INDEPENDENT AUDITOR'S REPORT

**To the Board of Trustees
Vail Mountain School 403(b) DC Plan
Vail, Colorado**

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed an audit of the financial statements of Vail Mountain School 403(b) DC Plan (the "Plan"), an employee benefit plan subject to the *Employee Retirement Income Security Act of 1974* ("ERISA"), as permitted by ERISA Section 103(a)(3)(C) ("ERISA Section 103(a)(3)(C) audit"). The financial statements comprise the statement of net assets available for benefits as of December 31, 2022 and 2021, and the related statement of changes in net assets available for benefits for the years then ended, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audit of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's *Rules and Regulations for Reporting and Disclosure under ERISA*. As permitted by ERISA Section 103(a)(3)(C), our audit need not extend to any statements or information related to assets held for investment of the Plan ("Investment Information") by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's *Rules and Regulations for Reporting and Disclosure under ERISA* ("Qualified Institution").

Management has obtained a certification from a Qualified Institution as of and for the years ended December 31, 2022 and 2021, stating that the certified Investment Information, as described in Note 3 to these financial statements, is complete and accurate.

Disclaimer of Opinion

We do not express an opinion on the accompanying 2022 and 2021 financial statements of the Plan. Because of the significance of the matters described in the *Basis for Disclaimer of Opinion* section of our report, we have not been able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion on the financial statements.

Basis for Disclaimer of Opinion

The Plan has not maintained sufficient accounting records and supporting documents relating to certain annuity contracts and custodial accounts issued to current and former employees prior to January 1, 2009. Accordingly, we were unable to apply auditing procedures sufficient to determine the extent to which the accompanying financial statements may have been affected by these conditions.

Basis for Disclaimer of Opinion (continued)

Further, as described in Note 1 to these financial statements, prior to January 1, 2009, records were maintained at a contract, rather than plan, level; therefore, the Plan Sponsor has not maintained, and the Custodian did not provide sufficient accounting records and supporting documentation relating to certain annuity and custodial accounts issued to current and former employees, and supporting documentation is not adequate to assure the completeness and accuracy of the amounts included in the financial statements and supplemental schedule. Accordingly, we have been unable to apply auditing procedures sufficient to determine the extent to which the financial statements and supplemental schedule have been affected by these conditions.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America ("U.S. GAAP"), and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year after the date that the financial statements are issued.

Management is also responsible for maintaining a current plan instrument, including all Plan amendments, administering the Plan, and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the *Scope and Nature of the ERISA Section 103(a)(3)(C) Audit* section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with auditing standards generally accepted in the United States of America ("U.S. GAAS") will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with U.S. GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.

INDEPENDENT AUDITOR'S REPORT
To the Board of Trustees
Vail Mountain School 403(b) DC Plan

Auditor's Responsibilities for the Audit of the Financial Statements (continued)

- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified Investment Information, except for obtaining and reading the certification, comparing the certified Investment Information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified Investment Information to assess whether they are in accordance with the presentation and disclosure requirements of U.S. GAAP.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with U.S. GAAP.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matters

Supplemental Schedules Required by ERISA

The supplemental schedule on page 15 as of December 31, 2022 is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's *Rules and Regulations for Reporting and Disclosure under ERISA*. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedules, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with US GAAS. For information included in the supplemental schedules that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedules, we evaluated whether the supplemental schedules, other than the information agreed to or derived from the certified investment information, including their form and content, are presented in conformity with *the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA*.

Other Matters (continued)

In our opinion

- The form and content of the supplemental schedules, other than the information in the supplemental schedules that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the *Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA*.
- The information in the supplemental schedules related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).2

December 31, 2022 and 2021**

1. Description of the Plan

The following description of Vail Mountain School 403(b) DC Plan (the “Plan”) is provided for general informational purposes only. Participants should refer to the Plan Document for a more complete description of the Plan’s provisions.

A. General

The Plan is a defined contribution plan under Internal Revenue Code (“IRC”) section 403(b) and is available to qualifying employees of Vail Mountain School (the “School”). The Plan, which was established January 1, 1989, is subject to the provisions of the *Employee Retirement Income Security Act of 1974* (“ERISA”).

Due to the length of time the Plan has been in existence and the lack of plan-level reporting available prior to January 1, 2009, the Plan Administrator is unable to determine if there are any plan assets that have been excluded for certain annuity and custodial accounts issued to current and former employees. As a result, such accounts may have been excluded from Plan assets in the accompanying Statements of Net Assets Available for Plan Benefits and the investment income and distributions related to such accounts may have been excluded from the accompanying Statement of Changes in Net Assets Available for Plan Benefits. The amounts of these excluded annuity and custodial accounts and the related income and distributions are not determinable.

B. Eligibility

School employees are eligible to participate in the Plan provided they are at least 18 years of age and have completed or will complete 1,000 hours of service during the Plan year. Those ineligible for participation in the Plan include non-resident aliens, School employees covered by a collective bargaining agreement, and students.

Employees may enter the Plan on the first day of the month following their date of hire.

C. Contributions

Participant contributions are not allowed in the Plan. A discretionary employer contribution of 3% of compensation for participants with less than 5 years of service and 5% of compensation for participants with more than 5 years of service, as defined in the Plan Document, may be made each year. Effective July 1, 2015, discretionary employer contributions equal to 7% of eligible compensation may be made annually for participants with 10 or more years of service. Participants who have completed or will complete more than 1,000 hours of service during the year are eligible to receive the discretionary employer contribution. Rollover contributions and plan-to-plan transfers into the Plan may also be made if certain criteria are met.

D. Participant Accounts

Each participant’s account is credited with the participant’s transfers in and rollover contributions, discretionary employer contributions, and Plan investment earnings. Participant accounts are charged with an allocation of administrative expenses incurred by the Plan. Allocations are based on participant’s earnings, account balances, or specific participant transactions, as defined by the Plan Document. The benefit to which a participant is entitled is the benefit that can be provided from the participant’s vested account.

(Continued)

1. Description of the Plan (continued)

E. Vesting

Participant accounts are fully vested at all times.

F. Investment Options

Upon enrollment in the Plan, a participant may direct the investment of any employer contributions to be invested in one or more of the funds offered by the Plan.

G. Payment of Benefits

Participants may elect to receive a lump-sum amount equal to the value of their vested interest, annual installments, and partial payments or use their vested individual account balance towards the purchase of an annuity contract as defined in the Plan Document upon retirement, termination, death or disability. A terminated employee is able to receive a lump sum distribution of their balance as of the date of termination or choose to have it be rolled into a qualified Individual Retirement Account. Distributions may be made at the participant's election prior to termination upon attainment of age 59½ or hardship as defined in the Plan Document. The designated beneficiary is entitled to a death benefit distribution equal to the participant's vested account balance.

H. Plan Termination

Although it has not expressed any intent to do so, the School has the right to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA.

I. Tax Status

The Plan has been designed to qualify under section 403(b) of the IRC. The terms of the Plan have been prepared to conform to the sample language provided by the IRC draft listing of Required Modifications issued April 4, 2009. Plan management believes that the Plan is currently designed and being operated in compliance with the applicable requirements of the IRC. The Plan is required to operate in conformity with the IRC to maintain the tax-exempt status for Plan participants under section 403(b).

The Plan Administrator uses a prototype plan document sponsored by TIAA (formerly known as Teachers Insurance Annuity Association – College Retirement Equities Fund or TIAA-CREF). TIAA intends to apply for an opinion letter when the government opens such program.

Accounting principles generally accepted in the United States of America require Plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain tax position that more likely than not would not be sustained upon examination by the Internal Revenue Service. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The Plan Administrator believes it is no longer subject to income tax examinations for years prior to 2019.

2. Summary of Significant Accounting Policies

A. Basis of Accounting

The financial statements of the Plan have been prepared on the accrual basis of accounting which recognizes revenues when earned and expenses when incurred.

Notes to the Financial Statements

(Continued)

2. Summary of Significant Accounting Policies (continued)

B. Estimates

The preparation of financial statements in conformity with generally accepted accounting principles requires management to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results may differ from those estimates.

C. Investment Valuation

The Plan's investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 4 for discussion of fair value measurements.

Contract value is the relevant measurement attribute for that portion of the net assets available for benefits of a defined contribution plan attributable to fully-benefit responsive investment contracts because contract value is the amount participants would receive if they were to initiate permitted transactions under the terms of the Plan. The Plan does not have fully benefit-responsive investment contracts.

Purchases and sales of securities are recorded on a trade-date basis. Dividends are recorded on the ex-dividend date. Interest income is recorded on the accrual basis. Net appreciation (depreciation) includes the Plan's gains and losses on investments bought and sold as well as those held during the year.

D. Allowance for Doubtful Accounts

The Plan uses the allowance method to account for recognizing the potential future uncollectibility of delinquent receivables. No such allowance has been established at December 31, 2022 and 2021 as all receivables were considered collectible.

E. Payment of Benefits

Benefit payments to participants are recorded upon distribution.

F. Administrative Expenses

The Plan's expenses are paid by either the Plan or the School, as provided by the Plan Document. Expenses that are paid directly by the School are excluded from these financial statements. Certain expenses incurred in connection with the general administration of the Plan that are paid by the Plan are recorded as deductions in the accompanying Statement of Changes in Net Assets Available for Benefits. In addition, certain investment-related expenses are included in the net appreciation in fair value of investments presented in the accompanying Statement of Changes in Net Assets Available for Benefits.

G. Subsequent Events

Management has evaluated subsequent events through October 13, 2023; the date these financial statements were available to be issued.

Vail Mountain School 403(b) DC Plan
Notes to the Financial Statements

3. Information Prepared and Certified by the Custodian

The Plan Administrator has elected the method of compliance permitted by Section 2520.103-8 of the United States Department of Labor's *Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974*. Accordingly, as permitted under such election, no independent auditing procedures were performed with respect to the information certified by TIAA, as the Plan's Custodian.

The Custodian has certified its statement of accounts as of December 31, 2022 and 2021 and for the years then ended. The statement of accounts includes beginning and ending balances of investments held and detail of all transactions during the period, including investment earnings, other than the fair value of the guaranteed investment contract. The Custodian has certified the contract value of the guaranteed investment contract.

4. Fair Value Measurements

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3). The three levels of the fair value hierarchy under Topic 820 – *Fair Value Measurement* – of the Accounting Standards Codification (the "ASC"), issued by the Financial Accounting Standards Board ("FASB"), are described as follows:

Level 1 – Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 – Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability;
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 – Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

The following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2022 and 2021.

Mutual funds: Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the U.S. Securities and Exchange Commission. These funds are required to publish their daily net asset value and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

Vail Mountain School 403(b) DC Plan
Notes to the Financial Statements
December 31, 2022 and 2021
(Continued)

4. Fair Value Measurements (continued)

Guaranteed Investment Contracts: The fair value of the guaranteed investment contract is measured using an income approach and discounting the related cash flows based on current yields of similar instruments with comparable durations considering the creditworthiness of the issuer.

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following tables set forth, by level within the fair value hierarchy, the Plan's investments at fair values as of December 31, 2022 and 2021:

	December 31, 2022			
	(Level 1)	(Level 2)	(Level 3)	Totals
Mutual funds	\$ 2,618,570	\$ -	\$ -	\$ 2,618,570
Fixed annuity contracts (Guaranteed investment contracts)	-	-	851,489	851,489

Mutual funds	\$ 3,078,711	\$ -	\$ -	\$ 3,078,711
Fixed annuity contracts (Guaranteed investment contracts)	-	-	815,088	815,088
Total assets in the fair value hierarchy	3,078,711	-	815,088	3,893,799

Total investments at fair value	\$ 3,078,711	\$ -	\$ 815,088	\$ 4,150,576

* In accordance with Subtopic 820-10 of the ASC, certain investments that were measured at net asset value per share (or its equivalent) have not been classified in the fair value hierarchy. The fair value amounts presented in these tables are intended to permit reconciliation of the fair value hierarchy to the line items presented in the Statement of Net Assets Available for Benefits.

Vail Mountain School 403(b) DC Plan
Notes to the Financial Statements

(Continued)

4. Fair Value Measurements (continued)

The table below sets forth a summary of changes in the fair value of the Plan's Level 3 assets for the years ended December 31, 2022 and 2021:

	2022	2021
Balance - Beginning of Year	\$ 815,088	\$ 783,796
Realized gains (losses)	3,121	35,937
Unrealized gains (losses)	22,842	(11,899)
Purchases	33,689	30,101
Sales	(23,251)	(22,847)
Balance - End of Year	<u>\$ 851,489</u>	<u>\$ 815,088</u>

Gains and losses (realized and unrealized) included in changes in net assets for the period are reported in net appreciation (depreciation) in fair value of investments on the Statement of Changes in Net Assets Available for Benefits.

The availability of observable market data is monitored to assess the appropriate classifications of financial instruments with the fair value hierarchy. Changes in economic conditions or model-based valuation techniques may require transfer of financial instruments from one fair value level to another. In such instances, the transfer is reported at the beginning of the reporting period.

Management evaluated the transfers between levels based upon the nature of the financial instruments and size of the transfer relative to the total net assets available for benefits. For the year ended December 31, 2022, there were no significant transfers in or out of levels 1, 2 or 3.

Topic 820 of the ASC requires disclosures of certain attributes of entities that calculate a net asset value per share (or its equivalent) as a practical expedient and do not have a readily determinable fair value. The following table sets forth the disclosure of those attributes at December 31, 2022 and 2021:

December 31, 2022				
	Fair Value	Unfunded Commitments	Redemption Frequency	Redemption Notice
Pooled separate account	\$ 283,550	\$ -	Daily	Daily
December 31, 2021

(Continued)

4. Fair Value Measurements (continued)

The pooled separate account generally invests in real estate properties and real estate-related investments. Accumulation units in the pooled separate account are available for transactions at the closing accumulation unit value on any day the NYSE is open for business. Transfers out of the pooled separate account are limited to one per calendar quarter. Although the underlying assets of the pooled separate account cannot be quickly sold and converted to liquid assets, the TIAA General Account provides the pooled separate account with a liquidity guarantee.

The following table represents the Plan's level 3 financial instruments, the valuation techniques used to measure the fair value of those financial instruments, and the significant unobservable inputs and the ranges of values for those inputs.

2022				
Instrument	Fair Value	Principal Valuation Technique	Significant Unobservable Inputs	Range of Significant Input Values
Fixed annuity contracts	\$ 851,489	Discounted cash flow Theoretical transfer (exit value)	Risk-adjusted discount rate applied	RA: 3.70% - 6.25%
2021				
Instrument	Fair Value	Principal Valuation Technique	Significant Unobservable Inputs	Range of Significant Input Values
Fixed annuity contracts	\$ 815,088	Discounted cash flow Theoretical transfer (exit value)	Risk-adjusted discount rate applied	RA: 3.00% - 3.80%

TIAA Traditional Annuity account balances are reported at fair value, which approximates contract value for non-benefit responsive version of TIAA Traditional Annuity. Contract value is the aggregation of contributions, plus interest, less withdrawals, if any. Crediting rates are a combination of a guaranteed rate and an annually established discretionary rate. Additionally, the discretionary rate applied to contributions received during a reporting period may vary from the discretionary rate applied to account balances at the end of the prior reporting period. Contract value approximates a discounted cash flow value calculated using an appropriate risk – adjusted market discount rate which correlates closely with TIAA Traditional Annuity's historical crediting rates.

(Continued)

5. Contract with Insurance Company

Certain participants have entered into investment contracts with TIAA. As part of the contracts, TIAA maintains a portion of the contributions in a guaranteed account. The account is credited with earnings on the underlying investments and charged for Plan withdrawals and administrative expenses charged by TIAA. The guaranteed account is included in the financial statements at fair value, as the contract is not a fully benefit-responsive contract. TIAA provides a guarantee of principal, a guaranteed minimum rate of interest between 1% and 3%, and the potential for additional interest, if declared by TIAA. Contract values for these investments approximate fair values.

6. Related Party and Party-In-Interest Transactions

Certain Plan investments are shares of registered investment companies managed by TIAA, the Plan's Custodian. As described in Note 2, the Plan paid certain expenses related to Plan operations and investment activity to various service providers. These transactions are exempt party-in-interest transactions under ERISA.

7. Risk and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the Statement of Net Assets Available for Benefits.
