Independent Auditor's Report

To the Retirement Committee and Participants
Standard Process Inc. 401(k) and Profit Sharing Plan
Palmyra, Wisconsin

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the financial statements of Standard Process Inc. 401(k) and Profit Sharing Plan (the Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C). The financial statements comprise the statement of net assets available for benefits as of December 31, 2022 and 2021, and the related statement of changes in net assets available for benefits for the year ended December 31, 2022, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under ERISA (ERISA Section 103(a)(3)(C) audit). As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency (qualified institution), provided that the investment information is prepared and certified to by the qualified institution in accordance with 29 CFR 2520.103-5 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

Management has obtained a certification from a qualified institution as of December 31, 2022 and 2021, and for the year ended December 31, 2022, stating that the certified investment information, as described in Note 8 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and the procedures performed as described in the *Auditor's Responsibilities for the Audit of the Financial Statements* section of our report:

- The amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America (GAAP); and
- The certified investment information in the accompanying financial statements agrees to, or is derived from, in all material respects, the information prepared and certified by a qualified institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

BDO USA, P.C., a Virginia professional service corporation, is the U.S. member of BDO International Limited, a UK company limited by guarantee, and forms part of the international BDO network of independent member firms.

BDO is the brand name for the BDO network for each of the BDO Member Firms.

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the *Auditor's Responsibilities for the Audit of the Financial Statements* section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with GAAP, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern within one year after the date that the financial statements are issued or available to be issued.

Management is responsible for maintaining a current plan instrument, including all plan amendments. Management is also responsible for administering the Plan and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the *Scope and Nature of the ERISA Section 103(a)(3)(C) Audit* section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if, there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of GAAP.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with GAAP.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter - Supplemental Schedules Required by ERISA

The supplemental schedules of Schedule H, Line 4(a) - Schedule of Delinquent Participant Contributions and Schedule H, Line 4(i) - Schedule of Assets (Held at End of the Year) as of December 31, 2022, are presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the DOL's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedules, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audits of the financial statements and

certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedules that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedules, we evaluated whether the supplemental schedules, other than the information agreed to or derived from the certified investment information, including their form and content, is presented in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- The form and content of the supplemental schedules, other than the information in the supplemental schedules that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.
- The certified investment information in the supplemental schedules agrees to, or are derived from, in all material respects, the information prepared and certified by a qualified institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Notes to Financial Statements

1. Description of the Plan

The following description of the Standard Process Inc. 401(k) and Profit Sharing Plan (the Plan) provides only general information. Participants should refer to the Plan document for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution plan under Section 401(k) of the Internal Revenue Code (IRC), sponsored by Standard Process Inc. (the Employer or Company).

The assets of the Plan are held for the exclusive benefit of the eligible employees and their beneficiaries. An eligible employee is defined as any employee who is not a union, leased, reclassified, commission based, or temporary employee, who is not a student, and is not an intern. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974, as amended (ERISA). Employees are eligible and enrolled in the Plan commensurate with their date of hire.

The Plan's Retirement Committee is responsible for oversight of the Plan, determines the appropriateness of the Plan's investment offerings, and monitors investment performance. Upon enrollment, a participant may direct employer and employee contributions to any combination of available investment options.

Contributions

Each year, participants may contribute up to 100% of pretax annual compensation, as defined in the plan document, up to the maximum limits of the IRC. Participants may designate all or a portion of their deferral contributions as after-tax contributions into a Roth account. Participants can also contribute amounts representing distributions from other qualified plans (rollover contributions).

Employees are eligible to make contributions following their hire date and are automatically enrolled in the Plan if an elective contribution agreement is not executed. Employee elective contributions are initially established at a pre-tax rate of 5% of eligible compensation, with annual 1% increases up to a maximum deferral rate of 15%, unless the person elects to opt out of the automatic increase. Participants who opt out of the automatic increase are not subject to automatic increases in subsequent years. Participants may subsequently change their deferral and investment elections at any time.

The Company makes a safe harbor matching contribution equal to 100% of employee contributions on the first 5% of each participant's eligible compensation. The Company made safe harbor matching contributions in the amount of \$1,889,830 in 2022. The Company may make nonelective profit sharing contributions at its discretion. The amount is determined annually by the Company's Board of Directors and is allocated to all employees eligible to participate in the Plan. The Company recorded profit sharing contributions in the amount of \$4,418,347 to the Plan in 2022 which was remitted to the Plan in 2023. The Plan remitted \$4,154,740 to the Plan in 2022 which had been recorded as contributions in 2021.

Contributions from employees and safe harbor contributions are recorded in the period the Company makes payroll deductions from the Plan participants. The Company discretionary nonelective profit sharing contributions are recorded in the period in which the employees earn the underlying eligible

Standard Process Inc. 401(k) and Profit Sharing Plan

Notes to Financial Statements

compensation upon which the contribution amount is calculated. Contributions are subject to certain dollar limitations provided by the Internal Revenue Service (IRS).

Participant Accounts

Each participant's account is credited with the participant's contribution, rollover contributions, the Company's safe harbor matching contribution, and allocations of profit-sharing contributions, nonelective contributions, and plan earnings or losses. Participant accounts are charged with an allocation of administrative expenses that are paid by the plan. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting

Participants are immediately vested in their contributions, safe harbor matching contributions, and earnings thereon. Participants who leave the Plan because of death, normal retirement (age 65), or disability retirement, as defined in the Plan document, are considered 100% vested. All Company discretionary nonelective profit sharing contributions, and earnings thereon vest in accordance with provisions of the Plan as follows:

<i>Vesting Years of Service</i>	<i>Percentage Vested</i>
Less than 2 years	0%
2 years or more	20%
3 years or more	40%
4 years or more	60%
5 years or more	100%

Payment of Benefits

Benefits may be paid to the participant or beneficiary upon death, disability, retirement, or termination of employment, as defined in the plan document. The Plan allows for benefits to be paid to active participants who have attained age 59½. The total vested portion of a participant's account balance is distributed in the form of a lump-sum payment or installments. Participants experiencing financial hardship may withdraw a portion of this account balance, as defined in the plan document.

Notes Receivable from Participants

The Plan does not allow notes receivable from participants.

Forfeited Accounts

Forfeitures arise as a result of participants who separate from the employer before becoming 100% vested in the employer's contributions and earnings thereon. At December 31, 2022 and 2021, forfeited non-vested accounts totaled \$150 and \$139,078, respectively. Forfeited nonvested accounts are reallocated to participants and used to reduce the amount of the required Company contributions for the Plan year. During 2022, forfeitures reduced Company contributions by \$293,969.

Standard Process Inc. 401(k) and Profit Sharing Plan

Notes to Financial Statements

Administrative Expenses

Certain expenses of maintaining the Plan are paid by the Plan, unless otherwise paid by the Company. Expenses that are paid by the Company are excluded from these financial statements. Transaction-based administrative expenses recorded in the Plan primarily pertain to distribution fees, which are charged directly to those participants taking distributions. Administrative expenses and investment advisory fees paid by the Plan for 2022 were \$171,264.

Investment-related expenses are included in net depreciation of fair value of investments on the Statement of Changes in Net Assets Available for Benefits.

2. Summary of Significant Accounting Policies

Basis of Accounting

The accompanying financial statements have been prepared on the accrual basis of accounting in accordance with accounting principles generally accepted in the United States of America (U.S. GAAP), except for benefit payments, which are recorded when paid.

Use of Estimates

The preparation of the financial statements in conformity with U.S. GAAP requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosures of contingent assets and liabilities. Actual results could differ from those estimates.

Investment Valuation and Income Recognition

Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Plan's Retirement Committee determines the Plan's valuation policies utilizing information provided by the investment advisors and trustee. See Note 3 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis and dividends are recorded on the ex-dividend date. Net appreciation (depreciation) is recorded on the accrual basis. Net appreciation (depreciation) includes the gains and losses on investments bought and sold as well as held during the year.

Payment of Benefits

Benefits are recorded when paid.

3. Fair Value of Financial Instruments

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3). The three levels of the fair value hierarchy under the authoritative guidance are described as follows:

Standard Process Inc. 401(k) and Profit Sharing Plan

Notes to Financial Statements

Level 1 - Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 - Inputs to the valuation methodology are inputs other than quoted prices included in Level 1 that are observable for the asset or liability, either directly or indirectly, such as:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability; and
- Inputs that are derived from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 - Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of relevant observables and minimize the use of unobservable inputs.

The following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2022 and 2021.

Mutual Funds - are valued at daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the U.S. Securities and Exchange Commission. These funds are required to publish their daily NAV and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

Stable Value Fund - is valued at net asset value (NAV) as a practical expedient and invests in guaranteed investment contracts and similar contracts issued by insurance companies, banks, and other financial institutions. The fund also invests up to 75% of its assets in security-backed investment contracts, including separate account products of insurance companies, the objective of which is to deliver intermediate and like returns while seeking to maintain a stable net asset value.

Collective Trust Funds - are valued at the NAV of units of a bank collective trust. The NAV, as provided by the trustee, is used as a practical expedient to estimate fair value. The NAV is based on the fair value of the underlying investments held by the fund less its liabilities. This practical expedient is not used when it is determined to be probable that the fund will sell the investment for an amount different than the reported NAV. Participant transactions (purchases and sales) may occur daily. Were the Plan to initiate a full redemption of the collective trust, the investment adviser reserves the right to temporarily delay withdrawal from the trust in order to ensure that securities liquidations will be carried out in an orderly business manner.

Notes to Financial Statements

The following tables set forth by level, within the fair value hierarchy, the Plan's investments at fair value as of December 31, 2022 and 2021, respectively.

<i>December 31, 2022</i>	Assets at Fair Value			Total

** The investment in the collective trust funds and the stable value fund are measured at fair value using the NAV per share (or its equivalent) practical expedient which has not been categorized in the fair value hierarchy. The fair value amounts presented in the tables are intended to permit reconciliation of the fair value hierarchy to the amounts presented in the statements of net assets available for benefits.*

For the years ending December 31, 2022 and 2021, there were no significant transfers in or out of Level 3.

Standard Process Inc. 401(k) and Profit Sharing Plan

Notes to Financial Statements

The following tables summarize investments for which fair value is measured using the NAV per share practical expedient as of December 31, 2022 and 2021. There are no participant redemption restrictions for these investments; the redemption notice period is applicable only to the Plan.

<i>December 31, 2022</i>	Fair Value	Unfunded Commitments	Redemption Frequency	Redemption Notice Period
Stable value fund	\$ 4,568,929	N/A	Daily	None
Collective trust funds	\$43,715,520	N/A	Daily	None

<i>December 31, 2021</i>	Fair Value	Unfunded Commitments	Redemption Frequency	Redemption Notice Period
Stable value fund	\$ 4,140,431	N/A	Daily	None
Collective trust funds	\$ 47,310,368	N/A	Daily	None

4. Related Party and Party-in-Interest Transactions

Certain of the Plan's investments are managed by the trustee of the Plan and; therefore, these transactions qualify as party-in-interest transactions. Fees incurred by the Plan for the investment manager services are included in net depreciation in the fair value of the investment, as they are paid through revenue sharing, rather than a direct payment. These transactions qualify as party-in-interest transactions.

Certain administrative functions of the Plan are performed by officers or employees of the Company. No such officer or employee receives compensation from the Plan.

5. Plan Termination

Although it has not expressed any intent to do so, the Company has the right to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of plan termination, participants will become 100% vested in their Company contributions.

6. Tax Status

The IRS has determined and informed the Company by a letter dated February 7, 2013, that the Plan and related trust are designed in accordance with applicable sections of the IRC. Although the Plan has been restated and amended since receiving the determination letter, the Plan Administrator believes that the Plan is designed and is currently being operated in compliance with the applicable requirements of the IRC and therefore, believes that the Plan is qualified, and the related trust is tax exempt.

U.S. GAAP requires Plan management to evaluate tax positions taken by the Plan and recognize tax liability (or asset) if the Plan has taken an uncertain position that more-likely-than-not would not be sustained upon examination by the IRS. The Plan Administrator has analyzed the tax positions taken by the Plan, and has concluded that, as of December 31, 2022 and 2021, there are no uncertain tax positions taken or expected to be taken that would require recognition or disclosure in the

**Standard Process Inc.
401(k) and Profit Sharing Plan**

Notes to Financial Statements

financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

7. Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks, such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the Statements of Net Assets Available for Benefits.

Included in investments are investments in the Vanguard Total Stock Market Index Fund and T. Rowe Price Retirement 2045 Trust Fund which, individually, represent 10% or more of total investments at December 31, 2022. The Vanguard Total Stock Market Index Fund, Harbor Capital Appreciation Retirement Fund, and T. Rowe Price Retirement 2045 Trust Fund individually represent 10% or more of total investments at December 31, 2021.

8. Information Certified by Trustee

The Plan Administrator has elected the method of compliance as permitted by ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the DOL's Rules and Regulations for Reporting and Disclosures under ERISA as of December 31, 2022 and 2021, and for the year ended December 31, 2022. Accordingly, the Plan's trustee, T. Rowe Price Trust Company, has certified that the following data included in the accompanying financial statements and ERISA-required supplemental schedule is complete and accurate:

<i>December 31,</i>	2022	2021
Mutual funds	\$ 40,368,255	\$ 53,802,747
Stable value fund	\$ 4,568,929	\$ 4,140,431
Collective trust funds	\$ 43,715,520	\$ 47,310,368

<i>Year ended December 31, 2022</i>	
Interest and dividends	\$ 2,337,383
Net depreciation in fair value of investments	\$ (21,849,241)

At the request of the Plan administrator, the Plan's independent accountants did not perform auditing procedures on the above information, except for comparing such information provided by the trustee to the related information included in the accompanying financial statements and ERISA-required supplemental schedules.

9. Delinquent Participant Contributions

During the Plan year ended December 31, 2022, participant contributions totaling \$60,331 were not remitted to the Plan within the period prescribed by DOL regulations. These transactions constitute prohibited transactions as defined by ERISA. The Company is in the process of calculating the lost earnings and plan to remit them to the Plan during 2023.

10. Subsequent Events

The plan has evaluated subsequent events through October 13, 2023, the date the financial statements were available to be issued.
