Helen Woodward Animal Center 403(b) Plan

Scope and Nature of the ERISA Section 103(a)(3)(c) Audit

We have performed audits of the accompanying financial statements of Helen Woodward Animal Center 403(b) Plan, an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) [ERISA Section 103(a)(3)(C) audit]. The financial statements comprise the statements of net assets available for benefits as of December 31, 2022 and 2021, and the related statements of changes in net assets available for benefits for the years then ended, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of Helen Woodward Animal Center 403(b) Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained a certification from a qualified institution as of and for the years ended December 31, 2022 and 2021, stating that the certified investment information, as described in Note 4 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section -

- the amounts and disclosures in the financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- the information in the accompanying financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America. Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of Helen Woodward Animal Center 403(b) Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about Helen Woodward Animal Center 403(b) Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments; administering the plan; and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with generally accepted auditing standards, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.

- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of Helen Woodward Animal Center 403(b) Plans internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about Helen Woodward Animal Center 403(b) Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audits, significant audit findings, and certain internal control-related matters that we identified during the audit.

Supplemental Schedules Required by ERISA

The supplemental schedule of assets (held at the end of the year) as of December 31, 2022 is presented for purposes of additional analysis and are not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with generally accepted auditing standards. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including their form and content, are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion—

- the form and content of the supplemental schedule, other than the information in the supplemental schedules that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

NOTE 1 DESCRIPTION OF PLAN

The following description of Helen Woodward Animal Center 403(b) Plan ("Plan") provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

GENERAL

The Plan is a defined contribution plan covering all eligible employees of Helen Woodward Animal Center (the "Center"). The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA), as amended.

CONTRIBUTIONS

Contributions to the Plan are as follows:

- 1) Elective Deferrals: All employees are eligible to contribute to the plan. The maximum deductible participant contribution allowable by the IRS was \$20,500 and \$19,500, respectively, for 2022 and 2021. Participants greater than fifty years old can make catch-up contributions in addition to the above, up to the maximum amount allowed by the IRS (\$6,500 for 2022 and 2021). An additional deferral limit is available for employees that have completed 15 or more years of service.
- 2) Employer Matching Contributions: The Plan sponsor at the discretion of management may make a matching contribution to the plan for employees who have completed one year of service. Employees are credited with a year of service for eligibility purposes upon completion of a minimum of 1,000 hours of service during a consecutive twelve-month period. Management matches 100% of all salary deferrals up to 4% of eligible wages for all eligible employees.
- 3) Each year, any participants may also rollover or transfer amounts from other qualified defined benefit or contribution plans.

PARTICIPANT ACCOUNTS

Each participant's account is credited with their contribution, and an allocation of the Company's contributions and the Plan earnings. Allocations are based on participant earnings, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's account.

NOTES TO THE FINANCIAL STATEMENTS
DECEMBER 31, 2022 AND 2021**

Page 9

VESTING

Participants are immediately vested in their contributions plus actual earnings thereon. Participants are 100% vested in the Center's contribution portion as received.

INVESTMENT OPTIONS

Upon enrollment into the Plan, participants may direct their account balances towards offered insurance annuity contracts or custodial accounts that invest solely in shares of registered investment companies. All earnings and losses on the directed investments are credited directly to the participants account.

PAYMENT OF BENEFITS

The current value of a participant's account(s) may be withdrawn to provide benefits in accordance with the terms of the Plan document. The withdrawal may be taken as a lump-sum payment or an alternate form of payment, if permitted under the Plan, at the time of distribution.

For purposes of determining whether or not a withdrawal is being used to provide benefits in accordance with the Plan document, the term "benefits" is limited to amounts becoming payable to the participant due to:

- (A) termination of employment
- (B) retirement
- (C) disability
- (D) death
- (E) in service distributions after 59.5 years of age
- (F) hardship

As defined in the plan document.

Withdrawals for reasons other than those listed above are allowed but may be subject to certain charges and adjustments.

In the event of a mandatory distribution greater than \$1,000, but no more than \$5,000, in accordance with the payment provisions of the Plan, if the participant does not elect to have such distributions paid directly to an eligible retirement plan specified by the participant in a direct rollover or to receive the distribution directly under any form of payment allowed under the Plan, then the distribution will be paid in a direct rollover to an individual retirement plan designated by the plan administrator. Mandatory distributions of \$1,000 or less will be paid in cash as directed by the plan administrator,

unless the Participant elects a direct rollover or elects to receive the distribution under another form permitted by the Plan.

NOTES RECEIVABLE FROM PARTICIPANTS

The participants may borrow money from the Plan provided it is adequately secured. They may use up to one-half of their vested account balance as security for the loan. All loans must bear a reasonable rate of interest. Loan terms range from 1-5 years of up to 30 years for the purchase of a primary residence. Participants can borrow no more than the lesser of \$50,000 or one-half of the present value of their non-forfeitable accrued benefit. In addition, no loan in an amount less than \$1,000 will be made.

ADMINISTRATION FEES

Amounts totaling \$41,453 and \$30,873 were paid directly by the plan for participant distribution, administration and loan fees in 2022 and 2021, respectively. A participant's account balance will be charged with certain fees and expenses. Certain investment related expenses are included as a reduction of investment return and are not separately reflected. A portion of the remaining administrative expenses of the plan, such as audit fees were paid by the employer for the years ended December 31, 2022 and 2021. Fees for the administration of notes receivable from participants are included in administrative expenses and charged directly to the participant's account.

FORFEITED ACCOUNTS

At December 31, 2022 and 2021, forfeited vested accounts totaled \$3,041 and \$3,003, respectively. In the event that non vested accounts are forfeited, such accounts are used to reduce current year employer contributions and administrative fees. No forfeitures were reallocated towards contributions or administrative fees during 2022 and 2021.

NOTE 2 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of accounting - The accompanying financial statements have been prepared using the accrual method in conformity with generally accepted accounting principles.

Use of estimates - The preparation of financial statements in conformity with generally accepted accounting principles requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities at the date of the financial statements and the reported amounts of revenue and expenses during the reporting period. Actual results could differ from those estimates.

HELEN WOODWARD ANIMAL CENTER 403(B) PLAN
NOTES TO THE FINANCIAL STATEMENTS
DECEMBER 31, 2022 AND 2021

Page 11

Investment valuation and income recognition – Investments in mutual funds and variable annuity contracts are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the plan's gains and losses on investments bought and sold as well as held during the year.

Investment contract with insurance companies - Investment contracts held by a defined-contribution plan are required to be reported at contract value. Contract value is the relevant measurement attribute for that portion of the net assets available for benefits of a defined contribution plan attributable to fully benefit-responsive investment contracts because contract value is the amount participants would receive if they were to initiate permitted transactions under the terms of the Plan.

Fair value measurement - The Plan follows accounting standards consistent with the FASB Codification which defines fair value, establishes a framework for measuring fair value and enhances disclosures about fair value measurements for all financial assets and liabilities.

Notes receivable from participants - Loans to participants are reported at their unpaid principal balances plus any accrued but unpaid interest. Interest is recorded on the accrual basis. Related fees are charged directly to the borrowing participant's account and are included in administrative expenses when incurred. Management regularly reviews the collectability of the delinquent loan balances and records an allowance based on circumstances of the individual's underlying loan. As of December 31, 2022 and 2021, an allowance of \$0 and \$30,314 respectively, has been recorded. If a participant does not make loan repayments and management considers the participant loan to be in default, the loan balance is reduced, and the delinquent participant note receivable is recorded as a benefit payment on the terms of the plan.

Benefits - Benefits are recorded when paid.

Income taxes - The pension plan is tax exempt under the Internal Revenue Code Section 401(a) and consequently pays no income tax.

The Plan has adopted a prototype plan that relies upon the prototype plan's opinion letter from the Internal Revenue Service, dated March 2017, which stated that the Plan is in compliance with the applicable requirements of the Internal Revenue Code (IRC). Therefore, no provisions for income taxes have been included in the Plan's financial statements. Although the Plan has been amended since receiving the determination letter, the plan administrator and the Plan's tax counsel believe that the Plan is designed and is currently being operated in compliance with the applicable requirements of the IRC.

**HELEN WOODWARD ANIMAL CENTER 403(B) PLAN
NOTES TO THE FINANCIAL STATEMENTS

Page 12

The Plan follows accounting standards for uncertainty in income taxes recognized in the Plan's financial statements and prescribes a recognition threshold and measurement attribute for the financial statement recognition and measurement of a tax position taken or expected to be taken in a tax return. It also provides guidance on derecognition and measurement of a tax position taken or to be taken in a tax return. As of December 31, 2022 and 2021, the Plan has not accrued interest or penalties related to uncertain tax positions. The Plan files tax returns in the U.S. Federal jurisdiction.

NOTE 3 PLAN TERMINATION

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of plan termination, the rights of all employees to account balances accrued to the date of the termination are fully vested and non-forfeitable.

NOTE 4 INFORMATION PREPARED AND CERTIFIED BY PLAN TRUSTEE

The Plan has obtained certifications from Reliance Trust Company ("Reliance") and The Lincoln National Life Insurance Company ("Lincoln"), the trustees of the Plan that all of the information provided to the Company by Reliance and Lincoln is complete and accurate. Reliance and Lincoln certifications apply to substantially all of the Plan's investment assets, transactions, and supplemental schedules. Reliance and Lincoln reports such information primarily on the cash basis while the accompanying financial statements and supplemental schedules are presented on the accrual basis. Therefore, certain amounts reflected in the financial statements and supplemental schedules may differ from the information certified by Reliance and Lincoln.

Page 14

NOTE 5 INVESTMENT CONTRACT WITH INSURANCE COMPANY

The Plan has benefit-responsive investment contracts with Reliance Trust Company and The Lincoln National Life Insurance Company for its fixed annuity contracts at December 31, 2022 and 2021. The Trustees maintain Plan contributions in unallocated accounts which are part of the general assets of the Trustees. The contracts are included in the financial statements at contract value as reported to the Plan by the Trustees. Contract value represents contributions made under the contract, plus earnings, less participant withdrawals and administrative expenses. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investments at contract value. Total contract value at December 31, 2022 and 2021 for the investment contracts was \$770,678 and \$911,240, respectively, and is included in investments in the accompanying Statements of Net Assets Available for Plan Benefits.

There are no reserves against contract value for credit risk of the contract issuer or otherwise. The crediting interest rate is based on the rate in effect when money is deposited in the account and may not be less than 3.50% or 1.26% at December 31, 2022 (3.50% or 1.29% at December 31, 2021) depending on the fixed annuity contract the participant is invested in. Such interest rates are reviewed on a monthly basis for resetting.

Certain events limit the Plan's ability to transact at contract value with the Trustees. Such events may include but are not limited to the following: (a) amendments to the plan documents (including complete or partial plan termination or merger with another plan), (b) changes to plan's prohibition on competing investment options or deletion of equity wash provisions, (c) bankruptcy of the plan sponsor or other plan sponsor events (for example, divestitures or spin-offs of a subsidiary) that cause a significant withdrawal from the plan, or (d) the failure of the trust to qualify for exemption from federal income taxes or any required prohibited transaction exemption under Employee Retirement Income Security Act of 1974. The plan administrator does not believe that the occurrence of an event, which would limit the Plan's ability to transact at contract value with Plan participants, is probable. The investment contracts do not permit Lincoln to terminate the agreement prior to the scheduled maturity date.

NOTE 6 FAIR VALUE MEASUREMENT

The Plan follows the methods of fair value measurement to value its financial assets and liabilities. Fair value is based on the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. In order to increase consistency and comparability in fair value measurements, fair value hierarchy that prioritizes observable and unobservable inputs used to measure fair value into three broad levels has been established, which are described below:

Level 1: Quoted prices (unadjusted) in active markets that are accessible at the measurement date for identical assets or liabilities. The fair value hierarchy gives the highest priority to Level 1 inputs.

**HELEN WOODWARD ANIMAL CENTER 403(B) PLAN
NOTES TO THE FINANCIAL STATEMENTS
DECEMBER 31, 2022 AND 2021**

Page 15

Level 2: Observable inputs other than Level 1 prices such as quoted prices for similar assets or liabilities; quoted prices in inactive markets; or model-derived valuations in which all significant inputs are observable or can be derived principally from or corroborated with observable market data.

Level 3: Unobservable inputs are used when little or no market data is available. The fair value hierarchy gives the lowest priority to Level 3 inputs.

The Plan uses appropriate valuation techniques based on the available inputs to measure the fair value of its investments. When available, the Plan measures fair value using Level 1 inputs because they generally provide the most reliable evidence of fair value. Level 3 inputs are used only when Level 1 or Level 2 inputs are not available.

The Plan's policy is to recognize transfers of investments into and out of Level 3 as of the date of the event or change in circumstances that caused the transfer. For the years ended December 31, 2022 and 2021, there were no significant transfers of investments into or out of Level 3.

The fair value of the interest in the mutual funds is based on the closing price reported in the active market where the individual securities are traded, when available and is classified as Level 1 investments.

Mutual funds: The fair value of the interest in the variable annuities are based on the closing price reported in the active market where the individual securities are traded and adjusted to apply the expense factor disclosed in the annuity contract. Variable annuities are classified as Level 2 investments.

Variable annuities: The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date. There are no plan assets requiring the use of level 3 inputs for the years presented and there were no changes in the methods used to measure fair value at December 31, 2022 and 2021.

NOTE 7 RISKS AND UNCERTAINTIES

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants account balances and the amounts reported in the Statement of net assets available for plan benefits.

NOTE 8 PARTY-IN-INTEREST TRANSACTIONS

Certain Plan investments are in mutual funds, variable annuities and insurance contracts managed by The Lincoln National Life Insurance Company, and Reliance Trust Company, the trustees of the Plan, which qualifies these transactions as party-in-interest transactions. The Center also pays certain administrative fees of the Plan, which are not reimbursed. In addition, the Center provides administrative services to the Plan at no cost to the Plan.

These party-in-interest transactions are exempt from the prohibited transaction rules of ERISA.
