Independent Auditor's Report

Plan Administrator and Investment Committee
Of the Center for American Progress Retirement Plan
Washington, DC

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the financial statements of Center for American Progress Retirement Plan (the Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C). The financial statements comprise the statement of net assets available for benefits as of December 31, 2022 and 2021, and the related statement of changes in net assets available for benefits for the year then ended December 31, 2022, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audit of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under ERISA (ERISA Section 103(a)(3)(C) audit). As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency (qualified institution), provided that the investment information is prepared and certified to by the qualified institution in accordance with 29 CFR 2520.103-5 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

Management has obtained a certification from a qualified institution as of December 31, 2022 and 2021, and for the year then ended December 31, 2022, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audit and the procedures performed as described in the *Auditor's Responsibilities for the Audit of the Financial Statements* section of our report

- the amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America (GAAP); and
- the certified investment information in the accompanying financial statements agrees to, or is derived from, in all material respects, the information prepared and certified by a qualified institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with GAAP, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern within one year after the date that the financial statements are issued or available to be issued.

Management is responsible for maintaining a current plan instrument, including all plan amendments. Management is also responsible for administering the Plan and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the *Scope and Nature of the ERISA Section 103(a)(3)(C) Audit* section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of GAAP.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with GAAP.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter – Supplemental Schedule Required by ERISA

The supplemental schedule (Schedule H, Line 4i - Schedule of Assets (Held at End of Year)) as of December 31, 2022, is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the DOL's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to

the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion

- the form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, is presented, in all material respects, in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.
- the certified investment information in the supplemental schedule agrees to, or is derived from, in all material respects, the information prepared and certified by a qualified institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Center for American Progress Retirement Plan

Notes to the Financial Statements

1. Description of the Plan

The following description of the Center for American Progress (CAP) Retirement Plan (the Plan) provides only general information. Plan participants should refer to the Plan document for a complete description of the Plan's provisions. The Board of Directors is responsible for oversight of the Plan.

General

The Plan was adopted on October 1, 2003, as a defined contribution plan, for the purpose of providing retirement benefits to eligible employees of CAP, the Plan Sponsor or Employer. The Plan was amended and restated on October 1, 2016, for compliance with the provisions that the Internal Revenue Service (IRS) has set forth. The plan was later restated on October 27, 2021 to reflect current legal and regulatory changes. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

Trustee and administration of the Plan

The trustee of the Plan is Empower Trust Company, LLC (previously called Great-West Trust Company, LLC). The record keeper of the Plan is Empower Retirement, LLC. The administrator of the Plan is CAP. The trustee holds all assets of the Plan in accordance with the service provider contract with CAP. The 401(k) Investment Committee determines the appropriateness of the Plan's investment offerings and monitors investment performance.

Eligibility

The Plan covers all employees of CAP who have attained 21 years of age and completed three consecutive months of service beginning on the employee's date of hire. Participants can enter the Plan on the first day of the month after becoming eligible.

Vesting

Participants are immediately vested in their voluntary contributions and the Safe Harbor contributions plus actual earnings thereon. Participants are 100% vested in the Employer discretionary profit-sharing contributions after completing two years of service with CAP, and no vesting is granted for participants with completed service at CAP of less than two years.

Contributions

Employees are auto-enrolled into the Plan at 3% of eligible compensation unless elected otherwise. The Plan allows participants to make voluntary salary deferral contributions through payroll deductions to separately invested funds in accordance with Section 401(k) of the Internal Revenue Code (the IRC). Employee contributions are subject to the maximum limit under the IRC. The Plan also allows for rollover contributions from other qualified plans.

The Plan allows participants who are age 50 years or older by the end of the calendar year to make catch-up contributions to the Plan. Catch-up contributions are limited to a certain amount allowed by the IRS each year. Participants may change their salary deferral percentage and investment options at any time.

Center for American Progress Retirement Plan

Notes to the Financial Statements

The Plan provides for a Safe Harbor contribution, which is equal to 3% of the participant's compensation. Any additional Employer contribution is determined by Management. The Plan also provides for a discretionary profit-sharing contribution. This contribution is computed on eligible compensation as follows: 6% for Group 1 (President, Chief Executive Officer, and Counselor); 5% for Group 2 (Executive Vice Presidents, Senior Vice Presidents, Chief Operating Officer, Chief Financial Officer, and Distinguished Senior Fellows); and 2% for Group 3 (all other employees). Participants are eligible date to receive a contribution from the employer upon the completion of three months of service. For those participants who move between contribution groups within the calendar year due to position changes, contributions will be reflected at the new percentage at the beginning of the following year.

Participant Accounts

Each participant's account is credited with the participant's contributions and allocations of employer contributions and earnings (losses) thereon and charged with an allocation of administrative expenses. Allocations are based on participant contributions or account balances, as defined in the plan agreement. The benefits to which participants are entitled is the vested portion of their accounts.

Notes Receivable from Participants

Participants may borrow from their accounts a minimum of \$1,000 up to a maximum of \$50,000 or 50% of their vested account balance, whichever is less. The loans are secured by the balance in the participant's account and bear interest of 1% above the prime rate. The interest rate charged on the loans during 2022 and 2021 ranged from 4.25% to 7.25%. The maximum loan term is dependent on the type of loan, with five years being the maximum term for a general loan and fifteen years for a mortgage loan. For both types of loans, repayments are made through payroll deductions.

Investment Options

Pursuant to the Plan, the selection of investments among those available within the Plan is the sole responsibility of each participant. Subject to the applicable provisions of law, each participant assumes all risks connected with any decrease in the market value of any securities in these funds.

Payment of Benefits

A participant may receive benefits in the form of a partial or lump-sum distribution subject to the terms of the funding vehicles of the Plan. Payment of benefits from the Plan will be allowable:

- Upon severance from employment.
- Upon death.
- Upon incurring a disability.
- Upon attainment of age 59½.
- Upon experiencing financial hardship (subject to the satisfaction of certain conditions).
- Upon eligibility for a qualified reservist distribution.

If a participant has a separate account attributable to rollover contributions, subject to the terms of the funding vehicles, the participant may, at any time, elect to receive a distribution of all or any portion of the amount held in the rollover account.

Center for American Progress Retirement Plan

Notes to the Financial Statements

For termination of service for reasons other than those listed above, a participant whose vested balance is greater than \$5,000 can elect to receive a distribution or retain his or her monies in the Plan. A participant whose vested balance is \$5,000 or less does not have the option to retain his or her funds in the Plan. A participant with a vested account balance less than \$1,000 will receive a lump-sum distribution if another permissible election is not made by the participant.

Hardship Distributions

Hardship distributions are permitted under the plan and are subject to IRS regulations. Distributions will be deemed an immediate and heavy financial need of the participant where such participant lacks other available resources.

Forfeited Accounts

Forfeitures, if any, will be used to pay Plan expense or to reduce any Employer nonelective contribution. As of December 31, 2022 and 2021, forfeitures balances totaled \$39,177 and \$111,981, respectively. During the year ended 2022, the Plan redeemed \$136,500 of forfeited contributions, to reduce Employer contributions.

Administrative Expenses

Administrative fees are paid by the Plan. All other fees, including professional fees, are paid by CAP and excluded from these financial statements. For any plan year, the Employer may pay the expenses of operating and maintaining the Plan. Such payments will be in addition to, and independent of, any contributions to the Plan. The Plan expenses that are not paid by the Employer will be paid directly out of the Plan's assets, except for certain transactional charges, which are paid by the particular participants involved.

2. Summary of Accounting Policies

Basis of Accounting

The financial statements of the Plan are prepared on the accrual basis of accounting in accordance with accounting principles generally accepted in the United States of America (GAAP).

Use of Estimates

The preparation of financial statements in conformity with GAAP requires management to make estimates and assumptions that affect the amounts in the financial statements and the accompanying notes. Actual results could differ from those estimates.

Investment Valuation and Income Recognition

The investments of the Plan are reported at fair value with the exception of fully benefit responsive investment contracts. The fair value of a financial instrument is the amount that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date (the exit price). The Plan's management determines the Plan's valuation policies utilizing information provided by the investment advisor. See Note 4 for a discussion of fair value measurements.

Center for American Progress Retirement Plan

Notes to the Financial Statements

The Plan's fully benefit responsive investment contract (Note 5) is valued at contract value. Contract value equals the accumulated cash contributions, interest credited to the contract, less disbursements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income/loss is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation/depreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Notes Receivable from Participants

Notes receivable from participants are participants' loans measured at the unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred. No allowance for credit losses has been recorded as of December 31, 2022 and 2021. If a participant ceases to make loan repayments and the Plan Administrator deems the participant loan to be in default, the participant loan balance is reduced and a benefit payment is recorded.

Payment of Benefits

Benefits are recorded when they are paid.

New Accounting Pronouncements Not Yet Adopted

In June 2022, the Financial Accounting Standards Board (FASB) issued Accounting Standards Update (ASU) No. 2022-03, *Fair Value Measurement of Equity Securities Subject to Contractual Sale Restrictions*, to clarify that a contractual restriction on the sale of an equity security is not considered part of the unit of account of the equity security and is not considered in measuring the fair value of the equity security in accordance with ASC 820, Fair Value Measurements. ASU No. 2022-03 also adds certain disclosures for equity securities subject to contractual sales restrictions. It is effective and applied prospectively for public business entities for fiscal years beginning after December 15, 2023, and for all other entities is effective and applied prospectively for fiscal years beginning after December 15, 2024. Plan Management is the process of evaluating the impact of this ASU on the Plan's financial statements.

3. Certified Investment Information

Certain information related to investments and notes receivable from participants disclosed in the accompanying financial statements and ERISA-required supplemental schedules, including investments and notes receivable from participants held at December 31, 2022 and 2021, and net depreciation in fair value of investments, interest and dividends, and interest income on notes receivable from participants for the year ended December 31, 2022, was obtained by management and agreed to or derived from information certified as complete and accurate by Empower Trust Company, LLC, a qualified institution.

At the request of the Plan Administrator, the Plan's independent auditors did not perform auditing procedures with respect to this certified investment information, except for comparing such certified investment information to the related investment information in the financial statements, including reading the disclosures related to the investment information to assess whether they are in accordance with the presentation and disclosure requirements of GAAP, and in the ERISA-required

Center for American Progress Retirement Plan

Notes to the Financial Statements

supplemental schedules, including assessing whether the supplemental schedules are in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

4. Fair Value Measurements

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3). The three levels of the fair value hierarchy are described as follows:

Level 1 Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets.
- Quoted prices for identical or similar assets or liabilities in inactive markets.
- Inputs other than quoted prices that are observable for the asset or liability.
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs. There have been no changes in the methodologies used as December 31, 2022 and 2021.

Mutual funds are valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the U.S. Securities and Exchange Commission (SEC). These funds are required to publish their daily net asset value (NAV) and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2022 and 2021:

Assets at Fair Value as of December 31, 2022				
Total	Fair Value Hierarchy Level			
	Level 1	Level 2	Level 3

5. Empower Investment Fixed Account

The Plan entered in a benefit-responsive guaranteed investment contract with Empower Annuity Insurance Company of America (EAICA). EAICA maintains the contributions in a general account. The guaranteed investment contract issuer is contractually obligated to repay the principal and a specified interest rate that is guaranteed to the Plan.

Because the guaranteed investment contract is fully benefit-responsive, contract value is the relevant measurement attribute for that portion of the net assets available for benefits attributable to the guaranteed investment contract. Contract value, as reported to the Plan by EAICA, represents contributions made under the contract, plus earnings, less participant withdrawals and administrative expenses. Participants ordinarily may direct the withdrawal or transfer of all or a portion of their investment at contract value. There are no reserves against contract value for credit risk of the contract issuer or otherwise.

Certain events limit the ability of the Plan to transact at contract value with the issuer. Such events include the following: (1) amendments to the Plan documents (including complete or partial plan termination or merger with another plan), (2) changes to the Plan's prohibition on competing investment options or deletion of equity wash provisions, (3) bankruptcy of the Plan Sponsor or other Plan Sponsor events (for example, divestitures or spin-offs of a subsidiary) that cause a significant withdrawal from the Plan, or (4) the failure of the trust to qualify for exemption from federal income taxes or any required prohibited transaction exemption under ERISA. The Plan Administrator believes that any events that would limit the Plan's ability to transact at contract value with participants are not probable of occurring.

The guaranteed investment contract does not permit the insurance company to terminate the agreement prior to the schedule maturity date.

6. Related Party and Party-In-Interest Transactions

The insurance contract of the Plan is managed by Empower Annuity Insurance Company of America. Global Retirement Partners, LLC and LPL Financial are the Plan's investment advisors until October 2022, when investment advisory was transitioned to USI Advisors, Inc. These transactions qualify as party-in-interest transactions and are exempt from the prohibited transaction rules of ERISA. The Plan also extends loans to participants who are considered parties-in-interest transactions and are exempt from the prohibited transaction rules.

Center for American Progress Retirement Plan

Notes to the Financial Statements

Other transactions that may be considered party-in-interest transactions relate to normal management and administrative services provided by certain employees of the Plan Sponsor, and the Plan Sponsor's payment of the related expenses.

7. Plan Termination

Although it has not expressed any intent to do so, CAP has the right under the Plan to discontinue its contributions at any time and terminate the Plan subject to the provisions of ERISA. However, no such action may deprive any participant or beneficiary under the Plan of any vested benefit. In the event of termination, each participant will become 100% vested in their accounts.

8. Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks, such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the accompanying statements of net assets available for benefits.

9. Income Tax Status

The Plan had previously adopted a volume submitter profit sharing plan, which received an opinion letter dated January 1, 2018 from IRS stating that it is designed in accordance with the applicable sections of the IRC. Effective October 27, 2021, the Plan adopted a new restated non-standardized pre-approved profit-sharing plan from Great-West Trust Company (now known as Empower Trust Company), which received an IRS opinion letter dated June 30, 2020 stating that the non-standardized pre-approved profit sharing plan is qualified and the trust established under the Plan is tax-exempt under the appropriate sections of the IRC. The non-standardized pre-approved profit-sharing plan opinion letter has been relied upon by the Plan. Although the Plan has been amended since receiving the opinion letter, the Plan Administrator believes the Plan is designed and is currently being operated in compliance with the applicable requirements of the IRC and therefore, believe that the Plan is qualified.

U.S. GAAP requires management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position that more-likely-than-not would not be sustained upon examination. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no IRS examinations for any tax periods in progress. Therefore, no provision or liability for income taxes has been included in the financial statements.

10. Subsequent Events

In preparing the financial statements, the Plan has evaluated, for potential recognition or disclosure, events and transactions through October 13, 2023, the date the financial statements were available to be issued. There were no subsequent events that require recognition or disclosure in these financial statements.
