Report of Independent Auditor

To the Plan Administrator
Denyse Signs, Inc. 401(k) Profit Sharing Plan
Douglasville, Georgia

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the accompanying financial statements of DeNyse Signs, Inc. 401(k) Profit Sharing Plan (the "Plan"), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 ("ERISA"), as permitted by ERISA Section 103(a)(3)(C). The financial statements comprise the statements of net assets available for benefits as of December 31, 2022 and 2021, and the related statement of changes in net assets available for benefits for the year ended December 31, 2022, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's ("DOL") Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the Plan ("investment information") by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of DOL's Rules and Regulations for Reporting and Disclosure under ERISA ("qualified institution").

Management has obtained certifications from qualified institutions as of December 31, 2022, and 2021, and for the year ended December 31, 2022, stating the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the *Auditor's Responsibilities for the Audit of the Financial Statements* section:

- The amounts and disclosures in the financial statements referred to above, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- The information in the financial statements referred to above related to assets held by and certified to by qualified institutions agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion on the Financial Statements

We conducted our audits in accordance with auditing standards generally accepted in the United States of America. Our responsibilities under those standards are further described in the *Auditor's Responsibilities for the Audit of the Financial Statements* section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audits. We believe the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current Plan instrument, including all Plan amendments; administering the Plan; and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the *Scope and Nature of the ERISA Section 103(a)(3)(C) Audit* section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and, therefore, is not a guarantee an audit conducted in accordance with generally accepted auditing standards will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with generally accepted auditing standards, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audit did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control related matters that we identified during the audit.

Supplemental Schedule Required by ERISA

The supplemental schedule, Schedule of Assets (Held at End of Year) – Form 5500, Schedule H, Part IV, Line 4i, as of December 31, 2022, is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by DOL's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with generally accepted auditing standards. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- The form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, is presented, in all material respects, in conformity with DOL's Rules and Regulations for Reporting and Disclosure under ERISA.
- The information in the supplemental schedule related to assets held by and certified to by qualified institutions agrees to or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

PROFIT SHARING PLAN
NOTES TO THE FINANCIAL STATEMENTS**

DECEMBER 31, 2022 AND 2021

Note 1—Description of the Plan

The following brief description of the Denyse Signs, Inc. 401(k) Profit Sharing Plan (the “Plan”) is provided for general information purposes only. Participants should refer to the Plan document for a more complete description of the Plan’s provisions.

General – The Plan, established in May 2000, is a defined contribution plan covering substantially all employees of Denyse Signs, Inc. (the “Plan Sponsor”). The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (“ERISA”). The Plan was most recently restated effective January 1, 2020.

Plan Administration – The Plan Sponsor has designated certain employees, who serve without additional compensation, to administer the Plan. The Plan administrator has the overall responsibility and authority as the named fiduciary to manage and control the operations and administration of the Plan and may designate one or more individuals to perform those responsibilities. The Plan’s assets are maintained by Principal Life Insurance Company and Delaware Charter Guarantee & Trust Company d/b/a Principal Trust Company, the “Qualified Institutions,” during the years ended December 31, 2022 and 2021.

Eligibility – Under the Plan, employees are eligible for participation once they have completed 90 days of service and have attained 21 years of age. Employees meeting these criteria are eligible for participation as of the next election date. Election dates are on a quarterly basis of the Plan year coinciding with or the next date following the date in which the Plan’s eligibility requirements are satisfied.

Employee Contributions – For the year ended December 31, 2022, participants may contribute up to \$20,500 of pre-tax annual compensation subject to certain Internal Revenue Code (“IRC”) limitations. Participants may also contribute amounts representing distributions from other qualified plans. Participants direct the investment of their contributions into various investment options offered by the Plan. Participants are automatically enrolled into the Plan once they meet eligibility requirements at a deferral rate of 6%, unless they opt out of participation. The deferral rate will increase 1% each year to a maximum deferral rate of 10%. Additionally, participants ages 50 or older, who are making contributions to the Plan, are allowed to make catch-up contributions as defined in the Plan.

Employer Contributions – The Employer can make a discretionary-matching contribution based on the employee elective contributions and compensation. The Employer elected to make a matching contribution based on 25% of salary deferrals up to 8%. Additional discretionary-matching contributions may be made. For the year ended December 31, 2022, no additional discretionary contributions were made.

Participant Investment Account Options – The Plan currently offers investment options for participants. Each investment option has its own investment strategy, which can be obtained through the prospectus of the respective fund. Participants may change their investment options at their discretion.

Participant Accounts – Each participant’s account is credited and/or reduced with the participant’s elective deferral contributions, any rollover amounts from qualified plans, and distributions as well as allocation of (a) the Company’s contribution, (b) Plan earnings (losses), (c) forfeitures, and (d) administrative expenses. Allocations are based on participant earnings or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant’s vested account.

Forfeited Accounts – Forfeited accounts, if any exist, may be, at the employer’s discretion, applied to the payment of administrative expenses, or used to reduce future employer contributions. During the year ended December 31, 2022, \$7,553 of forfeitures were used to offset Plan Sponsor contributions and \$394 of forfeitures were used to offset Plan administrative expenses. As of December 31, 2022 and 2021, there was no balance in forfeited nonvested accounts.

PROFIT SHARING PLAN
NOTES TO THE FINANCIAL STATEMENTS**

DECEMBER 31, 2022 AND 2021

Note 1—Description of the Plan (continued)

Vesting – Participants are vested immediately in their contributions and actual earnings thereon, as well as any rollover contributions, plus or minus any earnings or losses thereon. Vesting in sponsor matching and discretionary contribution portion of their accounts plus actual earnings thereon is based on the following schedule:

<u>Years of Service</u>	<u>Percentage</u>
Less than 2 years	0%
2 years	20%
3 years	40%
4 years	60%
5 years	80%
6 years	100%

Notes Receivable from Participants – Participants may borrow from their accounts up to a maximum equal to the lesser of \$50,000 or 50% of their vested account balance. Participants are allowed a maximum of five outstanding notes and the minimum amount of any note is \$500. The loans are secured by the balance in the participant's account and bear interest at a rate commensurate with local prevailing rates as determined by the Plan administrator. The interest rates ranged from 4.25% to 6.50% on December 31, 2022. Loans must be fully repaid through payroll deductions within five years unless the loan is used for the purchase of the primary residence which may be repaid within a period of no more than 30 years. Principal and interest is paid ratably through payroll deductions.

Payment of Benefits – Upon termination of service due to death, disability, or retirement, distributions under the Plan are made in lump-sum payments. Withdrawals prior to attaining age 59½ are not permitted, except in the event of total disability, or as a hardship distribution. Upon proof, to the satisfaction of the Plan administrator, of an immediate and heavy financial need, amounts contributed may be withdrawn for a hardship purpose. Certain income tax penalties may apply to withdrawals or distributions prior to age 59½.

Note 2—Summary of significant accounting policies.

Basis of Accounting – The financial statements of the Plan are prepared on the accrual basis of accounting in accordance with accounting principles generally accepted in the United States of America ("U.S. GAAP").

Use of Estimates – The preparation of financial statements in conformity with U.S. GAAP requires the Plan Administrator to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities in the financial statements and accompanying notes. Actual results could differ from those estimates.

Investment Valuation and Income Recognition – Investments are reported at fair value. Fair value is defined as the exchange price that would be received for an asset or paid to transfer a liability (an exit price) in the principal or most advantageous market for the asset or liability in an orderly transaction. A fair value hierarchy exists which requires an entity to maximize the use of observable inputs when measuring fair value.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net depreciation in the fair value of investments includes the Plan's gains and losses on investments bought and sold, as well as held during the year.

PROFIT SHARING PLAN
NOTES TO THE FINANCIAL STATEMENTS

DECEMBER 31, 2022 AND 2021

Note 2—Summary of significant accounting policies (continued)

Fair Value Measurements – U.S. GAAP defines fair value as the exchange price that would be received for an asset or paid to transfer a liability (an exit price) in the principal or most advantageous market for the asset or liability in an orderly transaction value hierarchy which requires an entity to maximize the use of observable inputs when measuring fair value.

Three levels of inputs that may be used to measure fair value:

Level 1 – Inputs to the valuation methodology are quoted prices available in active markets for identical investments as of the reporting date.

Level 2 – Inputs to the valuation methodology are other than quoted prices in active markets, which are either directly or indirectly observable as of the reporting date, and fair value can be determined through the use of models or other valuation methodologies; and

Level 3 – Inputs to the valuation methodology are unobservable inputs in situations where there is little or no market activity for the asset or liability and the reporting entity makes estimates and assumptions related to the pricing of the asset or liability including assumptions regarding risk.

A financial instrument's level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. The following are descriptions of the valuation methodologies used for instruments measured at fair value, including the general classification of such instruments pursuant to the valuation hierarchy. There have been no significant changes in the methodologies used at December 31, 2022 or 2021.

Mutual Funds – Mutual funds are valued at the daily closing price, as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily net asset value ("NAV") and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded and classified within Level 1 of the valuation hierarchy.

Pooled Separate Accounts – These investments are public investment vehicles valued using NAV as a practical expedient to estimate fair value provided by the administrator of the fund. NAV is based on the value of the underlying assets owned by the fund, minus its liabilities, and then divided by the number of shares outstanding. In accordance with Subtopic 820-10, the pooled separate accounts have not been classified under the fair value hierarchy.

Common Collective Investment Trusts – This investment is a public investment vehicle valued using NAV of units of a bank collective trust. NAV, as provided by the trustee, is used as a practical expedient to estimate fair value and is based on the fair value of the underlying investments held by the trust less its liabilities and then divided by the number of shares outstanding. This practical expedient is not used when it is determined to be probable that the fund will sell the investment for an amount different than the reported NAV. Transactions (purchases and sales) may occur daily. These investments measured using NAV practical expedient are exempt from classification under the fair value hierarchy.

Guaranteed Interest Account – This investment is valued at fair value by discounting the related cash flows based on current yield of similar instruments with comparable durations considering the creditworthiness of the issuer. The Contract provides for surrender charges upon early distribution and is, therefore, considered to be non-benefit responsive and classified within Level 3 of the valuation hierarchy.

**DENYSE SIGNS, INC. 401(k)
PROFIT SHARING PLAN
NOTES TO THE FINANCIAL STATEMENTS**

DECEMBER 31, 2022 AND 2021

Note 2—Summary of significant accounting policies (continued)

The methods described above may produce a fair value determination that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

Administrative Expenses – Certain expenses of maintaining the Plan are paid directly by the employer and are excluded from these financial statements. Administrative expenses include professional fees related to the recordkeeping/trustee fees. Fees related to the administration of notes receivable from participants are charged directly to the participant's account and are included in administrative expenses. Investment-related expenses are included in net appreciation of fair value of investments. See Note 5 for further discussion of expenses.

Notes Receivable from Participants – Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Related fees are recorded as administrative expenses and are expensed when they are incurred. No allowance for credit losses has been recorded as of December 31, 2022 or 2021. Delinquent participant notes are reclassified as distributions based upon the terms of the Plan documents.

Benefit Payments – Benefits paid to participants are recorded upon distribution.

Risks and Uncertainties – Investments in general are exposed to various risks such as interest rate, credit, and overall market volatility. Due to the levels of risk associated with certain investment securities, it is at least reasonably possible that changes in risks in the near term could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

Note 3—Information prepared and certified by the qualified institutions (unaudited)

The Plan administrator has elected the method of compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, Principal Life Insurance Company and Delaware Charter Guarantee & Trust Company d/b/a Principal Trust Company ("Qualified Institutions"), has certified to the completeness and accuracy of the following data included in the accompanying financial statements and supplemental schedule as of December 31, 2022 and 2021 and for the year ended December 31, 2022.

- Investments, at fair value, as shown on the statements of net assets available for benefits as of December 31, 2022 and 2021;
- Net depreciation in fair value investments, and interest and dividends, as shown in the statement of changes in net assets available for benefits for the year ended December 31, 2022;
- Schedule of Assets (Held at End of Year) – Form 5500, Schedule H, Part IV, Line 4i as of December 31, 2022

The Plan's independent auditors did not to perform any auditing procedures with respect to the certified information, except for comparing such information with the related information included in the financial statements and supplemental schedule of assets (held at end of year).

Pooled separate accounts *, (a)				1,072,745
Common collective trust *, (a)				2,635,116
Investments at fair value				\$ 5,149,934

* Amounts are unaudited. See Note 3.

- (a) In accordance with Subtopic 820-10, certain investments that are measured at fair value using NAV per share (or its equivalent) as a practical expedient have not been classified in the fair value hierarchy. The fair value amounts presented in this table are intended to permit reconciliation of the fair value hierarchy to the amounts presented in the statements of net assets available for benefits. As of December 31, 2022 and 2021, the pooled separate accounts and common collective investment trust have no unfunded commitment and redemptions are processed daily with a 30-day notice period.

Note 4—Fair value measurements (continued)

The following table sets forth a summary of changes in the fair value of the Plan's Level 3 assets for the year ended December 31, 2022:

	Guaranteed Interest Account
Beginning balance	\$ 325
Interest credited	-
Expense	-
Sales	(325)
Ending balance	<u>\$ -</u>

Gains and losses (realized and unrealized) included in changes in net assets for the period above are reported in net depreciation in fair value of investments in the statement of changes in net assets available for benefits.

The following table represents the Plan's Level 3 financial instruments, the valuation techniques used to measure the fair value of those financial instruments, and the significant unobservable inputs and the ranges of values for those inputs:

December 31, 2021

Type	Fair Value	Valuation Technique	Unobservable Inputs
Guaranteed investment contract: Principal Guaranteed Interest Account 5 Year	\$ 325	Contract value adjusted to reflect current market interest rates	Private market bonds commercial mortgages mortgage-backed securities

Note 5—Party-in-interest transactions

Certain Plan investments are managed by Principal and its affiliates. Principal is the qualified institutions and recordkeeper of the Plan. These transactions qualify as exempt party-in-interest transactions. Notes receivable from participants also qualify as party-in-interest transactions. Fees paid by the Plan to Principal and other service providers for investment management services, as well as distribution fees amount to \$38,298 for the year ended December 31, 2022.

Note 6—Income tax status

The Plan adopted a Prototype Non-Standardized Profit-Sharing Plan with CODA which received a favorable opinion letter from the Internal Revenue Service (“IRS”) on June 30, 2020, which stated the prototype Plan is designed in accordance with applicable sections of the IRC. The Plan has not received a determination letter specific to the Plan itself, and the Plan has been amended since receiving the opinion letter. However, the Plan administrator believes the Plan is designed and is currently being operated in compliance with the applicable requirements of the IRC and has no income subject to business income tax and, therefore, the Plan continues to be tax-exempt.

U.S. GAAP requires Plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. Plan management has analyzed the tax positions taken by the Plan, and has concluded as of December 31, 2022 and 2021, there are no uncertain positions taken or expected to be taken that would require recognition of a tax liability (or asset) or disclosure in the financial statements. The Plan is subject to audit by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

Note 7—Plan termination

Although it has not expressed any intent to do so, the Plan Sponsor has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants will continue to be 100% vested in their account balances.

Note 8—Subsequent events

The Plan has evaluated events and transactions for potential recognition or disclosure through October 11, 2023, the date the financial statements were available to be issued. In March 2023, the Plan was amended to adopt a ROTH deferral option to the Plan.
