INDEPENDENT AUDITOR'S REPORT

To the Trustees of
DailyPay, Inc. 401(k) Retirement Plan:

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed an audit of the financial statements of DailyPay, Inc. 401(K) Retirement Plan, an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 ("ERISA"), as permitted by ERISA Section 103(a)(3)(C) ("ERISA Section 103(a)(3)(C) audit"). The financial statements comprise the statement of net assets available for benefits as of December 31, 2022 and the related statement of changes in net assets available for benefits for the year then ended, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audit of DailyPay, Inc. 401(K) Retirement Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the plan ("investment information") by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA ("qualified institution").

Management has obtained a certification from a qualified institution as of and for the year ended December 31, 2022, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audit and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section:

- The amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- The information in the accompanying financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audit in accordance with auditing standards generally accepted in the United States of America ("GAAS"). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of DailyPay, Inc. 401(K) Retirement Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about DailyPay, Inc. 401(K) Retirement Plan's ability to continue as a going concern for one year after the date that the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the plan, and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if, there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of DailyPay, Inc. 401(K) Retirement Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about DailyPay, Inc. 401(K) Retirement Plan's ability to continue as a going concern for a reasonable period of time.

Our audit did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matters – Supplemental Schedules Required by ERISA

The supplemental schedules, Schedule H, Line 4i – Schedule of Assets (Held at End of Year) as of December 31, 2022, and Schedule H, Line 4a, Schedule of Delinquent Participant Contributions for the year ended December 31, 2022, are presented for purposes of additional analysis and are not a required part of the financial statements but are supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from, and relates directly to, the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedules, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedules that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedules, we evaluated whether the supplemental schedules, other than the information agreed to or derived from the certified investment information, including their form and content, are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- The form and content of the supplemental schedules, other than the information in the supplemental schedules that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- The information in the supplemental schedules related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

DailyPay, Inc. 401(k) Retirement Plan
Notes to Financial Statements
December 31, 2022

1. DESCRIPTION OF THE PLAN

The following description of the DailyPay, Inc. 401(K) Retirement Plan (the “Plan”) provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions. Copies are available from the Plan administrator.

General

The Plan is a participant-directed defined contribution plan qualifying under section 401(k) of the Internal Revenue Code (“IRC”) and is subject to the provisions of the Employee Retirement Income Security Act of 1974 (“ERISA”). The Plan was established on January 1, 2022, for providing eligible employees of DailyPay, Inc. (the “Employer”) funds for retirement.

Eligibility

An employee of the Employer becomes an eligible participant in the Plan immediately upon his or her date of hire. Entry dates are also immediate. If an employee does not elect otherwise after 30 days, they will be automatically enrolled in the Plan in an amount equal to 3% of compensation. The Plan excludes employees who are residents of Puerto Rico and nonresident aliens with no income from a U.S. source.

Employee Contributions

An employee participating in the Plan may annually contribute through payroll deductions, pretax deferrals or Roth after-tax deferrals in any amount up to 100% of compensation, not exceeding amounts as determined by the Internal Revenue Service (“IRS”) and may transfer in amounts representing distributions from other qualified plans (i.e., rollover contributions). Any participant, age 50 or over, may make an additional “catch up” contribution as determined by the IRS. Participants direct the investment of their contributions into various investment options offered by the Plan and may change their investment options daily.

Employer Contributions

Safe Harbor Matching Contributions

The Employer makes a safe harbor matching contribution for all eligible employees who make deferrals into the Plan during each payroll period. The safe harbor matching contribution is equal to 100% of the participant's elective deferral percentage not to exceed 4% of compensation. For the year ended December 31, 2022, the Employer made safe harbor matching contributions of \$3,309,246.

Discretionary Matching Contributions

The Employer may make an additional discretionary matching contribution each year as determined annually, based on eligible compensation deferred into the Plan. To be eligible for the discretionary matching contribution, an employee must be employed as of the last day of the Plan year. For the Plan year ended December 31, 2022, management has elected not to make any discretionary matching contributions.

Nonelective Employer Contributions

The Employer may also make a nonelective contribution, to be determined annually. The contribution is to be allocated among employees in the ratio that each eligible employee's compensation for the Plan year bears to the total compensation of all eligible employees. To be eligible for the nonelective contribution, an employee must be employed on the last day of the Plan year. For the year ended December 31, 2022, the Employer elected not to make such a contribution.

DailyPay, Inc. 401(k) Retirement Plan
Notes to Financial Statements
December 31, 2022

Participant Accounts

Individual accounts are established for each participant. The Plan offers a variety of investments with varying investment objectives as investment options. Each participant's account is credited with the participant's pretax contributions, Roth after-tax contributions, and Employer contributions, and the proportionate share of dividends, interest, and investment gains (losses) since the preceding valuation date. Allocations are based on participant earnings, account balances, or specific participant transactions, as defined. The participant's account is reduced by withdrawals, losses on investments, and expenses of the Plan. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting

A participant's interest in his or her contributions to the Plan as well as the Employer's safe harbor matching contributions allocated to his or her account, and earnings thereon, will always be 100% fully vested and nonforfeitable. The vesting schedule for Employer discretionary matching and Employer nonelective contributions, if any, is as follows:

<u>Years of Service</u>	<u>Vested Percentage</u>
Less than 2	0%
More than 2 but less than 3	20%
More than 3 but less than 4	40%
More than 4 but less than 5	60%
More than 5 but less than 6	80%
More than 6	100%

Benefit Payments

Normal retirement age under the Plan is age 65. In-service withdrawals prior to age 59½ are not permitted from the Plan except in the instances of hardship, death, disability, or termination of employment. After attaining age 59½, participants may elect to withdraw an amount equal to any whole percentage not to exceed 100% of the participant's vested account for any reason. In the event of termination of employment, a participant will receive, as a lump-sum distribution, his or her participant contributions and earnings thereon.

Forfeited Accounts

Forfeitures consist of contributions funded into the Plan and subsequently removed from participant accounts. Forfeitures are to first be used to pay administrative expenses, then to offset Employer contributions. During the year ended December 31, 2022, the Plan did not utilize any forfeitures to pay administrative expenses or fund any Employer contributions. As of December 31, 2022, the Plan had \$14,086 of forfeited accounts.

Notes Receivable From Participants

The Plan allows for participants to have one outstanding loan at any given time for financial hardship or financial needs. All loans are considered a direct investment of the participant, and payments of principal and interest are credited to the participant's account. The loans are secured by the balance in the participant's account and bear interest at the prevailing rate at the time the loan is taken. The minimum a participant may borrow is \$1,000, and the maximum is 50% of their vested account balance, not to exceed \$50,000. General purpose loans have terms up to five years, while loans for the purchase of a primary residence have terms of 10 years. At December 31, 2022, the loans mature through 2032 and bear interest ranging from 4.25% to 8.00%. Principal and interest are paid ratably through payroll deductions.

2. SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting

The accounting records of the Plan are maintained under the accrual basis of accounting, which are in accordance with the accounting principles generally accepted in the United States of America.

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires the Plan administrator to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results may differ from those estimates.

Risk and Uncertainties

The Plan's assets are invested in various registered investment companies. Registered investment companies, in general, are exposed to various risks, such as credit risk and overall market volatility. Due to the level of risk associated with certain investment securities, it is reasonably possible that changes in the values of investment securities will occur in the near term and those changes could materially affect the amounts reported in the financial statements.

Valuation of Investments and Income Recognition

Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date (see Note 4 for a discussion of fair value measurements).

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation (depreciation) in the value of investments includes the Plan's realized gains (losses) on investments bought and sold, as well as unrealized gains (losses) of investments held at the end of the year.

Payments of Benefits

Benefits are recorded when paid.

Administrative Expenses

The expenses necessary to administer the Plan, including, but not limited to, retaining necessary professional assistance from an attorney, an accountant, an actuary, or an investment advisor, are paid by the Employer. All expenses except for account maintenance fees, transaction fees, and investment fund management fees have been paid by the Employer. Participants are charged service fees for any loan and distribution transactions they request. In addition, certain investment-related expenses have been included with net depreciation in fair value of investments and are not readily determinable. For the year ended December 31, 2022, \$68,607 of administrative fees were charged to the Plan.

Notes Receivable From Participants

Notes receivable from participants are measured at their unpaid principal balances, plus any accrued but unpaid interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred. No allowance for credit losses has been recorded as of December 31, 2022. Notes receivable from participants as of December 31, 2022 were \$224,604. Delinquent notes receivable from participants are recorded as a distribution based upon the terms of the Plan document.

3. INFORMATION PREPARED AND CERTIFIED BY THE TRUSTEE (UNAUDITED)

No auditing procedures were performed by the independent public accountants as permitted by ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA with respect to information certified as complete and accurate by the trustee, Fidelity Management Trust Company, except for comparing such information with information reported in the financial statements. Based on information provided and certified by the trustee, there are no fixed income obligations, leases, or debt instruments in default or deemed uncollectible, as defined by ERISA, for the year ended December 31, 2022.

The following information as of December 31, 2022 and for the year then ended, was prepared from reports certified by the trustee as complete and accurate:

Investments at fair value	\$ 18,012,002
Notes receivable from participants	224,604
Net depreciation in fair value of investments	(2,941,502)
Interest and dividend income	724,695
Interest from participant notes receivable	6,216

4. FAIR VALUE MEASUREMENTS

The Financial Accounting Standards Board ("FASB") Accounting Standards Codification ("ASC") 820, *Fair Value Measurements and Disclosures*, established a framework for measuring fair value. This framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements.) The three levels of the fair value hierarchy under FASB ASC 820 are described as follows:

Level 1 - Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 - Observable inputs other than Level 1 prices, such as quoted prices for identical assets in inactive markets or for similar assets or liabilities, or other inputs that are observable or can be corroborated by observable market data for substantially the full term of the assets or liabilities.

Level 3 - Unobservable inputs that are supported by little or no market activity and that are financial instruments whose values are determined using pricing models, discounted cash flow methodologies, or similar techniques, as well as instruments for which the determination of fair value requires significant judgment or estimation.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

The following is a description of the valuation methodologies used for assets measured at fair value.

Registered Investment Companies: Valued at quoted market prices which represent the net asset value ("NAV") of shares held by the Plan at year-end. Since NAV is a quoted price in an active market, they are classified within Level 1 of the valuation hierarchy.

Interest-Bearing Cash: Shares of interest-bearing cash are valued based on cost.

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2022:

	<u>Level 1</u>	<u>Level 2</u>	<u>Level 3</u>	<u>Total</u>
Registered investment companies	\$ 17,698,789	\$ -	\$ -	\$ 17,698,789
Interest-bearing cash	<u>313,213</u>	<u>-</u>	<u>-</u>	<u>313,213</u>
Investments at fair value	<u>\$ 18,012,002</u>	<u>\$ -</u>	<u>\$ -</u>	<u>\$ 18,012,002</u>

5. TAX STATUS

The Plan adopted a prototype non-standardized pre-approved profit-sharing plan with CODA. By letter dated June 30, 2020, the IRS has determined that the prototype plan and related trust are designed in accordance with applicable sections of the Internal Revenue Code ("IRC"). The Plan has been amended since receiving this opinion letter. However, the Plan administrator and the Plan's tax counsel believe that the Plan is currently designed and being operated in compliance with the applicable requirements of the IRS. Therefore, no provision for income taxes has been included in the Plan's financial statements.

Accounting principles generally accepted in the United States of America require Plan management to evaluate tax positions taken by the Plan and to recognize a tax liability if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan administrator has analyzed the tax positions taken by the Plan and has concluded that as of December 31, 2022, there are no uncertain positions taken or expected to be taken that would require recognition of a liability or disclosure in the financial statements.

The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. In addition, there are no tax-related interest or penalties for the period presented in these financial statements.

6. TERMINATION OF THE PLAN AGREEMENT

Although it has not expressed any intent to do so, the Employer has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants will become 100% vested in their accounts.

7. PARTY IN INTEREST TRANSACTIONS

Certain Plan investments are shares of registered investment companies managed by Fidelity Management Trust Company, the trustee, as defined by the Plan, and therefore, these transactions qualify as party-in-interest transactions. Fees paid by the Plan for the investment management services and participant transaction fees amounted to \$68,607 for the year ended December 31, 2022. Additionally, notes receivable from participants are considered party-in-interest transactions.

8. TRANSFER INTO THE PLAN

The Plan was established on January 1, 2022, after terminating its professional employer organization (“PEO”) agreement with Trinet. The eligible employees of DailyPay, Inc. with balances in the PEO were transferred into this Plan on January 13, 2022. The total assets transferred in from the PEO equal \$9,111,588.

9. DELAYED DEPOSITS OF PARTICIPANT CONTRIBUTIONS

U.S. Department of Labor regulations require that salary deferrals to a 401(k) plan and loan repayments that are withheld from employees’ paychecks must be deposited into the plan as soon as they can be reasonably segregated from the employer’s general assets.

The Plan Sponsor identified an operational error in the administration of the Plan as several deposits were not properly allocated to participant funds timely during the 2022 Plan year. Late contributions for the 2022 plan year amounted to \$2,183. The Plan Sponsor will correct the late deposit in addition to lost earnings in accordance with the DOL’s self-correction program during the December 31, 2023 Plan year.

10. SUBSEQUENT EVENTS

The Plan has evaluated subsequent events occurring after the statement of net assets available for benefits date through the date of October 2, 2023, the date for which the financial statements were available to be released. Based upon this evaluation, the Plan has determined that no subsequent events have occurred that require adjustment to or disclosure in the financial statements.
