REPORT OF INDEPENDENT CERTIFIED PUBLIC ACCOUNTANTS

The Pep Boys Savings Plan - Puerto Rico

Scope and nature of the ERISA Section 103(a)(3)(C) audit

We have performed audits of the financial statements of The Pep Boys Savings Plan – Puerto Rico (the “Plan”), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statements of net assets available for benefits as of December 31, 2022 and 2021, and the related statement of changes in net assets available for benefits for the year ended December 31, 2022, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of December 31, 2022 and 2021, and for the year ended December 31, 2022, stating that the certified investment information, as described in Note E to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section

- The amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- The information in the accompanying financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (US GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of management for the financial statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the plan, and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's responsibilities for the audit of the financial statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with US GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with US GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.

- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other matter – supplemental schedules required by ERISA

The supplemental schedule of assets (held at end of year) as of December 31, 2022 is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such supplementary information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to the auditing procedures applied in the audits of the financial statements and certain additional procedures. These additional procedures included comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with US GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion

- The form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, is presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- The information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

The Pep Boys Savings Plan - Puerto Rico

NOTES TO FINANCIAL STATEMENTS

December 31, 2022 and 2021

NOTE A - PLAN DESCRIPTION

The following description of The Pep Boys Savings Plan - Puerto Rico (the "Plan") provides only general information. Participants should refer to the Plan document for a more complete description of the Plan's provisions.

General

The Plan was established April 1, 1995. The Plan is a defined contribution plan which is intended to allow participating employees of Pep Boys - Manny, Moe & Jack of Puerto Rico, Inc. (the "Company"), to save for retirement. The Company is a subsidiary of the Pep Boys - Manny, Moe & Jack ("Pep Boys"). In addition to retirement benefits, the Plan provides certain benefits in the event of death, disability, or other termination of employment. The Plan is for the exclusive benefit of eligible employees and their beneficiaries. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974, as amended ("ERISA").

The Trustee of the Plan is Banco Popular and T. Rowe Price serves as the asset custodian and record keeper.

Eligibility

Full-time employees and part-time employees are eligible to begin salary deferrals immediately upon hire. All participants are eligible for matching contributions after completing one year of service.

Contributions

Participants can contribute up to 75% of before-tax annual compensation as defined by the Plan. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions. In addition, participants may at any time elect to rollover amounts from other qualified plans or individual retirement accounts into the Plan. Regardless of participation status, an employee who has met the eligibility requirements of the Plan is able to complete a rollover.

Employees are automatically enrolled in the Plan at a deferral rate of 6% of eligible compensation generally within 30 days following the date the employee satisfied the Plan's participation requirements unless the employee makes a different deferral election or opts out. The automatic enrollment period will take effect twelve months after becoming eligible. A participant that is automatically enrolled shall have their contribution rate of 6% increased by 1% annually up to 15% unless an affirmative election is made by the participant to change their contribution rate.

The Company may contribute to the Plan, on behalf of each eligible participant, a matching contribution equal to 50% of the elective deferrals made by each eligible participant not in excess of 6% of the participant's eligible compensation. Matching contributions are made on a quarterly basis. Generally, a participant must be employed as of the last day of the applicable quarter to be eligible to receive a quarterly discretionary matching contribution. Effective April 1, 2020, the match was suspended until further notice.

Contributions are subject to certain Puerto Rico Internal Revenue Code ("IRC") limitations.

Participant Accounts

A separate account is established for each participant. The account is credited or charged, as applicable, with the participant's salary deferral contributions, an allocation of the Company's contributions, the participant's share of investment earnings and losses, the participant's distributions and certain administrative charges. Allocations are based on participant earnings or account balances, as defined. Participants direct the investment of their account into various investment options offered by the Plan. The

benefit to which a participant is entitled is the benefit that can be provided from the vested portion of the participant's account.

Vesting

Participants hired prior to October 1, 2016 are fully vested at all times in their accounts. Participants hired or rehired after October 1, 2016 are immediately vested in participant contributions and funds rolled over from another plan plus earnings thereon, while vesting in the Company's matching contributions plus earnings thereon is based on years of continuous service according to the following schedule:

<u>Years of Vesting Service</u>	<u>Vested Percentage</u>
Less than 2 years of service	0%
2 years of service	25%
3 years of service	50%
4 years of service	75%
5 years or more of service	100%

Participants are 100% vested if employed by the Company upon death, disability, or upon attainment of age 65.

Forfeitures

An employee may forfeit the non-vested portion of their account if employment ceases and the employee is less than 100% vested in any Company contributions made to their account. Forfeitures are retained in the Plan and may be used to reduce future Company contributions, to the extent any such contributions are made, or to pay Plan expenses. If forfeitures remain after all contribution obligations are satisfied or upon termination of the Plan, and such forfeitures cannot be used to pay Plan expenses, the remainder shall be re-allocated among participants. Forfeited non-vested accounts totaled \$32,632 and \$23,487 as of December 31, 2022 and 2021, respectively. During the year ended December 31, 2022, no forfeitures were used.

Payment of Benefits

Upon retirement, disability, death or termination of service, a participant may receive a lump sum distribution equal to the value of the vested portion of his or her account. Distributions are subject to the applicable provisions of the Plan document. The Plan allows in-service withdrawals to participants upon attaining the age of 59½ and hardship withdrawals.

Notes Receivable from Participants

Participants whose account value is \$1,000 or more may borrow up to 50% of their vested account balance subject to a minimum of \$500 and a maximum of \$50,000. The \$50,000 is reduced if the participant has another loan within one year of the date that such participant takes out the loan. The maximum duration of a loan is five years unless the loan is used to purchase a primary residence, in which a case, the loan term is permitted for up to a 15-year duration. The loans are secured by the balance in the participants' accounts. The interest rate is commensurate with current fixed rates charged by institutions in the business of lending money for similar types of loans. Interest rates ranged from 4.25% to 8.50% and 4.25% to 6.50% at December 31, 2022 and 2021, respectively. Participants may have only one loan outstanding at any one time and can prepay loans in full at any time. Principal and interest is primarily paid ratably through payroll deductions.

NOTE B - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting

The financial statements of the Plan are prepared on the accrual basis of accounting.

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America ("US GAAP") requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities, and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Investment Valuation and Income Recognition

Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Plan's Investment Committee determines the Plan's valuation policies utilizing information provided by the investment advisers. See Note C for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation (depreciation) includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred. No allowance for credit losses has been recorded as of December 31, 2022 or 2021. If a participant ceases to make loan repayments and the Plan administrator deems the participant loan to be in default, the participant loan balance is reduced and a benefit payment is recorded.

Other Income

T. Rowe Price Retirement Plan Services, Inc. receives pricing credits associated with certain investments in the Plan and allocates those pricing credits to participants in proportion to their account balances invested in those options.

Payment of Benefits

Benefits are recorded when paid.

Expenses

Certain expenses of maintaining the Plan are paid directly by the Company and are excluded from these financial statements. Fees related to the administration of notes receivable from participants are charged directly to the participant's account and are included in administrative expenses. Investment related expenses are included in net appreciation in fair value of investments. The recordkeeper of the Plan charges a quarterly administrative fee that is charged directly to the participant accounts.

Subsequent Events

The Plan has evaluated subsequent events through October 13, 2023, the date the financial statements were available to be issued.

The Plan is not aware of any subsequent events which would require recognition or disclosure in the financial statements.

NOTE C - FAIR VALUE MEASUREMENTS

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3). The three levels of the fair value hierarchy under the Financial Accounting Standards Board ("FASB") Accounting Standards Codification ("ASC") 820 are described as follows:

Level 1 - Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 - Inputs to the valuation methodology include:

- quoted prices for similar assets or liabilities in active markets;
- quoted prices for identical or similar assets or liabilities in inactive markets;
- inputs other than quoted prices that are observable for the asset or liability; and
- inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 - Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used as of December 31, 2022 and 2021.

Mutual funds - Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds. These funds are required to publish their daily net asset value ("NAV") and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

Collective trust funds - Valued at the NAV of units held by the Plan at year end, as determined by the fair value of the underlying assets. Underlying assets include commingled pools of exchange traded equity, fixed income and/or short-term investments and index funds of exchange traded equity, bond and debt securities.

The Pep Boys Savings Plan - Puerto Rico

NOTES TO FINANCIAL STATEMENTS - CONTINUED

December 31, 2022 and 2021

Stable value fund - A stable value fund valued at the NAV of units of a collective trust. The NAV is calculated by the fund based on net assets, which includes fully benefit-responsive investment contracts at contract value. This NAV represents the Plan's fair value since this is the amount at which the Plan transacts with the fund and is used as a practical expedient to estimate fair value.

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with industry practices, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following tables set forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2022 and 2021:

(a) Company initiated withdrawals from this fund require a 30-day written notice.

NOTE D - STABLE VALUE FUND

The Plan's investments include an investment in the T. Rowe Price Stable Value Fund (the "Fund"), a collective trust fund that is considered to be a stable value fund with the underlying investments in fully benefit-responsive investment contracts. Fair value of the stable value fund is the NAV of the fund. The NAV is based on net assets, which includes fully benefit-responsive investment contracts at contract value. The Fund is an open-end commingled pool dedicated exclusively to the management of assets of defined contribution plans. The Fund's investment objective is to maximize current income consistent with the maintenance of principal and to provide for withdrawals for certain participant-initiated transactions under a retirement plan without penalty or adjustment. To achieve its investment objective, the Fund invests in underlying assets (typically fixed income securities or bond funds and may include derivative instruments such as futures contracts and swap agreements) and enters into a "wrapper" contract issued by a third party. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value. Withdrawals for benefit payments to be paid to plan participants and participant transfers to noncompeting investment options shall be made 30 days after written notification has been received. Withdrawals, other than for benefit payments and participant transfers to noncompeting investment options, may be made up to one year after notification is received. At December 31, 2022 and 2021, there were no other restrictions or unfunded commitments.

Certain events can limit the ability of the Plan to transact at contract value with the Fund, and the Fund itself may be subject to circumstances that affect its ability to transact at contract value. The Plan administrator

The Pep Boys Savings Plan - Puerto Rico
NOTES TO FINANCIAL STATEMENTS - CONTINUED
December 31, 2022 and 2021

does not believe that any events which would limit the Plan's ability to transact at contract value are probable of occurring.

NOTE E - INFORMATION PREPARED AND CERTIFIED BY THE CUSTODIAN

The Plan administrator has elected to have the audit performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. The Plan administrator determined that the certification received from the custodian meets the requirements of ERISA Section 103(a)(3)(C). The custodian certified that the following data included in the accompanying financial statements and supplemental schedules are complete and accurate:

- Investments and notes receivable from participants, as shown in the statements of net assets available for benefits as of December 31, 2022 and 2021;
- Investment loss, interest income on notes receivable from participants, and other income, as shown in the statement of changes in net assets available for benefits for the year ended December 31, 2022; and
- Schedule H, Line 4i - schedule of assets (held at end of year) as of December 31, 2022.

NOTE F - TRANSACTIONS WITH PARTIES-IN-INTEREST

Certain Plan investments are managed by T. Rowe Price, who serves as the asset custodian of the Plan. Therefore, these transactions qualify as party-in-interest transactions that are exempt from the prohibited transaction rules. Notes receivable from participants also qualify as allowable party-in-interest transactions.

NOTE G - PLAN TERMINATION

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants will become fully vested in the Company contribution portion of their accounts.

NOTE H - TAX STATUS

The Puerto Rico Department of Treasury has determined and informed the Company by a letter dated December 26, 2017 that the Plan meets the requirement of Section 1081.01 of the Puerto Rico IRC of 2011, as amended, and the regulations thereunder, and that the trust established thereunder is entitled to exemption from Puerto Rico income tax. In addition, pursuant to the authority of Section 1022(i)(1) of ERISA, the trust is exempt from United States income taxes under Section 501(a) of the United States IRC of 1986, as amended. Therefore, no provision for income taxes has been included in the Plan's financial statements.

US GAAP requires plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the Puerto Rico Department of Treasury. The Plan Administrator has analyzed the tax positions taken by the Plan and has concluded that as of December 31, 2022 and 2021, there are no uncertain positions taken, or expected to be taken, that would require recognition of a liability or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

NOTE I - RISK AND UNCERTAINTIES

The Plan invests in various investment securities. Investment securities are exposed to various risks, such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.
