INDEPENDENT AUDITORS' REPORT

To the Plan Administrator of
Gecko Robotics, Inc. 401(k) Plan

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed an audit of the accompanying financial statements of Gecko Robotics, Inc. 401(k) Plan (the "Plan"), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) [ERISA Section 103(a)(3)(C) audit]. The financial statements comprise the statements of net assets available for benefits as of December 31, 2022 and 2021, and the related statement of changes in net assets available for benefits for the year ended December 31, 2022, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audit of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audit need not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency (qualified institution), provided that the statements or information regarding assets so held are prepared and certified to by the qualified institution in accordance with 29 CFR 2520.103-5 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

Management has obtained certifications from a qualified institution as of December 31, 2022 and 2021, and for the year ended December 31, 2022, stating that the certified investment information, as described in Note 2 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audit and on the procedures performed as described in the Auditors' Responsibilities for the Audit of the Financial Statements section:

- the amounts and disclosures in the financial statements referred to above, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America (U.S. GAAP); and
- the information in the financial statements referred to above related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audit in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditors' Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with U.S. GAAP, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments; administering the Plan; and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditors' Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditors' report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audit did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of U.S. GAAP.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with U.S. GAAP.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Supplemental Schedule Required by ERISA

The supplemental schedule of assets held for investment purposes at December 31, 2022 is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the DOL's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying

accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including their form and content, is presented in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- the form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

GECKO ROBOTICS, INC. 401(K) PLAN

NOTES TO FINANCIAL STATEMENTS

1. DESCRIPTION OF THE PLAN AND SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Gecko Robotics, Inc. 401(k) Plan (the "Plan") was established effective January 1, 2019 and most recently restated effective January 1, 2021. The Plan and the related Trust agreement are intended to provide the opportunity for retirement savings for substantially all employees of Gecko Robotics, Inc. (the "Company").

The following description of the Plan provides only general information. Participants should refer to the plan document, which is amended from time to time to reflect changes in laws applicable to employee benefit plans, for a more complete description of the Plan's provisions.

General - The Plan is a defined contribution plan qualified under Section 401(k) of the Internal Revenue Code (IRC) and covers substantially all employees of the Company who have completed three months of service. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

Use of Estimates - The preparation of financial statements in conformity with generally accepted accounting principles in the United States of America (U.S. GAAP) requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities at the dates of the financial statements and changes in assets and liabilities during the reporting period. Actual results could differ from these estimates.

Investment Valuation and Income Recognition - Investments are carried at their fair value. The Plan presents net appreciation or depreciation in the fair value of its investments, which consists of the realized gains or losses and the unrealized appreciation or depreciation on these investments, in the statement of changes in net assets available for benefits. The unrealized appreciation or depreciation of investments is determined by the change in current market value from the beginning of the period to the end of the period (if held for the entire period), or from the date of purchase to the end of the period. Realized gains and losses on securities sold or redeemed are determined, on the basis of specific identification, from the date of purchase to the date of sale. Purchases and sales of securities are recorded on a trade-date basis. Dividends and interest are recorded as earned. Investment management fees are deducted from income earned and are reflected as a component of net appreciation or depreciation in the fair value of investments.

Contributions - Participants may elect to make pre-tax or after-tax (Roth) contributions to the Plan up to 100% of compensation; subject to IRS limitations. Employee rollover contributions represent contributions from other plans and are not subject to the IRC contribution limits.

The Plan provides for an employer matching contribution, which was 100% on the first 3% of compensation deferred for the year ended December 31, 2022.

Employee deferrals and employer matching contributions to the Plan are recorded in the period during which the Company makes payroll deductions from the participant's earnings.

Participant Accounts - Each participant's account is credited with the employee and applicable employer contributions and an allocation of the Plan's earnings. Earnings are allocated based on a participant's account balance as a percentage of the total account balances for the applicable investment option. Participants are not able to borrow from their accounts.

Investment Options - Upon enrollment in the Plan, a participant may direct their contributions, employer contributions, and any related earnings among various investment options, and may change their investment options at any time.

Vesting - Participants are immediately vested in their voluntary contributions plus actual earnings thereon. The employer contributions and earnings thereon vest according to the following schedule:

<u>Years of Service</u>	<u>Vesting Percentage</u>
Less than 1	0%
1 but less than 2	25%
2 but less than 3	50%
3 but less than 4	75%
4 and over	100%

Benefits - On termination of service due to death, disability, retirement, or other reasons and subject to certain restrictions, a participant or designated beneficiary may elect to receive either a lump-sum amount equal to the value of his or her account, a rollover to another qualified plan or individual retirement account, or partial withdrawals, subject to applicable tax withholding requirements. All distributions are subject to the provisions of the Plan.

Forfeitures - Forfeitures represent the portion of non-vested account balances remaining in the Plan for all terminated employees. Forfeiture balances may be utilized to pay administrative expenses or reduce employer contributions and are reflected on the last day of the plan year in which the plan administrator distributes the participant's entire vested interest, as defined in the plan document. As of December 31, 2022 and 2021, the available balance in the forfeitures account was \$75,293 and \$36,546, respectively. During the year ended December 31, 2022, there were forfeitures of \$59,935.

Administrative Expenses - Administrative expenses of the Plan are paid by the Plan or by the Company, as provided by the plan document.

Fair Value Measurements - U.S. GAAP establishes a framework for measuring fair value of financial assets. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1 measurements) and the lowest priority to unobservable inputs (level 3 measurements). The three levels of the fair value hierarchy are described below:

- | | |
|---------|---|
| Level 1 | Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access. |
| Level 2 | Inputs are not quoted prices in active markets but they are observable either directly or indirectly. |
| Level 3 | Inputs to the valuation methodology are unobservable and significant to the fair value measurement. |

The asset's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies at December 31, 2022 and 2021.

- *Mutual Funds*: Valued at the closing price reported on the active market on which the individual funds are traded (Level 1).
- *Fixed Annuity*: Values are reported daily based on the valuation method disclosed in the annuity contract, as calculated by the annuity provider (Level 2).

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the plan administrator believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting dates.

Risks and Uncertainties - The Plan assets are comprised of various investment securities which are exposed to various risks, such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that

changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits.

Subsequent Events - Management has evaluated subsequent events through October 13, 2023, the date which the financial statements were available to be issued.

2. CERTIFIED FINANCIAL INFORMATION

The plan administrator has elected the method of annual reporting compliance permitted by 29 CFR 2520.103-5 of the DOL Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, Empower Trust Company, LLC (Empower), the custodian of the Plan during the year ended December 31, 2022, has certified that the following data included in the accompanying financial statements is complete and accurate:

- Investments, as shown in the statements of net assets available for benefits as of December 31, 2022 and 2021.
- Net investment loss, as shown in the statement of changes in net assets available for benefits for the year ended December 31, 2022.
- The schedule of assets held for investment purposes as of December 31, 2022, as shown on the accompanying schedule.

3. PLAN TERMINATION

Although it has not expressed any intention to do so, the employer has the right to terminate the Plan subject to the provisions of ERISA. In the event of termination, all participants shall become 100% vested in their accounts. The assets of the Plan will be distributed by the custodian in accordance with the trust agreement in a uniform and nondiscriminatory manner.

4. INCOME TAX STATUS

The Plan, which is in the form of a pre-approved volume submitter plan, obtained its latest opinion letter on July 13, 2021 in which the Internal Revenue Service stated that the Plan, as designed, was in compliance with the applicable requirements of the Internal Revenue Code. Therefore, no provision for income taxes has been included in the Plan's financial statements. Management believes there is no liability related to uncertain tax positions at December 31, 2022 or 2021. The Plan is no longer subject to tax examinations for tax years before December 31, 2019.

5. RELATED PARTIES AND PARTIES-IN-INTEREST

Empower served as the custodian of the Plan during the year ended December 31, 2022. The custodian provided access to certain mutual funds and a fixed annuity investment as investment options and, accordingly, is considered to be a party-in-interest.

Neither the Company nor employees involved in the administration of the Plan receive compensation from the Plan.
