INDEPENDENT AUDITOR'S REPORT

To the Administrative Committee of
The **George Moehrle Masonry, Inc.**
Retirement Plan
Frederick, Maryland

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the accompanying financial statements of **George Moehrle Masonry, Inc. Retirement Plan**, an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C). The financial statements comprise the statements of net assets available for benefits as of December 31, 2021 and 2022, and the related statement of changes in net assets available for benefits for the year ended December 31, 2022, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of **George Moehrle Masonry, Inc. Retirement Plan**'s financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of December 31, 2021 and 2022, and for the year ended December 31, 2022, stating that the certified investment information, as described in Note G to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section—

- the amounts and disclosures in the financial statements referred to above, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

INDEPENDENT AUDITOR'S REPORT (Continued)

Opinion (continued)

- the information in the financial statements referred to above related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America. Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of **George Moehrle Masonry, Inc. Retirement Plan** and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about **George Moehrle Masonry, Inc. Retirement Plan's** ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments; administering the plan; and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

INDEPENDENT AUDITOR'S REPORT (Continued)

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with generally accepted auditing standards, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of **George Moehrle Masonry, Inc. Retirement Plan's** internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about **George Moehrle Masonry, Inc. Retirement Plan's** ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

INDEPENDENT AUDITOR'S REPORT (Continued)

Auditor's Responsibilities for the Audit of the Financial Statements (continued)

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Supplemental Schedules Required by ERISA

The supplemental schedule of Schedule H, line 4i—Schedule of Assets (Held at End of Year) as of December 31, 2022 is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with generally accepted auditing standards. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion—

- the form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

NOTES TO FINANCIAL STATEMENTS
Years Ended December 31, 2021 and 2022

NOTE A – DESCRIPTION OF PLAN

The following brief description of the **George Moehrle Masonry, Inc. Retirement Plan** (the “Plan”) provides only general information. Participants and other interested parties should refer to the Summary Plan Description and Plan Document for a more complete description of the Plan’s provisions.

General:

The Plan is a defined contribution 401(k) plan covering all eligible employees of the Company who have completed one year of service (1,000 hours of service by the end of the employee’s first twelve consecutive months of employment) and are age eighteen years or older, or those employees who performed work on a contract subject to prevailing wage law. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

Contributions:

Employee 401(k) Deferrals & Discretionary Employer Matching Contributions – Each year, participants may contribute a percentage (or flat amount) of their pretax annual compensation, as defined in the Plan. In order to become eligible to participate in the salary deferrals, an employee must have completed one year of service and be eighteen years or older. The Company may also make a discretionary matching contribution up to a certain percentage of a participant’s eligible compensation. In order to share in the matching contribution, a participant must be actively employed on the last day of the plan year and must have completed 1,000 hours of service with the Company during the plan year. Participants may also contribute amounts representing distributions from other qualified defined benefit or contribution plans (“rollovers”). Contributions are subject to certain limitations.

Employer Prevailing Wage Contributions – Each year, employees who perform services for the Company under a public contract subject to the Davis-Bacon Act, the Service Contract Act or any other federal, state or municipal Prevailing Wage Law automatically become eligible to receive prevailing wage contributions. Contributions are calculated using prevailing wage and benefit rates that are stipulated in each prevailing wage contract. Contributions are subject to certain limitations. Contributions can be deposited into the health savings account or the retirement plan at employee election starting in 2017. Effective January 1, 2021, the Plan adopted an amendment which modified the designation of prevailing wage contributions from “employer nonelective” to “qualified nonelective” contributions. This amendment was made to allow for the treatment of prevailing wage contributions to be consistent with the provisions of the plan document under the previous trustee.

NOTE A – DESCRIPTION OF PLAN (Continued)

Contributions (Continued):

Employer Discretionary Profit-Sharing Contribution – Each year, the Company may make a discretionary profit-sharing contribution to participants who are eligible to share in the profit-sharing contribution. In order to share in the profit-sharing contribution, a participant must be actively employed on the last day of the plan year and must have completed 1,000 hours of service with the Company during the plan year. The profit-sharing contribution consists of two separate contributions, using two different methods of profit sharing. The first method allocates a contribution among participants based on their compensation as a percentage of all participants' eligible compensation. The second method contributes based upon a participant's hours worked, at "rate times hours worked." Rates will be determined each plan year and may vary between participants' job descriptions. Contributions are subject to certain limitations.

Employer Nonelective "CORE" Contribution – Effective October 1, 2017, the Company amended the Plan to provide an incentive contribution "CORE contribution" to employees who had been employed at least 90 days and who met safety and production milestones at a rate of \$1.00 - \$2.00 per hour based on worker classifications, which could be deposited in either the health savings account plan or the retirement plan at employee election. Participants are immediately 100% vested in these contributions. The "CORE" contributions were suspended in 2018 through a Board resolution.

Participant Accounts:

Individual Plan accounts are maintained for each participant of the Plan. Contributions are credited to the participant's account and are invested at the participant's discretion in the Plan's designated investment fund options. Each participant's account is credited with (a) the participant's voluntary 401(k) contribution (b) the employer's discretionary matching contribution (c) the employer's discretionary profit sharing contribution(s), (d) the employer's nonelective "CORE" contribution, (e) the employer's prevailing wage contribution (f) allocation of investment earnings (g) allocation of forfeitures of terminated participants' nonvested accounts and (h) an allocation of administrative expenses. Allocations are based on participant earnings or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

NOTE A – DESCRIPTION OF PLAN (Continued)

Vesting:

Participants are immediately and 100% vested in their rollover contributions, voluntary 401(k) contributions, prevailing wage contributions, and employer CORE contributions plus actual earnings thereon. Vesting in the employer matching and profit-sharing contributions portion of their accounts, plus earnings thereon is based on years of continuous service. The vesting schedule is as follows:

Vesting Schedule

<u>Completed Year Of Service</u>	<u>Vested Percentage</u>
Less than 2	0%
2	20%
3	40%
4	60%
5	80%
6 or more	100%

To earn a year of service for vesting purposes, a participant must be credited with at least 1,000 hours of service during the plan year.

Payment of Benefits:

On termination of service due to death, disability or retirement, a participant will be entitled to receive 100% of his or her account balance. For termination of service due to other reasons, a participant may receive the value of the vested interest in his or her account as a lump-sum distribution. Participants that have been affected by COVID-19 may withdraw up to \$100,000 as permitted by the CARES Act.

Hardship Distributions:

Effective June 5, 2018 the plan was amended to provide a provision for plan participants to withdraw funds from their account provided a financial hardship was experienced. A hardship distribution may be taken only for qualified expenses, which include but are not limited to medical care, post-secondary education and certain damages to a primary residence. The amount of funds available for hardship distribution are limited to the amount of the vested portion of an individual's account for both employee elective deferrals and employer contributions.

NOTE A – DESCRIPTION OF PLAN (Continued)

Forfeited Accounts:

As of December 31, 2021 and 2022, there were no forfeited, non-vested accounts. Forfeitures may be used to pay for administrative expenses related to the plan.

Administrative Expenses:

Administrative expenses include primarily plan administration fees and accounting/auditing fees.

CARES Act:

The Coronavirus Aid, Relief, and Economic Security (CARES) Act was signed into law on March 27, 2020, and provides relief for employee benefit plans and its participants. The CARES act permits, at the discretion of Plan management, for participants to take up to \$100,000 in coronavirus-related loans or distributions from the Plan without being subject to the Sec. 72(t) 10% additional tax for early distributions.

Plan Amendment:

The Plan was amended on December 15, 2022 to adopt the provisions of the CARES Act into the plan document. This amendment is effective April 20, 2020.

Plan Administration:

The Plan entered into an agreement with a third party on May 24, 2022 to provide advisory services in selecting and monitoring the investment options of the Plan.

NOTE B – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting:

The financial statements of the Plan are prepared under the accrual method of accounting.

GEORGE MOEHRLE MASONRY, INC.
RETIREMENT PLAN
NOTES TO FINANCIAL STATEMENTS
Years Ended December 31, 2021 and 2022

NOTE B – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (continued)

Use of Estimates:

The preparation of financial statements in conformity with generally accepted accounting principles requires the Plan Administrator to make estimates and assumptions that affect the reported amounts of assets, liabilities, and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Income Tax Status:

Although the Company has not requested a determination letter, the Plan Sponsor and Administrator believe that the Plan is designed and is currently being operated in compliance with the applicable requirements of the Internal Revenue Code. As of December 31, 2022, the statute of limitations for the Form 5500 for years 2019-2021 remains open with the Internal Revenue Service.

Payment of Benefits:

Benefits are recorded in the period the Plan receives the distribution request from the participant.

Cash and cash equivalents:

The Plan considers cash and cash temporarily invested with original maturities of three months or less to be cash equivalents. There were \$0 and \$7,751 of cash equivalents as of December 31, 2021 and 2021, respectively.

Investment Valuation and Income Recognition:

Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See **NOTE H** for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the plan's gains and losses on investments bought and sold as well as held during the year.

NOTE C – INVESTMENTS

During 2021 and 2022, the Plan's investments (including investments bought, sold, and held during the year) appreciated (depreciated) in value by \$296,250 and (\$865,091), respectively as follows:

NOTE D – PLAN TERMINATION

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants will become 100% vested in their accounts. Any unallocated assets of the Plan shall be allocated to participant accounts and distributed in such a manner as the Company may determine.

Amounts allocated to withdrawing participants are recorded on the Form 5500 for benefit claims that have been processed and approved for payment prior to December 31, 2022, but not yet paid as of that date.

NOTE F – RISKS AND UNCERTAINTIES

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits.

NOTE G – INFORMATION PREPARED AND CERTIFIED BY TRUSTEE

The following information included in the accompanying financial statements and supplemental schedules was obtained from data that has been prepared and certified to as complete and accurate by the Plan trustee as of December 31, 2021 and 2022.

NOTE H - FAIR VALUE OF FINANCIAL INSTRUMENTS

Generally accepted accounting principles define fair value, establish a framework for measuring fair value, and establish a fair value hierarchy that prioritizes the inputs to valuation techniques. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. A fair value measurement assumes that the transaction to sell the asset or transfer the liability occurs in the principal market for the asset or liability or, in the absence of a principal market, the most advantageous market. Valuation techniques that are consistent with the market, income or cost approach are used to measure fair value.

The fair value hierarchy prioritizes the inputs to valuation techniques used to measure fair value into three broad levels:

Level 1 – These inputs are quoted prices (unadjusted) in active markets for identical assets or liabilities that the Plan has the ability to access.

Level 2 – These are inputs (other than quoted prices included within level 1) that are observable for the asset or liability, either directly or indirectly. These inputs may include quoted prices for the identical instrument on an inactive market, prices for similar instruments, interest rates, default rates and other similar data.

Level 3 – These are unobservable inputs for the asset or liability and rely on management's own assumptions about the assumptions that market participants would use in pricing the asset or liability. The unobservable inputs should be developed based on the best information available in the circumstances and may include the Plan's own data.

The fair value of mutual funds is based on quoted net asset values of the shares as reported by the fund. The mutual funds held by the Plan are open-end mutual funds registered with the U.S. Securities and Exchange Commission. The funds must publish their daily net assets value and transact at that price. The mutual funds held by the Plan are considered to be actively traded.

NOTE H - FAIR VALUE OF FINANCIAL INSTRUMENTS (Continued)

The common collective trust fund is valued based on the readily determinable quoted market price that each fund publishes at the end of each day. While the underlying assets are actively traded on an exchange, the common collective trust funds are not and, therefore, are classified as level 2 assets in the fair value hierarchy.

The following table presents the Plan's fair value hierarchy for those assets measured at fair value on a recurring basis as of December 31, 2021 and 2022.

**Fair Value Measurements on a Recurring Basis
As of December 31, 2021**

TRANSACTIONS**

Plan investments were managed by Truist Bank (formerly BB&T) through February 28, 2021. Ascensus became the recordkeeper for the Plan beginning March 1, 2021. Transactions with Truist and Ascensus qualify as party-in-person transactions and are exempt from the prohibited transactions rules of ERISA.

NOTE J– SUBSEQUENT EVENTS

In preparing the financial statements, management has evaluated events and transactions for potential recognition or disclosure through October 16, 2023, the date the audit report was available to be issued.

COVID-19 Uncertainty:

The extent of the impact of the COVID-19 recovery on the Plan's financial performance will depend on certain developments, including the duration of the recovery and impact on participants which are uncertain and cannot be predicted. The extent to which the COVID-19 recovery may impact the Plan's financial condition or net assets available for benefits has not been determined.
