Independent Auditors' Report

To the Plan Administrator of Servier Pharmaceuticals LLC 401(k) Plan

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit of the 2022 Financial Statements

We have performed an audit of the accompanying financial statements of Servier Pharmaceuticals LLC 401(k) Plan (the "Plan"), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) [ERISA Section 103(a)(3)(C) audit]. The financial statements comprise the statement of net assets available for benefits as of December 31, 2022, and the related statement of changes in net assets available for benefits for the year then, and the related notes to the financial statements ("2022 Financial Statements").

Management, having determined it is permissible in the circumstances, has elected to have the audit of the Plan's 2022 financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audit need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA ("qualified institution").

Management has obtained a certification from a qualified institution as of and for the year ended December 31, 2022, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion on the 2022 Financial Statements

In our opinion, based on our audit and on the procedures performed as described in the Auditors' Responsibilities for the Audit of the 2022 Financial Statements section-

- the amounts and disclosures in the 2022 financial statements referred to above, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- the information in the 2022 financial statements referred to above related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion on the 2022 Financial Statements

We conducted our audit in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditors' Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about Servier Pharmaceuticals LLC 401(k) Plan's ability to continue as a going concern.

Management is also responsible for maintaining a current plan instrument, including all plan amendments; administering the plan; and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditors' Responsibilities for the Audit of the 2022 Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of the 2022 financial statements of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditors' report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audit did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

2022 Supplemental Schedules Required by ERISA

The supplemental schedule of delinquent participant contributions for the year ended December 31, 2022 and schedule of assets (held at end of year) as of December 31, 2022, are presented for purposes of additional analysis and are not a required part of the financial statements but are supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements.

The information included in the supplemental schedules, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with generally accepted auditing standards. For information included in the supplemental schedules that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedules, we evaluated whether the supplemental schedules, other than the information agreed to or derived from the certified investment information, including their form and content, are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion—

- the form and content of the supplemental schedules, other than the information in the supplemental schedules that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedules related to assets held by and certified to by a qualified institution agrees to or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Auditors' Report on the 2021 Financial Statements

Other auditors, who joined Mazars USA LLP, performed an audit of the 2021 financial statements of the Plan. In accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA, the prior year audit did not extend to any statements or information related to assets held for investment of the plan that were certified by a qualified institution. Their report dated October 17, 2022 indicated that (a) the amounts and disclosures in the 2021 financial statements, other than those agreed to or derived from the certified investment information, were presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America, and (b) the information in the 2021 financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C). Their report also indicated that the form and content of the 2021 supplemental schedules, other than the information in the 2021 supplemental schedules that agreed to or is derived from the certified investment information, were presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA; and the information in the 2021 supplemental schedules related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determines meets the requirements of ERISA Section 103(a)(3)(C).

Servier Pharmaceuticals LLC 401(k) Plan

Notes to Financial Statements December 31, 2022 and 2021

1. Description of the Plan

The following description of Servier Pharmaceuticals LLC 401(k) Plan (the "Plan") provides only general information. Participants should refer to the Plan document for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution plan established to provide certain employees of Servier Pharmaceuticals LLC, the sponsoring employer, and Servier Bio-Innovation LLC, the adopting employer, (collectively, the "Company") with retirement benefits in accordance with Sections 401(a) and 401(k) of the Internal Revenue Code ("IRC"). The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA").

Eligibility

All employees of the Company, as defined, upon attainment of age 18, except for leased employees, those covered by a collective bargaining agreement, nonresident aliens, and independent contractors, are eligible to participate in the Plan the day eligibility requirements are met.

The Plan includes an automatic enrollment provision under which, the Company automatically defers 5% of the participant's eligible compensation (as defined), commencing the day eligibility requirements are met. The automatic deferral contribution will increase by 1% annually, not to exceed 10%. Participants may cancel, modify or otherwise change any of the automatic elections.

Participant Contributions

Eligible participants may make voluntary contributions through salary reductions from 1% to 75% of their eligible annual pre-tax compensation, as defined by the Plan, limited to the maximum amounts allowed under the provisions of the IRC (\$20,500 in 2022). Further, participants who are 50 years of age or older as of December 31, 2022, may contribute an additional "catch up" contribution (\$6,500 in 2022). The Plan also allows for participants to defer funds into a Roth 401(k). These deferrals are subject to federal income taxes, and the maximum allowable participant contribution is \$20,500 combined between both the Roth and the pre-tax deferral. The Plan allows rollover contributions from other qualified plans, as defined in the Plan document. The Plan currently offers various mutual funds as investment options for participants.

Employer Contributions

The Company may make safe harbor matching contributions on behalf of each participant enrolled in the Plan equal to 100% of every dollar contributed on the first 5% of eligible compensation. During the plan year ended December 31, 2022, safe harbor matching contributions totaled \$4,244,308, net of \$6,239 of forfeitures used. The Company may also make a discretionary contribution allocated using employee annual pay for the plan year. There were no discretionary contributions during the year ended December 31, 2022.

The Company makes a safe harbor matching contribution of 100% of every dollar contributed, not to exceed 5% of the participants' eligible compensation.

Participant Accounts

Each participant's account is credited with their respective contributions and their allocation of (a) employer contributions and (b) Plan earnings or losses.

Rollover Contributions

Participants may roll over part or all of an eligible rollover distribution received from an eligible retirement plan into this Plan regardless of whether the participant has satisfied the eligibility requirements of the plan.

Vesting

Participants' voluntary contributions, rollover contributions, employer safe harbor matching contributions and earnings thereon vest immediately. Participants vest in employer discretionary contributions upon 3 years of service. In the event of death, disability, or attainment of age 65, participants' accounts become fully vested.

Servier Pharmaceuticals LLC 401(k) Plan

Payment of Benefits

Upon termination of employment, retirement, death, or disability, the participant or the participant's beneficiary is entitled to receive the vested portion of the participant's account in a single lump-sum or installments. Participants may withdraw their rollover contributions and earnings thereon at any time, not more than once in any 12-month period. Further, withdrawals before leaving the Company are available after attaining the age of 59 ½ or for special "hardship" reasons (as defined). Such withdrawals are only permitted once in any 12-month period. Participants may also withdraw any part of their vested account if such distribution meets the requirements to be a qualified reservist distribution. Distributions to participants are recorded when paid.

Forfeitures

The Plan provides that forfeitures, the unvested portion of employer contributions for terminated participants, may serve to reduce future Company contributions or plan expenses. As of December 31, 2022 and 2021, the balance in the forfeiture account was \$2,459 and \$4,601, respectively. During the year ended December 31, 2022, forfeitures amounting to \$6,239 were used to fund Company contributions and \$1,638 was forfeited from participant accounts.

Loans

The Plan does not permit participants to take loans from their accounts.

2. Summary of Significant Accounting Policies

Basis of accounting

The accompanying financial statements have been prepared on the accrual basis of accounting in accordance with accounting principles generally accepted in the United States of America.

Administrative Expenses

Administrative expenses of the Plan are paid by either the Plan or the Company, as provided for in the Plan document.

Use of Estimates

The preparation of the financial statements in conformity with accounting principles generally accepted in the United States of America requires Plan management to make estimates and assumptions that affect the amounts reported in the financial statements and accompanying notes. Accordingly, actual results could differ from those estimates.

Investment Valuation and Income Recognition

Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Plan's sponsor determines the Plan's valuation policies utilizing information provided by the trustee. See Note 8 for disclosures on fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation (depreciation) includes the Plan's gains and losses on investments bought and sold during the year as well as held at year end.

Subsequent Events

The Plan has evaluated subsequent events through October 16, 2023 which is the date the financial statements were available to be issued.

3. Information Certified by The Plan's Trustee

The Plan Administrator has elected the method of annual reporting permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

The following is a summary of the investment information and notes receivable from participants regarding the Plan as of December 31, 2022 and 2021, and for the year ended December 31, 2022, included in the Plan's financial statements and supplemental schedules that was prepared or derived from information provided by Principal Trust Company ("Principal"), the trustee of the Plan, and furnished to the plan administrator. The plan administrator has obtained certifications from the trustee that such information is complete and accurate.

Information relating to investments from participants held by the trustee at December 31, is as follows:

	2022	2021
Investments, at fair value	<u>\$ 27,081,446</u>	<u>\$ 22,876,579</u>

The following was also certified by the trustee for the year ended December 31, 2022:

	2022
Net depreciation in fair value of investments	<u>\$ (5,002,783)</u>
Dividend and interest income	<u>\$ 515,666</u>

4. Tax Status

The Plan operates under a pre-approved plan which has received a favorable opinion letter, dated June 30, 2020, from the Internal Revenue Service, indicating that the pre-approved plan, as then designed, was in compliance with the applicable requirements of the IRC. The Plan has been amended since receiving the opinion letter however, the Company believes that the Plan is currently designed and being operated in compliance with the applicable requirements of the IRC. Therefore, no provision for income taxes has been included in the Plan's financial statements.

The Financial Accounting Standards Board has issued a standard regarding the accounting and recognition of income tax positions taken or expected to be taken by the Plan. The plan administrator assesses the tax positions taken by the Plan and has concluded that as of December 31, 2022, there are no uncertain tax positions taken or expected to be taken that would require recognition or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The Plan's management believes it is no longer subject to income tax examinations for years prior to 2019.

5. Related Party Transactions

The Company provides certain accounting, recordkeeping and administrative services to the Plan for which it receives no compensation. As Principal is the trustee of the Plan, recordkeeping or other administrative fees paid to them qualify as party-in interest transactions that are exempt from the prohibited transaction rules, as defined by ERISA. Fees paid by the Plan for the trustee and recordkeeping services amounted to \$52,135 for the year ended December 31, 2022.

6. Plan Termination

Although it has not expressed any intent to do so, the Company has the right to terminate the Plan at any time, subject to the provisions of ERISA. In the event that the Plan and the related trust terminate, all accounts will be valued as of the termination date, participants will become 100% vested in their accounts, and the account balances will be distributed in full to participants.

7. Risks and Uncertainties

Servier Pharmaceuticals LLC 401(k) Plan

The Plan provides for various investment options in accounts which invest in various investment securities. Investment securities are exposed to various risks such as interest rate, market and credit. Due to the level of risk associated with certain investment securities and the level of uncertainty related to changes in the value of investment securities, it is at least reasonably possible that these changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits and the statement of changes in net assets available for benefits.

8. Fair Value Measurements

Accounting standards require that financial and non-financial assets and liabilities, recognized or disclosed in financial statements on a recurring basis (at least annually), be measured at fair value. These standards define fair value as the exchange price that would be received for an asset or paid to transfer a liability (an exit price) in the principal or most advantageous market for the asset or liability in an orderly transaction between market participants on the measurement date.

These standards also establish a fair value hierarchy which requires an entity to maximize the use of observable inputs and minimize the use of unobservable inputs when measuring fair value. These standards describe three levels of inputs that may be used to measure fair value:

Level 1 - Quoted prices in active markets for identical assets or liabilities that are accessible at the measurement date.

Level 2 - Observable inputs other than Level 1 prices such as quoted prices for similar assets or liabilities in active markets; quoted prices for similar assets or liabilities in markets that are not active; or model-derived valuations or other inputs that are observable or can be corroborated by observable market data for the assets or liabilities.

Level 3 - Unobservable inputs for the asset or liability that are significant to the fair value measurement. These inputs reflect the Plan's assumptions about the assumptions a market participant would use in pricing the asset or liability.

The Plan uses appropriate valuation techniques based on the available inputs to measure the fair value of its investments.

When available, the Plan measures fair value using Level 1 inputs because they generally provide the most reliable evidence of fair value. Level 2 and Level 3 inputs are only used when higher level inputs are not available.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurements.

The following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2022 and 2021.

Mutual funds: Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily net asset value ("NAV") and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

Investments at fair value as of December 31, 2022 are as follows:

Servier Pharmaceuticals LLC 401(k) Plan

	Level 1	Level 2	Level 3	Total
Mutual funds	\$ 27,081,445	\$ -	\$ -	\$ 27,081,445
Investments at fair value	<u>\$ 27,081,445</u>	<u>\$ -</u>	<u>\$ -</u>	<u>\$ 27,081,445</u>

Investments at fair value as of December 31, 2021 are as follows:

	Level 1	Level 2	Level 3	Total
Mutual funds	\$ 22,876,579	\$ -	\$ -	\$ 22,876,579
Investments at fair value	<u>\$ 22,876,579</u>	<u>\$ -</u>	<u>\$ -</u>	<u>\$ 22,876,579</u>

9. Delinquent Participant Contributions

During 2022, the Company did not remit to the Plan's trustee certain participant contributions and loan repayments totaling \$2,107,733, within the time period prescribed by the Department of Labor regulations. Delays in remitting the contributions to the trustee were due to administrative errors.

10. Reconciliation of financial statements to the Form 5500

The following is a reconciliation of net assets available for benefits per the financial statements to the Form 5500 as of December 31, 2022 and net increase in net assets available for benefits per the financial statements to the Form 5500 for the year ended December 31, 2022:
