Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the plan, and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

As described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter

The supplemental schedules are presented for purposes of additional analysis and are not a required part of the financial statements but are supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements.

Inspired Senior Healthcare, LLC 401(k) Plan Notes to the Financial Statements

1. Description of Plan

The following brief description of the Inspired Senior Healthcare, LLC 401(k) Plan is provided for general information purposes only. Participants should refer to the Plan document for a more complete description of the Plan's provisions.

General – The Plan is a Section 401(k) defined contribution plan with salary deferral provisions, which was established on January 1, 2013. Under the Plan, all employees of Inspired Senior Healthcare, LLC (Company) are eligible to participate in the Plan upon completion of three months of service. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

Contributions – The Plan is a qualified cash deferred arrangement, pursuant to Section 401(k) of the Internal Revenue Code, and provides for the following contributions, which are to be maintained in separate accounts for each participant:

- (a) **Salary Deferral Contributions** – A participant may elect, on a pretax basis, to defer and contribute to the Plan each year amounts not to exceed the lesser of 85 percent of compensation, as defined, or \$20,500 (\$27,000 for participants over the age of 50), adjusted annually for cost-of-living increases.
- (b) **Employer Discretionary Matching Contributions** – Made in an amount equal to 100% of the participant's deferral, not to exceed 7% of eligible earnings up to a maximum of \$1,000.
- (c) **Rollover and Transfer Contributions** – Made by the employee from amounts distributed or transferred from other qualified plans.

Participants direct the investment of their contributions into various investment options offered by the Plan. Participants may change their investment options daily.

Participants' Accounts – Each participant's account is credited with (a) the participant's elective contribution, (b) the matching or other contributions, and (c) an allocation of the Plan's investment earnings and appreciation in the value of its investments. Account balances are decreased for (a) distributions or withdrawals, (b) an allocation of the Plan's investment losses and value depreciation, and (c) plan administrative fees and expenses. Allocations are based on participant earnings or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting – Participants are immediately vested in their Salary Deferral Contributions and Rollover, and Transfer Contributions accounts. Vesting of Employer Matching Contributions accounts for each participant is based on years of service, beginning with 25% after one year, increasing 25% per year until vesting after four years of service.

Forfeitures - Forfeitures of the non-vested portion of participants' accounts resulting from termination of employment before full vesting, may be used to pay plan expenses or reduce future employer contributions.

Basis of Accounting—The accompanying financial statements have been prepared on the accrual basis of accounting.

Payment of Benefits – Payments of benefits are made to participants or their beneficiaries upon death, retirement, disability, or at the option of the employee, termination of employment. Benefits are payable in a lump sum or by other methods as described in the Plan agreement. The Plan also permits hardship withdrawals from a participant's deferral contribution account and in-service withdrawals at the age of 59-1/2 from all vested accounts.

Borrow - Participants may borrow from their fund accounts a minimum of \$500 up to a maximum of \$50,000 or 50% of their vested account balance, whichever is less. Amounts available for loans are reduced by the highest outstanding loan balance in the borrower's account during the prior twelve-month period. Principal and interest is paid ratably through payroll deductions.

2. Summary of Significant Accounting Policies

Basis of Accounting – The accompanying financial statements have been prepared on the accrual basis of accounting.

Use of Estimates – The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Investment Valuation and Income Recognition – Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 4 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Net appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Payment of Benefits – Benefits are recorded when paid.

Administrative Expenses - Expenses relating to the purchase or sale of investments are included in the cost or deducted from the proceeds, respectively. Direct charges and expenses, including investment manager fees attributable to specific investment funds, may be charged against that investment fund. Administrative expenses such as trustee, auditor, general plan recordkeeping and Internal Revenue Service user fees may be paid directly from the Plan.

Subsequent Events – Subsequent events have been evaluated through September 1, 2022, which is the date when the investments were transferred to other plan.

3. Information Prepared and Certified by Custodian

The following information included in the accompanying financial statements and supplemental schedule was obtained from data that has been prepared and certified as complete and accurate Millennium Trust Company the Plan's custodian, as of December 31:

	2022
Investments, at fair value	\$ 311,227
Interest and dividends from investments	\$ 134
Net appreciation in fair value of investments	\$ (68,568)

4. Fair Value of Financial Instruments

The Plan discloses its assets that are measured at fair value in the Statements of Net Assets Available for Benefits by level within the fair value hierarchy as defined by applicable accounting standards:

Level 1: Quoted market prices in active markets for identical assets or liabilities

Level 2: Other observable market-based inputs or unobservable inputs that are corroborated by market data.

Level 3: Unobservable inputs that cannot be corroborated by market data that reflect the reporting entity's own assumptions.

The following tables set forth, by level within the fair value hierarchy, a summary of the Plan's investments that were measured at fair value on a recurring basis as of August 31, 2022.

On August 31, 2022, the Plan's financial instruments measured at fair value on a recurring basis were categorized as follows:

	<u>Level 1</u>	<u>Level 2</u>	<u>Level 3</u>	<u>Total</u>

4. Plan Termination

Although If the Plan terminated and management decides to transfer the assets, The Management reserves the right to terminate the Plan at any time. Upon termination, no further contributions will be made to the Plan and all amounts credited to your accounts will become 100% vested. The Management will direct the distribution of the accounts in a manner permitted by the Plan as soon as practicable. The Employees will be notified if the Plan is terminated at any point of time.

5. Tax Status

The Company believes that the Plan is currently designed and being operated in compliance with the applicable requirements of the Internal Revenue Code, and the Plan and related trust continue to be tax exempt. Therefore, no provision for income taxes has been included in the Plan's financial statements.

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the Internal Revenue Service. The Plan administrator has analyzed the tax positions taken by the Plan, and has concluded that as of August 31, 2022, there are no uncertain positions taken or expected to be taken that would require recognition of a liability or disclosure in the financial statements.

6. Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits.
