Independent Auditor's Report

To Plan Administrator
Carolina Caring Retirement Plan:

Scope and Nature of the ERISA Section 103(a)(3)(c) Audit

We have performed audits of the financial statements of Carolina Caring Retirement Plan, an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statements of net assets available for benefits as of December 31, 2022 and 2021, and the related statements of changes in net assets available for benefits for the years then ended, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of Carolina Caring Retirement Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of December 31, 2022 and 2021, and for the years then ended, stating that the certified investment information, as described in Note 2 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section-

- the amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- the information in the accompanying financial statements related to assets held by and certified to by The Variable Annuity Life Insurance Life Company and Principal Trust Company, qualified institutions, agrees to or is derived from, in all material respects, the information prepared and certified by institutions that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of Financial Statements section of our report. We are required to be independent of Carolina Caring Retirement Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about Carolina Caring Retirement Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments; administering the plan; and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if, there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of Carolina Caring Retirement Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about Carolina Caring Retirement Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter - Supplemental Schedules Required by ERISA

The supplemental schedule of delinquent participant contributions and schedule of assets (held at end of year), as of December 31, 2022, are presented for purposes of additional analysis and are not a required part of the financial statements but are supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements.

The information included in the supplemental schedules, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedules that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedules, we evaluated whether the supplemental schedules, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion-

- the form and content of the supplemental schedules, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, is presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedule related to assets held by and certified to by The Variable Annuity Life Insurance Life Company and Principal Trust Company, qualified institutions, agrees to or is derived from, in all material respects, the information prepared and certified by institutions that management determined meets the requirements of ERISA Section 103(a)(3)(C).

CAROLINA CARING RETIREMENT PLAN

Notes to Financial Statements

December 31, 2022 and 2021

(1) Plan Description

The following description of Carolina Caring Retirement Plan ("Plan") provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

(a) General

The Plan is a defined contribution plan covering all employees of Carolina Caring Inc. ("Company") who are not considered leased employees of the Company. Eligible employees may begin deferring as of the date of hire. The eligibility requirements for receiving employer contributions are attaining age eighteen and completing one year of service (with 1,000 hours of service). The plan entry dates for employer contributions is the payroll period following the satisfaction of the eligibility requirements. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA). The Plan's Administrative Committee is responsible for the oversight of the Plan and determines the appropriateness of the Plan's investment offerings and monitors investment performance.

(b) Contributions

Each year, participants elect to contribute an amount equal to a dollar amount or percentage of the contributing participant's compensation as defined by the plan and not to exceed the limits imposed by the Internal Revenue Code. The employer's matching contribution is a discretionary percentage as determined by the employer. The Company may also make an additional discretionary contribution each year.

(c) Participant Accounts

Each participant's account is credited with the employee's contribution, the employer's contributions, and Plan earnings. Allocations are based on participant earnings on account balances, as defined by the Plan. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

(d) Vesting

Participants are immediately vested in their contributions and actual earnings thereon. Vesting in the employer contributions and earnings thereon is based on years of service. A participant is 100 percent vested after five years of service. Participants become fully vested under the Plan by attaining early or normal retirement age, permanent disability, death or termination of the Plan.

CAROLINA CARING RETIREMENT PLAN

Notes to Financial Statements, Continued

(1) Plan Description, Continued

(e) Payment of Benefits

Participants may elect to receive all or a portion of their vested account after they have terminated service, attained age 59 1/2, or have sustained an immediate financial hardship as defined by the Plan. Benefits are recorded when paid.

(f) Notes Receivable from Participants

The Plan permits loans to participants. The amount of the loan is limited to the lesser of \$50,000 or the employee's vested account balance. Loans to participants must be repaid over a period of five years or less unless the loan is used to purchase a principal residence, which may be repaid over a reasonable period of time that exceeds five years. The loans are secured by the balance in the participant's account and bear interest at a rate commensurate with local prevailing rates.

(g) Forfeitures

Upon termination of service of a participant, the non-vested portion of the participant's account is used to reduce the employer's contribution and administrative expenses. Non-vested forfeitures used to reduce the employer's contribution and administrative expenses for the years ended December 31, 2022 and 2021, were \$40,752 and \$15,021, respectively. Unused forfeitures as of December 31, 2022 were \$2,590. There were no unused forfeitures as of December 31, 2021.

(h) Administrative Expenses

Administrative expenses associated with the Plan are paid by the Plan and the Company.

(i) Investment Options

Upon enrollment in the Plan, a participant may direct contributions into various investment options, as defined by the Plan. Participants may change their allocation on a daily basis.

(j) Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue their contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of plan termination, participants become 100% vested in their accounts.

(2) Summary of Significant Accounting Policies

(a) Basis of Accounting

The accompanying financial statements have been prepared on the accrual basis of accounting in accordance with accounting principles generally accepted in the United States of America.

(b) Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of the Plan assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from these estimates.

(c) Investment Valuation and Income Recognition

Investments are reported at fair value (except for the fully benefit-responsive investment contracts, which are reported at contract value). Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Plan's investment committee determines the Plan's valuation policies utilizing information provided by the investment advisors, custodians, and insurance companies. See note 3 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation (depreciation) includes the Plan's gains and losses on investments bought and sold as well as held during the year.

(d) Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. If a participant ceases to make loan repayments and the plan administrator deems the participant loan to be in default, the participant loan balance is reduced and a benefit payment is recorded.

(2) Summary of Significant Accounting Policies, Continued

(e) Certified Investments

Certain information related to investments and notes receivable disclosed in the accompanying financial statements and ERISA-required supplemental schedule, including investments and notes receivable from participants held at December 31, 2022 and 2021, and net appreciation (depreciation) in fair value of investments, interest and dividends, and interest income on notes receivable from participants for the years then ended, was obtained by management and agreed to or derived from information supplied to the plan administrator and certified as complete and accurate by The Variable Annuity Life Insurance Life Company (“VALIC”) and Principal Trust Company (“Principal”).

(3) Fair Value Measurements

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1 measurements) and the lowest priority to unobservable inputs (level 3 measurements). The three levels of the fair value hierarchy under FASB ASC 820 are described as follows:

Level 1	Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the plan has the ability to access.
Level 2	Inputs to the valuation methodology include • quoted prices for similar assets or liabilities in active markets; • quoted prices for identical or similar assets or liabilities in inactive markets; • inputs other than quoted prices that are observable for the asset or liability; • inputs that are derived principally from or corroborated by observable market data by correlation or other means. If the asset or liability has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability.
Level 3	Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

CAROLINA CARING RETIREMENT PLAN

Notes to Financial Statements, Continued

(3) Fair Value Measurements, Continued

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2022 and 2021.

Pooled separate accounts: Valued at the net asset value (NAV) of shares held by the Plan at year end.

Mutual funds: Valued at the daily closing prices as reported by the fund. These are open-end mutual funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily net assets (NAV) and to transact at that price. These investments are deemed to be actively traded.

The following table presents the fair value of the investments in this Plan as of December 31, 2022 and 2021.

	2022		
	<u>Level 1</u>	<u>Level 2</u>	<u>Total</u>

CAROLINA CARING RETIREMENT PLAN

Notes to Financial Statements, Continued

(4) Investment Contract with Insurance Company

The Plan entered into in a benefit-responsive investment contract with VALIC and Principal. VALIC and Principal maintain the contributions in fixed accounts. The accounts are credited with earnings on the underlying investments and charged for participant withdrawals and administrative expenses. The fixed account issuer is contractually obligated to repay the principal and a specified interest rate that is guaranteed to the Plan.

As described in Note 2, because the guaranteed investment contract is fully benefit-responsive, contract value is the relevant measurement attribute for that portion of the net assets available for benefits attributable to the guaranteed investment contract. There are no reserves against contract value for credit risk of the contract issuer or otherwise. The contract value of the VALIC investment contract at December 31, 2022 and 2021 was \$41,788 and \$43,299, respectively. The contract value of the Principal investment contract at December 31, 2022 and 2021 was \$728,527 and \$599,111, respectively.

Interest rates are guaranteed by VALIC and Principal to be no less than zero percent, before any deduction for expenses. Contract value, as reported to the Plan by VALIC and Principal, represents contributions made under the contract, plus earnings, less participant withdrawals and administrative expenses. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value.

Certain events limit the ability of the Plan to transact at contract value with the issuer. Such events include the following: (1) amendments to the Plan documents (including complete or partial Plan termination or merger with another plan), (2) changes to Plan's prohibition on competing investment options or deletion of equity wash provisions, (3) bankruptcy of the Plan sponsor or other Plan sponsor events (for example, divestitures or spin-offs of a subsidiary) that cause a significant withdrawal from the Plan, or (4) the failure of the trust to qualify for exemption from federal income taxes or any required prohibited transaction exemption under ERISA. The Plan Administrator believes that any events that would limit the Plan's ability to transact at contract value with participants are probable of not occurring.

(5) Related Party Transactions

At December 31, 2022 and 2021, plan assets included investments in funds managed by VALIC and Principal. VALIC and Principal are the current custodians of the plan and, as such, transactions with the custodians qualify as party-in-interest transactions under ERISA. Personnel and facilities of the Company have been used to perform administrative services for the Plan at no charge to the Plan.

CAROLINA CARING RETIREMENT PLAN

Notes to Financial Statements, Continued

(6) Tax Status

Effective January 1, 2011, the Plan adopted a standardized form of a prototype plan sponsored by Principal Financial Group. The Plan has been designed to qualify under Section 403(b) of the Internal Revenue Code (Code). The terms of the Plan have been prepared to conform with the sample language provided by the Internal Revenue Service (IRS) in Revenue Procedure 2007-71. The Plan administrator intends to apply for a determination letter on the Plan once the IRS opens such a program. The Plan is required to operate in conformity with the Code to maintain its tax exempt status for plan participants under Section 403(b).

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the plan and recognize a tax liability (or asset) if the plan has taken an uncertain position that more likely than not would not be sustained upon examination by the Department of Labor or Internal Revenue Service. The plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

(7) Benefits Payable

Benefit claims are recorded as an expense when they have been approved for payment and paid by the Plan. There were no benefits payable as of December 31, 2022 and 2021.

(8) Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near future and that such changes could materially affect participant account balances and the amounts reported in the statement of net assets available for plan benefits.

(9) Nonexempt Transactions

During the year ended December 31, 2021, the Company failed to remit employee contributions to the Plan within the required time period as stated by the United States Department of Labor (DOL). In addition, the Company failed to remit employee contributions to the Plan within the required time period in 2020, and these late remittances were corrected during 2021. The following table summarizes the late contributions.

<u>Date Participant Contributions were Withheld from Wages</u>	<u>Date Participant Contributions were Remitted to the Plan</u>	<u>Amount</u>
April 10, 2020	September 16, 2021	\$ 2
April 24, 2020	September 16, 2021	187
May 8, 2020	September 16, 2021	6
May 22, 2020	September 16, 2021	6
June 5, 2020	September 16, 2021	6
June 19, 2020	September 16, 2021	6
July 16, 2021	September 27, 2021	5
July 30, 2021	September 27, 2021	8
September 10, 2021	July 1, 2022	175

The Department of Labor considers late deposits to be prohibited transactions. Lost earnings will be remitted to the Plan by the Plan Sponsor in 2023.

(10) Subsequent Events

The Company has evaluated subsequent events through October 12, 2023, the date which the financial statements were available to be issued. There were no significant events identified which require disclosure in the financial statements or footnotes.
