Report of Independent Auditors

To the Pension and Benefits Board of Oliver Rubber Company 401(k) Savings Plan

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed an audit of the accompanying financial statements of Oliver Rubber Company 401(k) Savings Plan (the "Plan"), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 ("ERISA"), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statement of net assets available for benefits as of December 31, 2022 and 2021, and the related statement of changes in net assets available for benefits for the years ended December 31, 2022 and 2021, including the related notes (collectively referred to as the "financial statements").

Management, having determined it is permissible in the circumstances, has elected to have the audit of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audit need not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained a certification from a qualified institution as of December 31, 2022 and 2021 and for the years then ended, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audit and on the procedures performed as described in the Auditors' Responsibilities for the Audit of the Financial Statements section of our report

- the amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- the information in the accompanying financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audit in accordance with auditing standards generally accepted in the United States of America ("US GAAS"). Our responsibilities under those standards are further described in the Auditors' Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current Plan instrument, including all Plan amendments, administering the Plan, and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditors' Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditors' report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with US GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with US GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audit did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter – Supplemental Schedules Required by ERISA

Schedule H, line 4i – Schedule of Assets (Held at End of Year) as at December 31, 2022 and Schedule H, line 4j – Schedule of Reportable Transactions for the year ended December 31, 2022 ("supplemental schedules"), are presented for purposes of additional analysis and are not a required part of the financial statements but are supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records

used to prepare the financial statements. The information included in the supplemental schedules, other than that agreed to or derived from the certified investment information, has been subjected to the auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with US GAAS. For information included in the supplemental schedules that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedules, we evaluated whether the supplemental schedules, other than the information agreed to or derived from the certified investment information, including their form and content, are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. In our opinion

- the form and content of the supplemental schedules, other than the information in the supplemental schedules that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedules related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Report of Independent Auditors

To the Pension and Benefits Board of Oliver Rubber Company 401(k) Savings Plan

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed an audit of the accompanying financial statements of Oliver Rubber Company 401(k) Savings Plan (the "Plan"), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 ("ERISA"), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statement of net assets available for benefits as of December 31, 2022 and 2021, and the related statement of changes in net assets available for benefits for the years ended December 31, 2022 and 2021, including the related notes (collectively referred to as the "financial statements").

Management, having determined it is permissible in the circumstances, has elected to have the audit of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audit need not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained a certification from a qualified institution as of December 31, 2022 and 2021 and for the years then ended, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audit and on the procedures performed as described in the Auditors' Responsibilities for the Audit of the Financial Statements section of our report

- the amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- the information in the accompanying financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audit in accordance with auditing standards generally accepted in the United States of America ("US GAAS"). Our responsibilities under those standards are further described in the Auditors' Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current Plan instrument, including all Plan amendments, administering the Plan, and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditors' Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditors' report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with US GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with US GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audit did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter – Supplemental Schedules Required by ERISA

Schedule H, line 4i – Schedule of Assets (Held at End of Year) as at December 31, 2022 and Schedule H, line 4j – Schedule of Reportable Transactions for the year ended December 31, 2022 ("supplemental schedules"), are presented for purposes of additional analysis and are not a required part of the financial statements but are supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records

used to prepare the financial statements. The information included in the supplemental schedules, other than that agreed to or derived from the certified investment information, has been subjected to the auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with US GAAS. For information included in the supplemental schedules that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedules, we evaluated whether the supplemental schedules, other than the information agreed to or derived from the certified investment information, including their form and content, are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. In our opinion

- the form and content of the supplemental schedules, other than the information in the supplemental schedules that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedules related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Oliver Rubber Company 401(k) Savings Plan

Notes to Financial Statements

For the years ended December 31, 2022 and 2021

1 Description of the Plan

The following description of Oliver Rubber Company 401(k) Savings Plan (the Plan) is provided for general information purposes only. Participants should refer to the Plan document and Plan amendments for more complete information.

General

The Plan is a defined contribution plan established for the sole purpose of providing retirement benefits to eligible employees of Oliver Rubber Company, LLC (the Plan Sponsor or Company), NexTraQ, LLC, a company acquired in 2017 and effective March 9, 2018, Tire Centers West LLC (TC West). The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974.

Eligibility

Salaried and non-union hourly employees for Oliver Rubber Company, LLC and NexTraQ, LLC are eligible to join the Plan upon date of hire. All TC West employees are eligible on the date of the merger.

Contributions

Participants may contribute a portion of the eligible compensation, as defined in the Plan document, subject to maximum tax deferred limitations established by the Internal Revenue Code (IRC). Participants may also make contributions to the Plan in the form of a rollover of funds from another Traditional IRA plan (pre-tax dollars only).

The Plan automatically enrolls new employees at a deferral rate of 3% of compensation, as defined in the Plan document, unless the participant elects otherwise. Participants who are automatically enrolled will have an additional 1% of their eligible compensation deferred each year up to a maximum of 6% of their eligible compensation.

The Company matches 100% of participant contributions up to 3% of compensation and 50% of the next 2% of compensation. The Company also makes, at the Company's discretion, profit-sharing contributions ranging from 2% to 6% of compensation based on years of service. NexTraQ, LLC and TC West employees were not eligible for the 2018 profit-sharing contribution per Plan amendment.

Vesting

Participants are always 100% vested in participant contributions, profit-sharing contributions and matching contributions, plus any earnings thereon.

Oliver Rubber Company 401(k) Savings Plan

Notes to Financial Statements

For the years ended December 31, 2022 and 2021

Participant accounts

An individual account is maintained for each participant. Participants direct the investment of their account among the investment options offered by the Plan. Each participant's account is credited with the participant's contributions and the Company's contributions and charged with an allocation of administrative expenses. Participant accounts are also adjusted for investment fund earnings and losses based on the respective fund's changes in net asset value during the period.

Forfeitures

Upon termination, any unvested portion is forfeited. Forfeitures are used to pay administrative expenses or to reduce future company matching contributions. The balance of forfeitures as at December 31, 2022 and 2021 was \$12,109 and \$12,139, respectively.

Notes receivable from participants

Under the Plan, a participant may borrow the lesser of 50% of the vested value of their entire account or \$50,000. The interest rate is established based on the prime rate. Only one outstanding note receivable is permitted at any time and cannot be for less than \$500. The note receivable repayment schedule can be no longer than 60 months. A note receivable term may extend to 180 months if the note is used to acquire the principal residence of the participant. Principal and interest are paid ratably through payroll deductions. The notes receivable from participants are secured by the balance in the participant's account.

Payment of benefits

Upon termination of service, attainment of age 59 1/2, retirement, total and permanent disability or death if earlier, the balance in the participant's individual account is distributed to the participant or their beneficiary. Disbursement of these amounts will be made in a lump sum equal to the vested value of their account.

In the event of hardship, as defined in the Plan document, participants may take a distribution from their accounts, in an amount necessary to satisfy the financial need, subject to certain tax withholdings.

2 Significant accounting policies

Basis of accounting

The financial statements of the Plan are prepared on the accrual basis of accounting in conformity with the accounting principles generally accepted in the United States of America (US GAAP).

Notes receivable from participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Delinquent notes receivable from participants are recorded as a distribution based upon the terms of the Plan document.

Oliver Rubber Company 401(k) Savings Plan

Notes to Financial Statements

For the years ended December 31, 2022 and 2021

Use of estimates

The preparation of the Plan's financial statements in conformity with US GAAP requires management to make estimates and assumptions that affect the reported amounts of net assets available for benefits as at the date of the financial statements and the changes in net assets available for benefits during the reporting period and, when applicable, disclosures of contingent assets and liabilities as at the date of the financial statements. Actual results could differ from those estimates.

Risks and uncertainties

The Plan provides for various investment options in any combination of stocks, bonds, fixed income securities, mutual funds and other investment securities. Investment securities are exposed to various risks, such as interest rate, market and credit risks, which could have a material effect on the future reporting of the statement of net assets available for benefits and participants' account balances.

Significant market disruptions, such as those caused by pandemics (e.g., COVID-19 pandemic), natural or environmental disasters, war (e.g., Russia's invasion of Ukraine), acts of terrorism, or other events, can adversely affect local and global markets and normal market operations. Any such disruptions could have an adverse impact on the value of the Plan's investments and Plan's performance.

Investment valuation and income recognition

Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants as at the measurement date. See note 4 for discussions of fair value measurements.

Investment income earned in the pooled separate accounts, mutual funds and the common collective trust funds are allocated to participants based on their proportionate share of the net assets of the respective investment fund. Purchases and sales of securities are reflected on a trade date basis. Interest income is recorded on an accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation in fair value of investments includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Pooled separate accounts, common collective trusts and mutual funds have been reported at fair value.

On January 1, 2021, the Company established the MNAI Master Trust for the Boston Partners Separately Managed Account (the master trust), which invests in a variety of equity securities and is recorded at fair value. The Plan owns 0.002% of the investments in the master trust. As a separate Form 5500 is filed for the master trust, the Plan financial statements disclose the investments held in the master trust on a look-through basis. Securities that are traded on a securities exchange are valued by the master trust at the last reported sales price on the last business day of the year. The Plan, through its investment in the master trust, considers the net asset value or its equivalent a practical expedient to fair value when the investment fund does not have a readily determinable fair value.

Oliver Rubber Company 401(k) Savings Plan

Notes to Financial Statements

For the years ended December 31, 2022 and 2021

Net change in fair value of investments held by the master trust includes realized and unrealized gains and losses. Gains and losses realized on sales of securities within the master trust are determined on the basis of specific identification of the securities. Dividends are recorded as at the ex-dividend date. Interest income is recorded on the accrual basis. Purchases and sales of securities are recorded on a trade date basis.

Payment of benefits

Benefits are recorded when paid.

Administrative expenses

Recordkeeping fees are paid by participants and the Plan Sponsor pays all remaining administrative expenses of the Plan, unless the expenses relate to specific investment directions of the participant. Administrative expenses that are paid by the Plan Sponsor are excluded from these financial statements. Fees related to the administration of notes receivable from participants are charged directly to the participant's account and are included in administrative expenses.

3 Information certified by the Plan Trustee

The following is a summary of investments and notes receivable from participants of the Plan as at December 31, 2022 and 2021, and for the years then ended, included in the Plan's financial statements and supplemental schedules that were prepared or derived by the Trustee and furnished to the Plan administrator. The Plan administrator has obtained certifications from the Trustee that such information is complete and accurate. As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure, this information was not subject to US GAAP as performed by the independent auditor.

4 Fair value measurements

The Plan's investments are stated at fair value other than fully-benefit responsive contracts, which are recorded at contract value in accordance with ASU 2015-12. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants as at the measurement date. The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques need to maximize the use of observable inputs and minimize the use of unobservable inputs. Valuation techniques used to measure fair value are defined as follows:

Level 1 – Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 – Inputs to the valuation methodology include: (a) quoted prices for similar assets or liabilities in active markets; (b) quoted prices for identical or similar assets or liabilities in inactive markets; (c) inputs other than quoted prices that are observable for the asset or liability; and (d) inputs that are derived principally from or corroborated by observable market data by correlation or other means. If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 – Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

Oliver Rubber Company 401(k) Savings Plan

Notes to Financial Statements

For the years ended December 31, 2022 and 2021

Following is a description of the valuation methodology used for assets measured at fair value. There have been no changes in the methodology used at both December 31, 2022 and 2021 though following the establishment of the master trust in 2021, Master Trust Investment is disclosed rather than Separately Managed Account:

Mutual funds and separately managed accounts: Units held by the Plan at year-end are valued at quoted prices in an active market.

Master Trust Investment: The Master Trust is invested in the Boston Partners Small Cap Equity Separately Managed Account, which is valued at the closing price reported on the active market on which the individual securities are traded. The Master Trust's investments and the Plan's interests in those balances at year-end were as follows:

Common collective trust funds: The fair value of the common collective trust funds is determined by the Trustee of the common collective trust based on the underlying assets, which represent the net asset value, a practical expedient to fair value, of units held by the Plan. The common collective trust funds do not have any unfunded commitments relating to its investments, or any significant restrictions or redemptions. Participant-directed redemptions can be made on any business day and do not have a redemption notice period.

Brokerage options: Valued at the closing price reported on the active market on which the individual securities are traded.

The preceding methods described may produce a fair value calculation that may not be indicative of a net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement as at the reporting date.

The following tables set forth by level, within the fair value hierarchy, the Plan's investments at fair value as at December 31, 2022 and 2021:

The Vanguard Retirement Savings Trust II has no unfunded commitments, has a daily redemption frequency and requires a one-day redemption period. Participant transactions (purchases and sales) may occur daily subject to the short-term trading policies of the Plan Sponsor. Additional restrictions may be imposed at the request of the fund company of an underlying fund as outlined in their prospectus. The Vanguard Retirement Savings Trust II's fair value, as measured at the net asset value or equivalent, is \$5,336,107 and \$4,621,409, respectively, as at December 31, 2022 and 2021.

The other common collective trusts have no unfunded commitments, have a daily redemption frequency and there is no required redemption period notice. The other common collective trusts' fair value, as measured at the net asset value or equivalent, is \$12,669,364 and \$14,240,552, respectively, as at December 31, 2022 and 2021.

5 Income tax status

The underlying standardized prototype plan has received an opinion letter from the Internal Revenue Service (IRS) dated March 31, 2008, stating that the written form at the underlying prototype document is qualified under section 401(a) of the IRC and that any employer adopting this form of the Plan will be considered to have a plan qualified under section 401(a) of the IRC. Therefore, the related trust is exempt from taxation. Once qualified, the Plan is required to operate in conformity with the IRC to maintain its qualification. The Plan Administrator believes the Plan is being operated in compliance with the applicable requirements of the IRC and, therefore, believes that the Plan is qualified, and the related trust is tax exempt.

US GAAP requires Plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that, more likely than not, would not be sustained upon examination by the IRS. The Plan's management and its tax counsel have analyzed the tax positions taken by the Plan and have concluded that as at December 31, 2022, there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure on the financial statements. Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

6 Related party and party-in-interest transactions

Certain Plan investments are managed by Vanguard Fiduciary Trust Company (VFTC). VFTC is the Trustee as defined by the Plan and, therefore, those transactions qualify as party-in-interest transactions. Fees paid to VFTC for custodial services amounted to \$14,237 and \$11,982, respectively, for the years ended December 31, 2022 and 2021.

Certain distributions are in the form of loans to the Plan's participants. These loans are considered to be party-in-interest transactions.
