Report of Independent Auditor

To,
The Participants and the Plan Administrator,
GAVS Technologies NA, Inc. 401(k) Plan

Scope and nature of the ERISA Section 103(a)(3)(c) audit of financial statements for the year ended December 31, 2022

We have performed an audit of the financial statements of GAVS Technologies NA, Inc. 401(k) Plan (“the Plan”), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statement of net assets available for benefits as of December 31, 2022, and the related statement of changes in net assets available for benefits for the year then ended, and the related notes to the financial statements (“2022 financial statements”).

Management, having determined it is permissible in the circumstances, has elected to have the audit of the Plan’s 2022 financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor’s (“DOL”) Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audit need not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the DOL’s Rules and Regulations for Reporting and Disclosure under ERISA (“qualified institution”).

Management has obtained a certification from a qualified institution as of and for the year ended December 31, 2022, stating that the certified investment information, as described in note 3 to the 2022 financial statements, is complete and accurate.

Opinion on the 2022 financial statements

In our opinion, based on our audit and on the procedures performed as described in the Auditor’s responsibilities for the audit of the 2022 financial statements section —

- The amounts and disclosures in the accompanying 2022 financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- The information in the accompanying 2022 financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for opinion on the 2022 financial statements

We conducted our audit in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor’s

responsibilities for the audit of the 2022 financial statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of management for the 2022 financial statements

Management is responsible for the preparation and fair presentation of these 2022 financial statements in accordance with accounting principles generally accepted in the United States of America and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of 2022 financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the 2022 financial statements.

In preparing the 2022 financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments; administering the Plan; and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's responsibilities for the audit of the 2022 financial statements

Except as described in the scope and nature of the ERISA Section 103(a)(3)(C) audit of financial statements for the year ended December 31, 2022, section of our report, our objectives are to obtain reasonable assurance about whether the 2022 financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the 2022 financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the 2022 financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an

opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.

- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the 2022 financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audit did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the 2022 financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other matters

Supplemental schedule required by ERISA for the year ended December 31, 2022

The supplemental schedule of Schedule H, Part IV, Line 4i – Schedule of assets held as of December 31, 2022, is presented for purposes of additional analysis and not a required part of the 2022 financial statements but is supplementary information required by the DOL's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the 2022 financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the 2022 financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the 2022 financial statements or to the 2022 financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including their form and content, is presented in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion -

- The form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.
- The information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Auditors' report on the financial statements for the year ended December 31, 2021

The financial statements of the Plan for the year ended December 31, 2021, were audited by the predecessor auditor. As permitted by 29 CFR 2520.103-8 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA, management, having determined it was permissible in the circumstances, elected to have the audit performed pursuant to ERISA Section 103(a)(3)(C). Accordingly, the audit did not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, as the statements or information regarding assets so held were prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution). The predecessor auditor's report, dated October 14, 2022, indicated that (a) the amounts and disclosures in the financial statements, other than those agreed to or derived from the certified investment information, were presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America and (b) the information in the accompanying financial statements related to assets held by and certified to by a qualified institution agreed to, or was derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

(All amounts are in United States Dollars unless otherwise stated)

NOTE 1: DESCRIPTION OF PLAN

The following description of the GAVS Technologies NA, Inc. (“the Company”) 401(k) (“the Plan/ Plan Sponsor”) provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan’s provisions.

General

The Plan is a defined contribution plan covering all employees of the Company who are age twenty-one or older. It is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA). Effective November 01, 2022, Long 80, LLC, became a participating employer in the Plan.

Contributions

Each year, participants may contribute from 1% to 90% of pretax elective deferrals subject to annual limits announced by the Internal Revenue Service, or participants may make Roth Elective Deferrals as defined in the Plan. Annual participant contribution amounts are limited to \$20,500 and \$19,500 of salary deferrals for the years ended December 31, 2022, and December 31, 2021, respectively. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions which is \$6,500 for the years ended December 31, 2022, and December 31, 2021. Participants may also contribute amounts representing distributions from other qualified defined benefit or contribution plans. Participants direct the investment of their contributions into various investment options offered by the Plan. Participant contributions received during the years ended December 31, 2022, and December 31, 2021, amounted to \$821,648 and \$577,224, respectively.

The Company may decide to make an employer matching contribution to the Plan, although the Company is not required to make this contribution. Participants’ must make elective deferrals to the Plan to receive this employer matching contribution. The percentage of elective deferrals to be matched will be determined by the Company and allocated to participants at the end of the Plan Year. Employer matching contributions during the years ended December 31, 2022, and December 31, 2021, amounted to \$171,794 and \$NIL, respectively.

The Company may decide to also make a nonelective contribution to the Plan, although the Company is not required to do so. The nonelective contribution will be allocated to all employees eligible to participate in the Plan except certain higher-paid employees. Participants’ share of the nonelective contribution is in proportion to their eligible earnings compared to the eligible earnings of the other employees who will also share in the contribution. The nonelective contribution, if made, will be allocated as of the end of each Plan Year based on eligible earnings within the computation period.

Top-heavy provisions

If the Plan becomes top-heavy under applicable Internal Revenue Service rules, the Plan would be required to provide for minimum contributions and top-heavy vesting. The minimum contribution is generally a contribution by the Company allocated to all non-key employees who are eligible Participants employed on the last day of the Plan Year equal to 3% of their eligible earnings (without regard to any exclusions from eligible earnings that the employer may have elected under the Plan) unless all key employees receive a contribution of less than 3% of their eligible earnings. The amount a participant contributes to the Plan as an elective deferral is not included in calculating the 3% minimum contribution that may be required but is included in determining the contribution made on behalf of key employees.

Financial Statements

December 31, 2022, and December 31, 2021

Participant accounts

Each participant's account is credited with the participant's contribution and allocations of (a) the Company's contribution and, (b) Plan earnings, and charged with an allocation of administrative expenses. Allocations are based on participant earnings or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting

Participants are immediately vested in their elective deferral and rollover (if any) contribution accounts.

Participants are vested in nonelective contributions and earnings thereon under the following vesting schedule:

Years of vesting service	Vested percentage
Less than 2 years	0%
At least 2 years, but less than 3	20%
At least 3 years, but less than 4	40%
At least 4 years, but less than 5	60%
At least 5 years, but less than 6	80%
6 years or more	100%

Participants are vested in employer matching contributions and earnings thereon under the following vesting schedule:

Years of vesting service	Vested percentage
Less than 1 year	0%
At least 1 year, but less than 2	25%
At least 2 years, but less than 3	50%
At least 3 years, but less than 4	75%
4 years or more	100%

Notes receivable from participants

Participants may borrow from their fund accounts a minimum of \$500 up to a maximum equal to the lesser of \$50,000 or 50% of their vested account balance. Participants can have up to 3 active loans at one time, only one of which may be a primary residence loan. The loans are secured by the balance in the participant's account and bear interest rate as published in The Wall Street Journal on the 14th of each month, plus 2%. Principal and interest are paid ratably through monthly payroll deductions.

Loans must be fully repaid through payroll deductions within 5 years unless the loan is used for the purchase of your primary residence. Loans used to purchase primary residence may be repaid within a period of no more than 30 years. Participants may prepay an outstanding loan in full, by certified check, at any time.

If participants terminate employment, any remaining payments are due immediately unless they are a party in interest. If they qualify as a party in interest, they may continue to repay their loan after termination of Employment. If they do not repay the loan, the outstanding loan balance will be included in their gross income for federal income tax purposes as if it were distributed to them. If they die with an outstanding loan balance, their death will cause their loan to be in default, and their outstanding loan balance will be regarded as if it were distributed to them.

GAVS Technologies NA, Inc. 401(k) Plan

Financial Statements

December 31, 2022, and December 31, 2021

If a Participant separates from service (or takes a leave of absence) from the Employer because of service in the military and does not receive a distribution of his or her account balances, the Plan shall suspend loan repayments until the Participant's completion of military service. While the Participant is on active duty in the United States military, the interest rate on the loan shall not exceed six percent (6%), compounded annually to the extent required by law.

Benefit payments

Participant accounts are distributable, in full or as partial withdrawals, in the form of a lump sum payment or substantially equal installments of cash or in whole shares of Company securities as elected by the participant upon retirement, termination of employment, death, disability, financial hardship, attainment of age 59-1/2, or if a qualified reservist is called to active military duty. Participant account balances of less than \$5,000 are automatically distributed in a single lump sum. In addition, participant accounts can be rolled over into an individual retirement account ("IRA") or another qualified defined contribution plan. Participant distributions may not be deferred past April 1 of the calendar year following the year in which the participant attains age 70-1/2.

Forfeitures

If participants terminate employment before becoming 100% vested in their account balance but do not take a distribution from the Plan, the non-vested portion of their account balance will be forfeited as of the date the participant has five consecutive Breaks in Service. These accounts will be used to reduce future employer contributions and reimbursement of professional fees. There were no forfeitures used during the years ended December 31, 2022, and December 31, 2021.

NOTE 2: SUMMARY OF ACCOUNTING POLICIES

Basis of accounting

The financial statements of the plan are prepared on the accrual basis of accounting.

Use of estimates in financial statements

The preparation of financial statements in conformity with generally accepted accounting principles requires the plan administrator to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results may differ from those estimates.

Notes receivable from participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Delinquent participant loans are reclassified as distributions based on the terms of the Plan document.

Investment valuation and income recognition

The Plan's investments are stated at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See note 5 for a discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net (depreciation) appreciation includes the plan's gains and losses on investments bought and sold, as well as held during the year.

GAVS Technologies NA, Inc. 401(k) Plan
Financial Statements
December 31, 2022, and December 31, 2021

Payment of benefits

Benefits are recorded when paid except for any excess contributions payable to participants, which are recorded as they become payable.

Risks and uncertainties

The Plan provides for various investment options in a combination of different investment securities. The Plan's investments are exposed to various risks, including, but not limited to, interest rate, market, and credit risks. Due to the level of risk associated with certain investments and the level of uncertainty related to changes in the values of investments, it is at least reasonably possible that changes in risks in the near term would materially affect participants' account balances and the amounts reported in the Statements of Net Assets Available for Benefits and the Statement of Changes in Net Assets Available for Benefits.

Administration

Certain expenses of maintaining the Plan are paid directly by the Company and are not reflected in the financial statements. Fees related to the administration of notes receivable from participants are charged directly to the participant's accounts and are included in administrative expenses. Investment related expenses are included in net (depreciation) appreciation of the fair value of investments.

The Company serves as the Plan administrator. The Plan administrator has the responsibility to administer the Plan for the exclusive benefit of the participants and their beneficiaries. These duties include but are not limited to, establishing procedures, maintaining records, interpreting provisions of the Plan, and making determinations regarding questions that may affect eligibility for benefits. For the years ended December 31, 2022, and December 31, 2021, the Plan Administrator engaged ADP Retirement Services ("ADP") as a third-party plan administrator to assist in the administration of the Plan.

For the years ended December 31, 2022, and December 31, 2021, Reliance Trust Company served as the trustee of the Plan pursuant to the Plan agreement. The trustee received all contributions made under the Plan and held Plan assets.

NOTE 3: INFORMATION CERTIFIED BY RELIANCE TRUST COMPANY ("TRUSTEE") (UNAUDITED)

The following is a summary of the unaudited information regarding the Plan. The Plan administrator has elected the method of compliance permitted by Section 29 CFR 2520.103-8 of the U.S. Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, as permitted under such election, Reliance Trust Company the trustee has certified the completeness and accuracy of all investments and related investment activity in the accompanying financial statements and in the supplemental schedule of assets (held at end of year) and the supplemental schedule of reportable transactions:

During the year ended December 31, 2022, and 2021, the Plan's investments (including gains and losses of investments bought, sold, and held during the year) (depreciated) appreciated in value as follows:

	Year ended	
	December 31, 2022	December 31, 2021
Net (depreciation) appreciation on investments	(447,940)	74,386
Interest and dividend income	94,101	141,973

NOTE 5: FAIR VALUE MEASUREMENTS

The Plan accounts for certain assets and liabilities at fair value. The hierarchy below lists three levels of fair value based on the extent to which inputs used in measuring fair value are observable in the market. The Plan categorizes each of our fair value measurements in one of these three levels based on the lowest level input that is significant to the fair value measurement in its entirety. These levels are:

Level 1 – Quoted prices available in active markets for identical investments as of the reporting date.

GAVS Technologies NA, Inc. 401(k) Plan

Financial Statements

December 31, 2022, and December 31, 2021

Level 2 – Observable inputs to the valuation methodology are other than Level 1 inputs, which are either directly or indirectly observable as of the reporting date, and fair value can be determined through the use of models or other valuation methodologies. Quoted prices for similar instruments in active markets quoted prices for identical or similar instruments in markets that are not active; and model-derived valuations the significant inputs for which are observable.

Level 3– Inputs to the valuation methodology are unobservable inputs in situations where there is little or no market activity for the asset or liability, and the reporting entity makes estimates and assumptions related to the pricing of the asset or liability including assumptions regarding risk.

The following is a description of the valuation methodologies used for assets measured at fair value as of December 31, 2022, and 2021.

Mutual funds/Money market fund: Valued at the net asset value of shares held by the Plan at year-end.

Stable value fund: The stable value fund consists of the Invesco Stable Asset Fund (refer note 7) and is reported at contract value which approximates fair value. Contract value represents the aggregation of contributions, plus interest, less withdrawals, if any.

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following tables below set forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2022, and December 31, 2021:

Description	<u>December 31, 2022</u>

NOTE 7: COMPOSITION AND VALUATION OF PLAN INVESTMENTS

Invesco Stable Asset Fund ("ISAF") is a collective trust fund in the Invesco Stable Asset Trust ("ISAT"). ISAT is a Collective Trust of Invesco Trust Company, a Texas state trust company. The ISAT was established by the Company to be administered as a Collective Trust exclusively for the collective investment and re-investment of assets contributed thereto by eligible pension and profit-sharing trusts and other eligible entities. ISAF is authorized by the Amended and Restated Declaration of Trust dated as of April 20, 2020. State Street Bank and Trust Company is the service provider to ISAF, providing fund accounting, financial reporting services, and custodial services. ISAF's primary investment objectives are to seek the preservation of principal and to provide interest income reasonably obtained under prevailing market conditions and rates, consistent with seeking to maintain required liquidity. Effective April 20, 2020, ISAF updated its investment guidelines to invest 100% of its assets in Class C units of Invesco Stable Value Trust (the "Underlying Fund"). Prior to April 20, 2020, ISAF invested primarily in synthetic guaranteed investment contracts.

Investments in open-end and closed-end registered investment companies and collective trust funds that do not trade on an exchange are valued at the end-of-day net asset value per unit. Investments in open-end and closed-end registered investment companies that trade on an exchange are valued at the last sales price or official closing price as of the close of the customary trading session on the exchange where the security is principally traded.

Synthetic guaranteed investment contracts ("GICs") are portfolios of securities (debt securities or units of collective trusts) with wrap contracts associated with the portfolios. Investment contracts are carried at contract value which is equal to the principal balance plus accrued interest plus deposits and less withdrawals. An investment contract is generally permitted to be valued at contract value, rather than fair value, to the extent it is fully benefit-responsive and held by a trust offered only to qualified employer-sponsored defined-contribution plans. Investment contracts that do not meet the criteria for valuation at contract value will be valued at fair value as determined by the Invesco Trust Company, and such value may be more or less than the contract value. Investment contracts have elements of risk due to the lack of a secondary market and resale restrictions resulting in the inability of ISAF to sell a contract. In addition, investment contracts may be

subject to credit risk based on the ability of the wrapper providers to meet their obligations under the terms of the contract.

Traditional GICs are backed by the general account of the issuer. ISAF deposits a lump sum with the issuer and receives a guaranteed interest rate for a specified time. Interest is accrued on either a simple interest or fully compounded basis and is paid either periodically or at the end of the contract term. The issuer guarantees that all qualified participant withdrawals, as defined, will occur at contract value (principal plus accrued interest). Traditional GICs generally do not permit issuers to terminate the agreement prior to the scheduled maturity date. The fair value of traditional GICs is determined using an income approach where the individual contract cash flows are discounted at the prevailing interpolated swap rate as of year-end.

Short-term securities are stated at amortized cost (which approximates market value) if maturity is 60 days or less at the time of purchase, or at market value if maturity is greater than 60 days.

Fixed income securities (including convertible debt securities) generally are valued on the basis of prices provided by independent pricing services. Prices provided by the pricing service may be determined without exclusive reliance on quoted prices and may reflect appropriate factors such as institution-size trading in similar groups of securities, developments related to specific securities, dividend rate (for unlisted equities), yield (for debt obligations), quality, type of issue, coupon rate (for debt obligations), maturity (for debt obligations), individual trading characteristics and other market data. Pricing services generally value debt obligations assuming orderly transactions of institutional round lot size, but a fund may hold or transact in the same securities in smaller, odd lot sizes. Odd lots often trade at lower prices than institutional round lots, and their value may be adjusted accordingly. Debt obligations are subject to interest rates and credit risks. In addition, all debt obligations involve some risk of default with respect to interest and/or principal payments.

The fair value of the separate account insurance contracts is based on the net asset value of an insurance company's separate account on which the crediting rate is based. The underlying fixed-income securities of the separate accounts are valued on the basis of valuation furnished by approved independent pricing services. These services determine valuations for normal institutional-size trading units of such securities using model or matrix pricing.

Securities for which market prices are not provided by any of the above methods may be valued based on quotes furnished by independent sources. The last bid price may be used to value equity securities. The mean between the last bid and asked prices is used to value debt obligations, including corporate loans.

Securities for which market quotations are not readily available or became unreliable are valued at fair value as determined in good faith by or under the supervision of ISAF's officers following procedures approved by the Board of Invesco Trust Company. Issuer specific events, market trends, bid/ask quotes of brokers and information providers, and other market data may be reviewed in the course of making a good faith determination of a security's fair value.

ISAF may invest in securities that are subject to interest rate risk, meaning the risk that the prices will generally fall as interest rates rise and, conversely, the prices will generally rise as interest rates fall. Specific securities differ in their sensitivity to changes in interest rates depending on their individual characteristics. Changes in interest rates may result in increased market volatility, which may affect the value and/or liquidity of certain of the ISAF's investments.

As of December 31, 2022, and December 31, 2021, all of the securities in ISAF were valued based on level 2 inputs. The level assigned to the securities valuations may not be an indication of the risk or liquidity

associated with investing in those securities. Because of the inherent uncertainties of valuation, the values reflected in the financial statements may materially differ from the value received upon the actual sale of those investments.

NOTE 8: INCOME TAX STATUS

For the year ended December 31, 2022, the Plan Sponsor entered into a non-standardized arrangement of the ADP, LLC, Non-Standardized Pre-Approved Profit-Sharing/Money Purchase/CODA. ADP, LLC has received an opinion letter from the Internal Revenue Service (“IRS”) dated October 06, 2020, which stated that the form of the non-standardized pre-approved profit-sharing plan and related trust was designed in accordance with applicable sections of the Internal Revenue Code (“IRC”). It is the opinion of the Plan trustee and the Plan’s attorney that the Plan is in compliance with all applicable laws and regulations.

For the year ended December 31, 2021, the IRS has determined and informed the Company by a letter dated, June 1, 1998 that the Plan and related trust are designed in accordance with applicable sections of the Internal Revenue Code (IRC). Although the Plan has been amended since receiving the determination letter, the Plan administrator and the Plan’s tax counsel believe that the Plan is designed and is currently being operated in compliance with the applicable requirements of the IRC.

U.S. generally accepted accounting principles require plan management to evaluate uncertain tax positions taken by the Plan. The financial statement effects of a tax position are recognized when the position is more likely than not, based on the technical merits, to be sustained upon examination by the IRS. The Plan administrator has analysed the tax positions taken by the Plan and has concluded that as of December 31, 2022, and December 31, 2021, there are no uncertain tax positions taken or expected to be taken. The Plan has recognized no interest or penalties related to uncertain tax positions. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

NOTE 9: PARTY-IN-INTEREST TRANSACTIONS

The Company, the participants, Reliance Trust Company, the trustee and ADP Retirement Services, the third-party plan administrator, have all been identified as parties-in-interest. The Plan invests in shares of mutual funds, and a stable value fund managed by the trustee. Transactions in such investments qualify as party-in-interest transactions, which are exempt from the prohibited transaction rules. Participant loans also qualify as party-in-interest and related party transactions, which are exempt from the prohibited transaction rules. Certain administrative expenses of the Plan are paid by the Company and qualify as party-in-interest transactions. The Company has a Master Service Agreement with the Trustee. The Plan pays for the services of the trustee through net fees charged to the participants in the Plan.

NOTE 10: PLAN TERMINATION

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants would become 100% vested in their employer contributions.

NOTE 11: RECLASSIFICATION

Previous year’s figures have been restated, regrouped, reworked, or reclassified wherever required, however this has no impact on net assets available for benefits.

NOTE 12: SUBSEQUENT EVENTS

The Plan evaluated all events and transactions that occurred after December 31, 2022, through the date the financial statements were available to be issued. Based on the evaluation, the Plan is not aware of any events or transactions that would require recognition or disclosure in the financial statements.
