Report on the Financial Statements

Opinion

We have audited the accompanying financial statements of Northwest Sheet Metal Workers Supplemental Pension Plan (the Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), which comprise the statements of net assets available for benefits as of December 31, 2022 and 2021, and the related statements of changes in net assets available for benefits for the years then ended, and the related notes to the financial statements.

In our opinion the financial statements referred to above present fairly, in all material respects, the net assets available for benefits of the Plan as of December 31, 2022 and 2021, and the changes in net assets available for benefits for the years then ended, in accordance with accounting principles generally accepted in the United States of America.

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditors' Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Northwest Sheet Metal Workers Supplemental Pension Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Board of Trustees
Northwest Sheet Metal Workers
Supplemental Pension Plan

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Northwest Sheet Metal Workers Supplemental Pension Plan's ability to continue as a going concern for one year after the date that the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the plan, and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditors' Responsibilities for the Audit of the Financial Statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditors' report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Northwest Sheet Metal Workers Supplemental Pension Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Northwest Sheet Metal Workers Supplemental Pension Plan's ability to continue as a going concern for a reasonable period of time.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control related matters that we identified during the audit.

Supplemental Schedules Required by ERISA

Our audits were conducted for the purpose of forming an opinion on the financial statements as a whole. The supplemental schedules of delinquent participant contributions for the year ended December 31, 2022 and of assets (held at end of year) as of December 31, 2022, are presented for purposes of additional analysis and are not a required part of the financial statements but are supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information has been subjected to the auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS.

In forming our opinion on the supplemental schedules, we evaluated whether the supplemental schedules, including their form and content, are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion, the information in the accompanying schedules is fairly stated, in all material respects, in relation to the financial statements as a whole, and the form and content is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

NORTHWEST SHEET METAL WORKERS SUPPLEMENTAL PENSION PLAN
NOTES TO FINANCIAL STATEMENTS
DECEMBER 31, 2022 AND 2021

NOTE 1 DESCRIPTION OF PLAN

Northwest Sheet Metal Workers Supplemental Pension Plan (the Plan) became effective January 1, 1996, as a result of collective bargaining between the participating unions and employers. The following description of the Plan provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution plan covering the eligible employees of participating employers under the collective bargaining agreement. The Plan is subject to the Employee Retirement Income Security Act of 1974 (ERISA), as amended. The Board of Trustees is responsible for the oversight of the Plan and determines the appropriateness of the Plan's investment offerings, monitors investment performance.

Eligibility

The Plan covers eligible employees of employers who have executed collective bargaining agreements with the Union and is eligible to participate in the 401(k) elective deferral account. An employee is eligible to participate in the employer contribution account when the criteria for employer contributions is met as designated by the Trust agreement.

Contributions

The Plan includes a salary deferral arrangement allowed under Section 401(k) of the Internal Revenue Code (IRC). Eligible participants are permitted to elect to have a percentage, limited by Plan provisions, of their compensation contributed as pre-tax 401(k) contributions to the Plan. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions.

Employers pay contributions for hours worked by covered employees.

Participants may also contribute amounts representing distributions from other qualified defined benefit or defined contribution plans (rollover). Participants direct the investment of their contributions into various investment options offered by the Plan. Contributions received by the Plan are invested on behalf of the Plan. Contributions are subject to certain Internal Revenue Service (IRS) limitations.

Participant Accounts

Each participant's account is credited with the participant's contributions, employer contributions, and an allocation of Plan earnings or losses. Participant accounts are charged with an allocation of administrative expenses that are paid by the Plan. Allocations are based on participant earnings or account balances, or participant transactions, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account. Amounts not yet deposited into participant accounts as of December 31, 2022 and 2021 were classified as unallocated net assets available for benefits. These were created by the timing of contributions, certain security transactions, and the payment of certain expenses.

NOTE 1 DESCRIPTION OF PLAN (CONTINUED)

Investment Options

Each participant is entitled to direct his/her account investment in one or more of the investment options designated by the Plan. If a participant does not elect an option, their account will be automatically directed to the Vanguard Wellesley Income Fund.

Vesting

Participants are immediately vested in their contributions plus actual earnings thereon. The employer contribution portion of their accounts, plus actual earnings thereon, is immediately vested.

Notes Receivable from Participants

Participants may borrow from their fund accounts a minimum of \$2,000 up to a maximum equal to the lesser of \$50,000 or 50% of their account balance. The loans are secured by the balance in the participant's account and bear interest at prime rate plus 1%. Participants must be vested and receive spousal consent in order to obtain a loan. Participants cannot have previously defaulted on a loan within three years. Participants may only take out one loan at a time. All loan durations are set at five years. Deferrals of loan payments are allowed for active military service. Additional fees apply for participant loans. Principal and interest is paid ratably through monthly remittances.

Payment of Benefits

Upon termination of service (after 12 months), death, disability, or once he or she attains at least age 55, has reached the fifth anniversary of the year in which he or she commenced participation, a participant may elect to receive the value of the vested interest in his or her account in the form of a lump sum payment, a life annuity, or a joint and survivor annuity. Participants whose account balance is \$5,000 (\$7,000 effective January 1, 2024) or less will receive a mandatory lump sum payment. A participant or beneficiary may elect to have any portion of an eligible rollover distribution paid directly to an eligible retirement plan specified by the distribution in a direct rollover.

NOTE 2 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting

The financial statements of the Plan are prepared under the accrual basis of accounting.

Use of Estimates

The preparation of financial statements in accordance with accounting principles generally accepted in the United States of America requires Plan management to make estimates and assumptions that affect the reported amount of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results could vary from the estimates that were used.

**NORTHWEST SHEET METAL WORKERS SUPPLEMENTAL PENSION PLAN
NOTES TO FINANCIAL STATEMENTS
DECEMBER 31, 2022 AND 2021**

NOTE 2 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

Investment Valuation and Income Recognition

The Plan's investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 3 for discussion of fair value measurements.

Purchase and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation (depreciation) includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred. No allowance for credit losses has been recorded as of December 31, 2022 or 2021.

Payment of Benefits

Benefits are recorded when paid.

Administrative Expenses

All expenses of maintaining the Plan are paid by the Plan.

Reciprocal Contributions

The Plan has entered into various reciprocal agreements with other union pension plans. In accordance with these agreements, the Plan is required to remit funds received, and is entitled to receive funds, from participating employers on behalf of temporary employees to and from the employee's participating local unions.

Subsequent Events

The Plan has evaluated subsequent events through September 14, 2023, the date on which the financial statements were available to be issued.

NOTE 3 FAIR VALUE OF INVESTMENTS

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3). The three levels of the fair value hierarchy under Financial Accounting Standards Board (FASB) Accounting Standards Codification 820 are described as follows:

Level 1 – Inputs to the valuation methodology are unadjusted quoted market prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 – Inputs other than quoted prices included within Level 1 that are observable for the asset or liability, either directly or indirectly, such as:

- quoted prices for similar assets or liabilities in active markets;
- quoted prices for identical or similar assets or liabilities in inactive markets;
- inputs other than quoted prices that are observable for the asset or liability;
- inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 – Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the valuation methodologies used at December 31, 2022 and 2021.

Mutual Funds: Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily net asset value (NAV) and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

NOTES TO FINANCIAL STATEMENTS
DECEMBER 31, 2022 AND 2021

NOTE 3 FAIR VALUE OF INVESTMENTS (CONTINUED)

Common/Collective Trust: Valued at the NAV of units of the bank collective trust. NAV is a readily determinable fair value and is the basis for current transactions. Participant transactions (purchases and sales) may occur daily. If the Plan initiates a full redemption of the collective trust, the issuer reserves the right to temporarily delay withdrawal from the trust in order to ensure that securities liquidations will be carried out in an orderly business manner.

The following tables set forth by level, within the fair value hierarchy, the Plan's investment assets at fair value as of December 31:

2022				
	Level 1	Level 2	Level 3	Total
Mutual Funds	\$ 227,476,345	\$ -	\$ -	\$ 227,476,345
Common/Collective Trust	-	36,478,467	-	36,478,467
Total Investments at Fair Value	<u>\$ 227,476,345</u>	<u>\$ 36,478,467</u>	<u>\$ -</u>	<u>\$ 263,954,812</u>

2021				
	Level 1	Level 2	Level 3	Total
Mutual Funds	\$ 276,480,064	\$ -	\$ -	\$ 276,480,064
Common/Collective Trust	-	32,012,457	-	32,012,457
Total Investments at Fair Value	<u>\$ 276,480,064</u>	<u>\$ 32,012,457</u>	<u>\$ -</u>	<u>\$ 308,492,521</u>

NOTE 4 CONCENTRATION OF RISK

The Plan's assets consist primarily of financial instruments including pooled funds. The financial instruments may subject the Plan to concentrations of risk as, from time to time, cash balances exceed amounts insured by the Federal Deposit Insurance Corporation, market value of securities are dependent on the ability of the issuer to honor its contractual commitments, and the investments are subject to changes in market values.

NOTE 5 RISKS AND UNCERTAINTIES

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of the investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

NORTHWEST SHEET METAL WORKERS SUPPLEMENTAL PENSION PLAN
NOTES TO FINANCIAL STATEMENTS
DECEMBER 31, 2022 AND 2021

NOTE 6 PLAN TERMINATION

In the event of a termination or partial termination of this Plan, the rights of all affected participants to benefits accrued to the date of termination or partial termination, to the extent funded as of such date, shall be 100% vested in their employer contributions.

Upon termination of the Plan, the assets then remaining, after providing for the expenses of the Plan and for the payment of any benefits theretofore approved, shall be distributed among the participants in the manner determined prudent by the trustees and consistent with ERISA.

NOTE 7 TAX STATUS

The IRS has determined and informed the Plan by a letter that the Plan and related trust are designed in accordance with applicable sections of the IRC.

Accounting principles generally accepted in the United States of America require Plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

NOTE 8 PARTY-IN-INTEREST TRANSACTIONS

The Plan pays expenses related to Plan operations and investment activity to various service providers. These transactions are party-in-interest transactions under ERISA.

NOTE 9 LATE PARTICIPANT CONTRIBUTIONS

During 2022 and 2021, certain participating employers were late in remitting participant contributions to the Plan. According to Prohibited Transaction Exemption (PTE) 76-1, the failure of a participating employer to make a contribution to the Plan when the contribution is due nor the failure of the Plan to collect such a delinquent contribution does not constitute a prohibited transaction under Code Section 4975 if the Plan is making a systematic, reasonable, and diligent effort to collect delinquent contributions. The Plan has written procedures for the collection of delinquent contributions and assesses liquidating damages and interest in accordance with PTE 76-1. As such, the late participant contributions are not reported as a prohibited transaction. The total amount of known late participant contributions was \$123,413 and \$233,677 for the years ended December 31, 2022 and 2021, respectively.
