INDEPENDENT AUDITOR'S REPORT

To the Plan Sponsor, Trustee and Participants
S.J. Louis Construction, Inc. Retirement Savings Plan
Rockville, Minnesota

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the financial statements of the S.J. Louis Construction, Inc. Retirement Savings Plan, an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statement of net assets available for benefits as of December 31, 2022 and 2021, and the related statement of changes in net assets available for benefits for the years then ended, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the S.J. Louis Construction, Inc. Retirement Savings Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of and for the years ended December 31, 2022 and 2021, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section—

- the amounts and disclosures in the financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- the information in the financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of S.J. Louis Construction, Inc. Retirement Savings Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about S.J. Louis Construction, Inc. Retirement Savings Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments; administering the plan; and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such

procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.

- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of S.J. Louis Construction, Inc. Retirement Savings Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about S.J. Louis Construction, Inc. Retirement Savings Plan's ability to continue as a going concern for a reasonable period of time.

Our audit did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Supplemental Schedules Required by ERISA

The supplemental schedule, Schedule of Assets Held at End of Plan Year December 31, 2022, is presented for the purpose of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedules, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedules that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including their form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion—

- the form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, is presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

S.J. Louis Construction, Inc. Retirement Savings Plan
Notes to the Financial Statements
December 31, 2022 and 2021

NOTE 1: Description of the Plan

The following description of the S.J. Louis Construction, Inc. (“the Company”) Retirement Savings Plan (the “Plan”) provides only general information. Participants and other interested readers should refer to the Plan agreement for a more complete description of the Plan’s provisions.

General

The Plan is a defined contribution plan established by the Company to provide retirement benefits to substantially all employees of the Company and its affiliated companies, including S.J. Louis Construction of Texas, Ltd., Stearns Construction, Inc., S.J. Louis Construction, LLC, Atlas Trenchless, LLC, S.J. Louis Trenchless, LLC, North Star Trenchless, LLC and Twin City Tunnelling, Inc. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA). The Company is the administrator and sponsor of the Plan. The Company has appointed Principal Life Insurance Company/Principal Trust Company (“the Custodian”) as custodian of the Plan. The Custodian is responsible for holding the investment assets of the Plan and making distributions according to the Plan’s provisions. In addition, the Custodian provides recordkeeping and reporting services for the Plan.

To be eligible to participate in the Plan, an employee of the company must be 21 years old and have completed 60 days of service. The Plan allows eligible participants to enter the Plan on the first day of the month upon reaching eligibility. Employees covered by a collective bargaining unit, leased employees and nonresident aliens are excluded from eligibility.

Contributions

Each year, eligible participants may contribute up to 100% of pretax annual compensation (salary reduction contributions), as defined in the Plan and subject to IRS regulations. Roth contributions are another option for participants to designate salary deferral contributions. Roth contributions are made on an after-tax basis and, together with pre-tax salary deferrals, are counted toward the maximum allowable salary deferral. Participants may also contribute amounts representing distributions from other qualified plans (rollover contributions). The Plan allows participants age 50 and older to make catch-up contributions.

The Plan provides discretionary employer matching contributions. During the 2022 and 2021 plan years, the Company made employer matching contributions equal to 50% of the first 7% of eligible compensation contributed to the Plan by the participant, subject to the Internal Revenue Service limitations. Eligible employees can receive employer contributions after attaining age 21 and completing one year and 1,000 hours of service. Additional discretionary Company profit-sharing contributions may be contributed at the discretion of the Company’s Board of Directors (non-elective). No profit-sharing contributions were made for the years ended December 31, 2022 and 2021.

S.J. Louis Construction, Inc. Retirement Savings Plan
Notes to the Financial Statements
December 31, 2022 and 2021

NOTE 1: Description of Plan (continued)

The Company will also make prevailing wage (Davis Bacon) employer contributions in an amount necessary to meet the Company's requirements under a prevailing wage statute. The prevailing wage portion of the Plan provides contributions by the Company for a portion of the fringe benefit wages paid to employees for work on prevailing wage projects to meet the requirements of the Davis Bacon Act, the Service Contract Act, or similar federal, state, municipal or local statutes. Employees are eligible for Davis Bacon employer contributions immediately upon date of hire and Davis Bacon employer contributions are 100% vested.

Participant's Accounts

Each participant's account is credited with the participant's salary reduction contributions, employer matching contributions, prevailing wage employer contributions, rollover contributions and an allocation of the Plan earnings (net of administrative expenses). Allocations are based on the participant's eligible compensation or account balances, as defined in the Plan. A participant's investment allocation for current and future contributions can be changed on any business day at the discretion of the participant. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting

Participants are immediately vested in their salary reduction contributions, prevailing wage employer contributions and any rollover contributions, plus actual earnings thereon. Participants, who leave the Plan because of death, early or normal retirement, or disability retirement, as defined in the Plan, are considered 100% vested. The Company's employer matching contributions and profit-sharing contributions and earnings thereon vest in accordance with provisions on the Plan as follows:

<u>Vesting Years of Service</u>	<u>Percentage Vested</u>
Less than 1 year	0%
1 year	20%
2 years	40%
3 years	60%
4 years	80%
5 years and above	100%

For purposes of determining the extent to which a participant is vested, a year of service is a consecutive twelve-month period in which the participant is credited with 1,000 hours of service.

NOTE 1: Description of Plan (continued)

Notes Receivable from Participants

The Plan does not permit Participants to take a loan from the Plan.

Excess Contributions Refundable

Amounts payable to participants for contributions in excess of amounts allowed by the IRS are recorded as a liability with a corresponding reduction to contributions. The Plan distributed the 2022 excess contributions to the applicable participant prior to March 15, 2023.

Payment of Benefits

Benefits may be paid to the participant or beneficiary upon reaching age 59½, death, disability, normal retirement, termination of employment, or financial hardship, as defined in the Plan agreement. The Plan provides for normal retirement at age 65. The total vested portion of a participant's account balance is distributed in the form of a lump-sum payment or installments. Participants may withdraw a portion of their account balance for hardship and in certain "in-service" situations, as defined in the Plan. There were no amounts allocated to a participant that elected to withdraw from the Plan but had not been paid as of December 31, 2022 and 2021.

Forfeited Accounts

Forfeitures (unvested benefits) from terminated participants' accounts are used to reduce the Company's matching contributions or pay plan expenses, subject to the terms of the Plan. During the years ended December 31, 2022 and 2021, \$12,992 and \$6,983 of forfeited nonvested accounts were used to fund Employer matching contributions, respectively. At December 31, 2022 and 2021, forfeited nonvested accounts totaled \$134 and \$3,101, respectively.

NOTE 2: Summary of Significant Accounting Policies

Basis of Accounting

The financial statements of the Plan have been prepared on the accrual basis of accounting.

Use of Estimates

The preparation of the financial statements in accordance with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the

NOTE 2: Summary of Significant Accounting Policies (continued)

reported amount of assets and liabilities and changes therein, and disclosures of contingent assets and liabilities. Actual results could differ from those estimates.

Investment Valuation and Income Recognition

Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. Common Collective Trusts and Pooled Separate Accounts are valued using the net asset value as a practical expedient which represents the price at which the Fund is able to initiate a transaction. These Investments are excluded from the fair value hierarchy. See Note 4 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis and dividends are recorded on the ex-dividend date. Net appreciation/(depreciation) includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Payment of Benefits

Benefits are recorded when paid.

Expenses

Certain expenses of maintaining the Plan are paid by the Plan, unless otherwise paid by the Company. Expenses that are paid by the Company are excluded from these financial statements. Fees related to the administration of notes receivable from participants are charged directly to the participant's account and are included in administrative expenses. Investment-related expenses may be included in appreciation of fair value of investments.

Subsequent Events

The plan has evaluated subsequent events through September 19, 2023, the date the financial statements were available to be issued.

NOTE 3: Information Certified by the Plan's Custodian

Certain information related to investments and notes receivable from participants disclosed in the accompanying financial statements and ERISA-required supplemental schedule, including investments and notes receivable from participants held at December 31, 2022 and 2021, and net appreciation in fair value of investments, interest and dividends for the years ended December 31, 2022 and 2021, was

NOTE 3: Information Certified by the Plan's Custodian (continued)

obtained by management and agreed to or derived from information certified as complete and accurate by the Custodian.

NOTE 4: Fair Value Measurements

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1) and the lowest priority to unobservable inputs (level 3). The three levels of the fair value hierarchy under FASB ASC 820 are described as follows:

Level 1 Inputs to the valuation methodology are adjusted quoted prices for identical assets or liabilities in active markets that the plan has the ability to access.

Level 2 Inputs to the valuation methodology include

- quoted prices for similar assets or liabilities in active markets;
- quoted prices for identical or similar assets or liabilities in inactive markets;
- inputs other than quoted prices that are observable for the asset or liability;
- inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2022 and 2020.

Registered Investment Company Funds: Share Prices/Net Asset Values (NAVs) reported on the Plan Summary Reports for NAV mutual funds are generally obtained from a file feed from the

National Securities Clearing Corporation, and/or directly from the fund house, or a secondary pricing source, such as Interactive Data Corporation (IDC).

NOTE 5: Related-Party and Parties-In-Interest Transactions

Certain Plan investments are common collective trust funds, pooled separate accounts and shares in mutual funds managed by the custodians of the Plan. Accordingly, any related transactions qualify as party-in-interest transactions. The custodian provides certain administrative services to the Plan and receives revenue from investment activity. The revenue is used to offset certain amounts owed to the custodian for its administrative services to the Plan.

If the revenue received by the custodian exceeds the amount owed under the custodial agreements, the custodian remits the excess to the Plan. The Plan or Plan Sponsor may make payment to the custodian for administrative expenses not covered by revenue sharing. The Plan may make direct payments to the third-party administrator and investment advisors which are not covered by revenue sharing. The Plan Sponsor pays directly any other fees related to the plan's operations.

S.J. Louis Construction, Inc. Retirement Savings Plan
Notes to the Financial Statements
December 31, 2022 and 2021

NOTE 6: Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants will become 100% vested in their accounts. Any unallocated assets of the Plan should be allocated to participant accounts and distributed in such a manner as the Company may determine.

NOTE 7: Tax Status

The IRS has determined and informed the Company by a letter dated June 30, 2020, that the Plan and related trust are designed in accordance with applicable sections of the Internal Revenue Code ("IRC"). Although the Plan has been amended since receiving the opinion letter, The Plan Administrator and the Plan's tax counsel believe that the Plan, as amended, is designed, and is currently being operated in compliance with the applicable requirements of the IRC and, therefore, believe that the Plan is qualified, and the related trust is tax-exempt.

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the plan and recognize a tax liability (or asset) if the plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

NOTE 8: Risks and Uncertainties

The Plan invests in various investments in common collective trust funds, pooled separate accounts and mutual funds. These investments are exposed to various risks, such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in values of investment securities will occur in the near term, and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.
