Schedule 1 – Schedule H – Part IV – Line 4(i) - Schedule of Assets (Held At End of Year) at December 31, 2022	16

Note: The accompanying financial statements have been prepared for the purpose of filing Department of Labor Form 5500. Supplemental schedules required by Section 2520 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974, other than the one listed above, are omitted because of the absence of the conditions under which they are required.

Independent Auditor's Report

To the Trustees and the Participants of
IHI Group 401(k) Profit Sharing Plan

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the accompanying financial statements of IHI Group 401(k) Profit Sharing Plan (the "Plan"), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 ("ERISA"), as permitted by ERISA Section 103(a)(3)(C). The financial statements comprise the statements of net assets available for benefits as of December 31, 2022 and December 31, 2021 and the related statement of changes in net assets available for benefits for the year ended December 31, 2022, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audit need not extend to any statements or information related to assets held for investment of the Plan ("investment information"), by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA ("qualified institution").

Management has obtained certifications from a qualified institution as of December 31, 2022 and December 31, 2021 and for the year ended December 31, 2022, stating that the certified investment information, as described in Note 7 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section:

- The amounts and disclosures in the financial statements referred to above, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- The information in the financial statements referred to above related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America. Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current Plan instrument, including all Plan amendments; administering the Plan; and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

Auditor's Responsibilities for the Audit of the Financial Statements (continued)

In performing an audit in accordance with generally accepted auditing standards, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certifications, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Supplemental Schedule Required by ERISA

The supplemental schedule – Schedule H - Part IV – Line 4(i) – Schedule of Assets (Held at End of Year) at December 31, 2022 is presented for purposes of additional analysis and is not a required part of the financial statements but are supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with generally accepted auditing standards. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including their form and content, are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion –

- The form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, is presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- The information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Note 1 – Description of Plan

The following description of the IHI Group 401(k) Profit Sharing Plan (the “Plan”) is provided for general information only. Participants should refer to the Plan document for a more complete description of the Plan’s provisions.

General

The Plan, which was adopted as of January 1, 1989 and subsequently amended and restated is a defined contribution plan covering all eligible employees. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (“ERISA”). The following entities participate in the Plan, referred to collectively as the “Employers”:

- IHI, Inc.
- IHI Americas Inc. (Plan Sponsor effective April 1, 2019)
- IHI E&C International Corporation
- IHI Energy Solutions
- IHI Hauzer Techno Coating, LLC
- IHI Power Services Corp.
- IHI Press Technology, Inc.
- IHI Terrasun Solutions, Inc.
- IHI Turbo America Co.

Effective April 1, 2019, IHI Americas, Inc. was formed and became Plan Sponsor. During 2022, seven employees of one Employer discontinued their participation in their respective union and therefore the employees became eligible to participate in IHI Group 401(k) Profit Sharing Plan, resulting in a transfer of assets to the Plan of \$514,814. During 2022, one employee of an Employer joined their respective union and discontinued their participation in the Plan resulting in a transfer of \$29,620 out of the Plan.

Effective January 1, 2022, IHI Hauzer Techno Coating, LLC became a participant in the Plan effective July 1, 2022, IHI Energy Solutions became a participant in the Plan.

Effective January 1, 2022, Nitrocision, LLC ceased participation in the Plan.

SECURE Act 2.0

On December 23, 2022, Congress passed the Consolidated Appropriations Act of 2023 which included SECURE Act 2.0. SECURE Act 2.0 contains over 90 new retirement provisions, with varying effective dates through 2027. Since SECURE Act 2.0 provisions include both required and optional elements, the Plan administrator will determine the optional provisions to elect and amend the Plan document accordingly. Most of the significant provisions will become effective in 2024 and thereafter. Accordingly, there is no material impact to the Plan’s 2022 financial statements.

Note 1 – Description of Plan (continued)

Contributions

Upon eligibility, participants may make pre-tax elective deferrals and Roth elective deferrals to the Plan subject to certain Internal Revenue Code (“IRC”) limitations. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions. Participants may contribute amounts representing distributions from other qualified defined benefit or contribution plans. Participants may revoke their election to contribute to the Plan at any time. Participant contributions are made through voluntary salary deferrals elected by each participant. New employees who become eligible to participate in the Plan are automatically enrolled to contribute 6% of compensation unless otherwise elected. The Employers may make discretionary matching contributions equal to a percentage (to be determined each year by the Employers) of salary deferrals, which ranged from 3%-6% in 2022. In addition, each year, the Employers may make a discretionary profit sharing contribution. There was a discretionary profit sharing contribution of \$1,098,987 made to the Plan for the year ended December 31, 2022.

The Plan allows for rollover contributions from other qualified plans.

Investment options

Contributions are invested in various investment options offered in the Plan as directed by the participants.

Vesting

Participants are vested immediately in their elective deferrals plus actual earnings thereon. There are different requirements for vesting in the Employers’ discretionary matching and profit sharing contributions, as follows:

The vested percentage in the participant’s accounts attributable to matching and non-elective contributions is determined under the following schedule:

Note 1 – Description of Plan (continued)

Plan termination

Although it has not expressed any intent to do so, the Plan Sponsor has the right under the Plan as defined, to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants' contributions remain fully vested and Employers' contributions become fully vested.

Forfeitures

Forfeitures are created when participants terminate employment before becoming fully vested under the Plan. Forfeitures may be used to pay Plan expenses or to reduce future employer contributions. Forfeitures during 2022 totaled approximately \$324,000 with approximately \$716,000 of accumulated forfeitures being used in 2022 to reduce employer contributions.

Note 2 – Summary of significant accounting policies

Basis of accounting

The financial statements of the Plan are prepared using the accrual method of accounting with the exception of benefit payments which are treated on a cash basis.

Investment valuation and income recognition

The Plan's investments are stated at fair value.

Mutual funds - stated at fair value, based on the quoted market prices of the underlying securities within each fund.

Common/collective trusts - valued at the NAV of units of a bank collective trust. The NAV, as provided by the Custodian, is used as a practical expedient to estimate fair value. The NAV is based on the fair value of the underlying investments held by the fund less its liabilities. This practical expedient is not used when it is determined to be probable that the fund will sell the investment for an amount different than the reported NAV.

Guaranteed investment contracts - valued at contract value (benefit responsive) by the insurance company by discounting the related cash flows based on current yields of similar instruments with comparable durations considering the creditworthiness of the issuer.

Realized and unrealized gains and losses from the assets in each account are credited to or charged against each account.

PROFIT SHARING PLAN**

**Notes to Financial Statements (continued)
December 31, 2022**

Note 2 – Summary of significant accounting policies (continued)

Investment valuation and income recognition (continued)

Purchases and sales of securities are recorded on a trade-date basis. Interest and dividends are recorded on an accrual basis.

Management fees and operating expenses charged to the Plan for investments are deducted from individual investments and are not reflected separately. Consequently, management fees and operating expenses are reflected as a reduction of return for such investments.

Contributions

Contributions from participants are recorded as they are held from participants' wages.

Notes receivable from participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Delinquent loans are reclassified as distributions based upon the terms of the Plan document.

Administrative expenses

Certain transaction-related participant expenses, such as those associated with loan maintenance and administration, are paid by the Plan and are included in the accompanying financial statements.

Certain administrative functions are performed by employees of each of the Employers. No such employee receives compensation from the Plan.

Use of estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires the Plan Administrator to make estimates and assumptions that affect the reported amounts of assets at the date of the financial statements and the reported amounts of additions to and deductions from net assets available for benefits during the reporting period. Actual results could differ from those estimates.

Risk and uncertainties

The Plan's investments are exposed to various risks such as interest rate, market, credit and liquidity risks. Due to the level of risk associated with these investments, it is reasonably possible that changes in the values of these Investments will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits at December 31, 2022. The Plan's investments are not insured or protected by the Pension Benefit Guaranty Corporation, or any other governmental agency, accordingly, the Plan is subject to the normal investment risks associated with these types of investments. Any default on notes receivable from participants are treated as a taxable distribution to the participant.

**Notes to Financial Statements (continued)

Note 2 – Summary of significant accounting policies (continued)

Subsequent events

The Plan has evaluated events and transactions for potential recognition or disclosure through October 11, 2023, which is the date the financial statements were available to be issued.

Note 3 – Fair value measurements

For assets measured at fair value on a recurring basis, accounting standards require quantitative disclosures about the fair value measurement separately for each major class of assets. The fair value hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets and the lowest priority to unobservable inputs. The three levels of the fair value hierarchy are as follows:

Level 1 - Unadjusted quoted prices in active markets for identical assets.

Level 2 - Quoted prices for identical assets in markets that are not active, quoted prices for similar assets in active markets, inputs other than quoted market prices, and inputs derived principally from observable market data.

Level 3 - Prices or valuations that require inputs that are both significant to the fair value measurement and unobservable.

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2022 and December 31, 2021:

	2022			
	Level 1	Level 2	Level 3	Total
Mutual funds	\$107,970,001	\$ -	\$ -	\$107,970,001
Common/collective trusts measured at net asset value				1,445,323
Total				\$109,415,324

	Level 1	Level 2	Level 3	Total
Mutual funds	\$125,867,039	\$ -	\$ -	\$125,867,039

PROFIT SHARING PLAN**

**Notes to Financial Statements (continued)
December 31, 2022**

Note 4 – Investments at contract value

The Plan holds a portfolio of investment contracts that comprises fixed income guaranteed option contracts. These contracts meet the fully benefit-responsive investment contract criteria and therefore are reported at contract value. Contract value is the relevant measure for fully benefit-responsive investment contracts because this is the amount received by participants if they were to initiate permitted transactions under the terms of the Plan. Contract value represents contributions made under each contract, plus earnings, less participant withdrawals, and administrative expenses. The following represents the disaggregation of contract value between types of investment contracts held by the Plan.

	<u>2022</u>	<u>2021</u>
Fixed income guaranteed option	<u>\$2,013,509</u>	<u>\$2,288,324</u>

Note 5 – Notes receivable from participants

Participants may borrow, from their Plan accounts, a minimum of \$1,000 up to a maximum equal to the lesser of \$50,000 or 50% of their account balance. The loans are secured by the balance in the participant's account and bear interest at rates that range from 4.25% to 8.50%. These interest rates are based on the prime rate plus 1%. Principal and interest are paid ratably through payroll deductions within five years unless the funds are used to purchase a primary residence, then the Plan Administrator may permit a longer repayment term. Participants are permitted to have one loan outstanding at a time; however, effective December 1, 2017, the Plan will accept up to two transfer loans for certain eligible new participants. All transfer loans must be paid in full before a new loan may be requested. Through the adoption of the CARES Act in 2020, maximum loan amounts increased to the lesser of \$100,000 or 100% of a participant's vested account balance for 180 days following the date of enactment. A participant was required to meet certain criteria to be eligible for the increased loan amounts.

Note 6 – Party-in-interest transactions

Plan investments are managed by Principal Trust Company. Principal Trust Company is the Custodian as defined by the Plan, and therefore, these transactions qualify as party-in-interest.

Custodial, advisory and other similar type fees related to the administration of the Plan were paid by the Plan or by the Employers. These transactions also qualify as party-in-interest transactions.

Note 8 – Tax status

The Internal Revenue Service has determined and informed the Plan by letter dated June 30, 2020, that the Plan and related trust are designed in accordance with applicable sections of the IRC. Although the Plan has been amended since receiving the determination letter, the Plan's management and Trustees believe the Plan is designed and currently being operated in compliance with applicable requirements of the IRC.
