interest rates on loans issued are based on the prime rate on the first business day in which the loan is originated plus 2%. Interest rates on loans outstanding range from 5.25% to 9.00% as of December 31, 2022. Principal and interest is paid ratably through monthly payroll deductions according to terms of the promissory note and prepayments may be made at any time. A maximum repayment period of five years applies to all loans.

Under the Plan's policy, the balance of notes in default (as defined) is reported to the participant as taxable income and is subject to personal income taxes and penalties. Such notes remain outstanding and continue to accrue interest even though they have been reported to a participant on Form 1099 (a "deemed distribution"). Notes will not be charged against the participant's vested account balance until approval is received to offset the note due to the participant's termination of service, retirement, death, disability, attainment age of 59-1/2, or reaching the earliest date that distribution is permitted under the Plan.

401(k) PLAN

NOTES TO FINANCIAL STATEMENTS
(continued)

NOTE 1 - PLAN DESCRIPTION (continued)

Payment of benefits

Participants are entitled to withdraw any portion of their vested account prior to retirement due to disability, death, hardship, or termination of employment. Upon reaching normal retirement age, participants may elect distributions from their accounts via lump-sum cash payments or various installment methods.

Forfeitures

Forfeitures may first be used to pay Plan expenses. Any forfeitures left after paying Plan expenses may be used to offset employer contributions. If any forfeitures still remain, such forfeitures will be reallocated as discretionary matching contributions. As of both December 31, 2022 and 2021, forfeited non-vested accounts totaled \$-0-. The Plan used \$34,994 of forfeitures to reduce employer contributions during 2021. The forfeitures during 2021 resulted from an error when switching payroll systems that allowed an employer match on each type of employee contribution, instead of up to 4% total. Amounts that were contributed to participant accounts in excess of 4% were considered forfeitures. No amounts have been forfeited otherwise as the Company has never made discretionary contributions, which is the only type of contribution subject to vesting provisions under the Plan.

Plan termination

Although it has not expressed any intention to do so, the Company may terminate the Plan at any time. In the event of termination, the interests of participants affected by the termination and their beneficiaries under the Plan shall be vested and non-forfeitable.

Administrative expenses and fees

The Company may pay some Plan administration expenses with its own assets rather than using Plan assets. To the extent the Company does not pay Plan expenses with its own assets, the Plan generally will pay the expenses of Plan administration and will assess the expenses paid against the accounts of all participants in the Plan.

NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of accounting

The accompanying financial statements have been prepared on the accrual basis of accounting in accordance with accounting principles generally accepted in the United States of America.

ROADRUNNER RECYCLING
401(k) PLAN

NOTES TO FINANCIAL STATEMENTS
(continued)

NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (continued)

Use of estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires the Plan to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities as of the date of the financial statements and the reported amounts of changes in assets during the reporting period. Actual results could differ from those estimates.

Investment valuation and income recognition

The Plan's common/collective trust investments are stated at the net asset value ("NAV") of units held by the Plan at year-end. NAV is used as a practical expedient to estimate fair value. As of December 31, 2022, the Plan is invested in pooled separate accounts under an investment arrangement with Voya Retirement Insurance and Annuity Company ("VRIAC"). From January 1, 2021 through December 19, 2022, the Plan was invested in pooled separate accounts under an investment arrangement with Principal Life Insurance Company ("PLIC"). The Plan's investments in the pooled separate accounts are tracked by participation units in sub-accounts, with each sub-account representing a mutual fund investment option offered by VRIAC or PLIC. Each sub-account holds shares of a single underlying mutual fund, and the sub-accounts reinvest any mutual fund distributions received into additional shares of the underlying mutual fund. The sub-accounts are valued at the NAV of units held by the Plan at year-end. The NAV is used as a practical expedient to estimating fair value. The NAV is based on the fair value of the underlying investments held by the sub-accounts, less their liabilities. The Plan's mutual fund investments are stated at fair value, determined by quoted market prices. The Plan's investment in the Principal Life Insurance Company Guaranteed Option account is a fully benefit-responsive investment contract and is included in the financial statements at contract value. Contract value is the relevant measurement attribute for that portion of the net assets available for benefits of a defined contribution plan attributable to fully-benefit responsive investment contracts because contract value is the amount participants would receive if they were to initiate permitted transactions under the terms of the Plan.

Investment transactions are accounted for on the trade date (date the order to buy or sell is executed). Dividend income is recorded when earned. All gains and losses (realized and unrealized) on investments recorded at fair value, bought or sold as well as held during the year are included in net appreciation (depreciation) in fair value of investments reported on the statements of changes in assets available for benefits. Gains, losses, and interest income incurred on investments reported at contract value are included in interest and dividend income within the statements of changes in net assets available for benefits.

ROADRUNNER RECYCLING
401(k) PLAN

NOTES TO FINANCIAL STATEMENTS
(continued)

NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (continued)

Investment valuation and income recognition (continued)

The Plan provides for various investment options that are exposed to various risks, such as interest rate, market, and credit risks. Due to the level of risk associated with certain investments and the level of uncertainty related to changes in the value of investments, it is at least reasonably possible that changes in the values of investments will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of assets available for benefits.

Payment of benefits

Benefit payments are recorded when paid.

Subsequent events

The Plan evaluates events and transactions occurring subsequent to the date of the financial statements for matters requiring recognition or disclosure in the financial statements. The accompanying financial statements consider events through October 13, 2023, the date on which the financial statements were available to be issued.

NOTE 3 - FEDERAL INCOME TAX EXEMPTION

The Plan was operating under a prototype non-standardized profit sharing plan with CODA of Principal Financial Group during the years ended December 31, 2022 and 2021. Subsequent to December 31, 2022, the Plan adopted a prototype non-standardized profit sharing plan with CODA of Dunbar Bender & Zapf, Inc. (see Note 8). The most recent determination letter for the Principal Financial Group Prototype Non-Standardized Profit Sharing Plan with CODA is dated June 30, 2020. In this letter, the IRS stated that the Plan, as then designed, is in compliance with the applicable requirements of the IRC. Plan management believes that the Plan is qualified as of the financial statement dates.

Accounting principles generally accepted in the United States of America require Plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain tax position that more likely than not would not be sustained upon examination by the IRS. Plan management has analyzed the tax positions taken by the Plan, and have concluded that as of December 31, 2022, there are no uncertain tax positions taken or expected to be taken that would require recognition of a liability (or asset) in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. Plan management believes they are no longer subject to income tax examinations for periods prior to 2019.

NOTE 4 - CERTIFICATION

The investment information contained in the financial statements and schedule of assets held at end of year has been certified as complete and accurate by Voya Retirement Insurance and Annuity Company and Principal Trust Company as of and for the year ended December 31, 2022 and by Principal Trust Company as of and for the year ended December 31, 2021, in accordance with 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974.

NOTE 5 - INVESTMENTS

The Plan provides participants the opportunity to direct both participant and employer contributions into separate investment funds. However, investment managers have the authority to make investment decisions within each fund.

Market price observability is affected by a number of factors, including the type of investment and the characteristics specific to the investment. Investments with readily determinable available quoted prices or for which fair value can be measured from actively quoted prices generally will have a higher degree of market price observability and a lesser degree of judgment in measuring fair value. Investments measured and reported at fair value, except for those that use NAV as a practical expedient, are classified and disclosed in one of the following categories based on the extent of market price observability.

Level I – Inputs are quoted prices in active markets for identical assets as of the reporting date. The Plan's investments in mutual funds are classified as Level I.

Level II – Inputs are other than quoted market prices included within Level I, however, are observable, either directly or indirectly for the investment. The Plan holds no Level II investments.

Level III – Inputs are unobservable for the investment and include situations where there is little, if any, market activity for the investment. The inputs into the determination of fair value require significant management judgment or estimation. The Plan holds no Level III investments.

NOTE 5 - INVESTMENTS (continued)

The valuations of the Plan's investments reported at fair value by type of investment as of December 31 are as follows:

	Level	2022	2021
Mutual funds	I	\$ 1,571	\$ 319,877
Common/collective trusts	NAV	4,469,408	2,538,714
Pooled separate accounts	NAV	1,092,713	835,387
		<u>\$ 5,563,692</u>	<u>\$ 3,693,978</u>

The following additional information is provided regarding the Plan's common collective trusts included in the above table.

Investment	2022 fair value	2021 fair value	Unfunded commitments	Redemption frequency	Redemption notice period
Common collective trusts	\$ 4,469,408	\$ 2,538,714	\$ --	Daily	N/A

As of December 31, 2022, the common collective trusts were made up of six target-date retirement funds, offered by Wilmington Trust, N.A, and eight additional funds offered by either Dimension Fund Advisors, JP Morgan Funds, American Funds or Vanguard Funds. The target-date funds use an asset allocation strategy designed to maximize retirement savings consistent with the risk that investors with a moderate risk tolerance may be willing to accept given their investment time horizon. The other funds primarily invest in equity and fixed income funds. The objective of those investment vehicles invested in equity investments is to seek long-term capital appreciation and to provide an above-average level of income. The objective of the investment vehicle invested in fixed income funds is to provide inflation protection and earn current income consistent with inflation-protected securities.

As of December 31, 2021, the common collective trusts were made up of ten target-date retirement funds, offered by Principal Global Investors Trust Company, an affiliated entity of Principal Trust Company. Those target-date funds generally invested in affiliated open-ended mutual funds, insurance company separate accounts, unaffiliated mutual funds, and unaffiliated collective trust funds that Principal Trust considered appropriate based on the remaining time horizon of a particular target-date fund.

The following additional information is provided regarding the Plan's pooled separate accounts in the above table.

Investment	2022 fair value	2021 fair value	Unfunded commitments	Redemption frequency	Redemption notice period

NOTE 5 - INVESTMENTS (continued)

As of December 31, 2022, the Plan has investments in various pooled separate accounts, offered by VRIAC. The pooled separate accounts invest in equity and fixed income funds. The objective of those investment vehicles invested in equity investments is to maximize current income and capital appreciation; to provide investment results that correspond to the total return performance of common stocks publicly traded in the United States; to provide capital appreciation through long-term investments primarily in securities of small-sized growth companies; to provide investment results that correspond to the total return of stocks of mid-capitalization United States companies; to provide investment results that correspond to the total return of foreign developed and emerging stock markets; and to seek long-term capital appreciation through investments in equity securities of companies based both inside and outside the United States. The objective of the investments vehicles invested in fixed income funds is to generate current income consistent with preservation of capital or to seek a high level of current income consistent with prudent investment risk.

As of December 31, 2021, the Plan was invested in various pooled separate accounts, offered by PLIC, an affiliated entity of Principal Trust Company. The pooled separate accounts invested in equity and fixed income funds. The objective of those investment vehicles invested in equity investments was to invest in large-cap, mid-cap, and small-cap stocks in developed and emerging markets worldwide; to provide superior long-term returns relative to the Russell 1000 Growth Index; to invest in high-quality, dividend-growing companies; to invest in equity securities of companies that compose the Standard & Poor's Small Cap 600 Index; to invest in equity securities of companies principally engaged in the real estate industry; and/or to seek income. The objective of the investment vehicle invested in a fixed income fund was to provide a high level of current income consistent with preservation of capital.

The following additional information is provided regarding the Plan's fixed account included on the statements of net assets available for benefits at contract value:

Investment	2022 contract value	2021 contract value	Unfunded commitments	Redemption frequency	Redemption notice period
Fixed account	\$ 71,054	\$ 52,207	\$ --	Daily	N/A

The Plan holds a fully benefit-responsive investment in the Principal Life Insurance Company Guaranteed Option, offered by PLIC, an affiliated entity of Principal Trust Company. The fixed account is included in the financial statements at contract value. The Principal Life Insurance Company Guaranteed Option is an obligation of PLIC's general account, which supports all of PLIC's insurance and annuity commitments. All payment guarantees of contractual interest and redemption of invested funds are based on the financial strength and claims-paying ability of PLIC, who is solely responsible for all obligations under its contracts.

ROADRUNNER RECYCLING
401(k) PLAN

NOTES TO FINANCIAL STATEMENTS
(continued)

NOTE 5 - INVESTMENTS (continued)

The nature of the Principal Life Insurance Company Guaranteed Option is such that Plan participants may withdraw assets without restriction; however, the custodian may impose a hold period at the contract level in the event of a full contract discontinuance or partial contract discontinuance. The occurrence of an event that limits the ability of the Plan to transact at contract value between the custodian and a participant holding the investment is not probable.

The Principal Life Insurance Company Guaranteed Option guarantees principal and a guaranteed minimum interest rate ("GMIR") for the life of the contract, which features two declared interest rates: a crediting rate and a guaranteed minimum floor rate declared for a defined period – currently, one calendar year. The methodology for calculating the interest crediting rate is based on the earnings of the underlying assets in the entire medium-long term new portfolio compared to the minimum interest crediting rate, as stated in the contract, and prevailing market conditions. The interest-crediting rate is reset quarterly.

The guaranteed minimum floor rate may change after a defined period, but it will never be lower than 0% for the life of the contract. The current rate, the guaranteed minimum floor rate, and the GMIR are expressed as annual effective yields. The average yield earned by the Plan for the fully benefit-responsive investment can be derived by averaging the quarterly gross interest rates for the fund over the year. The average yields for the years ended December 31, 2022 and 2021 were 2.51% and 1.57%, respectively.

NOTE 6 - RELATED PARTY TRANSACTIONS

The Plan's investments in common/collective trusts and pooled separate accounts are or were managed by VRIAC and PLIC and, therefore, qualify as party-in-interest transactions. The Plan's investment in the fixed account is managed by affiliated entities of Principal Trust Company and, therefore, qualify as party-in-interest transactions. The Plan also paid administrative expenses and fees to Principal Trust Company that qualify as party-in-interest transactions. These party-in-interest transactions are not deemed prohibited because they are covered by statutory and administrative exemptions from the IRC and the rules of prohibited transactions of ERISA.

NOTE 7 - EMPLOYEE DEFERRAL OPERATIONAL ERROR

During 2021, an operational error was identified that caused participant and employer contributions to be understated for the years ended December 31, 2021 and 2020. The error resulted from the Company not withholding or remitting contributions on a portion of eligible compensation as defined in the Plan document and impacted a significant number of participants. As such, the error has been classified as a significant operational failure. During 2020, the Plan recorded other employer contributions and an employer contribution receivable of \$101,567 to reflect the contribution Qualified Non-Elective Contribution ("QNEC") in the Plan's financial statements. The Company corrected this error during 2021 by making a QNEC to the Plan in the amount of \$101,567.

NOTE 8 - SUBSEQUENT EVENTS

Effective January 1, 2023 the Plan adopted a prototype non-standardized profit sharing plan with CODA of Dunbar Bender & Zapf, Inc. The most recent determination letter for the Dunbar Bender & Zapf, Inc Non-Standardized Profit Sharing Plan with CODA is dated June 30, 2020. The general information provided in Note 2 remains applicable under the newly adopted Plan, except that the minimum service period necessary to participate in the Plan was reduced from six months to three months.

As of January 30, 2023, the two remaining mutual funds with balances held by Principal Trust Company and the balance in the Principal Life Insurance Company Guaranteed Option were transferred into accounts held by Voya Retirement Insurance and Annuity Company. On April 4, 2023, the remaining assets held by Principal Trust Company were distributed to a participant.
