Scope and Nature of the ERISA Section 103(a)(3)(C) Audits

We have performed audits of the accompanying financial statements of Elligo Health Research Inc 401K Plan (the "Plan"), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) ("ERISA Section 103(a)(3)(C) audit"). The financial statements comprise the statements of net assets available for benefits as of December 31, 2022 and 2021, and the related statement of changes in net assets available for benefits for the year ended December 31, 2022, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of Elligo Health Research Inc 401K Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of December 31, 2022 and 2021, and for the year ended December 31, 2022, stating that the certified investment information, as described in Note 4 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audits of the Financial Statements section:

- the amounts and disclosures in the financial statements referred to above, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- the information in the financial statements referred to above related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America. Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audits of the Financial Statements section of our report. We are required to be independent of Elligo Health Research Inc 401K Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audits does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about Elligo Health Research Inc 401K Plan's ability to continue as a going concern within one year after the date that the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the plan, and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audits of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audits section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing audits in accordance with generally accepted auditing standards, we:

- Exercise professional judgment and maintain professional skepticism throughout the audits.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.

- Obtain an understanding of internal control relevant to the audits in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of Elligo Health Research Inc 401K Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about Elligo Health Research Inc 401K Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audits, significant audit findings, and certain internal control related matters that we identified during the audits.

Other Matter - Supplemental Schedules Required by ERISA

The supplemental schedules of assets (held at end of year) as of December 31, 2022 and delinquent participant contributions for the year then ended (collectively, "supplemental schedules") are presented for purposes of additional analysis and are not a required part of the financial statements but are supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedules, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with generally accepted auditing standards. For information included in the supplemental schedules that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedules, we evaluated whether the supplemental schedules, other than the information agreed to or derived from the certified investment information, including their form and content, are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- the form and content of the supplemental schedules, other than the information in the supplemental schedules that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedules related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Elligo Health Research Inc 401K Plan
Notes to Financial Statements
December 31, 2022 and 2021

1. DESCRIPTION OF THE PLAN

Elligo Health Research Inc 401K Plan (the "Plan") is a defined contribution plan covering substantially all employees of Elligo Health Research Inc (the "Company" or "Plan Sponsor"). The Plan became effective January 1, 2018 and is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA). All Plan assets are held by the Plan's trustee, Reliance Trust Company ("Trustee"). Complete information regarding the Plan is included in the Plan Agreement. Significant Plan provisions are summarized below.

Plan amendments

Effective March 1, 2022, the Plan's loan provisions were modified to increase the number of loans a participant may have outstanding at a time from one to two.

Effective May 1, 2022, the Plan was amended and restated to comply with legislative and regulatory changes set forth in Internal Revenue Service (IRS) Notice 2017-37. No significant Plan provisions were modified upon this restatement.

Effective July 1, 2022, the Plan was amended and restated to modify the vesting schedule for employer matching and discretionary nonelective contributions to be over a four year graded period.

Eligibility

Employees of the Plan Sponsor are eligible to participate in the Plan upon the attainment of 21 years of age. Entry into the Plan occurs on the first day of the month coinciding with or next following their satisfaction of the eligibility requirements.

Contributions

Eligible participants are allowed to make elective pre-tax or Roth deferrals to the Plan subject to limitation under the Internal Revenue Code (IRC) and Plan provisions. Participants who have attained age 50 are eligible to make catch-up contributions. Participants may also contribute amounts representing rollovers from other qualified retirement plans or individual retirement accounts.

The Plan includes an automatic contribution arrangement provision whereby all newly eligible employees are automatically enrolled in the Plan upon meeting the Plan's eligibility requirements unless they have in effect a salary reduction agreement on the automatic deferral effective date or affirmatively elect not to participate in the Plan. Automatically enrolled participants have their deferral rate set at 6% of annual eligible Plan compensation and their contributions are invested in a designated balanced fund, unless changed by the participant.

1. DESCRIPTION OF THE PLAN (continued)

Contributions (continued)

The Company makes contributions to the Plan of amounts determined and authorized by the Plan and the Company's Board of Directors up to the maximum amounts permitted by the IRC. The Company's matching contributions are based on each participant's contribution, equal to 50% of the first 6% of each participant's contributed compensation. The Company may also make discretionary non-elective contributions. No discretionary contributions were approved or made for 2022.

Participant accounts

Participants direct the investment of their accounts among various investment options offered by the Plan. Participants may change their investment options daily.

Each participant's account is credited with (a) the participant's contributions, (b) an allocation of employer contributions, and (c) an allocation of investment earnings, and is charged with (a) withdrawals, (b) an allocation of investment losses, and (c) certain administrative expenses. Allocations are based on participant earnings or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting

Participants are immediately vested in their contributions, including rollover contributions, plus actual earnings thereon. Vesting in the Plan Sponsor's matching and discretionary nonelective contributions, plus actual earnings thereon, is based on years of credited service, as defined. A participant is 100% vested upon death, disability, or attainment of 65 years of age.

Effective July 1, 2022, Plan Sponsor matching and discretionary nonelective contributions are subject to the following vesting schedule:

<u>Years of Service</u>	<u>Percentage</u>
Less than 1	- %
1	25 %
2	50 %
3	75 %
4	100 %

1. DESCRIPTION OF THE PLAN (continued)

Vesting (continued)

Prior to July 1, 2022, Plan Sponsor matching and discretionary nonelective contributions were subject to the following vesting schedule:

<u>Years of Service</u>	<u>Percentage</u>
Less than 2	- %
2	20 %
3	40 %
4	60 %
5	80 %
6 or more	100 %

Forfeitures

Unvested balances of participants' accounts may be subject to forfeiture upon termination of their employment with the Plan Sponsor. A forfeiture occurs in the Plan year in which the participant either receives a distribution of their vested account or has five consecutive one-year breaks in service, as defined by the Plan. Forfeitures are retained in the Plan and used to reduce future employer contributions or pay Plan expenses. The forfeited unvested account balance totaled approximately \$3,800 and \$95,000 at December 31, 2022 and 2021, respectively. For the year ended December 31, 2022, forfeitures approximating \$213,000 were used to reduce the Plan's 2022 employer contributions.

Notes receivable from participants

Participants may borrow from their accounts a minimum of \$500 and up to a maximum of the lesser of i) \$50,000 reduced by the highest outstanding note receivable balance during the prior twelve month period, or ii) 50% of their vested account balance. Notes receivable from participants are secured by the vested balance in the participant's account and bear interest at the prime rate plus 2%. As amended, participants may have two notes receivable outstanding at a time. Principal and interest are paid ratably through payroll deductions over a period not to exceed five years, unless the note receivable is for the purchase of a participant's primary residence, in which case the repayment period may be extended.

On April 28, 2022, participant loans totaling \$23,338 were transferred into the Plan from another qualified plan.

1. DESCRIPTION OF THE PLAN (continued)

Benefit payments

Upon termination of service due to death, disability, normal retirement on or after attaining age 65, or termination of employment, a participant is entitled to receive an amount equal to the vested interest in his or her account, payable in lump-sum form or installments. In general, if a participant's vested account balance, as defined by the Plan, is greater than \$5,000 and employment is terminated other than due to retirement or death, the account may not be distributed before normal retirement without the participant's consent. Participant account balances that are less than \$5,000, but in excess of \$1,000 (the involuntary cash-out amount) will be paid as a direct rollover to an individual retirement account. However, regardless of participant election as to the payment, the Plan may, upon termination of service of a participant for any reason, pay the benefits owed in a lump sum if the account balance is less than the involuntary cash-out amount. Distributions are subject to the applicable provisions of the Plan agreement.

In-service withdrawals of all or a portion of a participant's vested account balance are permitted to be withdrawn by a participant after reaching age 59 ½. In-service withdrawals of all or a portion of a participant's rollover account balance may be withdrawn at any time.

Withdrawals from the Plan may also be made upon circumstances of financial hardship, in accordance with the provisions specified in the Plan. Hardship withdrawals are strictly regulated by the IRS.

Distributions from the Plan will normally be subject to income taxes, and in certain circumstances may also be subject to IRS penalties, unless the distribution is transferred to another qualified plan or individual retirement account.

SECURE 2.0

An expansion of Setting Every Community Up for Retirement Enhancement Act of 2019 ("SECURE 2.0") was signed into law on December 29, 2022, as part of the Consolidated Appropriations Act of 2023. The effective dates of provisions within SECURE 2.0 vary through 2026. The Plan Sponsor has until the end of the first plan year beginning on or after January 1, 2025 to amend the Plan for the changes related to SECURE 2.0. The Plan has not been formally amended to adopt these provisions as of the date the financial statements were available to be issued

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of accounting

The accompanying financial statements have been prepared using the accrual basis of accounting in accordance with accounting principles generally accepted in the United States of America ("U.S. GAAP").

Notes to Financial Statements
December 31, 2022 and 2021

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (continued)

Use of estimates

The preparation of the financial statements in conformity with U.S. GAAP requires Plan management to make estimates and assumptions that affect the reported amounts of net assets available for benefits and changes therein. Actual results could differ from those estimates.

Risks and uncertainties

The Plan provides for investments in various investment securities, which, in general, are exposed to various risks, such as interest rate, credit, and overall market volatility risks. Due to the level of risk associated with certain investment securities, it is reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participant account balances and the amounts reported in the financial statements and supplemental schedule of assets (held at end of year).

Investment valuation and income recognition

Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Plan's Oversight Committee determines the Plan's valuation policies using information provided by investment advisers and the custodian. See Note 3 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net depreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Management fees and expenses charged to the Plan for investments in mutual fund accounts are deducted from income earned on a daily basis and are not separately reflected. Consequently, management fees and operating expenses are reflected as a reduction of investment return for such investments.

Notes receivable from participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred. For notes receivable that become delinquent, are not cured and result in default, the amount of the unpaid loan principal and interest due to the Plan will be treated as a deemed distribution. Deemed distributions are reported as a taxable distribution and remain part of the participant's account balance until a distributable event occurs.

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (continued)

Contributions and contributions receivable

Contributions from participants and related receivables, are recorded based on the date the contributions are separated from the participants' pay (pay date). The Plan records receivables for participants' contributions based upon the contribution recognized, less amounts received by the Plan as of the last day of the Plan year. Contributions from the Company are recorded in the year earned to coincide with the year in which the Company records the contributions to its general ledger. The Plan records receivables for employer contributions based upon the contributions recognized, less amounts received by the Plan as of the last day of the Plan year. Rollover contributions from participants are recorded based on the date the rollover contributions have been received by the Plan's trustee.

Payment of benefits

Benefits paid to participants are recorded by the Plan when actual payment is made.

Expenses

Certain expenses of maintaining the Plan are paid directly by the Plan Sponsor and are excluded from these financial statements. Fees related to the administration of notes receivable from participants and benefit payment transactions are charged directly to the participant's account and are included in administrative expenses. Investment related expenses are included in net appreciation (depreciation) in fair value of the investment.

Subsequent events

The Plan evaluated events occurring between the end of the most recent fiscal year and through the report date, October 13, 2023, the date the financial statements and supplemental schedules were available to be issued. See Note 9 for subsequent event disclosures.

3. FAIR VALUE MEASUREMENTS

The guidance for fair value measurement establishes the authoritative definition of fair value, sets out a framework for measuring fair value, and outlines the required disclosures regarding fair value measurements. Fair value is the price that would be received to sell an asset or paid to transfer a liability (an exit price) in the principal or most advantageous market for the asset or liability in an orderly transaction between market participants at the measurement date. The Plan uses a three-tier fair value hierarchy based upon observable and unobservable inputs as follows:

- *Level 1* - Quoted prices (unadjusted) in active markets for identical assets or liabilities that the reporting entity has the ability to access at the measurement date.
- *Level 2* - Inputs other than quoted prices included within Level 1 that are observable for the asset or liability, either directly or indirectly.

Elligo Health Research Inc 401K Plan
Notes to Financial Statements
December 31, 2022 and 2021

3. FAIR VALUE MEASUREMENTS (continued)

- *Level 3* - Unobservable inputs developed using the Plan's estimates and assumptions which reflect those that market participants would use.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2022 and 2021.

- *Mutual funds*: Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily net asset value (NAV) and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.
- *Collective investment trust fund (Invesco Stable Asset Fund)*: The Invesco Stable Asset Fund is a collective investment trust fund administered by Invesco. The fund is valued at the NAV of units held by the fund. The NAV, as provided by the Trustee, is used as a practical expedient to estimate fair value. The NAV is based on the fair value of the underlying investments held by the fund less its liabilities. This practical expedient is not used when it is determined to be probable that the fund will sell the investment for an amount different than the reported NAV. Participant transactions (purchases and sales) may occur daily. Were the Plan to initiate a full redemption of the collective trust, the investment adviser reserves the right to temporarily delay withdrawal from the trust in order to ensure that securities liquidations will be carried out in an orderly business manner. The NAV is not a publicly quoted price in an active market.

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

3. FAIR VALUE MEASUREMENTS (continued)

The following table sets forth by level, within the fair value hierarchy, the Plan's investments at fair value as of December 31, 2022:

	<u>Level 1</u>	<u>Level 2</u>	<u>Level 3</u>	<u>Total</u>
Mutual funds	<u>\$ 5,429,040</u>	<u>\$ -</u>	<u>\$ -</u>	\$ 5,429,040

				<u>\$ 5,524,362</u>

4. INFORMATION CERTIFIED BY THE TRUSTEE

The Plan administrator has elected the method of annual reporting compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, Reliance Trust Company, the Trustee of the Plan, has certified that the following is complete and accurate:

- Investments, at fair value, and notes receivable from participants, as shown in the statements of net assets available for benefits at December 31, 2022 and 2021.
- Total investment income (loss) and interest income on notes receivable from participants, as shown in the statement of changes in net assets available for benefits for the year ended December 31, 2022.
- Schedule H, line 4i – schedule of assets (held at end of year) at December 31, 2022.

The Plan Administrator has requested that the Plan's independent auditor perform no audit procedures on the certified information other than to agree the certified information to the related information included in the financial statements and supplemental schedule of assets (held at end of year).

5. PARTY-IN-INTEREST AND RELATED PARTY TRANSACTIONS

ERISA defines parties-in-interest similarly to a related party as defined under U.S. GAAP except that ERISA's definition is broader and includes all entities and individuals that provide services to the Plan; however, these entities may not necessarily be related parties. Plan management did not identify any related parties to the Plan that were not also considered to be parties-in-interest. The Plan did not enter into any material related party transactions during the Plan year related to compensation arrangements, expense allowances, or similar items.

Plan assets include notes receivable from participants, which qualify as party-in-interest transactions under ERISA. Fees incurred by the Plan for investment management services are included in net change in fair value of the investment. The Plan Sponsor pays directly certain other fees related to the Plan's operations.

6. TAX STATUS

The Plan adopted a non-standardized pre-approved profit sharing plan document that received a favorable advisory letter from the IRS on October 6, 2020, which stated that the non-standardized pre-approved profit sharing plan is designed in accordance with the applicable sections of the IRC. The Plan administrator believes that the Plan, as adopted and amended is currently designed and being operated in compliance with the applicable requirements of the IRC. Therefore, no provision for income taxes is included in the Plan's financial statements.

During the year ended December 31, 2022, the Plan administrator determined that certain operational errors existed with respect to the Plan. In 2022, the Plan Sponsor corrected these operational errors in accordance with applicable IRS guidelines in order to maintain the Plan's tax-qualified status.

7. DELINQUENT PARTICIPANT CONTRIBUTIONS

As required by ERISA Section 2510.3-102, the Plan Sponsor is required to segregate employee contributions to the Plan from its general assets as soon as practicable, but in no event more than 15 business days following the end of the month in which amounts are withheld from wages. During 2022 and 2021, the Plan Sponsor failed to remit to the Trustee certain employee contributions totaling \$242,141 and \$108,435, respectively, within the period prescribed by DOL regulations. Delays in remitting these contributions were due to administrative errors. The delayed contributions are considered prohibited, or nonexempt, transactions. In 2022, the Plan administrator has taken corrective action on the 2021 untimely remittances, including payment of lost interest and related taxes and penalties.

8. PLAN TERMINATION

Although it has not expressed any intent to do so, the Plan Sponsor has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of the termination of the Plan, the individual accounts of all members shall become fully vested. After deducting all charges and expenses, the balances of all individual accounts will be adjusted, and the remaining assets distributed.

9. SUBSEQUENT EVENTS

Effective January 1, 2023, the Plan was amended to modify eligible classes of employees allowed to participate in the Plan, as well as the Plan's definition of compensation.

Effective May 1, 2023, the Plan changed trustees and transferred the Plan's investments from Reliance Trust Company to Empower Trust Company, LLC. Coinciding with the change in trustees, the Plan was amended and restated to modify eligible classes of employees allowed to participate in the Plan.
