Independent Auditor's Report

To The Administrative Committee and Plan Participants of the
Audio Enhancement 401(k) Plan

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed an audit of the accompanying financial statements of Audio Enhancement 401(k) Plan, an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) [ERISA Section 103(a)(3)(C) audit]. The financial statements comprise the statement of net assets available for benefits as of December 31, 2022, and the related statement of changes in net assets available for benefits for the year then ended, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audit of Audio Enhancement 401(k) Plan's 2022 financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audit need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of December 31, 2022 and 2021 and for the year ended December 31, 2022, stating that the certified investment information, as described in Note 4 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audit and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the 2022 Financial Statements section—

- the amounts and disclosures in the 2022 financial statements referred to above, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

- the information in the 2022 financial statements referred to in the first paragraph of this report related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audit in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the 2022 Financial Statements section of our report. We are required to be independent of Audio Enhancement 401(k) Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about Audio Enhancement 401(k) Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments; administering the plan; and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the 2022 Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the 2022 financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of Audio Enhancement 401(k) Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about Audio Enhancement 401(k) Plan's ability to continue as a going concern for a reasonable period of time.

Our audit did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the 2022 financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Supplementary Schedules Required by ERISA

The supplementary schedules of Schedule H, Line 4a – Schedule of Delinquent Participant Contributions and Schedule H, Line 4i – Schedule of Assets (Held at End of Year) as of December 31, 2022 are presented for purposes of additional analysis and are not a required part of the financial statements but are supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements.

The information included in the supplementary schedules, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplementary schedules that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplementary schedules, we evaluated whether the supplementary schedules, other than the information agreed to or derived from the certified investment information, including their form and content, are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion—

- the form and content of the supplementary schedules, other than the information in the supplementary schedules that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplementary schedules related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Report on Compiled 2021 Financial Statements

Plan management is responsible for the accompanying financial statement of Audio Enhancement 401(k) Plan, which comprises the statement of net assets available for benefits as of December 31, 2021. We have performed a compilation engagement in accordance with Statements on Standards for Accounting and Review Services promulgated by the Accounting and Review Services Committee of the AICPA. We did not audit or review the financial statement nor were we required to perform any procedures to verify the accuracy or completeness of the information provided by plan management. Accordingly, we do not express an opinion, a conclusion, nor provide any form of assurance on the financial statements of Audio Enhancement 401(k) Plan as of and for the year ended December 31, 2021.

Audio Enhancement 401(k) Plan

Notes to Financial Statements

December 31, 2022 (Audited) and 2021 (Compiled)

Note 1 – Plan Description

The following brief description of the Audio Enhancement 401(k) Plan (the Plan), is provided for general information purposes only. Participants should refer to the Plan documents for a more complete description of the Plan's provisions.

General – The Plan is a participant directed defined contribution 401(k) salary reduction and profit-sharing plan covering qualified employees of Audio Enhancement, Inc. (the Company). Employees who have reached age 21 or older and have completed one year and 1,000 hours of service are eligible to participate in the Plan. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA). The Plan was established on January 1, 2009 and amended on January 1, 2022. The Trustee is responsible for oversight of the Plan. The Trustee determines the appropriateness of the Plan's investment offerings and monitors investment performance.

On January 1, 2022, the plan was amended to change the safe harbor match formula. The match was previously being determined on a calendar year basis and changed to being determined each pay period.

Entry Date – Employees may enter the Plan on the first day of the first and seventh month of the plan year coinciding with or next following the date they satisfy the eligibility requirements.

Contributions – Each year, participants may elect to contribute up to the maximum amount of compensation allowed by Code Sections 402(g) and 414(v) not to exceed the limits of Code Sections 401(k), 404, and 415 (for 2022 the limit is \$20,500). This amount is indexed periodically for changes in the cost-of-living index. This limit applies to all employee 401(k) contributions made during a tax year to any 401(k) plans maintained by a present or former employer. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions of up to \$6,500 for 2022. Participants may also contribute amounts representing distributions from other qualified defined benefit or contribution plans. Participants direct the investment of their contributions into various investment options offered by the Plan and may change their investment options at any time. The Plan currently offers a variety of registered investments as investment options for participants. The Company contributes a safe harbor matching contribution of 100% of the amount of the participant's elective deferrals that do not exceed 3% of the participant's compensation, plus 50% of the amount of the participant's elective deferrals that exceed 3% of the participant's compensation but do not exceed 5% of the participant's compensation. The Plan also allows for discretionary employer contributions and discretionary match. Discretionary employer contributions and match are allocated to participants using the grouping method. Participants are eligible for the discretionary employer contributions and match if they have met the initial eligibility requirements (age 21 or older and completed one year of service) and are employed on the last day of the plan year. For the year ended December 31, 2022, the Company chose not to provide any discretionary employer contributions or match. Amounts for the safe harbor match are funded each pay period.

Notes to Financial Statements (Continued)

December 31, 2022 (Audited) and 2021 (Compiled)

Note 1 – Plan Description (Continued)

Participant Accounts – Each participant's account is credited with the participant's contribution and allocations of (a) the Company's contribution and, (b) Plan earnings (losses). Allocations are based on participant earnings, account balances, or specific participant transactions, as defined by the Plan document. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Investment Options – Upon enrollment in the Plan, a participant may direct deferrals and employer contributions in selected investment options. Participants may change their investment options at any time.

Vesting – Participants are immediately vested in their voluntary contributions plus actual earnings thereon. Participants are also immediately vested in the Company's safe harbor matching contributions plus actual earnings thereon. Vesting in the Company's discretionary employer contribution and match portion of their accounts plus actual earnings thereon is based on years of continuous service. A participant is fully vested in the employer contributions after completing six years of credited service (with 20% vesting per year starting after two years).

Forfeited Accounts – If employment terminates prior to a participant account being fully vested, the non-vested portion becomes a forfeiture. Forfeited accounts may be used to offset employer contributions or pay administrative expenses. Forfeited non-vested accounts total \$0 as of December 31, 2022 and 2021. During the plan year ended December 31, 2022, no forfeitures were used.

Payment of Benefits and Withdrawals – On termination of service due to death, disability, retirement, or other reasons, a participant may receive a lump-sum equal to the value of the participant's vested interest in his or her account. The Plan permits hardship withdrawals for participants meeting the specific criteria to be eligible for such a withdrawal. The plan administrator makes determinations related to hardship withdrawals. Partial withdrawals are permitted by the Plan for required minimum distributions under Code Section 401(a)(9). In-service distributions from vested balances may be made to a participant who is age 59 1/2 or older and has not separated from service.

Note 2 – Summary of Significant Accounting Policies

Basis of Accounting – The financial statements of the Plan are prepared using the accrual method of accounting in accordance with accounting principles generally accepted in the United States of America.

Investments held by a defined contribution plan are required to be reported at fair value, except for fully benefit-responsive investment contracts. Contract value is the relevant measure for that portion of the net assets available for benefits of a defined contribution plan attributable to fully benefit-responsive investment contracts because contract value is the amount participants normally would receive if they were to initiate permitted transactions under the terms of the Plan.

Note 2 – Summary of Significant Accounting Policies (Continued)

Use of Estimates – The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires the plan administrator to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results may differ from those estimates.

Investment Valuation and Income Recognition – The Plan's investments are reported at fair value, except for fully benefit-responsive investment contracts, which are reported at contract value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Plan's Trustee determines the Plan's valuation policies utilizing information provided by the investment advisors, custodian, and trust company. See Note 6 for discussion of fair value measurements. Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Realized gains and losses from security transactions are recorded on the average cost method. Dividends are recorded on the ex-dividend date. Net depreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Payment of Benefits – Benefits are recorded when paid.

Administrative Expenses – Certain administrative expenses of maintaining the Plan are paid by the Company and are excluded from these financial statements. Fees related to the administration of benefit payments are charged directly to the participant's account and are included in administrative expenses. Investment related expenses are included in net depreciation of fair value of investments.

Note 3 – Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants will become 100% vested in their employer contributions.

If the Plan terminates, benefits are not insured by the Pension Benefit Guaranty Corporation (PBGC). Under the law, PBGC insurance does not cover the type of plans called defined contribution plans. This Plan is a defined contribution plan and, therefore, is not covered.

Note 4 – Information Prepared and Certified By Custodian

The following information included in the accompanying financial statements and supplementary schedules was obtained from data that has been prepared and was certified as complete and accurate by John Hancock Life Insurance Company (U.S.A.), custodian of plan assets.

	<u>2022</u>	<u>2021</u>
Mutual Funds, at Fair Value	\$ 6,513,799	\$ 7,036,746
Group Annuity Contract, at Contract Value	492,716	409,488
Investment and Interest Income (Loss)		
Net Depreciation in Fair Value of Investments	(1,279,793)	N/A

Note 5 – Tax Status

The Plan uses a Non-Standardized Pre-Approved Profit Sharing Plan sponsored by Huber, Erickson & Bowman, LLC, which received an opinion letter from the Internal Revenue Service (IRS), dated June 30, 2020, stating that the pre-approved document satisfies the applicable sections of the Internal Revenue Code (IRC). The Plan itself has not received a determination letter from the IRS. The plan administrator believes that the Plan is designed and currently being operated in compliance with the applicable requirements of the IRC. Therefore, no provision for income tax has been included in the Plan's financial statements.

The Plan is subject to routine audits by taxing jurisdictions, however, there are currently no audits for any tax periods in progress. Generally, three tax years remain subject to examination by tax jurisdictions.

Note 6 – Fair Value Measurements

The Plan's investments are reported at fair value in the accompanying statements of net assets available for benefits, except for the Group Annuity Contract which is required to be reported at contract value.

FASB Accounting Standards Codification 820, *Fair Value Measurements*, establishes a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. This hierarchy consists of three broad levels: Level 1 inputs consist of unadjusted quoted prices in active markets for identical assets and have the highest priority, and Level 3 inputs have the lowest priority. The Plan uses appropriate valuation techniques based on the available inputs to measure the fair value of its investments. When available, the Plan measures fair value using Level 1 inputs because they generally provide the most reliable evidence of fair value.

The three levels of the fair value hierarchy under FASB ASC 820, *Fair Value Measurements*, are described as follows:

Level 1 – Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Audio Enhancement 401(k) Plan

Notes to Financial Statements (Continued)

December 31, 2022 (Audited) and 2021 (Compiled)

Note 6 – Fair Value Measurements (Continued)

Level 2 – Inputs to the valuation methodology include (a) quoted prices for similar assets or liabilities in active markets; (b) quoted prices for identical or similar assets or liabilities in inactive markets; (c) inputs other than quoted prices that are observable for the asset or liability; (d) inputs that are derived principally from or corroborated by observable market data by correlation or other means. If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 – Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs. The following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2022 and 2021.

Mutual Funds – The fair value of mutual funds is based on the net asset value (NAV) of shares held by the Plan at year-end.

The following table sets forth by level, within the fair value hierarchy, the Plan's assets measured at fair value on a recurring basis as of December 31, 2022 and 2021.

		Fair Value Measurements Using			
	Fair Value	Level 1	Level 2	Level 3	
December 31, 2022					
Mutual Funds	\$ 6,513,799	\$ 6,513,799	\$ -	\$ -	
Total	<u>\$ 6,513,799</u>	<u>\$ 6,513,799</u>	<u>\$ -</u>	<u>\$ -</u>	
December 31, 2021					
Mutual Funds	\$ 7,036,746	\$ 7,036,746	\$ -	\$ -	
Total	<u>\$ 7,036,746</u>	<u>\$ 7,036,746</u>	<u>\$ -</u>	<u>\$ -</u>	

Transfers Between Levels – The availability of observable market data is monitored to assess the appropriate classifications of financial instruments within the fair value hierarchy. Changes in economic conditions or model-based valuation techniques may require transfer of financial instruments from one fair value level to another. In such instances, the transfer is reported at the beginning of the reporting period. Plan management evaluated the transfers between levels based upon the nature of the financial instruments and size of the transfer relative to total net assets available for benefits. For the year ended December 31, 2022, there were no transfers in or out of level 3.

Audio Enhancement 401(k) Plan
Notes to Financial Statements (Continued)
December 31, 2022 (Audited) and 2021 (Compiled)

Note 7 – Group Annuity Contract

The Plan entered into a fully benefit-responsive group annuity contract with Reliance Trust Company. John Hancock Life Insurance Company (U.S.A.) maintains the contributions in an unallocated fund, which is credited with interest at a rate agreed to at the beginning of each Plan quarter, and charged for withdrawals. The crediting interest rate is 2.64% as of December 31, 2022.

Certain events may limit the ability of the Plan to transact at contract value with the issuer. Such events include the following: (1) amendments to the Plan documents (including complete or partial Plan termination or merger with another plan), (2) changes to the Plan's prohibition on competing investment options or deletion of equity wash provisions, (3) bankruptcy of the Company or other Company events (for example, divestitures or spin-offs of a subsidiary) that cause significant withdrawal from the Plan, or (4) the failure of the trust to qualify for exemption from federal income taxes or any required prohibited transaction exemption under ERISA. The plan administrator does not believe that any events that would limit the Plan's ability to transact at fair value with plan participants are probable of occurring.

Note 8 – Exempt Party-in-Interest Transactions

Party-in-interest balances include the Plan's investments with John Hancock Life Insurance Company (U.S.A.), which total \$7,006,515 and \$7,446,234 as of December 31, 2022 and 2021, respectively. These balances and associated earnings are considered exempt party-in-interest transactions.

Fees paid by the Plan to service providers amounted to \$39,442 for the year ended December 31, 2022 and are considered to be exempt party-in-interest transactions.

Note 9 – Nonexempt Party-in-Interest Transactions

During the year ended December 31, 2022, the Company remitted participant contributions of \$89,808 to the custodian of plan assets later than required by Department of Labor (DOL) Regulation 2510.3-102. The delinquent contributions have not been corrected as of December 31, 2022.

Note 10 – Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

Notes to Financial Statements (Continued)
December 31, 2022 (Audited) and 2021 (Compiled)

Note 11 – Subsequent Events

Subsequent events have been evaluated through October 12, 2023, which is the date the financial statements were available to be issued.

The plan was amended on January 1, 2023 in order to change the eligibility requirements and entry date related to employee deferrals. Under the amendment, employees are now eligible to begin deferring to the plan after they reach age 21 and provide 60 days of service. Entry date for employee deferrals is the first of the month following the date eligibility requirements are satisfied.
