INDEPENDENT AUDITOR'S REPORT

To the Trustees and Participants of
Cooley LLP Salary Deferral and Profit Sharing Plan:

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the financial statements of Cooley LLP Salary Deferral and Profit Sharing Plan, an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 ("ERISA"), as permitted by ERISA Section 103(a)(3)(C) ("ERISA Section 103(a)(3)(C) audit"). The financial statements comprise the statements of net assets available for benefits as of December 31, 2022 and 2021, and the related statement of changes in net assets available for benefits for the year ended December 31, 2022, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of Cooley LLP Salary Deferral and Profit Sharing Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the plan ("investment information") by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA ("qualified institution").

Management has obtained certifications from a qualified institution as of December 31, 2022 and 2021, and for the year ended December 31, 2022, stating that the certified investment information, as described in Note 5 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section:

- The amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- The information in the accompanying financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America ("GAAS"). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of Cooley LLP Salary Deferral and Profit Sharing Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about Cooley LLP Salary Deferral and Profit Sharing Plan's ability to continue as a going concern for one year after the date that the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the plan, and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of Cooley LLP Salary Deferral and Profit Sharing Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about Cooley LLP Salary Deferral and Profit Sharing Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter - Supplemental Schedule Required by ERISA

The supplemental schedule, Schedule H, Part IV, Line 4i - Schedule of Assets (Held at End of Year) as of December 31, 2022, is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from, and relates directly to, the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- The form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- The information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Cooley LLP Salary Deferral and Profit Sharing Plan

Notes to Financial Statements

December 31, 2022 and 2021

1. DESCRIPTION OF THE PLAN

The following description of Cooley LLP Salary Deferral and Profit Sharing Plan (the "Plan") provides only general information. Participants should refer to the Plan Document for a more complete description of the Plan's provisions.

General

The Plan is a profit sharing and salary deferral plan covering eligible employees of Cooley LLP (the "Partnership," "Employer," or "Plan Sponsor"). Eligible employees can enroll in the Plan on the first of the month coincident with or following their date of hire. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974, as amended ("ERISA").

Employee Contributions

Participants may annually contribute, on a pretax basis, up to 75% of their eligible compensation, as defined by the Plan. Contributions are subject to annual limits specified under the Internal Revenue Code (the Code). The annual limitation was \$20,500 for 2022 and \$27,000 for participants who are age 50 or older by the end of the year. Participants may also contribute rollover amounts representing distributions from other qualified defined benefit or defined contribution plans.

Employer Contributions

The employer profit sharing contribution provision is entirely discretionary and calculated based on a uniform formula of 7.50% of eligible compensation for eligible staff and certain other employees and a higher percentage of eligible compensation for Partners, which is calculated annually based on Internal Revenue Service ("IRS") contribution limits. In 2022, the percentage was 13.28% for Partners. As of January 2022, participant employees (other than associate attorneys and Special Counsels) and Partners are immediately eligible for the profit sharing contribution upon their date of hire. Eligible employees must be employed on the last day of the Plan year in order to receive a profit sharing contribution.

Participant Accounts

Each participant's account is credited with the participant's and Partnership's contributions and an allocation of Plan earnings, based on the participant's individual investment direction. The benefit to which a participant is entitled is the participant's vested account balance.

Vesting

Participants are immediately vested in their own contributions. Participants receive no vesting of Company contributions and related earnings until they have performed one year of continuous service, at which time they are fully vested.

Notes Receivable from Participants

Participants may borrow from their fund accounts a minimum of \$1,000 up to a maximum equal to the lesser of \$50,000, less the highest outstanding loan balance in the previous twelve months, or 50% of their vested account balance. Loan terms may not exceed 60 months unless the loan is used to purchase a participant's principal residence, in which case repayment must be made within 15 years. Loans are secured by the participant's account and bear interest at 4.25% to 8.50%, which is commensurate with local prevailing lending rates. Principal and interest are paid ratably through payroll deductions or by payments from the participant to the Plan. Partners must make payments on loans by deduction from their partnership draw checks. The minimum amount of scheduled repayments is \$50 monthly or \$25 semi-monthly. These loans bear interest at the prime rate plus 1%. A participant may have up to two loans outstanding at any time.

Cooley LLP Salary Deferral and Profit Sharing Plan
Notes to Financial Statements
December 31, 2022 and 2021

Payment of Benefits

Upon termination of service for reasons other than death, a participant will generally receive an amount equal to the value of the participant's vested interest in his or her account in a lump-sum payment in cash if the benefit amount is \$1,000 or less. If the benefit is greater than \$1,000, but less than \$5,001 and the participant does not elect a distribution as soon as he or she becomes eligible for one, then the distribution will be rolled over automatically to an IRA established for the participant by the Plan Administrator. If the benefit amount is greater than \$5,001, the participant may elect to defer payment until the later of age 72 or the year of retirement. The normal retirement age of Plan participants is 65 (60 plus 5 years of service for money purchase accounts from previously terminated money purchase plan). For termination of service due to death, the participant's beneficiary will generally receive the value of the vested interest in his or her account in a lump sum cash distribution if the benefit is \$1,000 or less, as soon as administratively feasible. If the balance in the account is more than \$1,000, benefits must either be paid within five years of the participant's death or begin within one year of the participant's death and be paid over the life expectancy of the participant's beneficiary. If the participant's spouse is the beneficiary, he or she may elect to defer receipt of payments until the April 1 following the calendar year in which the participant would have reached age 72.

Forfeited Accounts

The amount of unallocated forfeited nonvested accounts available to offset future Partnership contributions or administrative expenses at December 31, 2022 and 2021, is \$41 and \$1,545, respectively. In 2022, the Partnership used forfeited funds of \$1,435 to offset the Partnership's profit sharing contributions.

2. SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting

The financial statements have been prepared on the accrual basis of accounting in accordance with accounting principles generally accepted in the United States of America ("U.S. GAAP").

Use of Estimates

The preparation of financial statements in accordance with accounting principles generally accepted in the United States requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Investment Valuation and Income Recognition

The Plan's investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Plan Administrator determines the Plan's valuation policies utilizing information provided by the custodian. See Note 3 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation (depreciation) includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Benefit Payments

Benefits are recorded when paid.

Cooley LLP Salary Deferral and Profit Sharing Plan

Notes to Financial Statements

December 31, 2022 and 2021

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred. No allowance for credit losses has been recorded as of December 31, 2022 and 2021. Delinquent participants' loans are reclassified as distributions based upon the terms of the Plan document.

Administrative Expenses

The Plan's eligible administrative fees and expenses are charged to participant accounts on a pro rata basis. Investment related expenses are netted with the appreciation (depreciation) in fair value of assets and are not readily determinable. Ineligible Plan administrative fees and expenses are paid by the Plan Sponsor. The participants pay fees associated with loans and management of assets from their self-directed accounts.

Risks and Uncertainties

The Plan invests in investment securities, limited partnerships, and other assets. Such investments are exposed to various risks such as interest rate, market volatility, and credit risks. Due to the level of risk associated with certain investments, it is at least reasonably possible that changes in the values of investments will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

3. FAIR VALUE MEASUREMENTS

The Financial Accounting Standards Board established a framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3). The three levels of the fair value hierarchy are described as follows:

Level 1 - Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 - Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability; and
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 - Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs.

Cooley LLP Salary Deferral and Profit Sharing Plan
Notes to Financial Statements
December 31, 2022 and 2021

The following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes to the methodologies used at December 31, 2022 and 2021. There were no transfers between Levels 1, 2, and 3 for the periods presented.

Money Market Accounts and Mutual Funds: Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily net asset value ("NAV") and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

Common Collective Trusts: Collective trust funds represent interests in pooled investment vehicles designed typically for collective investment of employee benefit trusts. The fair values of these investments are determined by reference to the NAV per unit provided by the fund managers as the basis for current transactions. The Plan had no unfunded commitments to the collective trust funds. The redemption notification period and frequency are not applicable to the Plan.

Self-Directed Accounts: Accounts primarily consist of mutual funds and cash equivalents that are valued on the basis of readily determinable market prices. Other assets are valued annually based on proprietary information.

Limited Partnerships and Other Assets: Valued annually based on the capital position reported on the most recent K-1 schedule or other information obtained by the trustee directly from the limited partnership, applying discounts for lack of control, lack of marketability, and lack of formal financial information.

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with those of other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2022 and 2021:

	2022

* Fair value of investments is not certified by the Custodian.

(a) In accordance with Subtopic 820-10, certain investments that were measured at NAV per share (or its equivalent) have not been classified in the fair value hierarchy. The fair value amounts presented in this table are intended to permit reconciliation of the fair value hierarchy to the line items presented in the statement of net assets available for benefits.

The table below sets forth a summary of changes in the fair value of the Plan's Level 3 investment assets for the year ended December 31, 2022:

	Limited Partnership Interests	Other Assets
Balance, beginning of year	\$ 13,963	\$ 126,000
Purchases and sales, net	-	-
Net realized and unrealized gain/(loss), net	-	-
Balance, end of year	<u>\$ 13,963</u>	<u>\$ 126,000</u>

4. PLAN TERMINATION

Although it has not expressed any intent to do so, the Sponsor has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants would become 100% vested in their accounts. The Partnership may direct that either (a) benefits be distributed to the participants in any manner permitted by the Plan as soon as practicable, or (b) the trust created by the Plan be continued and benefits be distributed to the participants or their beneficiaries as if the Plan had not terminated. Benefits under the Plan are not insured by the Pension Benefit Guaranty Corporation ("PBGC"), as that insurance does not apply to profit sharing plans or salary deferral plans.

5. INFORMATION CERTIFIED BY PLAN CUSTODIAN

No auditing procedures were performed by the independent auditor as permitted by ERISA Section 103(a)(3)(C) with respect to information certified as complete and accurate by Charles Schwab Trust Bank (the "custodian"), except for comparing such information with the information reported in the financial statements. Based on information provided and certified by the custodian, there are no fixed income obligations, leases, or debt instruments in default or deemed uncollectible, as defined by ERISA, as of December 31, 2022 and 2021. Accordingly, the custodian of the Plan's assets has certified to the completeness and accuracy of the following:

Cooley LLP Salary Deferral and Profit Sharing Plan
Notes to Financial Statements
December 31, 2022 and 2021

- Money market accounts, mutual funds, self-directed accounts, and common/collective trust investments and notes receivable from participants reflected on the accompanying statements of net assets available for benefits as of December 31, 2022 and 2021, as well as the supplementary schedule of assets (held at end of year) as of December 31, 2022.
- Net appreciation (depreciation) in fair value of investments, interest and dividends, and interest income on notes receivable from participants reflected on the accompanying statement of changes in net assets available for benefits for the year ended December 31, 2022.

Limited partnership interests totaling \$13,963 at both December 31, 2022 and 2021, and other assets totaling \$126,000 at both December 31, 2022 and 2021, are not certified by the custodian.

6. INCOME TAX STATUS

The Plan has adopted The Charles Schwab Defined Contribution Plan and Trust Basic Plan #01 (Prototype). Charles Schwab received an opinion letter dated September 21, 2020, from the Internal Revenue Service stating that the form of the Plan is qualified under Section 401 of the Code and, therefore, the related trust is tax exempt. In accordance with Revenue Procedure 2013-6 and Announcement 2001-77, the Plan Sponsor has determined that it is eligible to and has chosen to rely on the current IRS prototype plan opinion letter. Once qualified, the Plan is required to operate in conformity with the Code to maintain its qualification.

Accounting principles generally accepted in the United States of America require Plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the Internal Revenue Service. The Company has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2022 and 2021, there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

7. PARTY-IN-INTEREST TRANSACTIONS

All of the Plan investments covered by the limited scope certification are managed by Charles Schwab Trust Bank for 2022 and 2021. Any purchases and sales of these funds are performed in the open market at fair value. As described in Note 2, the Plan paid certain expenses related to plan operations and investment activity to various service providers. Such transactions, while considered party-in-interest transactions under ERISA regulations, are permitted under the provisions of the Plan and are specifically exempt from the prohibition of party-in-interest transactions under ERISA. Additionally, notes receivable from participants are considered exempt party-in-interest transactions.

8. SUBSEQUENT EVENTS

Subsequent events were evaluated through October 16, 2023, which is the date the financial statements were available to be issued. Based on that evaluation, the Plan has determined that no subsequent events have occurred that would require adjustment to or disclosure in the financial statements.
