INDEPENDENT AUDITOR'S REPORT

To the Trustee
McKissick Dealerships' 401(k) Plan
Greenville, South Carolina

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the accompanying financial statements of McKissick Dealerships' 401(k) Plan (the "Plan"), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) [ERISA Section 103(a)(3)(C) audit]. The financial statements comprise the statement of net assets available for benefits as of December 31, 2022 and 2021, and the related statement of changes in net assets available for benefits for the year then ended December 31, 2022 and 2021, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained a certification from a qualified institution as of and for the years ended December 31, 2022 and 2021, stating that the certified investment information, as described in Note 8 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section—

- the amounts and disclosures in the financial statements referred to above, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- the information in the financial statements referred to above related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America. Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report.

We are required to be independent of the Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current Plan instrument, including all Plan amendments; administering the Plan; and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance, but is not absolute assurance and, therefore, is not a guarantee that an audit conducted in accordance with generally accepted auditing standards will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with generally accepted auditing standards, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.

- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Supplemental Schedules Required by ERISA

The supplemental schedule on page 13 are presented for purposes of additional analysis and are not a required part of the financial statements, but are supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with generally accepted auditing standards. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including their form and content, are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion—

- the form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

MCKISSICK DEALERSHIPS' 401(K) PLAN

NOTES TO THE FINANCIAL STATEMENTS DECEMBER 31, 2022 AND 2021

NOTE 1 – DESCRIPTION OF THE PLAN

The following description of the McKissick Dealerships' 401(k) Plan (the Plan) provides only general information. Participants should refer to the Plan document for a more complete description of the Plan's provisions.

General: The Plan is a defined contribution plan covering substantially all employees of Fairway Ford, Inc. and Fairway Investments, Inc. (referred to collectively as the "Company"). The Company owns automobile dealerships in the Upstate of South Carolina. Lines of business include new and used car sales, finance and investment, parts, service and body shop. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA").

Contributions: Contributions may be made to the Plan by both the participants and the Company. Each participant may elect to contribute up to any amount of his or her compensation subject to the limitations of the Internal Revenue Code. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions. Participants may also contribute amounts representing distributions from other qualified defined benefit or defined contribution plans (rollover). The Company's matching contribution each year is discretionary. During the years ended December 31, 2022 and 2021, the Company made matching contributions equal to 25% of the first 4% of eligible compensation that a participant contributed to the Plan. In addition, the Company may make additional discretionary contributions as defined in the Plan document, not to exceed statutory limits. Employees are eligible to make deferral contributions at the beginning of the next calendar quarter following three months of employment and attainment of age twenty-one and are eligible to receive the Company's matching contributions following one year of employment and attainment of age twenty-one. Employees are automatically enrolled when eligible to contribute at 4% of their compensation.

Investment Options: Participants direct the investment of their contributions into various investment options offered by the Plan. The Plan currently offers mutual funds. Participants may change their investment options at any time.

Participant Accounts: Each participant's account is credited with the participant's and the Company matching contributions, as well as allocations of the Company's discretionary contributions and Plan earnings. Participant accounts are charged with an allocation of administrative expenses that are paid by the Plan. Allocations are based on participant earnings or account balances as defined in the Plan document. The benefit to which a participant is entitled is the amount that can be distributed from the participant's vested account.

Vesting: Participants are immediately vested in their own contributions plus actual earnings thereon. Participant vesting in the Company's matching and discretionary contributions plus actual earnings thereon is based on years of continuous service. A participant is 20% vested after two years of credited service and vests an additional 20% per year thereafter up to 100% vested after six years.

NOTE 1 – DESCRIPTION OF THE PLAN (CONTINUED)

Payment of Benefits: Upon termination of service due to death, disability, or retirement, the vested portion of a participant's account is paid to the participant as a lump-sum distribution or in installment payments. If a participant is age 59 ½ or older or has terminated employment at age 55 or older, they may elect installment payments in lieu of a lump sum. Participants receiving required minimum distributions may elect annual installments over a certain period. Vested account balances less than \$1,000 are distributed in lump-sum payment as soon as administratively feasible following termination of service, if the participant does not timely return an election form indicating a rollover to an individual retirement account is preferred. Vested account balances between \$1,000 and \$5,000 are rolled over into an Individual Retirement Account established by the Plan Administrator for the benefit of the participant at a qualified financial institution. Hardship withdrawals are permitted. Benefits are recorded when paid.

Forfeited Accounts: In accordance with the Plan document, forfeited non-vested accounts can be used to reduce future employer contributions or pay administrative fees. At December 31, 2022 and 2021, forfeited nonvested accounts totaled \$3,809 and \$155, respectively. During the year ended December 31, 2022, no forfeitures were used to reduce employer contributions or pay administrative fees. During the year ended December 31, 2021, Sentry and PCS Advisor used \$5,148 and \$2,583, respectively, to reduce employer contributions.

NOTE 2 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Use of Estimates: The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires the Plan Administrator to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results could differ from those estimates.

Basis of Accounting: The financial statements of the Plan are prepared on the accrual basis of accounting in accordance with accounting principles generally accepted in the United States of America. For the years ended December 31, 2022 and 2021, the Form 5500 was prepared on the accrual basis of accounting and there are therefore no reconciling differences between the financial statements and the Form 5500.

Investments held by a defined contribution plan are required to be reported at fair value, except for fully benefit-responsive investment contracts held. Contract value is the relevant measure for that portion of the net assets available for benefits of a defined contribution plan attributable to fully benefit-responsive investment contracts because contract value is the amount participants normally would receive if they were to initiate permitted transactions under the terms of the Plan.

Investment Valuation and Income Recognition: As of December 31, 2022 and 2021, the Plan's investments are stated at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 3 for discussion of fair value measurements.

NOTE 2 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation (depreciation) includes the Plan's gains and losses on investments bought and sold, as well as held during the year.

Payments of Benefits: Benefits are recorded when paid.

Expenses: Certain expenses of maintaining the Plan are paid by the Plan, unless otherwise paid by the Company. Expenses that are paid by the Company are excluded from these financial statements. Beginning in 2021, no Plan expenses are covered by the Company. Investment-related expenses are included in net depreciation of fair value of investments.

NOTE 3 – FAIR VALUE MEASUREMENTS

The Plan's investments are reported at fair value in the accompanying Statements of Net Assets Available for Benefits. The fair value measurement accounting literature establishes a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. This hierarchy consists of three broad levels: Level 1 inputs consist of unadjusted quoted prices in active markets for identical assets and have the highest priority. Level 2 inputs consist of observable inputs rather than quoted prices for identical access (Level 1). Level 3 inputs are unobservable and have the lowest priority. The Plan uses appropriate valuation techniques based on the available inputs to measure the fair value of its investments. When available, the Plan measures fair value using Level 1 inputs because they generally provide the most reliable evidence of fair value. Level 2 inputs would only be used for investments for which Level 1 inputs were not available. Level 3 inputs would only be used if Level 1 or Level 2 inputs were not available. There are no Plan assets requiring the use of Level 3 inputs for the periods presented.

- Level 1 Fair Value Measurements

The fair value of mutual funds is based on quoted net asset values of the shares held by the Plan at year-end. The mutual funds held by the Plan are open-end mutual funds registered with the U.S. Securities and exchange Commission. The funds must publish their daily net asset value and transact at that price. The mutual funds held by the Plan are considered to be actively traded. The fair values of common stock, corporate bonds, and U.S. Government securities are based on quoted market prices.

- Level 2 Fair Value Measurements

Fair values are based on inputs other than quoted price included within Level 1 that are observable for valuing the asset or liability, either directly or indirectly. Level 2 inputs may also include significant adjustments to market observable inputs.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

NOTE 3 – FAIR VALUE MEASUREMENTS (CONTINUED)

The following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2022 and 2021.

- Mutual Funds

These investments are public investment vehicles valued using the net asset value (“NAV”) provided by the administrator of the fund. The NAV is based on the value of the underlying assets owned by the fund, minus its liabilities, and then divided by the number of shares outstanding. The NAV is a quoted price in an active market and classified within Level 1 of the valuation hierarchy.

The following tables set forth by level, within the fair value hierarchy, the Plan’s investments at fair value as of December 31, 2022 and 2021:

Description	Assets		
	Fair Value	Quoted Prices in Active Markets for Identical Assets (Level 1)	Significant Other Observable Inputs (Level 2)
<u>December 31, 2022:</u>			
Mutual funds	\$ 7,574,616	\$ 7,574,616	\$ -
Total Investments, at Fair Value	<u>\$ 7,574,616</u>	<u>\$ 7,574,616</u>	<u>\$ -</u>
<u>December 31, 2021:</u>			
Mutual funds	\$ 8,719,190	\$ 8,719,190	\$ -
Total Investments, at Fair Value	<u>\$ 8,719,190</u>	<u>\$ 8,719,190</u>	<u>\$ -</u>

Gains and losses (realized and unrealized) included in changes in net assets available for benefits for the years ended December 31, 2022 and 2021, are reported in net appreciation (depreciation) in fair value of investments.

The Plan’s policy is to recognize transfers between Levels 1 and 2 and into and out of Level 3 as of the date of the event or change in circumstances that caused the transfer. For the year ended December 31, 2022, there was no significant transfers between Levels 1 and 2 and no transfers into or out of Level 3. For the year ended December 31, 2021, there was a significant transfer between level 1 and 2, as the Plan changed investment options and no longer offers pooled separate accounts. There were no transfers into or out of Level 3 during the year ended December 31, 2021.

NOTE 3 – FAIR VALUE MEASUREMENTS (CONTINUED)

The preceding methods described may produce fair value calculations that may not be indicative of net realizable value or reflective of future values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

NOTE 4 – PARTY-IN-INTEREST

During the year ended December 31, 2022, no expenses charged by the Trustee were paid by the Company. During the year ended December 31, 2021, certain expenses charged by the Trustee were paid by the Company. Therefore, these transactions qualify as party-in-interest transactions. Fees paid by the Plan for contract administrator fees and investment advisory and management fees amounted to \$48,342 and \$32,238, respectively.

Certain administrative functions of the Plan are performed by officers or employees of the Company. No such officer or employee receives compensation from the Plan.

These party-in-interest transactions are exempt from the prohibited transaction rules of ERISA.

NOTE 5 – PLAN TERMINATION

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of plan termination, participants would become 100% vested in their employer contributions.

NOTE 6 – TAX STATUS

The Internal Revenue Service (IRS) has determined and informed the Company by a letter dated June 30, 2020, the Plan and related trust are designed in accordance with applicable sections of the Internal Revenue Code (IRC). Although the Plan has been amended since receiving the determination letter, the Plan Administrator and the Plan's tax counsel believe the Plan is designed and is currently being operated in compliance with the applicable requirements of the IRC and, therefore, believe that the Plan is qualified, and the related trust is tax-exempt. Therefore, no provision for income taxes has been included in the Plan's financial statements.

Accounting principles generally accepted in the United States of America require the Plan Administrator to evaluate tax positions taken by the Plan and recognize a tax liability for any uncertain tax position that more likely than not would be sustained upon examination by the IRS. The Plan is subject to routine audits by tax authorities. There are currently no audits for any tax periods in progress.

NOTE 7 – RISKS AND UNCERTAINTIES

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the Statements of Net Assets Available for Benefits.

NOTE 8 – INFORMATION CERTIFIED BY THE CUSTODIANS (UNAUDITED)

At December 31, 2022 and 2021, PCS Advisor Trust and Sentry Life Insurance Company (the Custodians), respectively, held the Plan's investments. The following is a summary of the Plan's financial information that is included in the financial statements based on information certified by the Custodians as complete and accurate in accordance with Section 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

	<u>2022</u>	<u>2021</u>
Mutual funds, at fair value	\$ 7,574,616	\$ 8,719,190
Cash	\$ 3,905	\$ 155

The investment income reported in the Statement of Changes in Net Assets Available for Plan Benefits for the year ended December 31, 2022, was certified by PCS Advisor Trust. The investment income reported in the Statement of Changes in Net Assets Available for Plan Benefits for the year ended December 31, 2021, was certified by PCS Advisor Trust and Sentry Life Insurance Company.

The information included in Supplementary Schedule 1, Schedule of Assets (Held at End of Year) was certified by PCS Advisor Trust.

NOTE 9 – ERRORS CORRECTED SUBSEQUENT TO YEAR END

Management has determined that the Plan was not being operated in accordance with the Plan document regarding the calculation of eligibility dates for employee deferrals and the employer match. This error allowed several employees to start receiving an employer match or contribute a deferral before they were eligible per the plan document. The error in eligibility dates has been corrected by the TPA subsequent to year end.

Management has determined there was an error in the calculation of several participants employer match. For at least one participant the match never started once they were eligible for the match and for at least two others the match stopped before it should have. As of the date of this report management is working to determine the root cause of this error, the extent of participants affected, and the appropriate action necessary to correct this error.

NOTE 10 – CARES AND SECURE ACTS

During the year ended December 31, 2021, the Plan implemented the required provisions of the Coronavirus Aid, Relief, and Economic Security (CARES) Act and the Setting Every Community Up for Retirement Enhancement (SECURE) Act. These provisions include allowing qualified birth or adoption distributions and allows retirees to delay taking RMDs until age 72, up from the prior age of 70 ½ for participants, among others.

NOTE 11 – SUBSEQUENT EVENTS

The Plan Administrator has evaluated subsequent events through October 13, 2023, which is the date the financial statements were available to be issued.
