To the Board of Members,
Bershtel Enterprises LLC
dba WePackItAll 401(k) Plan

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the financial statements of Bershtel Enterprises LLC dba WePackItAll 401(k) Plan (the Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statements of net assets available for benefits as of December 31, 2022 and 2021, and the related statement of changes in net assets available for benefits for the year ended December 31, 2022, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to Section 29 CFR 2520.103-8 of the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with Section 29 CFR 2520.103-5 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of December 31, 2022 and 2021, and for the year ended December 31, 2022, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section:

- The amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America (U.S. GAAP).
- The information in the accompanying financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with U.S. GAAP, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern within one year after the date that the financial statements are issued or available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the Plan, and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor’s Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of U.S. GAAP.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with U.S. GAAP.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter - Supplemental Schedule Required by ERISA

The supplemental Schedule of Assets (Held at End of Year) as of December 31, 2022, is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the DOL's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- The form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.
- The information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

NOTE 1. PLAN DESCRIPTION

The following description of the Bershtel Enterprises LLC dba WePackItAll 401(k) Plan (the Plan) for the employees of Bershtel Enterprises LLC dba WePackItAll (the Company) provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General: The Plan, which was established effective January 1, 2009, is a defined contribution plan covering all employees of the Company, who are at least 18 years of age and have completed 1,000 hours of service during the first 12 months of employment. Plan entry date is the first day of the month following the completion of the eligibility requirements. The Plan is intended to satisfy all of the requirements for a qualified retirement plan under the appropriate provisions of the Internal Revenue Code (IRC). The Plan is also subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

Effective January 2021, Empower Retirement (Empower) became the custodian of the Plan as a result of Empower's acquisition of Massachusetts Mutual Life Insurance Company's (MassMutual) retirement plan division.

Participant Accounts and Contributions: Participants may elect to contribute any combination of pre-tax deferrals or Roth deferrals from 1% to 86% of eligible earnings, as defined in the Plan, in 1% increments. The maximum participant deferral limit was $20,500 for the year ended December 31, 2022. Catch-up contributions of $6,500 were available to participants who had attained age 50 or older by December 31, 2022 and had not exceeded the contribution limit for the Plan year.

The Company may make discretionary matching contributions to the Plan. The Company did not make any discretionary matching contributions to the Plan during the Plan year ended December 31, 2022.

Each participant's account is credited or charged with the participant's contributions, Company matching contributions, allocations of investment earnings or losses and administrative expenses.

Vesting: Participants are immediately vested in their voluntary contributions and Company matching contributions, plus actual earnings thereon.

Notes Receivable from Participants: Participants may borrow from their vested account balances up to a maximum equal to the lesser of $50,000 or 50% of their vested account balances. The minimum loan is $500. The loans are secured by the vested balance in the participant's account and bear interest at the prime rate as published in The Wall Street Journal, plus two percentage points. Principal and interest are paid ratably through payroll deductions or the participant's own personal funds over a term not to exceed five years, except for loans used to purchase or improve the participant's primary residence, which may have a repayment term not to exceed 30 years.

NOTE 1. PLAN DESCRIPTION (Continued)

Benefit Payments: Distributions of a participant's account, if elected by the participant of beneficiary, are made upon termination of service, death, disability, or retirement. Distributions are made in a lump-sum payment. If a participant's vested account is greater than $1,000 but less than $5,000, and the participant does not elect to have the amount rolled over into a specific retirement account or to receive a distribution directly, such account will be rolled over to an Individual Retirement Account. Account balances of $1,000 or less can be distributed whether or not requested. An in-service distribution can also be made to participants who have attained the age of 59-1/2, upon disability or when experiencing financial hardship.

Administrative Expenses: The Company incurs certain expenses in administering the Plan, which if not paid by the Company are passed on as expenses of the Plan. Administrative expenses charged to the Plan consist of charges associated with benefit payments, loan processing and audit fees.

Plan Termination: Although it has not expressed any intent to do so, the Company has the right to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants will become 100% vested in their accounts.

NOTE 2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting: The financial statements of the Plan have been prepared using the accrual basis of accounting.

Use of Estimates: The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect certain amounts and disclosures. Accordingly, actual results could differ from those estimates.

Valuation of Investments and Income (Loss) Recognition: The Plan's investments are stated at fair value except for fully benefit-responsive investment contracts. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The MassMutual Fixed Account is reported at contract value, as it is considered fully benefit-responsive and invests directly in insurance group annuity contracts. See Note 8 for discussion of fair value measurements.

Realized and unrealized appreciation (depreciation) is based on the market value of the assets at the end of the Plan year compared to the market value of the assets at the beginning of the Plan year, or at the time of the asset purchase or exchange during the Plan year.

Valuation of Notes Receivable from Participants: Notes receivable from participants are reported at their unpaid balance plus accrued but unpaid interest.

Benefit Payments: Benefits are recorded when paid.

NOTE 3. CERTIFIED FINANCIAL INFORMATION

The Plan Administrator has elected the method of compliance permitted by Section 29 CFR 2520.103-8 of the Department of Labor (DOL)'s Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, the financial information included in the Plan's financial statements as it relates to investment assets, investment transactions, investment income (loss), notes receivable from participants, and the schedule of assets held at end of year has been derived from information certified as complete and accurate by Empower, the custodian of the Plan, in accordance with Section 29 CFR 2520.103-5 of the DOL's Rules and Regulations for Reporting and Disclosure under the ERISA.

NOTE 4. GUARANTEED INVESTMENT CONTRACT WITH MASSMUTUAL

The Plan has a fully benefit-responsive fixed account investment in a group annuity contract with MassMutual. MassMutual maintained the contributions in a general account. The account is credited with earnings on the underlying investments and charged for participant withdrawals and administrative expenses. The guaranteed investment contract is contractually obligated to repay the principal and a specified interest rate that is guaranteed to the Plan.

Because the guaranteed investment contract is fully benefit-responsive, contract value is generally the amount that participants would receive in a transaction, so it is the most relevant measurement for the participant. The guaranteed investment contract is presented on the face of the statement of net assets available for benefits at contract value. Contract value, as reported to the Plan by MassMutual, represents contributions made under the contract, plus credited interest, less participant withdrawal and fees.

The crediting interest rate is established for amounts invested in the fixed account. The guaranteed interest rate fluctuates from year to year. The guaranteed interest rate was 1.45% for the year ended December 31, 2022.

The guaranteed investment contract subject to competing fund transfer restrictions on participant-initiated transfers. Upon termination of the group annuity contract, if the plan sponsor chooses a book value payout for termination, participant transfer restrictions may apply until the money is paid to the next provider.

The Plan's ability to receive amounts due is dependent on the issuer's ability to meet its financial obligations. The issuer's ability to meet its contractual obligations may be affected by future economic and regulatory developments.

NOTE 5. INCOME TAX STATUS

The Company has adopted a non-standardized prototype profit sharing plan that has received a favorable opinion letter dated March 31, 2014, from the Internal Revenue Service (IRS), which stated that the plan, as then designed, was in compliance with the applicable requirements of the IRC. The Plan has been amended since receiving this letter. The Plan Administrator believes that the Plan is currently designed and is being operated in compliance with the applicable provisions of the IRC. Therefore, no provision for income taxes has been included in the Plan's financial statements.

NOTE 5. INCOME TAX STATUS (Continued)

Accounting principles generally accepted in the United States of America require the Plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken uncertain tax positions that more-likely-than-not would not be sustained upon examination by applicable taxing authorities. The Plan Administrator has analyzed tax positions taken by the Plan and concluded that, as of December 31, 2022, there are no uncertain tax positions taken, or expected to be taken, that would require recognition of a liability or that would require disclosure in the financial statements.

The Plan is subject to routine audits by taxing jurisdictions. However, currently no audits for any tax periods are in progress. The Plan Administrator believes that the Plan is no longer subject to income tax examinations for years prior to December 31, 2019.

NOTE 6. PARTY-IN-INTEREST TRANSACTIONS

Certain Plan investments are managed by Empower. Therefore, these transactions qualify as party-in-interest transactions.

NOTE 7. RISKS AND UNCERTAINTIES

The Plan invests in various investment securities, which are exposed to various risks such as interest rate, market performance and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

NOTE 8. FAIR VALUE MEASUREMENTS

Fair value is determined based on assumptions that a market participant would use in pricing an asset or liability. Measurements of fair value are classified within a hierarchy based upon valuation inputs that gives the highest priority to quoted prices in active markets for identical assets or liabilities and the lowest priority to unobservable inputs. The fair value hierarchy is as follows:

Level 1 Inputs to valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in markets that are not active;
- Inputs other than quoted prices that are observable for the asset or liability; and
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

Level 3 Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

NOTE 8. FAIR VALUE MEASUREMENTS (Continued)

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

The following methods and assumptions were used to estimate the fair value of each class of assets that are recognized at fair value. There have been no changes in the methodologies used as of December 31, 2022 and 2021:

Mutual funds: Valued using quoted market prices, which represent the net assets value of shares held by the Plan at year-end.

Pooled separate accounts with underlying mutual fund investments: Valued using quoted market prices of the underlying mutual funds, which represent the net assets value of shares held by the Plan at year-end.

The method described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value:

	Fair Value Measurements Using			
At December 31, 2022	Quoted Prices In Active Markets for Identical Assets (Level 1)	Significant Other Observable Inputs (Level 2)	Significant Unobservable Inputs (Level 3)	Total
Investments at fair value				
Pooled separate accounts	$ --	$ 1,171,653	$ --	$ 1,171,653

	Fair Value Measurements Using			
At December 31, 2021	Quoted Prices In Active Markets for Identical Assets (Level 1)	Significant Other Observable Inputs (Level 2)	Significant Unobservable Inputs (Level 3)	Total
Investments at fair value				
Mutual funds	$ 1,844,824	$ --	$ --	$ 1,844,824

NOTE 9. SUBSEQUENT EVENTS

The Plan has evaluated subsequent events through October 11, 2023, the date the financial statements were available to be issued and has determined no events or transactions require recognition or disclosure in these financial statements.
