Independent Auditor's Report

To the Plan Administrator
Sun River Health, Inc. 403(b) Retirement Plan

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the financial statements of Sun River Health, Inc. 403(b) Retirement Plan (the "Plan"), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 ("ERISA"), as permitted by ERISA Section 103(a)(3)(C) ("ERISA Section 103(a)(3)(C)"). The financial statements comprise the statements of net assets available for benefits as of December 31, 2022 and 2021, and the related statement of changes in net assets available for benefits for the year ended December 31, 2022, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the Plan ("investment information") by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA ("qualified institution").

Management has obtained certifications from qualified institutions as of December 31, 2022 and 2021, and for the year ended December 31, 2022, stating that the certified investment information, as described in Note 8 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the *Auditor's Responsibilities for the Audit of the Financial Statements* section:

- The amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- The information in the accompanying financial statements related to assets held by and certified to by qualified institutions agrees to, or is derived from, in all material respects, the information prepared and certified by institutions that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America ("GAAS"). Our responsibilities under those standards are further described in the *Auditor's Responsibilities for the Audit of the Financial Statements* section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year after the date that the financial statements are available to be issued.

Management is also responsible for maintaining a current Plan instrument, including all Plan amendments, administering the Plan, and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the *Scope and Nature of the ERISA Section 103(a)(3)(C) Audit* section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a significant likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audits, significant audit findings, and certain internal control-related matters that we identified during the audits.

Other Matter

Supplemental Schedule Required by ERISA

The supplemental Schedule of Assets (Held at End of Year) (Schedule H, Line 4i) as of December 31, 2022 is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- The form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, is presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- The information in the supplemental schedule related to assets held by and certified to by a qualified institutions agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Notes to Financial Statements December 31, 2022

Note 1 - Description of Plan

The following description of the Sun River Health, Inc. 403(b) Retirement Plan (the "Plan") provides only general information. Participants should refer to the Plan agreement, and any amendments thereto, for a more complete description of the Plan's provisions.

General

The Plan is an Internal Revenue Code (the "IRC") Section 403(b) defined contribution retirement plan covering all eligible employees of Sun River Health, Inc. (the "Company"). The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA"). The Board of Trustees is responsible for oversight of the Plan. The Retirement Plan Committee determines the appropriateness of the Plan's investment offerings, monitors investment performance, and reports to the Company's Board of Trustees.

In 2018, the Brightpoint Health Tax Deferred Annuity Plan (the "Brightpoint Plan") merged into the Plan. Participants from the Brightpoint Plan are now subject to the terms of the Plan. However, the Plan shall recognize certain protected benefits including the Brightpoint Plan participants' years of service for purposes of determining eligibility and vesting under the Plan.

In January 2020, the Plan Document was retroactively amended and restated with an effective date of January 1, 2010 to comply with current regulations. In conjunction with this amendment, the Plan updated its definition of compensation to include all wages without exclusions and to pro-rate compensation used for calculating the employer nonelective contributions based on quarterly entry dates.

Contributions

Each year, participants may make salary deferral contributions to the Plan up to 100% of their pre-tax annual compensation, as defined in the Plan. Eligible participants may begin to make salary deferral contributions to the Plan as soon as administratively feasible following their date of hire. Participants may designate all or a portion of their salary deferral contributions as Roth deferral contributions. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions. The Plan has an automatic enrollment feature, where all newly eligible participants are automatically enrolled in the Plan unless they affirmatively elect not to participate. Automatically enrolled participants have their pre-tax deferral rate set at 2% of eligible compensation and have their contributions invested in a default investment option until changed by the participant. Participants may also contribute amounts representing distributions from other qualified defined benefit or defined contribution plans (rollover). Participants direct the investment of their contributions into various investment options offered by the Plan.

Each year, the Company may, at its discretion, make nonelective contributions to the Plan. Any discretionary nonelective contributions shall be allocated to participants based on a percentage of the participants' eligible compensation. Participants must complete a year of service (with a minimum of 1,000 hours) and be actively employed on the last day of the Plan year to receive an allocation of the Company's discretionary nonelective contributions. For the year ended December 31, 2022, the Company made a discretionary nonelective contribution to the Plan equal to 6.5% of each participant's eligible compensation. Participants also direct the investment of any Company contributions. All contributions are subject to certain IRC limitations.

Sun River Health, Inc. 403(b) Retirement Plan

Notes to Financial Statements December 31, 2022

Participant accounts

Each participant's account is credited with the participant's contributions and an allocation of any Company discretionary nonelective contributions and Plan earnings. Participant accounts are charged with an allocation of administrative expenses that are paid by the Plan. Allocations are based on participant earnings, account balances, or specific participant transactions, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting

Participants are vested immediately in their contributions plus actual earnings thereon. In the event of termination due to death, normal retirement or permanent disability, participants shall become 100% vested in the Company's discretionary nonelective contribution portion of their account. For other participants, vesting in the Company's discretionary nonelective contribution portion of their account is based on credited years of service, as defined by the Plan, according to the following schedule:

<u>Years of service</u>	<u>Vested percentage</u>
Less than 2	0%
2	20%
3	40%
4	80%
5 or more	100%

For former participants of the Brightpoint Plan, vesting in the Company's nondiscretionary nonelective contribution portion of their account is based on credited years of service, as defined by the Brightpoint Plan, according to the following schedule:

For participants hired on or after January 1, 1996:

<u>Years of service</u>	<u>Vested percentage</u>
Less than 2	0%
2	60%
6 or more	100%

For participants hired before January 1, 1996:

<u>Years of service</u>	<u>Vested percentage</u>
Less than 1	0%
1	50%
2 or more	100%

Sun River Health, Inc. 403(b) Retirement Plan

Notes to Financial Statements December 31, 2022

Notes receivable from participants

Participants may borrow from their fund accounts a minimum of \$1,000 up to a maximum equal to the lesser of \$50,000 or 50% of the value of the participants' vested account balance. The loans are secured by the balance in the participant's account. The loans bear interest at the Prime Rate, as defined, plus 1% and are determined at the time the loans are made. Principal and interest are paid ratably through payroll deductions.

Payment of benefits

Upon termination of service, a participant with an account balance of \$1,000 or less will receive a lump-sum distribution. If the participant's account balance is greater than \$1,000, but less than \$5,000, the Plan administrator will roll the amount into an individual retirement account established by the Plan administrator, unless the participant elects to receive a lump-sum distribution. Participants with an account balance greater than \$5,000 may elect to receive a single lump-sum amount, partial payments, installment payments for a specified term equal to the value of the participant's vested interest in his or her account, or defer payment of benefits until a later date.

Withdrawals from a participant's account (excluding the portion attributable to any Company nonelective contributions) may be made in the event of a financial hardship, in accordance with the provisions specified in the Plan. Withdrawals from a participant's rollover account may be made at any time. Additionally, in-service withdrawals are allowed from the vested portion of a participant's account in accordance with the provisions specified in the Plan for participants who have attained age 59½.

Forfeited accounts

Forfeited balances of terminated participants' nonvested accounts may be applied to Plan administrative expenses or used to reduce future employer contributions. Unallocated forfeitures were \$204,916 and \$461,718 at December 31, 2022 and 2021, respectively. During the year ended December 31, 2022, \$242,661 was utilized from forfeited nonvested accounts to reduce the 2022 employer contribution receivable and the related employer contribution.

Note 2 - Summary of accounting policies

Basis of accounting

The financial statements of the Plan are prepared on the accrual basis of accounting.

Use of estimates

The preparation of financial statements in accordance with accounting principles generally accepted in the United States of America ("U.S. GAAP") requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Investment valuation and income recognition

Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Retirement Plan Committee determines the Plan's valuation policies utilizing information provided by the custodians and investment advisers. See Note 3 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net depreciation includes the Plan's gains and losses on investments bought and sold, as well as held during the year.

Sun River Health, Inc. 403(b) Retirement Plan

Notes to Financial Statements December 31, 2022

Notes receivable from participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred. No allowance for credit losses has been recorded as of December 31, 2022 and 2021.

Payment of benefits

Benefits are recorded when paid.

Expenses

Certain expenses of maintaining the Plan are paid by the Plan, unless otherwise paid by the Company. Expenses that are paid by the Company are excluded from these financial statements. Fees related to the administration of notes receivable from participants, distributions, investment management fees, and other participant-initiated transactions are charged directly to the participant's account and are included in administrative expenses. Other indirect investment-related expenses are included in the net depreciation in fair value of investments.

Subsequent events

The Plan has evaluated subsequent events through October 12, 2023, the date the financial statements were available to be issued.

Note 3 - Fair value measurements

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities ("Level 1") and the lowest priority to unobservable inputs ("Level 3"). The three levels of the fair value hierarchy under Financial Accounting Standards Board issued Accounting Standards Codification 820, *Fair Value Measurement*, are described as follows:

Level 1: Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2: Inputs to the valuation methodology include:

- quoted prices for similar assets or liabilities in active markets;
- quoted prices for identical or similar assets or liabilities in inactive markets;
- inputs other than quoted prices that are observable for the asset or liability; and
- inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3: Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

Sun River Health, Inc. 403(b) Retirement Plan

Notes to Financial Statements December 31, 2022

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2022 and 2021.

Mutual funds and money market fund: Valued at the daily closing price as reported by the funds. The mutual funds and the money market fund held by the Plan are open-end funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily net asset value ("NAV") and to transact at that price. The mutual funds and the money market fund held by the Plan are deemed to be actively traded.

Guaranteed investment contracts and guaranteed pooled separate account: The guaranteed investment contracts and guaranteed pooled separate account fair values represent deposits made to contracts, plus earnings at guaranteed interest rates, less withdrawals and fees.

Variable annuity funds: Fair value is measured by the Plan's proportionate interest in the net assets of the portfolio in which the fund is invested. The net assets of the portfolios are in turn valued at NAV of the underlying assets of the portfolio.

Fund of funds: Valued at the last reported NAV of shares held by the Plan at year end.

The following tables set forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2022 and 2021. Classification within the fair value hierarchy table is based on the lowest level of any input that is significant to the fair value measurement.

Investments measured at NAV (a)				<u>517,729</u>
Total assets at fair value				<u>\$ 120,542,142</u>

- (a) In accordance with Subtopic 820-10, certain investments that were measured at NAV per share or its equivalent have not been classified in the fair value hierarchy. The fair value amounts presented in this table are intended to permit reconciliation of the fair value hierarchy to the line items presented in the statements of net assets available for benefits.

Fair value of investments in entities that use NAV

The following tables summarize investments for which fair value is measured using NAV per share practical expedient as of December 31, 2022 and 2021, respectively. There are no participant redemption restrictions for these investments; the redemption notice period is applicable only to the Plan.

December 31, 2022	Fair value	Unfunded commitments	Redemption frequency (if currently eligible)	Redemption notice period
Variable annuity funds (1)	\$ 266,017	N/A	Daily	90 days
Fund of funds (2)	1,017	N/A	Daily	90 days
December 31, 2021	Fair value	Unfunded commitments	Redemption frequency (if currently eligible)	Redemption notice period
Variable annuity funds (1)	\$ 514,546	N/A	Daily	90 days
Fund of funds (2)	3,183	N/A	Daily	90 days

- Variable annuity funds consist of various funds whose investment strategies include outperforming benchmarks through incremental gains across different holdings, investing in funds that are inflation-protected, achieving gain through individual stock selection, and capturing returns through various stock selection models.
- Fund of funds is a portfolio whose shares are sold to affiliated and unaffiliated insurance companies for allocation to certain of their variable separate accounts.

Sun River Health, Inc. 403(b) Retirement Plan

Notes to Financial Statements December 31, 2022

Note 4 - Investment contracts with Transamerica Financial Life Insurance Company, Inc.

The Plan has entered into two investment contracts with Transamerica Financial Life Insurance Company, Inc. ("TFLIC"). TFLIC maintains the contributions in a general account. The accounts are credited with earnings on the underlying investments and charged for participant withdrawals and administrative expenses. The contracts are not considered fully benefit-responsive and are included in the financial statements at fair value. The issuer of these guaranteed investment contracts is contractually obligated to repay the principal and a specified interest rate that is guaranteed to the Plan.

The fair value of the guaranteed investment contracts and the guaranteed pooled separate account at December 31, 2022 and 2021 was as follows:

	2022	2021
Guaranteed investment contracts	\$ 7,414,903	\$ 6,401,471
Guaranteed pooled separate account	3,743	3,664
Total	<u>\$ 7,418,646</u>	<u>\$ 6,405,135</u>

Note 5 - Related party transactions and party-in-interest transactions

Plan investments include shares of mutual funds and a money market fund managed by State Street Bank and Trust Company ("State Street") and guaranteed investment contracts, a pooled separate account, variable annuity funds, and a fund of funds managed by TFLIC. TFLIC and State Street are the custodians as defined by the Plan and, therefore, these transactions qualify as party-in-interest transactions.

TFLIC provides certain administrative services to the Plan pursuant to a Pension Services Agreement between the Company and TFLIC. State Street provides custodial services to the Plan pursuant to a Custodial Agreement between TFLIC and State Street. Direct fees paid to the custodians for certain investment management services are included in the administrative fees which amounted to \$184,200 for the year ended December 31, 2022. Other indirect fees paid to the custodians for investment management services are included in the net depreciation in fair value of investments. The Plan sponsor pays directly any other fees related to the Plan's operations. The Plan allows participants to take loans against their account balances, which are also considered party-in-interest transactions.

Note 6 - Plan termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants would become 100% vested in their employer contributions.

Sun River Health, Inc. 403(b) Retirement Plan

Notes to Financial Statements December 31, 2022

Note 7 - Tax status

The Plan has been designed using a volume submitter 403(b) plan document sponsored by Transamerica Retirement Solutions, LLC ("Transamerica"). Transamerica received an advisory letter dated March 31, 2017 in which the Internal Revenue Service ("IRS") stated that the volume submitter 403(b) plan document, as then designed, satisfies the applicable requirements of the IRC. Although the Plan itself has not received a determination letter from the IRS, the Plan administrator believes that the Plan is designed, and is currently being operated, in compliance with the applicable requirements of the IRC and, therefore, believes that the Plan is qualified and tax-exempt.

U.S. GAAP requires Plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

Note 8 - Certified investments

The Plan administrator has elected the method of compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Investments and notes receivable from participants held at December 31, 2022 and 2021, and investment income (loss) and interest income on notes receivable from participants for the year ended December 31, 2022, that are disclosed in the accompanying financial statements and supplemental schedule were obtained or derived from information supplied to the Plan administrator and certified as complete and accurate by Transamerica Financial Life Insurance Company, Inc. and State Street Bank and Trust Company, the custodians of the Plan.

Note 9 - Risks and uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near-term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.
