Independent Auditors' Report

To the Plan Administrator of Orion Group 401(k) Plan

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed an audit of the financial statements of Orion Group 401(k) Plan, an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statement of net assets available for benefits as of December 31, 2022, and the related statement of changes in net assets available for benefits for the year then ended, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audit of the 2022 financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audit need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained a certification from a qualified institution as of and for the year ended December 31, 2022, stating that the certified investment information, as described in Note 8 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audit and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the 2022 Financial Statements section:

- The amounts and disclosures in the accompanying 2022 financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- The information in the accompanying 2022 financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion on the 2022 Financial Statements

We conducted our audit in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditors' Responsibilities for the Audit of the 2022 Financial Statements section of our report. We are required to be independent of Orion Group 401(k) Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the 2022 Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about Orion Group 401(k) Plan's ability to continue as a going concern for the year then ended December 31, 2022.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the plan, and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditors' Responsibilities for the Audit of the 2022 Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit of the 2022 Financial Statements section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if, there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of Orion Group 401(k) Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about Orion Group 401(k) Plan's ability to continue as a going concern for a reasonable period of time.

Our audit did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the 2021 financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Supplement Schedules Required by ERISA

The supplemental schedule of delinquent participant contributions and schedule of assets (held at year end) as of December 31, 2022, are presented for purposes of additional analysis and are not a required part of the financial statements but are supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedules, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedules that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedules, we evaluated whether the supplemental schedules, other than the information agreed to or derived from the certified investment information, including their form and content, are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- the form and content of the supplemental schedules, other than the information in the supplemental schedules that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedules related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Accountants' Report on the 2021 Financial Statements

The accompanying 2021 financial statements of Orion Group 401(k) Plan compiled by us. The objective of a compilation is to assist management in presenting financial information in the form of financial statements without undertaking to obtain or provide any assurance that there are no material modifications that should be made to the financial statements. Accordingly, we do not express an opinion or provide any assurance on those financial statements.

Orion Group 401(k) Plan

Notes to Financial Statements Years Ended December 31, 2022 and 2021

1. Description of Plan

The following description of Orion Group 401 (k) Plan (the "Plan") provides only general information. Participants should refer to the Plan document agreement for a more complete description of the Plan's provisions.

During 2022, the Design Air Systems 401(k) Plan and USA Mechanical & Energy Services, LLC Retirement Plan were merged into the Plan. The total net assets transferred from the acquired plans amounted to \$4,715,454.

General

The Plan is a defined contribution plan covering all employees of Orion Group Management, Inc. (the "Company"), who have attained the age of 21 and are not covered under a collective bargaining agreement. Effective November 1, 2022, the Plan was amended and restated. The plan may make discretionary matching and profit sharing contributions for eligible employees who have attained the age of 21, with three months of service. For employee deferrals and employer contributions, the employee's entry date into the Plan is the first day of each month of the Plan year. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA") and the Internal Revenue Code (the "Code"). The Plan was amended to include all eligible employees of Advanced Climate Solutions, LLC, Advanced Mechanical Services of Florida, Air Comfort Corporation, Applied Controls, LLC, Design Air Systems, Jackson Mechanical Services, Texas Chiller Systems and USA Mechanical & Energy Services, LLC and are collectively referred to as the "Group."

Participant Salary Deferral

Each year, participants may contribute up to 92% of eligible compensation, as defined by the Plan. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions up to \$6,500 in 2022. Contributions under the Plan, along with Employer contributions under any other Employer-sponsored defined contribution plans, may not exceed the limits set by Federal law of \$61,000. Participants direct the investment of their contributions into various investment options offered by the Plan. Participants may also make rollover contributions which represent distributions from other qualified defined benefit or defined contribution plans. Contributions are subject to certain IRS limitations. The Plan currently offers various mutual funds as investment options for the participants.

Employer Contributions

For each eligible employee, the Company may make matching contributions to all eligible Participants in an amount equal to 100% of the first three percent of the eligible compensation, and 50% of the next two percent of the eligible compensation, contributed to the Plan as Deferral Contributions. The Plan also allows the Company to make discretionary profit sharing contributions. For the Plan year ended December 31, 2022, no such contributions were made. The Plan added safe harbor contributions effective 1/1/23.

Participant Accounts

Each participant's account is credited with the participant's contribution and allocations of (a) the Company's contributions and (b) Plan earnings. Allocations are based on participant earnings, account balances or specific participant transactions, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting

Participants are immediately vested in their voluntary contributions, plus actual earnings thereon. Vesting in the Company's contribution portion of their accounts, plus earnings thereon, is based on years of continuous service. Participants vest 33% each year of service beginning after one year and are 100% vested after three years of service. In the event of death, disability or attainment of age 65, participants' accounts become fully vested.

Orion Group 401(k) Plan

Payment of Benefits

On termination of service due to death, disability, or retirement, a participant, or their beneficiary in the case of death, may elect to receive an amount equal to the value of the participant's vested interest in his or her account in either a lump-sum amount or in the form of installment payments. A participant who dies while employed becomes fully vested in employer contributions.

Forfeitures

Forfeitures are created when a participant terminates his or her employment prior to attainment of full vesting. Such amounts can be used by the trustees to pay for the Plan's administrative expenses or to reduce future employer contributions, as defined in the Plan document. During the year ended December 31, 2022, \$41,996 of the forfeiture account was used to pay for a portion of the Plan's administrative expenses. There was no forfeiture account balance as of December 31, 2022 and 2021.

2. Summary of Accounting Policies

Basis of Accounting

The financial statements of the Plan are prepared on the accrual basis of accounting.

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires the Plan's management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Investment Valuation and Income Recognition

Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Plan administrator determines the Plan's valuation policies utilizing information provided by the investment advisers. See Note 3 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net depreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred. No allowance for credit losses has been recorded as of December 31, 2022 and 2021, and there were no defaults of repayment of participant notes receivable.

If a participant ceases to make loan repayments and the Plan administrator deems the participant loan to be in default, the participant loan balance is reduced and benefits paid are recorded.

The minimum loan is \$1,000 and the maximum amount is the lesser of one-half of the vested Account balance or \$50,000 reduced by the highest outstanding loan balance in the participant's account during the prior twelve month period. All loans from plans maintained by the Employer or a Related Employer are considered for purposes of determining the maximum amount of the loan.

All loans must bear a reasonable rate of interest as determined by the Plan Administrator based on the prevailing interest rates charged by persons in the business of lending money for loans which would be made under similar circumstances. The interest rate shall remain fixed throughout the duration of the loan. As of December 31, 2022, the interest rates on the outstanding notes receivable from participants ranged from 4.25% to 8.00%.

Payment of Benefits

Benefits are recorded when paid.

Orion Group 401(k) Plan

Expenses

Certain expenses of maintaining the Plan are paid directly by the Company and are excluded from these financial statements. Fees related to the administration of notes receivable from participants are charged directly to the participant's account and are included in administrative expenses. Investment related expenses are included in net depreciation in fair value of investments.

Subsequent Events

The Company has evaluated subsequent events through October 13, 2023, the date the financial statements were available for issuance.

3. Fair Value Measurements

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3). The three levels of the fair value hierarchy under Financial Accounting Standards Board Accounting Standards Codification 820 are described as follows:

Level 1: Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2: Inputs to the valuation methodology include:

- quoted prices for similar assets or liabilities in active markets;
- quoted prices for identical or similar assets or liabilities in inactive markets;
- inputs other than quoted prices that are observable for the asset or liability;
- inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability.

Level 3: Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets at fair value. There have been no changes in the methodologies used at December 31, 2022 and 2021.

Money market fund: Valued at the daily closing price as reported by the fund. Money market funds held by the Plan are open-ended mutual funds that are registered with the Securities and Exchange Commission. This fund is required to publish their daily net asset value and to transact at that price. The money market fund held by the Plan is deemed to be actively traded.

Mutual funds: Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily net asset value and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

Orion Group 401(k) Plan

Common collective trust: Valued based on the underlying unit value of the assets held. The underlying stable value fund invests primarily in group annuity contracts and synthetic wrap contracts. The NAV of the units of the trust is used as a practical expedient to estimate fair value. This practical expedient would not be used if it is determined to be probable that the fund will sell the investment for an amount different from the reported net asset value. Participant transactions (purchases and sales) may occur daily. If the Plan initiates a full redemption of the collective trust, the issuer reserves the right to require 60 days' notification in order to ensure that securities liquidations will be carried out in an orderly business manner.

The following tables set forth by level, within the fair value hierarchy, the Plan's assets measured at fair value on a recurring basis as of December 31, 2022 and 2021:

Assets at fair value measured on a recurring basis as of December 31, 2022 are as follows:

	Fair Value Measurements at Reporting Date			
	Using Inputs Classified as:			
	Level 1	Level 2	Level 3	Total
Money market fund	\$ 56	\$ -	\$ -	\$ 56
Mutual funds	16,081,904	-	-	16,081,904
Total assets in the fair value hierarchy	<u>\$ 16,081,960</u>	<u>\$ -</u>	<u>\$ -</u>	16,081,960
Investments measured at net assets value (a)				138,886
Investments at fair value				<u>\$ 16,220,846</u>

Assets at fair value measured on a recurring basis as of December 31, 2021 are as follows:

	Fair Value Measurements at Reporting Date			
	Using Inputs Classified as:			
	Level 1	Level 2	Level 3	Total
Mutual funds	<u>\$ 11,030,526</u>	<u>\$ -</u>	<u>\$ -</u>	\$ 11,030,526
Total assets measured at fair value				
Investments measured at net assets value (a)				857,633
Investments at fair value				<u>\$ 11,888,159</u>

(a) In accordance with Subtopic 820-10, certain investments that were measured at net asset value per share (or its equivalent) as a practical expedient to fair value have not been classified in the fair value hierarchy. The fair value amounts presented in this table are intended to permit reconciliation of the fair value hierarchy to the line items presented in the statement of net assets available for benefits.

4. Party-in-Interest Transactions

Certain Plan investments are shares of mutual funds managed by Fidelity Management Trust Company ("Fidelity"). Fidelity is the trustee of the Plan and, therefore, these transactions qualify as party-in-interest transactions. Fees incurred by the Plan for investment management services are included in net appreciation in fair value of investments, as they are paid through revenue sharing, rather than a direct payment. The Company generally pays other Plan expenses. For the year ended December 31, 2022, the amount paid was \$19,899, which is included in administrative expenses on the statement of changes in net assets available for benefits.

Orion Group 401(k) Plan

5. Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants would become 100% vested in their employer contributions.

6. Tax Status

The Plan is an adoption of a prototype plan that obtained its latest opinion letter on June 30, 2020 in which the IRS stated that the prototype plan, as then designed, was in compliance with the Code. Although the Plan has been amended since the prototype plan received the opinion letter, the Plan administrator and the Plan's tax counsel believe that the Plan is designed, and is currently being operated, in compliance with the applicable requirements of the Code and, therefore, believe that the Plan is qualified and the related trust is tax-exempt.

Accounting principles generally accepted in the United States of America require Plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

7. Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

8. Information Certified by Plan's Trustee

The following is a summary of the investment information and notes receivable from participants regarding the Plan as December 31, 2022 and for the year ended December 31, 2022, included in the Plan's financials statements and supplemental schedule that was prepared or derived from information provided by Fidelity Management Trust company, the trustee of the Plan, and furnished information to the plan administrator. The plan administrator has obtained certifications from the trustee that such information is complete and accurate.

Information relating to investments and notes receivable from participants held by the trustee at December 31, 2022 as follows:

	2022
Investments, at fair value	\$ 16,220,846
Notes receivable from participants	176,778
	<u>\$ 16,397,624</u>

The following was also certified by the trustee for the year ended December 31, 2022:

	2022
Net depreciation in fair value of investments	\$ (2,403,656)
Interest and dividends	\$ 372,126
Interest income from notes receivable from participants	<u>\$ 2,508</u>

9. Delinquent Contributions

During 2022 and 2021, the Company did not remit to the Plan's Trustee certain participant contributions, totaling \$176,819 and \$87,384, respectively within the time period prescribed by the Department of Labor regulations. The amounts were recorded as employer contributions receivable of \$54,362 and \$27,765 and participant contributions receivable of \$122,457 and \$69,385 at December 31, 2022 and 2021, respectively. Delays in remitting the contributions to the trustee were due to administrative errors. The Company intends to make a contribution to the Plan to compensate for lost earnings resulting from the late payments and to file the required forms with the IRS and the Department of Labor during 2023.

10. Reconciliation of Financial Statements to Form 5500

The Form 5500 was prepared on the cash basis for the Plan year ended December 31, 2022 and the financial statements were prepared on the accrual basis.

The following is a reconciliation between the statements of net assets available for benefits per the accompanying financial statements and the Form 5500 at December 31, 2022:

Net assets available for benefits per the financial statements	\$ 16,574,443
Less: Receivable for 2022	<u>(176,819)</u>
Net assets available for benefits per Schedule H of Form 5500	<u>\$ 16,397,624</u>

The following is a reconciliation of the change in net assets available for benefits per the financial statements for the year ended December 31, 2022 to the Form 5500:

Net decrease per financial statements	\$ (151,079)
Add: Receivable for 2021	97,150
Less: Receivable for 2022	<u>(176,819)</u>
Net decrease per Form 5500	<u>\$ (230,748)</u>
