INDEPENDENT AUDITOR'S REPORT

To the Trustees and Plan Participants of
Ministry Brands 401(k) Plan:

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed an audit of the financial statements of Ministry Brands 401(k) Plan, an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 ("ERISA"), as permitted by ERISA Section 103(a)(3)(C) ("ERISA Section 103(a)(3)(C) audit"). The financial statements comprise the statement of net assets available for benefits as of December 31, 2022, and the related statement of changes in net assets available for benefits for the year then ended, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audit of Ministry Brand 401(k) Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audit need not extend to any statements or information related to assets held for investment of the Plan ("investment information") by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA ("qualified institution").

Management has obtained a certification from a qualified institution as of December 31, 2022, stating that the certified investment information, as described in Note 4 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audit and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section:

- The amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America;
- The information in the accompanying financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audit in accordance with auditing standards generally accepted in the United States of America ("GAAS"). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of Ministry Brands 401(k) Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about Ministry Brands 401(k) Plan's ability to continue as a going concern within one year after the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the plan, and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if, there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of Ministry Brands 401(k) Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about Ministry Brands 401(k) Plan's ability to continue as a going concern for a reasonable period of time.

Our audit did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter - Supplemental Schedule Required by ERISA

The supplemental schedule, Schedule H, Part IV, Line 4i - Schedule of Assets (Held at End of Year) as of December 31, 2022, is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- The form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA
- The information in the supplemental schedule related to assets held by and certified by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Ministry Brands 401(k) Plan
Notes to Financial Statements
December 31, 2022

1. DESCRIPTION OF PLAN

The following brief description of the Ministry Brands 401(k) Plan (the "Plan") is provided for general information purposes only. Participants should refer to the Plan agreement for more complete information.

General

The Plan is a defined contribution plan qualifying under Section 401(k) of the Internal Revenue Code ("IRC") and subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA"). The Plan was established on January 1, 2022 for the purpose of providing eligible employees of Site Organic LLC, (DBA Ministry Brands), (the "Employer"), and their beneficiaries funds for retirement.

Transfers from Other Plans

On January 1, 2022, the assets of the Community Brands 401(k) Plan were transferred into the Plan. The total amount of \$14,331,031 is reflected as transfer in from another plan on the statement of changes in net assets available for benefits.

Eligibility

All employees are immediately eligible to participate in the Plan. Plan entry date for purposes of all contributions is the first day of the month following the participant's date of hire. The Plan excludes leased employees, nonresident aliens with no U.S. sourced income, interns, and temporary/seasonal employees.

Contributions

Employee

Each year, participants may elect to contribute up to 100% of their annual eligible compensation, as defined in the Plan document, not to exceed amounts prescribed by the Internal Revenue Service ("IRS"). Participants who are eligible to make elective deferrals under the Plan and who have attained age 50 before the close of the Plan year are eligible to make catch-up contributions not to exceed amounts prescribed by the IRS. Participants may elect to input all or a portion of these deferral contributions as Roth contributions not to exceed amounts prescribed by the IRS. The Plan provides for automatic enrollment whereby all newly eligible employees are automatically enrolled in the Plan at the default deferral rate set at 3% of eligible compensation, unless they elect otherwise. The Plan also provides for automatic escalation whereby all participants will have their deferral rate increase 1% on the anniversary of their employment commencement date, up to a maximum of 10%. Participants may also contribute eligible amounts representing distributions from other qualified defined contribution plans and defined benefit plans. Participants direct the investment of their contributions into various investment options offered by the Plan.

Employer

Each year, the Employer makes non-safe harbor matching contributions of up to 100% of the first 1.5% of the eligible participant's eligible compensation.

In addition, the Employer may make a non-safe harbor nonelective Employer contribution to eligible participants of the Plan. Eligible participants must be employed by the Employer on the last day of the Plan year in order to receive the discretionary nonelective contribution, except upon death, disability, or retirement, as defined by the Plan. For the year ended December 31, 2022, the Employer did not make this contribution. All contributions are subject to certain statutory limitations.

Participant Accounts

Each participant's account is credited with the participant's contribution and Employer-matching contributions and allocations of (a) the Employer's non-elective contribution(s) and (b) Plan earnings (losses) and charged with an allocation of any administrative expenses paid by the Plan. Allocations are based on participant earnings or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting

Participants are not vested in the Plan immediately but reach 100% vesting at two or more years of service.

Notes Receivable from Participants

Participants may borrow from their fund accounts a minimum of \$1,000 for up to a maximum equal to the lesser of \$50,000 or 50% of their account balance. Only one note can be outstanding at any time. The notes are secured by the balance in the participant's account and bear interest at rates ranging from 4.25% to 8.5%. The interest rate is based on fixed interest rates currently being charged by commercial lenders for loans of comparable risk on similar terms and for similar durations. Principal and interest are paid ratably through payroll deductions with a maximum term of five years. If the note is used to purchase a primary residence, then a longer repayment term is permitted, up to 15 years.

Payment of Benefits

On termination of service, a participants will receive an amount equal to the value of the participant's vested interest in his or her account. Participants become 100% vested upon death, disability, and retirement in accordance with provisions in the Plan document. The Plan includes a cash-out provision, in which a terminated participant's account balance will be fully distributed if the vested account balance is less than certain dollar amounts. Participants should refer to the Plan document for information on cash-outs. Hardship withdrawals are permitted as described in the Plan document.

2. SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting

The financial statements of the Plan are prepared on the accrual basis of accounting.

Estimates

The preparation of financial statements in accordance with accounting principles generally accepted in the United States of America requires the Plan administrator to make estimates and assumptions that affect certain reported amounts of assets and liabilities and changes therein and disclosures of contingent assets and liabilities. Accordingly, actual results may differ from those estimates.

Valuation of Investments

Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 3 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded when received rather than on an ex-dividend basis, and the effect is not material to a fair presentation. Net depreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Ministry Brands 401(k) Plan
Notes to Financial Statements

Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks, such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits.

Administrative Expenses

The expenses necessary to administer the Plan are either paid by the Employer or allocated to each participant at the Employer's option. They include, but are not limited to, retaining necessary professional assistance from an attorney, an accountant, an actuary, or an investment advisor. All direct expenses except for account maintenance fees, transaction fees, and investment fund management fees have been paid by the Employer. Certain investment-related expenses have been reflected as an offset of net investment income (loss).

Payment of Benefits

Benefits are recorded when paid.

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are charged directly to the borrowing participant's account and are included in administrative expenses when incurred. As of December 31, 2022, no allowance for credit losses has been recorded. If a participant does not make loan repayments and the Plan administrator considers the participant loan to be in default, the loan balance is reduced, and the delinquent participant note receivable is recorded as a benefit payment based on the terms of the Plan document.

Forfeited Accounts

At December 31, 2022, forfeited nonvested accounts totaled \$12,874. These accounts can be used to reduce future employer contributions, pay administrative expenses, or be reallocated to participants' accounts in accordance with the Plan document. During the year ended December 31, 2022, \$17,759 of forfeited nonvested accounts was used to reduce Employer-matching contributions.

3. FAIR VALUE MEASUREMENTS

The accounting pronouncement on fair value measurements establishes a framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy are described as follows:

Level 1 - Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access. Such inputs include quoted prices in active markets for identical assets or liabilities.

Level 2 - Observable inputs other than Level 1 prices, such as quoted prices for similar assets or liabilities, or other inputs that are observable or can be corroborated by observable market data for substantially the full term of the assets or liabilities.

Level 3 - Unobservable inputs that are supported by little or no market activity and that are financial instruments whose values are determined using pricing models, discounted cash flow methodologies, or similar techniques, as well as instruments for which the determination of fair value requires significant judgment or estimation.

Ministry Brands 401(k) Plan
Notes to Financial Statements
December 31, 2022

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

The following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used as of December 31, 2022.

Mutual Funds: Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily net asset value ("NAV") and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

Common/Collective Trusts: Valued at NAV as determined by the issuer of the fund based on the fair value of the underlying investments. NAV is used as a practical expedient to estimate fair value.

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2022:

	2022			
	Total	Level 1	Level 2	Level 3
Mutual funds	\$ 2,856,232	\$ 2,856,232	\$ -	\$ -
Common/collective trusts, at NAV*	11,305,633			
	<u>\$ 14,161,865</u>			

* In accordance with Subtopic 820-10, certain investments that are measured at NAV per share (or its equivalent) have not been classified in the fair value hierarchy. The fair value amounts presented in this table are intended to permit reconciliation of the fair value hierarchy to the line items presented in the statement of net assets available for benefits.

The following is a summary of the Plan's investments for which fair value is estimated using NAV per share as of December 31, 2022:

	Fair Value at December 31, 2022	Unfunded Commitment	Redemption Frequency	Redemption Notice Period
Common/collective trusts	<u>\$ 11,305,633</u>	<u>\$ -</u>	Daily	None

4. INFORMATION CERTIFIED BY TRUSTEE (UNAUDITED)

No auditing procedures were performed by the independent public accountants as permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA with respect to information certified as complete and accurate by the trustee, Charles Schwab Trust Company, except for comparing such information with the related information included in the financial statements.

Based on information provided and certified by the trustee, there are no fixed income obligations, leases, or debt instruments in default or deemed uncollectible, as defined by ERISA, as of December 31, 2022.

Ministry Brands 401(k) Plan
Notes to Financial Statements
December 31, 2022

The following information as of December 31, 2022 and for the year then ended was prepared from reports certified by the trustee as complete and accurate:

Investments, at fair value	\$ 14,161,865
Cash	725
Notes receivable from participants	<u>222,743</u>
	<u>\$ 14,385,333</u>
Investment income	
Net depreciation in fair value of investments	\$ (1,721,353)
Interest and dividends	\$ 101,420
Interest from notes receivable from participants	\$ 7,078

5. TAX STATUS

The Employer adopted a Non-Standardized Pre-Approved Profit-Sharing Plan with Cash or Deferred Arrangement. The IRS stated in an advisory letter dated September 21, 2020, the profit-sharing plan adopted by the Plan, as then designed, was in compliance with applicable requirements of the IRC. Although the Plan has been amended since receiving the opinion letter, the Plan administrator believes that the Plan is designed and is currently being operated in compliance with the applicable requirements of the IRC. Therefore, no provision for income taxes has been included in the Plan's financial statements.

Accounting principles generally accepted in the United States of America require Plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2022, there were no uncertain positions taken or expected to be taken that would require recognition of a liability or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. In addition, there is no tax-related interest or penalties for the periods presented in these financial statements.

6. PARTY-IN-INTEREST TRANSACTIONS

Certain Plan investments are managed by the trustee, and therefore, these transactions qualify as party-in-interest transactions. Fees paid by the Plan to Schwab Retirement Plan Services Inc. amounted to \$55,642 for the year ended December 31, 2022.

7. PLAN TERMINATION

Although it has not expressed an intent to do so, the Employer has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants would become 100% vested in their Employer contributions.

8. SUBSEQUENT EVENTS

The Plan has evaluated subsequent events occurring after the statement of net assets available for benefits date through the date of October 12, 2023, the date for which the financial statements were available to be issued. Based upon this evaluation, the Plan has determined that no subsequent event has occurred, which requires disclosure in the financial statements.
