INDEPENDENT AUDITOR'S REPORT

Plan Administrator of
The Equity Engineering Group 401(k) Plan

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the accompanying financial statements of **The Equity Engineering Group 401(K) Plan**, an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) [ERISA Section 103(a)(3)(C) audit]. The financial statements comprise the statement of net assets available for benefits as of December 31, 2022 and 2021, and the related statement of changes in net assets available for benefits for the year ended December 31, 2022, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of **The Equity Engineering Group 401(K) Plan** performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained a certification from a qualified institution as of and for the year ended December 31, 2022, stating that the certified investment information, as described in Note C to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audit and on the procedures performed as described in the Auditors' Responsibilities for the Audit of the Financial Statements section-

- The amounts and disclosures in the financial statements referred to above, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in

accordance with accounting principles generally accepted in the United States of America.

- The information in the financial statements related to assets held by and certified by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America. Our responsibilities under those standards are further described in the Auditors' Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of **The Equity Engineering Group 401(K) Plan** and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about **The Equity Engineering Group 401(k) Plan's** ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all Plan amendments, administering the Plan, and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditors' report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with generally accepted auditing standards, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of **The Equity Engineering Group 401(K) Plan's** internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about **The Equity Engineering Group 401(K) Plan's** ability to continue as a going concern for a reasonable period of time.

Our audit did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with

the related information presented and disclosed in the 2021 financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Supplemental Schedules Required by ERISA

The supplemental Schedule of Assets (Held at End of Year) as of December 31, 2022 is presented for purposes of additional analysis and are not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedules, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedules that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including their form and content, are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- The form and content of the supplemental schedules, other than the information in the supplemental schedules that agreed to or is derived from the certified investment information, are presented, in all material In our opinion:
- The information in the supplemental schedule related to assets held by and certified by a qualified institution agrees to or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

THE EQUITY ENGINEERING GROUP 401(k) PLAN
NOTES TO FINANCIAL STATEMENTS
December 31, 2022 and 2021

NOTE A – DESCRIPTION OF PLAN

The following description of the **Equity Engineering Group 401(k) Plan** (the “Plan”) provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan’s provisions.

General – The Plan is a defined contribution plan covering all full-time employees of **The Equity Engineering Group** (the “Company”) who are age 21 and over. Upon satisfaction of eligibility requirements, employees may enter the Plan on the first day of any month. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

Contributions – Each year, participants may elect to contribute up to 60% of pretax annual compensation, as defined in the Plan Agreement and subject to the annual IRS contribution limits. Participants may also rollover amounts representing distributions from other qualified defined benefit or contribution plans. Participants who have attained age 50 by the end of the Plan year are eligible to make catch-up contributions up to an additional \$6,500 of pre-tax annual compensation. Additional amounts may be contributed at the option of the Company. During 2022 and 2021, the Company did not contribute. Participants direct the investment of their contributions into various investment options offered by the Plan.

Participant Accounts – Great-West Trust Company (the “Trust”) is Trustee and Custodian of the Plan investments. The Trust maintains the self-directed investment accounts for each participant containing the participant’s contributions, Company contributions, net earnings or losses, and distributions and withdrawals. Company contributions are allocated based on participants’ contributions as defined by the Plan Agreements. The benefit to which a participant is entitled is the benefit that can be provided from the participant’s vested account balance. Each participant directs both separately, and distinctly, into which investment the participant contribution and employer contribution is to be invested.

THE EQUITY ENGINEERING GROUP 401(k) PLAN
NOTES TO FINANCIAL STATEMENTS
December 31, 2022 and 2021

NOTE A – DESCRIPTION OF PLAN (Continued)

Vesting – Participants are immediately vested in their voluntary contributions, employer contributions, and corresponding earnings.

Distributions – Upon termination of service by reason of retirement, death, permanent disability, or otherwise, participants or designated beneficiaries may elect to receive their vested balance in a lump sum amount. If the participant's account balance is \$5,000 or less, the Plan Administrator automatically distributes the balance to the participant in a single-sum payment. In addition, participants may receive distributions of their vested account balance for qualified financial hardships.

Investment Options - Upon enrollment in the Plan, a participant may direct contributions in any of 27 investment options in increments of one percent. Participants may change their investment options at any time.

Participant Loans- Participant loans are permitted under the plan.

NOTE B – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting – The financial statements of the Plan are prepared using the accrual method of accounting.

Financial Estimates – The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires the Plan's administrator to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenue and expenses during the period. Actual results could differ from those estimates.

Plan Expense – The plan document specifies that all expenses for the administration of the Plan may be paid by the Plan. For the years ended December 31, 2022 and 2021, the Plan paid only certain record-keeping fees. Other administrative expenses are paid by the Plan Sponsor. Certain administrative functions are performed by the officers or employees of the Company at no charge to the Plan.

THE EQUITY ENGINEERING GROUP 401(k) PLAN
NOTES TO FINANCIAL STATEMENTS
December 31, 2022 and 2021

NOTE B – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

Risks and Uncertainties – The Plan provides for various investment options that are mutual funds including any combination of certain mutual funds. The underlying investment securities are exposed to various risks, such as interest rate, market, and credit risks. Due to the level of risks associated with certain investment securities, and the level of uncertainty related to changes in the value of investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term, and that such changes could materially affect the amounts reported in the Statement of net Assets Available for Benefits and participants' individual account balances.

Investment Valuation and Income Recognition – Investments with the exception of the fully benefit investment contract are stated at fair value, Fair value is the price that would be received to sell an asset, or paid to transfer a liability, in a orderly transaction between market participants at the measurement date. See Note I for discussion of fair value. Fully benefit-responsive investment contracts are recorded at contract value. Security transactions are recorded on a trade date basis. Net appreciation includes the Plan's gains and losses bought and sold as well as held during the year, Dividends are recorded on the ex-dividend date. Interest income is recorded on the accrual basis.

Payments of Benefits – Benefits are recorded when paid.

Notes Receivable from Participants – Notes receivable from participants are measured at their unpaid principal balance plus any accrued, but unpaid, interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when incurred. If a participant ceases to make loan repayments, and the plan administrator deemed the participant loan to be in default, the participant loan balance is reduced and a benefit payment is recorded. Participants may borrow up to 50% of vested account balance not to exceed \$50,000. Loans are secured by the Participants vested account balance.

Subsequent Events – In preparing these financial statements, Plan management has evaluated events and transactions for potential recognition or disclosure through October 13, 2023, the date the financial statements were available to be issued.

THE EQUITY ENGINEERING GROUP 401(k) PLAN
NOTES TO FINANCIAL STATEMENTS
December 31, 2022 and 2021

NOTE C – SUMMARY OF INFORMATION CERTIFIED BY PLAN TRUSTEE

The total current value of the investments held by the Trustee at December 31, 2022 and 2021 was \$16,364,639 and \$22,065,411, respectively.

The Trustees of the Plan, Great Western Trust Company, have supplied the Plan Administrator with a certification as to the completeness and accuracy of the following information:

- Investments
- Interest and Dividend income
- Net appreciation in fair value of investments

NOTE D – TAX STATUS

The IRS has determined and informed the Company by a letter that the Plan and related trust are designed in accordance with applicable sections of the Internal Revenue Code (IRC). The Plan Administrator believes that the Plan is designed and is currently being operated in compliance with the applicable requirements of the IRC and, therefore, believe that the Plan is qualified and the related trust is tax-exempt.

U.S generally accepted accounting principles require Plan management to evaluate tax positions taken by the Plan and recognize tax positions taken by the Plan and recognize a tax liability or asset if the Plan has taken an uncertain position that more-likely-than-not would not be sustained upon examination by the Internal Revenue Service. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no Audits for any tax periods in progress. The Plan Administrator believes it is no longer subject to income tax examinations for years prior to 2016.

NOTE E – RELATED PARTY TRANSACTIONS

During 2022 and 2021, Plan assets were invested with Great-West Trust Company. Thus, the Trust Company, is a Trustee defined by the Plan and qualifies as a party-in-interest. Fees paid by the Plan to Great-West Trust Company amounted to \$85,075 and \$85,149 for the years ended December 31, 2022 and 2021 respectively.

**THE EQUITY ENGINEERING GROUP 401(k) PLAN
NOTES TO FINANCIAL STATEMENTS
December 31, 2022 and 2021**

NOTE F – PLAN TERMINATION

Although it has not expressed any intent to do so, the Company has the right under to terminate the Plan subject to provisions of ERISA and its related regulations.

NOTE G – BENEFITS ALLOCABLE TO WITHDRAWN PARTICIPANTS

There were no benefits payable to participants terminated prior to year-end as of December 31, 2022 and 2021.

NOTE H – FAIR VALUE MEASUREMENTS

The Plan has adopted fair value measurement accounting standards. Accounting standards define fair value and establish a framework for measuring fair value. This framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1 measurements) and the lowest priority to unobservable inputs (level 3 measurements).

The three levels of the fair value hierarchy under accounting standards are described as follows:

Level 1 – Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 - Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability;
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified contractual term, the level 2 input must be observable for substantially the full term of the asset or liability.

THE EQUITY ENGINEERING GROUP 401(k) PLAN
NOTES TO FINANCIAL STATEMENTS
December 31, 2021 and 2020

NOTE H – FAIR VALUE MEASUREMENTS (continued)

Level 3 – Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

The following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2022 and 2021.

Pooled separate accounts: Valued daily using the net asset value (NAV), as a practical expedient to fair value, of the underlying assets held by the funds.

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2022 and 2021.

<u>2021</u>	<u>Fair Value</u>	<u>Level 1</u>	<u>Level 2</u>	<u>Level 3</u>
Pooled separate accounts, NAV as a practical expedient				
To fair value	<u>\$16,364,639</u>	<u>\$ -</u>	<u>\$ -</u>	<u>\$ -</u>
<u>2020</u>	<u>Fair Value</u>	<u>Level 1</u>	<u>Level 2</u>	<u>Level 3</u>
Pooled separate accounts, NAV as a practical expedient				
To fair value	<u>\$22,065,411</u>	<u>\$ -</u>	<u>\$ -</u>	<u>\$ -</u>

THE EQUITY ENGINEERING GROUP 401(k) PLAN
NOTES TO FINANCIAL STATEMENTS
December 31, 2021 and 2020

NOTE H – Fair Value Measurements (continued)

In accordance with Subtopic 820-10, certain investments that were measured at net asset value per share or its equivalent have not been classified in the fair value hierarchy. The fair value amounts presented in this table are intended to permit reconciliation of the fair value hierarchy to line items presented in the statements of net assets available for benefits

NOTE I- Fully Benefit-Responsive Investment Contract

The Great Western Life Insurance Company assets placed in the Guaranteed Interest Fund accrue interest daily at a fixed interest rate, and both principal and interest are backed by the general account of Great Western Life Insurance Company. The asset is included in the Statement of Net Assets Available for Plan Benefits as a fixed-rate option fund at its contract value. The average yield and crediting interest rate was approximately 1.25% and 0.80% in 2022 and 2021 respectively.

Certain events, such as premature termination of the contract by the Plan or the termination of the Plan, would limit the Plan's ability to transact at contract value. The Plan Administrator believes the occurrence of such events, which would also limit the Plan's ability to contact value with Plan participants is not probable.

NOTE J – Reconciliation of Form 5500 to Financial Statements.

There were no differences between the Financial Statements and form 5500 for the years ended December 31, 2022 and 2021.
