INDEPENDENT AUDITOR'S REPORT

To the Administrative Committee
Wayne J. Griffin Electric, Inc. Retirement Savings Plan
Holliston, Massachusetts

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the financial statements of Wayne J. Griffin Electric, Inc. Retirement Savings Plan (the "Plan"), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 ("ERISA"), as permitted by ERISA Section 103(a)(3)(C) ("ERISA Section 103(a)(3)(C) audit"). The financial statements comprise the statements of net assets available for benefits as of December 31, 2022 and 2021, and the related statement of changes in net assets available for benefits for the year ended December 31, 2022, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the Plan ("investment information") by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA ("qualified institution").

Management has obtained certifications from a qualified institution as of December 31, 2022 and 2021 and for the year ended December 31, 2022, stating that the certified investment information, as described in Note 4 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section -

- The amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- The information in the accompanying financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America ("GAAS"). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current Plan instrument, including all Plan amendments; administering the Plan; and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.

Auditor's Responsibilities for the Audit of the Financial Statements (continued)

- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Supplemental Information Required by ERISA

The supplemental schedule H - Line 4i - schedule of assets (held at end of year) is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

Supplemental Information Required by ERISA (continued)

In our opinion -

- the form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

NOTES TO FINANCIAL STATEMENTS
DECEMBER 31, 2022 AND 2021

NOTE 1. DESCRIPTION OF PLAN

The following description of the Wayne J. Griffin Electric, Inc. Retirement Savings Plan (the "Plan") provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General

Wayne J. Griffin Electric, Inc. (the "Company") was incorporated on July 1, 1978 under the general laws of the Commonwealth of Massachusetts. The Company's initial adoption of a defined contribution plan was effective July 1, 1979. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA"). Effective September 9, 2021, the Plan was amended and restated. Subsequent to the Plan year end, effective June 1, 2023, the Plan was again amended and restated to offer a Roth contribution option for eligible participants.

Eligibility

The Plan is a defined contribution plan covering all full-time employees of the Company who have ninety days of service and are age eighteen or older. However, the following employees are not eligible to participate: residents of Puerto Rico, employees covered by a collective bargaining agreement, leased employees, nonresident aliens with no earned income in the U.S., interns and co-op students. Employees may begin their participation at any time after they become eligible.

Contributions

Participants may contribute up to 50% of pretax annual compensation, as defined in the Plan subject to Internal Revenue Code ("IRC" or "Code") limitations. Participants may also contribute amounts representing distributions from other qualified defined benefit or contribution plans. For the year ended December 31, 2022, the Company contributed a discretionary match of 50% of the first 6% of base compensation that a participant contributed to the Plan through salary deferrals. The Company's discretionary matching contribution is subject to change as determined by the Company on an annual basis. Additional profit sharing amounts may be contributed at the option of the Company's Board of Directors. There were no profit sharing contributions for the year ended December 31, 2022.

Participants who have attained age 50 before the close of the calendar year shall be eligible to make additional catch-up contributions to the Plan in accordance with and subject to limitations of the Plan and the IRC.

Also, the Company, as previously required by specific contracts with a state government agency, contributed 1% of gross wages to the Plan on behalf of employees directly employed by the Company on those specific contracts. There were no contract specific contributions for the year ended December 31, 2022.

NOTE 1. DESCRIPTION OF PLAN (CONTINUED)

Participant Accounts

Each participant's account is credited with the participant's contribution, Company contributions and plan earnings and charged with an allocation of administrative expenses. Allocations are based on participant earnings or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting

Participants are immediately vested in their contributions and the Company's matching and profit sharing contributions, plus actual earnings thereon.

Investments

Participants direct the investments of their contributions and the employer contributions into various mutual funds and a guaranteed investment contract. Participants may change their investment options daily.

Notes Receivable from Participants

Participants may take loans from the Plan. The maximum term of a loan may not exceed 5 years, unless it is for the purpose of buying, building, or substantially rehabilitating a personal residence, in which case not to exceed 15 years. The loans bear interest monthly at a fixed rate determined at the time a loan is authorized using the Company's bank's prime rate plus 1%. Eligible participants may borrow against their fund accounts a minimum of \$500 up to a maximum equal to the lesser of 50 percent of the participant's vested account balance or \$50,000. Collateral for loans will include the participants' entire non-forfeitable account balance and any other security required by the Plan administrator. Principal and interest is repaid through weekly payroll deductions.

Payment of Benefits

On termination of service due to death, disability, or retirement, a participant may elect to receive either a lump-sum amount equal to the value of the participant's vested interest in his or her account, or annual installments over a period not to exceed the life expectancy of the participant or applied to the purchase of an annuity contract. For termination of service due to other reasons, a participant may receive the value of the vested interest in his or her account as a lump-sum distribution.

Forfeitures

Forfeitures of the non-vested portion of withdrawing participants' accounts are allocated or divided among participants eligible to share for a plan year. As of December 31, 2022 and 2021 there was \$11,720 and \$8,182, respectively, of forfeitures available to reduce Plan administrative expenses, future employer contributions, or use to restore previously forfeited amounts. During the plan year ended December 31, 2022, \$3,268 of forfeitures were used to reduce Plan administrative expenses.

NOTE 1. DESCRIPTION OF PLAN (CONTINUED)

Investment Expense Reimbursement

Certain excess revenue received in connection with plan services that exceed agreed-upon compensation are credited to a revenue credit program account. The balance of the revenue credit program account is applied to reduce plan expenses and may be allocated back to eligible participants' accounts based on a defined formula. During 2022, there were excess revenue credits of \$209,431. These excess revenue credits have not been allocated to participants' accounts. As of December 31, 2022 and 2021 there was \$64,454 and \$115,529, respectively, of revenue credits available to reduce future Plan administrative expenses.

NOTE 2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting

The financial statements of the Plan are prepared on the accrual basis of accounting in accordance with accounting principles generally accepted in the United States of America ("U.S. GAAP").

Use of Estimates

The preparation of financial statements in conformity with U.S. GAAP requires the Plan administrator to make estimates and assumptions that affect the reported amounts of net assets available for benefits at the date of the financial statements and changes in net assets available for benefits during the year. Actual results could differ from those estimates. Any adjustments applied to estimated amounts are recognized in the years such adjustments are determined.

Investment Valuation and Income Recognition

The Plan's investments are held with Fidelity Management Trust Company, and are invested in various mutual funds, a money market fund, and a guaranteed investment contract at the participant's direction.

Investments are reported at fair value (except for the fully benefit-responsive investment contract which is reported at contract value). Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Plan's Investment Committee determines the Plan's valuation policies utilizing information provided by the investment advisers, trustee and insurance company.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net depreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

WAYNE J. GRIFFIN ELECTRIC, INC.
RETIREMENT SAVINGS PLAN
NOTES TO FINANCIAL STATEMENTS
DECEMBER 31, 2022 AND 2021

NOTE 2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

Fair Value Measurements

The Plan currently records, on a recurring basis, the fair value of its mutual funds and money market fund. U.S. GAAP defines fair value and establishes a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1 measurements) and the lowest priority to unobservable inputs (level 3 measurements).

The three levels of the fair value hierarchy are as follows:

- Level 1** Inputs are quoted prices (unadjusted) in active markets for identical assets or liabilities that the Plan has the ability to access at the measurement date.
- Level 2** Inputs other than quoted prices included within Level 1 that are observable for the asset or liability, either directly or indirectly, such as (1) Quoted prices for similar assets or liabilities in active markets, (2) Quoted prices for identical or similar assets or liabilities in inactive markets, (3) Inputs other than quoted prices that are observable for the asset or liability, (4) Inputs that are derived principally from or corroborated by observable market data by correlation or other means. If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of asset or liability.
- Level 3** Unobservable inputs based on the Plan's assessment of the assumptions that market participants would rise in pricing the asset or liability.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

The following is a description of the valuation methodology used for asset investments measured at fair value, as well as the general classification pursuant to the valuation hierarchy. There have been no changes in the methodology used at December 31, 2022 and 2021 for the Plan's investments.

- *Mutual funds and money market fund* – The fair value of mutual funds and the money market fund are valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily net asset value ("NAV") and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded and therefore are classified as Level 1.

WAYNE J. GRIFFIN ELECTRIC, INC.
RETIREMENT SAVINGS PLAN
NOTES TO FINANCIAL STATEMENTS
DECEMBER 31, 2022 AND 2021

NOTE 2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

Fair Value Measurements (Continued)

The preceding method described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the plan administrator believes its valuation method is appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of the certain financial instruments could result in a different fair value measurement at the reporting date.

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed as they are incurred. No allowance for credit losses has been recorded as of December 31, 2022 and 2021. If a participant fails to make a payment when a loan is due under the terms of the loan, that participant will be in default. In the event of default, the loan shall become due and payable immediately, and interest will continue to accrue until the entire loan balance is repaid. The Plan will take all reasonable actions to collect the balance owed on the loan. Under certain circumstances, the loan in default could be considered a distribution from the Plan and could be considered income to the participant. In any event, failure to repay a loan will reduce the benefit to which a participant would otherwise be entitled from the Plan.

Payment of Benefits

Benefit payments are recorded when paid.

Administrative Expenses

Certain expenses of maintaining the Plan are paid directly by the Company and are excluded from these financial statements. Fees related to the administration of notes receivable from participants are charged directly to the participant's account and are included in administrative expenses. Investment related expenses are included in net depreciation of fair value of investments.

Subsequent Events

The plan administrator has evaluated all subsequent events through the date which the financial statements were available to be issued, October 11, 2023, and has determined there are no subsequent events, other than those disclosed in Note 1, that require disclosure under Financial Accounting Standards Board ("FASB") Accounting Standards Codification ("ASC") Topic *Subsequent Events*.

DECEMBER 31, 2022 AND 2021**

NOTE 3. FAIR VALUE MEASUREMENT

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2022 and 2021. Classification within the fair value hierarchy table is based on the lowest level of any input that is significant to the fair value measurement:

Assets at Fair Value as of December 31, 2022				
	Level 1	Level 2	Level 3	Total
Mutual funds	\$137,302,295	\$ -	\$ -	\$137,302,295
Money market fund	52,499	-	-	52,499
Total	<u>\$137,354,794</u>	<u>\$ -</u>	<u>\$ -</u>	<u>\$137,354,794</u>

Assets at Fair Value as of December 31, 2021				
	Level 1	Level 2	Level 3	Total
Mutual funds	\$162,002,504	\$ -	\$ -	\$162,002,504
Money market fund	94,366	-	-	94,366
Total	<u>\$162,096,870</u>	<u>\$ -</u>	<u>\$ -</u>	<u>\$162,096,870</u>

NOTE 4. INFORMATION PREPARED AND CERTIFIED BY TRUSTEE

The Plan Administrator has elected the method of annual reporting compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly the trustee, Fidelity Management Trust Company, has certified to the completeness and accuracy of all investments and notes receivable from participants reflected on the accompanying statements of net assets available for benefits as of December 31, 2022 and 2021, the Supplementary Schedule H, Line 4i – Schedule of Assets (Held at End of Year) as of December 31, 2022, and the related investment activity and interest income from notes receivable from participants reflected in the statement of changes in net assets available for benefits for the year ended December 31, 2022.

The Plan's independent auditors did not perform auditing procedures with respect to this information, except for comparing such information with the related information included in the financial statements and supplementary schedule.

NOTE 5. INVESTMENT CONTRACT WITH INSURANCE COMPANY

The Plan has entered into an investment contract with New York Life Insurance Company ("NYLIFE"). NYLIFE maintains the contributions in a general account. This contract meets the fully benefit-responsive contract criteria therefore is reported at contract value. Contract value is the relevant measure for fully benefit-responsive investment contracts because this is the amount received by participants if they were to initiate permitted transactions under the terms of the Plan. Contract value represents contributions made under each contract, plus earnings, less participant withdrawals, and administrative expenses. The contract value of the traditional investment contract at December 31, 2022 and 2021 was \$13,754,172 and \$13,336,857, respectively.

NOTE 5. INVESTMENT CONTRACT WITH INSURANCE COMPANY
(CONTINUED)

The investment contract issuer is contractually obligated to repay the principal and a specified interest rate that is guaranteed to the Plan. The crediting interest rate is based on a formula agreed upon by the issuer, but it may not be less than 2.15%.

The Plan's ability to receive amounts due in accordance with fully benefit-responsive investment contracts is dependent on the third-party issuer's ability to meet its financial obligations. The issuer's ability to meet its contractual obligations may be affected by future economic and regulatory developments. There are no reserves against contract value for credit risk of the issuer or otherwise.

Certain events would limit the ability of the Plan to transact at contract value with the issuer. Such events include the following: (1) amendments to the Plan documents (including complete or partial Plan termination or merger with another plan), (2) changes to Plan's prohibition on competing investment options or deletion of equity wash provisions, (3) bankruptcy of the Plan Sponsor or other Plan Sponsor events (for example, divestitures or spin-offs of a subsidiary) that cause a significant withdrawal from the Plan, or (4) the failure of the trust to qualify for exemption from federal income taxes or any required prohibited transaction exemption under ERISA.

The Plan Administrator does not believe that any events which would limit the Plan's ability to transact at contract value with participants are probable of occurring. No events are probable of occurring that might limit the ability of the Plan to transact at contract value with the contract issuers and that also would limit the ability of the Plan to transact at contract value with the participants.

NOTE 6. RELATED PARTY AND PARTY IN INTEREST TRANSACTIONS

During the years ended December 31, 2022 and 2021, certain plan investments are shares of a guarantee investment contract with New York Life Insurance Company, mutual funds and a money market fund managed by Fidelity Management Trust Company. Therefore, certain transactions between these entities qualify as party-in-interest transactions. Fees paid by the Plan to Fidelity Management Trust Company for loan service and administration fees during the Plan year ended December 31, 2022 were \$289,029. Transactions related to notes receivable from participants also qualify as party-in-interest transactions.

Fees incurred by the Plan for investment management services are included in net depreciation in fair value of the investments, as they are paid through revenue sharing, rather than a direct payment. The Plan Sponsor pays directly any other fees related to the Plan's operations.

NOTE 7. PLAN TERMINATION

Although it has not expressed any interest to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants will become 100% vested in their accounts.

NOTE 8. RECONCILIATION WITH FORM 5500

Schedule H Parts I and II of Form 5500 are agreement with the statements of net assets available for benefits as of December 31, 2022 and 2021, and the statement of changes in net assets available for benefits for the year ended December 31, 2022, and there are no reconciling items.

NOTE 9. TAX STATUS

The Plan has adopted a volume submitter plan ("VSP") which received an determination letter from the Internal Revenue Service ("IRS") dated June 30, 2020, stating that the volume submitter plan is designed in accordance with the applicable sections of the IRC. Although the VSP has been amended since receiving the determination letter, the Plan administrator and the Plan's tax counsel believes that the Plan is designed and is currently being operated in compliance with the applicable requirements of the IRC and therefore, believe the Plan is qualified and the related trust is tax-exempt.

U.S. GAAP requires Plan management to evaluate tax positions taken by the Plan and recognize a tax liability or asset if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2022 and 2021, there are no uncertain positions taken or expected to be taken that would require recognition of a liability or asset or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

NOTE 10. RISKS AND UNCERTAINTIES

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rates, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.
