## **Independent Auditor's Report**

**To the Plan Administrators  
DLZ Corporation  
Employee Stock Ownership and 401(K) Plan  
Columbus, Ohio**

### ***Scope and Nature of the ERISA Section 103(a)(3)(C) Audit of the Financial Statements***

We have performed audits of the financial statements of DLZ Corporation Employee Stock Ownership and 401(k) Plan (the "Plan"), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C), which comprise the statements of net assets available for benefits as of December 31, 2022, and 2021, and the related statement of changes in net assets available for benefits for the year ended December 31, 2022, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under ERISA (ERISA Section 103(a)(3)(C) audit). As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the Plan by a qualified institution, provided that the investment information is prepared and certified to by the qualified institution in accordance with 29 CFR 2520.103-5 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

Management has obtained a certification from a qualified institution as of December 31, 2022 and 2021, and for the year ended December 31, 2022, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

### ***Opinion on the Financial Statements***

In our opinion, based on our audits and the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report:

- The amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America (GAAP); and
- The certified investment information in the accompanying financial statements agrees to, or is derived from, in all material respects, the information prepared and certified by a qualified institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

### ***Basis for Opinion***

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

### ***Responsibilities of Management for the Financial Statements***

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principle generally accepted in the United States of America. Management is also responsible for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern within one year after the date that the financial statements are issued or available to be issued.

Management is responsible for maintaining a current Plan instrument, including all Plan amendments. Management is also responsible for administering the Plan and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

### ***Auditor's Responsibilities for the Audit of the Financial Statements***

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit of the Financial Statements section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of GAAP.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with GAAP.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings and certain internal control related matters that we identified during the audit.

***Other Matter - Supplemental Schedule Required by ERISA***

The supplemental schedule of assets held for investment purposes is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the DOL's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS.

For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information. In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- The form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, is presented, in all material respects, in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.
- The certified investment information in the supplemental schedule agrees to, or is derived from, in all material respects, the information prepared and certified by a qualified institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

**DLZ CORPORATION**  
**EMPLOYEE STOCK OWNERSHIP AND 401(K) PLAN**  
**NOTES TO FINANCIAL STATEMENTS**  
**December 31, 2022**

---

**NOTE 1 - PLAN DESCRIPTION**

The following description of the DLZ Corporation Employee Stock Ownership and 401(k) Plan (the "Plan") provides only general information. Plan participants should refer to the Plan document for a more complete description of the Plan's provisions.

**General**

The Plan is a defined contribution plan that includes an Employee Stock Ownership Plan (ESOP) covering substantially all full-time employees of DLZ Corporation and Subsidiaries (the "Company"). The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

**Plan Amendment**

Effective July 1, 2022, the Plan was amended to allow participants to make after-tax contributions into the Plan and also allow participants to make in-plan Roth rollover contributions.

**Eligibility**

Employees are eligible to participate in the 401(k) portion of the Plan on the first day of the month following their date of hire. Participation in the ESOP requires an individual to complete one year of service defined as a 12-month period in which an employee works at least 1,000 hours.

**Contributions**

Each year, participants may contribute pre or after-tax contributions up to 50% of their annual eligible compensation as defined by the Plan. Participants may also contribute rollovers from other qualified plans. Participants who have attained age 50 prior to the end of the plan year are eligible to make catch-up contributions. Upon eligibility being met, participants will be automatically enrolled at a 4% deferral rate with a 1% annual increase up to 10%.

Company contributions are discretionary and consist of a match contribution. The Plan also allows for a profit-sharing contribution made at the discretion of the Board of Directors. The matching contributions are based upon a percentage of each participant's salary deferral that is contributed to the Plan. For the year ended December 31, 2022, the Company matched 50% of up to 4% of compensation contributed by each participant totaling \$1,146,864. For the year ended December 31, 2021, the Company funded an ESOP contribution totaling \$700,000.

**Forfeitures**

Forfeited balances from terminated participants' nonvested accounts are re-allocated annually to the remaining Plan participants in the ratio each participants compensation bears to the total compensation of all participants. For the year ended December 31, 2022, \$0 of forfeitures were used to reduce employer profit sharing contributions, and \$38,885 in ESOP forfeitures were re-allocated to Plan participants. Amounts available for future use as of December 31, 2022 and 2021, were \$174,614 and \$99,720, respectively.

**NOTE 1 - PLAN DESCRIPTION (CONTINUED)**

**Participant Accounts**

Each participant's account is credited with the participant's and Company's contributions, Plan earnings and charged with an allocation of administrative expenses. Company contributions and forfeitures are allocated based on participants' compensation or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account. Participants may direct their deferrals, rollovers and matching contributions into various investment options offered by the Plan.

Each participant is entitled to exercise voting rights attributable to the shares allocated to his or her account and is notified by the trustee prior to the time that such rights are to be exercised. The trustee may vote as directed by the Plan committee if no direction is received from the participant. The trustee is required, however, to vote any unallocated shares on behalf of the collective best interest of Plan participants and beneficiaries.

**Vesting**

Participants are immediately vested in their contributions plus actual earnings thereon. Vesting in the Company's portion of their accounts, plus actual earnings, is based on years of continuous service as follows:

| <u><b>Years of Service</b></u> | <u><b>Percent Vested</b></u> |
|--------------------------------|------------------------------|
| 2                              | 20%                          |
| 3                              | 40%                          |
| 4                              | 60%                          |
| 5                              | 80%                          |
| 6 or more                      | 100%                         |

**Participant Notes Receivable**

Participants may borrow from their accounts up to an amount that is equal to the lesser of \$50,000 or 50% of the present value of the participant's nonforfeitable accrued benefit.

All loans are to be repaid over a period not to exceed five years, although an extension of the repayment period may be granted if the loan proceeds are used to purchase a participant's principal residence. The loans are collateralized by the participant's vested account and bear interest at a reasonable rate for loans of a similar nature made from financial institutions. Principal and interest is paid ratably through payroll deductions. Should the participant terminate, the balance of the outstanding loan becomes due and payable, and the participant's vested account will be used to repay the loan. A participant may have no more than one loan outstanding at any time. Participant loans are valued at their unpaid principal balance plus accrued but unpaid interest.

**NOTE 1 - PLAN DESCRIPTION (CONTINUED)**

**Payment of Benefits**

For the 401(k) portion of the Plan, a participant may elect to receive a single lump sum or a series of installments equal to the value of his or her account upon termination of service, death or disability. A participant may also request in-service or hardship distributions if the requirements are met.

Payment of the ESOP account will either be paid as a single lump sum or installments over a period of time up to five years. A single lump sum will be paid to a terminated participant if their account balance is \$5,000 or less on the date of distribution. If the vested balance of the participant's account is greater than \$5,000 on the date of distribution, the account will be distributed in five annual installments. Distributions due to conflict of interest or death will be paid in a single lump sum.

All distributions are subject to the applicable provisions of the Plan document. Benefit payments are recorded when paid.

**Diversification**

Diversification is offered to participants close to retirement so that they may have the opportunity to move part of the value of their investment in Company stock into investments which are more diversified. Participants who are at least age 55 with at least 10 years of participation in the Plan may elect to diversify a portion of their account. Diversification is offered to each eligible participant over a 6-year period. In each of the first 5 years, a participant may diversify up to 25% of their shares allocated to his or her account, less any shares previously diversified. In the 6th year, the percentage changes to 50%.

**Plan Termination**

Although they have not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants will become 100% vested in their account balances.

**NOTE 2 - SIGNIFICANT ACCOUNTING POLICIES**

**Basis of Accounting**

The Plan's financial statements are prepared on the accrual method of accounting.

**Estimates**

The preparation of financial statements in conformity with U.S. generally accepted accounting principles requires the Plan administrator to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results may differ from those estimates. The fair value of DLZ Corporation preferred stock is particularly subject to change in the near term.

**NOTE 2 - SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)**

**Investments Valuations and Income Recognition**

The Plan's investments are stated at fair value. Purchases and sales of securities are recorded on a trade-date basis. Dividends are recorded on the ex-dividend date.

**Fair Value Measurements**

ASC 820 defines fair value, establishes a framework for measuring fair value and enhances disclosures about fair value measurements. Fair value is defined as the exchange price that would be received for an asset or paid to transfer a liability (or exit price) in the principal or most advantageous market for the asset or liability in an orderly transaction between market participants at the measurement date. Valuation techniques used to measure fair value must maximize the use of observable inputs and minimize the use of unobservable inputs. Observable inputs are inputs that market participants would use in pricing the asset or liability based on market data obtained from sources independent of the Plan. Unobservable inputs are inputs that reflect the Plan's assumptions about the inputs that market participants would use in pricing the asset or liability and are developed based on the best information available in the circumstances.

The fair value hierarchy input levels are as follows:

Level 1 - Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 - Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability;
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 - Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

**Management Evaluation of Subsequent Events**

The Plan has evaluated subsequent events through October 16, 2023, the date on which the financial statements were available to be issued.

**NOTE 3 - INFORMATION PREPARED AND CERTIFIED BY TRUSTEE**

The plan administrator has elected the method of annual reporting compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, The Vanguard Group, Inc and Vanguard Fiduciary Trust Company, the trustee of the Plan, has certified that the following data included in the accompanying financial statements and supplemental schedule are complete and accurate with respect to investments:

- Participant-directed investments at fair value
- Notes receivable from participants
- Net appreciation (depreciation) in fair value of participant-directed investments
- Interest and dividends
- Interest income on notes receivable from participants
- Schedule of assets (held at end of year), except for nonparticipant directed investments

The Plan's independent public accountants did not perform auditing procedures with respect to this information, except for comparing such information to the related information included in the financial statements and supplemental schedule.

**NOTE 4 - NONPARTICIPANT-DIRECTED INVESTMENTS**

The significant components of the changes in net assets relating to the nonparticipant-directed investments for the year ended December 31, 2022, are as follows:

|                                      |                |
|--------------------------------------|----------------|
| Changes in net assets:               |                |
| Contributions                        | \$ 700,000     |
| Net depreciation in investment value | (1,337,690)    |
| Distributions                        | (695,917)      |
|                                      | <hr/>          |
| Net Decrease                         | \$ (1,333,607) |
|                                      | <hr/>          |

**NOTE 5 - PARTY-IN-INTEREST TRANSACTIONS**

Certain Plan assets are investments sponsored by Vanguard Fiduciary Trust Company, the Plan's trustee. Other assets are invested in the stock of DLZ Corporation, the Plan sponsor. Transactions in these investments qualify as exempt party-in-interest transactions.

The Company provides certain accounting, administrative and investment management services to the Plan for which it receives no compensation.

---

**NOTE 6 - PLAN EXPENSES**

Administrative expenses paid from the Plan represent recordkeeping and administrative fees which amounted to \$129,960 for the year ended December 31, 2022.

**NOTE 7 - TAX STATUS**

The Plan received a favorable determination letter from the Internal Revenue Service dated February 8, 2018, stating the Plan, as then designed, was qualified under Section 401 of the Internal Revenue Code. The Plan has since been amended; however, the Plan administrator believes the Plan is currently designed and is being operated in compliance with the applicable requirements of the Internal Revenue Code. Therefore, they believe the Plan was qualified and the related trust was tax-exempt as of the financial statement date.

Authoritative accounting standards require the Plan to examine its tax positions for uncertain positions. Management is not aware of any tax positions that are more likely than not to change in the next 12 months or that would not sustain an examination by applicable taxing authorities.

The Plan's policy is to recognize penalties and interest as incurred in its statement of changes in net assets available for benefits, which totaled \$0 for the year ended December 31, 2022.

**NOTE 8 - FAIR VALUE MEASUREMENTS**

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in valuation methodologies at December 31, 2022, compared to December 31, 2021. The Company's policy is to recognize transfers between levels at the end of each reporting period, if applicable. There were no transfers in or out of Level 3 assets or liabilities during the year ended December 31, 2022.

Money market funds: Valued at the daily closing price as reported by the underlying fund, which is traded on a national exchange.

Registered investment companies: Valued at the daily closing price as reported by the underlying fund, which is traded on a national exchange.

DLZ Corporation preferred stock: Valued at fair value as determined by a third-party independent appraiser, which has been reviewed and approved by the Plan trustee and management.

**NOTE 8 - FAIR VALUE MEASUREMENTS (CONTINUED)**

Common / collective trust: Valued at fair value, using the practical expedient as provided by the Financial Accounting Standard Board's (FASB) Accounting Standards Codification (ASC) 820. The practical expedient would not be used if it is determined probable that the funds will sell the investment for an amount different from the report NAV. The Plan's investments in common and collective trusts, which invest in fixed income securities, guaranteed investment contracts and a money market fund, calculate NAV per unit. Investments in common and collective trusts are marked to market and priced daily.

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan's management believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

Following is a summary, by level within the fair value hierarchy, of the Plan's assets at fair value as of December 31, 2022 and 2021:

\* Certain investments that are measured at fair value using the NAV per share (or its equivalent) have not been classified in the fair value hierarchy. The fair value amounts presented on these tables are intended to permit reconciliation of the fair value hierarchy to the amounts presented in the statements of net assets available for benefits.

The appraiser utilized three valuation techniques to determine the fair market value per share. The appraiser weighted the valuation techniques as follows:

*Capitalization of Cash Flow Method:* warrants primary consideration.

*Guideline Public Company Method:* warrants moderate consideration.

*Guideline Transaction Method:* warrants moderate consideration.

During the year ended December 31, 2022, total purchases and issues of Level 3 assets amounted to \$691,048.

**NOTE 9 - RISKS AND UNCERTAINTIES**

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect the amounts reported in the statements of net assets available for benefits.

## **Independent Auditor's Report**

**DLZ Corporation**

**Employee Stock Ownership and 401(K) Plan**

**Columbus, Ohio**

### ***Scope and Nature of the ERISA Section 103(a)(3)(C) Audit of the Financial Statements***

We have performed audits of the financial statements of DLZ Corporation Employee Stock Ownership and 401(k) Plan (the "Plan"), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C), which comprise the statements of net assets available for benefits as of December 31, 2022, and 2021, and the related statement of changes in net assets available for benefits for the year ended December 31, 2022, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under ERISA (ERISA Section 103(a)(3)(C) audit). As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the Plan by a qualified institution, provided that the investment information is prepared and certified to by the qualified institution in accordance with 29 CFR 2520.103-5 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

Management has obtained a certification from a qualified institution as of December 31, 2022 and 2021, and for the year ended December 31, 2022, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

### ***Opinion on the Financial Statements***

In our opinion, based on our audits and the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report:

- The amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America (GAAP); and
- The certified investment information in the accompanying financial statements agrees to, or is derived from, in all material respects, the information prepared and certified by a qualified institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

### ***Basis for Opinion***

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

### ***Responsibilities of Management for the Financial Statements***

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principle generally accepted in the United States of America. Management is also responsible for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern within one year after the date that the financial statements are issued or available to be issued.

Management is responsible for maintaining a current Plan instrument, including all Plan amendments. Management is also responsible for administering the Plan and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

### ***Auditor's Responsibilities for the Audit of the Financial Statements***

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit of the Financial Statements section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of GAAP.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with GAAP.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings and certain internal control related matters that we identified during the audit.

***Other Matter - Supplemental Schedule Required by ERISA***

The supplemental schedule of assets held for investment purposes is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the DOL's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS.

For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information. In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- The form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, is presented, in all material respects, in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.
- The certified investment information in the supplemental schedule agrees to, or is derived from, in all material respects, the information prepared and certified by a qualified institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

**EMPLOYEE STOCK OWNERSHIP AND 401(K) PLAN**  
**NOTES TO FINANCIAL STATEMENTS**  
**December 31, 2022**

---

**NOTE 1 - PLAN DESCRIPTION**

The following description of the DLZ Corporation Employee Stock Ownership and 401(k) Plan (the "Plan") provides only general information. Plan participants should refer to the Plan document for a more complete description of the Plan's provisions.

**General**

The Plan is a defined contribution plan that includes an Employee Stock Ownership Plan (ESOP) covering substantially all full-time employees of DLZ Corporation and Subsidiaries (the "Company"). The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

**Plan Amendment**

Effective July 1, 2022, the Plan was amended to allow participants to make after-tax contributions into the Plan and also allow participants to make in-plan Roth rollover contributions.

**Eligibility**

Employees are eligible to participate in the 401(k) portion of the Plan on the first day of the month following their date of hire. Participation in the ESOP requires an individual to complete one year of service defined as a 12-month period in which an employee works at least 1,000 hours.

**Contributions**

Each year, participants may contribute pre or after-tax contributions up to 50% of their annual eligible compensation as defined by the Plan. Participants may also contribute rollovers from other qualified plans. Participants who have attained age 50 prior to the end of the plan year are eligible to make catch-up contributions. Upon eligibility being met, participants will be automatically enrolled at a 4% deferral rate with a 1% annual increase up to 10%.

Company contributions are discretionary and consist of a match contribution. The Plan also allows for a profit-sharing contribution made at the discretion of the Board of Directors. The matching contributions are based upon a percentage of each participant's salary deferral that is contributed to the Plan. For the year ended December 31, 2022, the Company matched 50% of up to 4% of compensation contributed by each participant totaling \$1,146,864. For the year ended December 31, 2021, the Company funded an ESOP contribution totaling \$700,000.

**Forfeitures**

Forfeited balances from terminated participants' nonvested accounts are re-allocated annually to the remaining Plan participants in the ratio each participants compensation bears to the total compensation of all participants. For the year ended December 31, 2022, \$0 of forfeitures were used to reduce employer profit sharing contributions, and \$38,885 in ESOP forfeitures were re-allocated to Plan participants. Amounts available for future use as of December 31, 2022 and 2021, were \$174,614 and \$99,720, respectively.

**NOTE 1 - PLAN DESCRIPTION (CONTINUED)**

**Participant Accounts**

Each participant's account is credited with the participant's and Company's contributions, Plan earnings and charged with an allocation of administrative expenses. Company contributions and forfeitures are allocated based on participants' compensation or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account. Participants may direct their deferrals, rollovers and matching contributions into various investment options offered by the Plan.

Each participant is entitled to exercise voting rights attributable to the shares allocated to his or her account and is notified by the trustee prior to the time that such rights are to be exercised. The trustee may vote as directed by the Plan committee if no direction is received from the participant. The trustee is required, however, to vote any unallocated shares on behalf of the collective best interest of Plan participants and beneficiaries.

**Vesting**

Participants are immediately vested in their contributions plus actual earnings thereon. Vesting in the Company's portion of their accounts, plus actual earnings, is based on years of continuous service as follows:

| <u><b>Years of Service</b></u> | <u><b>Percent Vested</b></u> |
|--------------------------------|------------------------------|
| 2                              | 20%                          |
| 3                              | 40%                          |
| 4                              | 60%                          |
| 5                              | 80%                          |
| 6 or more                      | 100%                         |

**Participant Notes Receivable**

Participants may borrow from their accounts up to an amount that is equal to the lesser of \$50,000 or 50% of the present value of the participant's nonforfeitable accrued benefit.

All loans are to be repaid over a period not to exceed five years, although an extension of the repayment period may be granted if the loan proceeds are used to purchase a participant's principal residence. The loans are collateralized by the participant's vested account and bear interest at a reasonable rate for loans of a similar nature made from financial institutions. Principal and interest is paid ratably through payroll deductions. Should the participant terminate, the balance of the outstanding loan becomes due and payable, and the participant's vested account will be used to repay the loan. A participant may have no more than one loan outstanding at any time. Participant loans are valued at their unpaid principal balance plus accrued but unpaid interest.

**NOTE 1 - PLAN DESCRIPTION (CONTINUED)**

**Payment of Benefits**

For the 401(k) portion of the Plan, a participant may elect to receive a single lump sum or a series of installments equal to the value of his or her account upon termination of service, death or disability. A participant may also request in-service or hardship distributions if the requirements are met.

Payment of the ESOP account will either be paid as a single lump sum or installments over a period of time up to five years. A single lump sum will be paid to a terminated participant if their account balance is \$5,000 or less on the date of distribution. If the vested balance of the participant's account is greater than \$5,000 on the date of distribution, the account will be distributed in five annual installments. Distributions due to conflict of interest or death will be paid in a single lump sum.

All distributions are subject to the applicable provisions of the Plan document. Benefit payments are recorded when paid.

**Diversification**

Diversification is offered to participants close to retirement so that they may have the opportunity to move part of the value of their investment in Company stock into investments which are more diversified. Participants who are at least age 55 with at least 10 years of participation in the Plan may elect to diversify a portion of their account. Diversification is offered to each eligible participant over a 6-year period. In each of the first 5 years, a participant may diversify up to 25% of their shares allocated to his or her account, less any shares previously diversified. In the 6th year, the percentage changes to 50%.

**Plan Termination**

Although they have not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants will become 100% vested in their account balances.

**NOTE 2 - SIGNIFICANT ACCOUNTING POLICIES**

**Basis of Accounting**

The Plan's financial statements are prepared on the accrual method of accounting.

**Estimates**

The preparation of financial statements in conformity with U.S. generally accepted accounting principles requires the Plan administrator to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results may differ from those estimates. The fair value of DLZ Corporation preferred stock is particularly subject to change in the near term.

**NOTE 2 - SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)**

**Investments Valuations and Income Recognition**

The Plan's investments are stated at fair value. Purchases and sales of securities are recorded on a trade-date basis. Dividends are recorded on the ex-dividend date.

**Fair Value Measurements**

ASC 820 defines fair value, establishes a framework for measuring fair value and enhances disclosures about fair value measurements. Fair value is defined as the exchange price that would be received for an asset or paid to transfer a liability (or exit price) in the principal or most advantageous market for the asset or liability in an orderly transaction between market participants at the measurement date. Valuation techniques used to measure fair value must maximize the use of observable inputs and minimize the use of unobservable inputs. Observable inputs are inputs that market participants would use in pricing the asset or liability based on market data obtained from sources independent of the Plan. Unobservable inputs are inputs that reflect the Plan's assumptions about the inputs that market participants would use in pricing the asset or liability and are developed based on the best information available in the circumstances.

The fair value hierarchy input levels are as follows:

Level 1 - Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 - Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability;
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 - Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

**Management Evaluation of Subsequent Events**

The Plan has evaluated subsequent events through October 16, 2023, the date on which the financial statements were available to be issued.

**NOTE 3 - INFORMATION PREPARED AND CERTIFIED BY TRUSTEE**

The plan administrator has elected the method of annual reporting compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, The Vanguard Group, Inc and Vanguard Fiduciary Trust Company, the trustee of the Plan, has certified that the following data included in the accompanying financial statements and supplemental schedule are complete and accurate with respect to investments:

- Participant-directed investments at fair value
- Notes receivable from participants
- Net appreciation (depreciation) in fair value of participant-directed investments
- Interest and dividends
- Interest income on notes receivable from participants
- Schedule of assets (held at end of year), except for nonparticipant directed investments

The Plan's independent public accountants did not perform auditing procedures with respect to this information, except for comparing such information to the related information included in the financial statements and supplemental schedule.

**NOTE 4 - NONPARTICIPANT-DIRECTED INVESTMENTS**

The significant components of the changes in net assets relating to the nonparticipant-directed investments for the year ended December 31, 2022, are as follows:

|                                      |                |
|--------------------------------------|----------------|
| Changes in net assets:               |                |
| Contributions                        | \$ 700,000     |
| Net depreciation in investment value | (1,337,690)    |
| Distributions                        | (695,917)      |
|                                      | <hr/>          |
| Net Decrease                         | \$ (1,333,607) |
|                                      | <hr/>          |

**NOTE 5 - PARTY-IN-INTEREST TRANSACTIONS**

Certain Plan assets are investments sponsored by Vanguard Fiduciary Trust Company, the Plan's trustee. Other assets are invested in the stock of DLZ Corporation, the Plan sponsor. Transactions in these investments qualify as exempt party-in-interest transactions.

The Company provides certain accounting, administrative and investment management services to the Plan for which it receives no compensation.

**NOTE 6 - PLAN EXPENSES**

Administrative expenses paid from the Plan represent recordkeeping and administrative fees which amounted to \$129,960 for the year ended December 31, 2022.

**NOTE 7 - TAX STATUS**

The Plan received a favorable determination letter from the Internal Revenue Service dated February 8, 2018, stating the Plan, as then designed, was qualified under Section 401 of the Internal Revenue Code. The Plan has since been amended; however, the Plan administrator believes the Plan is currently designed and is being operated in compliance with the applicable requirements of the Internal Revenue Code. Therefore, they believe the Plan was qualified and the related trust was tax-exempt as of the financial statement date.

Authoritative accounting standards require the Plan to examine its tax positions for uncertain positions. Management is not aware of any tax positions that are more likely than not to change in the next 12 months or that would not sustain an examination by applicable taxing authorities.

The Plan's policy is to recognize penalties and interest as incurred in its statement of changes in net assets available for benefits, which totaled \$0 for the year ended December 31, 2022.

**NOTE 8 - FAIR VALUE MEASUREMENTS**

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in valuation methodologies at December 31, 2022, compared to December 31, 2021. The Company's policy is to recognize transfers between levels at the end of each reporting period, if applicable. There were no transfers in or out of Level 3 assets or liabilities during the year ended December 31, 2022.

Money market funds: Valued at the daily closing price as reported by the underlying fund, which is traded on a national exchange.

Registered investment companies: Valued at the daily closing price as reported by the underlying fund, which is traded on a national exchange.

DLZ Corporation preferred stock: Valued at fair value as determined by a third-party independent appraiser, which has been reviewed and approved by the Plan trustee and management.

**NOTE 8 - FAIR VALUE MEASUREMENTS (CONTINUED)**

Common / collective trust: Valued at fair value, using the practical expedient as provided by the Financial Accounting Standard Board's (FASB) Accounting Standards Codification (ASC) 820. The practical expedient would not be used if it is determined probable that the funds will sell the investment for an amount different from the report NAV. The Plan's investments in common and collective trusts, which invest in fixed income securities, guaranteed investment contracts and a money market fund, calculate NAV per unit. Investments in common and collective trusts are marked to market and priced daily.

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan's management believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

Following is a summary, by level within the fair value hierarchy, of the Plan's assets at fair value as of December 31, 2022 and 2021:

**Assets at Fair Value as of December 31, 2022**

\* Certain investments that are measured at fair value using the NAV per share (or its equivalent) have not been classified in the fair value hierarchy. The fair value amounts presented on these tables are intended to permit reconciliation of the fair value hierarchy to the amounts presented in the statements of net assets available for benefits.

The appraiser utilized three valuation techniques to determine the fair market value per share. The appraiser weighted the valuation techniques as follows:

*Capitalization of Cash Flow Method:* warrants primary consideration.

*Guideline Public Company Method:* warrants moderate consideration.

*Guideline Transaction Method:* warrants moderate consideration.

During the year ended December 31, 2022, total purchases and issues of Level 3 assets amounted to \$691,048.

**NOTE 9 - RISKS AND UNCERTAINTIES**

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect the amounts reported in the statements of net assets available for benefits.
