INDEPENDENT AUDITOR'S REPORT

To the Plan Administrator
Grants Pass Clinic 401(k) & Profit Sharing Plan
Grants Pass, Oregon

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the accompanying financial statements of Grants Pass Clinic 401(k) & Profit Sharing Plan, an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statements of net assets available for benefits as of December 31, 2022 and 2021, and the related statements of changes in net assets available for benefits for the years then ended, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of Grants Pass Clinic 401(k) & Profit Sharing Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of and for the years ended December 31, 2022 and 2021, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section—

- The amounts and disclosures in the financial statements referred to above, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- The information in the financial statements referred to above related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America. Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of Grants Pass Clinic 401(k) & Profit Sharing Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about Grants Pass Clinic 401(k) & Profit Sharing Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the plan, and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with generally accepted auditing standards, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.

- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of Grants Pass Clinic 401(k) & Profit Sharing Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about Grants Pass Clinic 401(k) & Profit Sharing Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Supplemental Schedule Required by ERISA

The supplemental schedule, as listed in the table of contents, as of December 31, 2022, is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with generally accepted auditing standards. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including the form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion—

- The form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, is presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- The information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

GRANTS PASS CLINIC 401(k) & PROFIT SHARING PLAN NOTES TO FINANCIAL STATEMENTS

1. Plan Description

The following description of Grants Pass Clinic 401(k) & Profit Sharing Plan (the Plan) provides only general information. Participants should refer to the Plan Agreement for a complete description of the Plan's provisions. The Plan's most recent restatement was effective June 23, 2021.

General

The Plan is a defined contribution plan covering substantially all employees (except union and part-time employees) of Grants Pass Clinic, L.L.P. and Grants Pass Management Services, Inc. dba Oregon Health Management Services (the Employers). The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA), as amended. Prior to May 1, 2019, employees became eligible to participate in the Plan upon completion of three months of service and entered the Plan on the first day of the quarter after satisfying the eligibility requirements. Effective May 1, 2019, the Plan has semiannual entry dates of January 1 and July 1.

Contributions

Participants of the Plan can elect to make tax-deferred contributions that are partially matched by the Employers and are eligible for profit-sharing contributions if they are employed at the end of the Plan year and have completed one year of service. Participants may elect to make contributions up to the statutory limit. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions. The Plan includes an auto-enrollment provision whereby all newly eligible employees are automatically enrolled in the Plan, unless they affirmatively elect not to participate, with a default rate set at 6 percent of eligible compensation. Contributions are automatically invested in a qualified default investment fund. The automatic enrollment provision does not include an automatic escalation. Participants may also contribute rollover amounts, representing distributions from tax-deferred accounts in other qualified plans.

The Employers make a matching contribution of 50 percent of the first 6 percent of a participant's compensation contributed to the Plan. The Employers may also make a discretionary profit-sharing contribution for the year. Profit-sharing contributions are allocated pro rata to participants within the same classification as defined by the Plan. For the years ended December 31, 2022 and 2021, the Employers made discretionary profit-sharing contributions of 3 percent of eligible compensation.

Participant Accounts

Each participant's account is credited with the participant's and Employers' contributions and the earnings and change in value of the investments allocated to their account and is charged with an allocation of administrative expenses and fees. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account. Participants direct the investments of their accounts between several investment alternatives available through an affiliate of Fidelity Management Trust Company, the trustee.

GRANTS PASS CLINIC 401(k) & PROFIT SHARING PLAN
NOTES TO FINANCIAL STATEMENTS

1. Plan Description, continued

Vesting

Participants are vested immediately in their elective deferrals and the Employers' matching contributions, plus earnings thereon. The Employers' profit-sharing contributions are subject to a graded vesting schedule and participants become 100 percent vested after six years. The portion of an individual's account that is not vested at the time an employee terminates his or her employment is forfeited.

Notes Receivable from Participants

The Plan allows employed participants to obtain loans in an amount not to exceed the lesser of \$50,000 or 50 percent of their vested account balance, reduced by the highest outstanding loan balance during the prior 12-month period. Loan transactions are treated as transfers from the investment funds to the participant's loan fund. Loan terms cannot exceed five years, unless the purpose of such loan was to acquire the principal residence of the participant. The loans are secured by the balance in the participant's vested account and bear interest at a reasonable rate commensurate with prevailing interest rates. Principal and interest are paid ratably through payroll deductions.

Payment of Benefits

In the event of termination, death, disability, or retirement, a participant may elect to receive a lump-sum payment or installment payments equal to the value of the participant's vested interest in his or her account.

Hardship Withdrawals

If a participant has an immediate and heavy financial need as defined by the Plan, hardship withdrawals are allowed in an amount not in excess of the value of the participant's deferral contributions, excluding earnings.

Forfeited Accounts

A forfeiture of the unvested portion of a participant's account occurs in the Plan year that a participant receives a distribution of his or her entire vested account or, if no distribution is made, after five consecutive 1-year breaks in service. Forfeitures are retained in the Plan and used to reduce future Employers' contributions or pay Plan expenses. At December 31, 2022 and 2021, forfeited non-vested accounts available for future use totaled \$10,223 and \$2,967, respectively.

During the years ended December 31, 2022 and 2021, the Plan used \$11 and \$28,175, respectively, of forfeitures to reduce Employers' contributions or pay Plan administrative expenses.

2. Summary of Significant Accounting Policies

Basis of Accounting

The financial statements of the Plan are prepared on the accrual basis of accounting.

GRANTS PASS CLINIC 401(k) & PROFIT SHARING PLAN
NOTES TO FINANCIAL STATEMENTS

2. Summary of Significant Accounting Policies, continued

Use of Estimates

The preparation of financial statements in accordance with accounting principles generally accepted in the United States of America (U.S. GAAP) requires management to make estimates and assumptions that affect certain reported amounts and disclosures. Actual results could differ from those estimates.

Investment Valuation and Income Recognition

The Plan's investments are reported at fair value, except for fully benefit-responsive investment contracts which are reported at contract value. Fair value is the price that would be received to sell an asset in an orderly transaction between market participants at the measurement date. See Note 8 for information on fair value measurements. See Note 9 for information on valuation of investment contracts.

Investment income is recorded on the accrual basis. Purchases and sales of securities are recorded on a trade-date basis. Net change in fair value of investments includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. No allowance for credit losses has been recorded as of December 31, 2022 and 2021. If a participant ceases to make loan repayments and the Plan Administrator deems the participant loan to be in default, the participant loan balance is reduced and a benefit payment is recorded.

Payment of Benefits

Benefits are recorded when paid.

Administrative Expenses and Fees

Certain administrative expenses of the Plan have been paid directly by the Employers and are therefore excluded from these financial statements. Investment related expenses are included in net change in fair value of investments. Fees for the administration of notes receivable from participants are included in administration expenses and charged directly to the participant's account.

Revenue Sharing

The plan contains a revenue sharing expense offset arrangement where the Plan is credited an amount based on plan assets which is used to offset expenses. For the years ended December 31, 2022 and 2021, \$10,453 and \$11,519, respectively, was credited to the account and used to pay plan administrative expenses. The balance in the Plan's revenue sharing account as of December 31, 2022 and 2021 was \$2,724 and \$2,228, respectively.

GRANTS PASS CLINIC 401(k) & PROFIT SHARING PLAN
NOTES TO FINANCIAL STATEMENTS

3. Information Certified by the Plan's Trustee

The Plan Administrator has elected the method of annual reporting compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, Fidelity Management Trust Company, the trustee for the years ended December 31, 2022 and 2021, has certified that the following data included in the accompanying financial statements and supplemental schedule is complete and accurate as of and for the years ended December 31:

	<u>2022</u>	<u>2021</u>
Investments, at fair value:		
Registered investment companies	\$ 20,043,374	\$ 25,848,941
Interest-bearing cash	2,724	2,228
Investments, at contract value:		
Unallocated insurance contracts	2,177,655	1,885,201
Notes receivable from participants	45,337	27,250
Net change in fair value of investments	(5,882,379)	2,323,982
Interest and dividend income	1,221,035	1,036,809
Interest income on notes receivable from participants	765	4,490

4. Tax Status

The Plan is a prototype of a volume submitter profit sharing plan with CODA. FMR LLC, the sponsor of the volume submitter plan, has received an opinion letter from the Internal Revenue Service (IRS) dated June 30, 2020, that the adoption agreement and basic Plan document satisfy Internal Revenue Code (IRC) Section 401. The Plan has been amended since receiving the opinion letter. However, the Plan Administrator believes the Plan is currently designed and being operated in compliance with the applicable requirements of the IRC.

U.S. GAAP requires Plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the applicable taxing authorities. The Plan is subject to routine audits by tax authorities; however, there are currently no audits for any tax periods in progress.

As of the date of the independent auditor's report, the Plan has not completed required top heavy testing for the year ended December 31, 2022.

5. Plan Termination

Although they have not expressed any intent to do so, the Employers have the right under the Plan to discontinue contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of full or partial Plan termination, affected participants would become 100 percent vested in their Employers' contributions.

GRANTS PASS CLINIC 401(k) & PROFIT SHARING PLAN
NOTES TO FINANCIAL STATEMENTS

6. Related Party and Party in Interest Transactions

Certain Plan investments are shares of registered investment companies managed by an affiliate of Fidelity Management Trust Company, the trustee of the Plan. During the years ended December 31, 2022 and 2021, \$363 and \$29,030, respectively, of recordkeeping fees were paid directly to the trustee from Plan assets. These party in interest transactions are exempt from the prohibited transaction rules of ERISA.

7. Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits.

8. Fair Value Measurements

Financial Accounting Standards Board (FASB) Accounting Standards Codification (ASC) 820, *Fair Value Measurements and Disclosures*, establishes a framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurement) and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy under professional standards are described below:

Level 1: Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2: Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability;
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3: Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to their fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

GRANTS PASS CLINIC 401(k) & PROFIT SHARING PLAN
NOTES TO FINANCIAL STATEMENTS

8. Fair Value Measurements, continued

Following is a description of the valuation methodologies used for assets measured at fair value. There were no changes in the methodologies used at December 31, 2022 and 2021.

Registered investment companies (mutual funds): Valued at the net asset value (NAV) of shares held by the Plan at year end. All mutual funds held by the Plan are open-ended mutual funds that are registered with the SEC. The Plan's mutual funds are deemed to be actively traded and have a readily determinable fair value.

Interest-bearing cash: Valued at cost which approximates fair value.

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following tables set forth by level, within the fair value hierarchy, the Plan's investments at fair value as of December 31:

<u>Investments at Fair Value as of December 31, 2022</u>				
	<u>Level 1</u>	<u>Level 2</u>	<u>Level 3</u>	<u>Total</u>
Investments in the fair value hierarchy:				
Interest-bearing cash	\$ 2,724	\$ -	\$ -	\$ 2,724

GRANTS PASS CLINIC 401(k) & PROFIT SHARING PLAN
NOTES TO FINANCIAL STATEMENTS

9. Investment Contracts

The Plan holds a benefit-responsive investment contract with New York Life Insurance Company. New York Life Insurance Company maintains the contributions in a guaranteed interest account, which is credited with earnings on the underlying investments and charged for participant withdrawals and administrative expenses. All assets in the guaranteed interest account are credited with interest using a declared rate. There is no specific portfolio of assets in which the guaranteed interest account invests. The credited interest rate is backed by the income received from assets held in a general account. Certain events, such as the premature termination of the contract by the Plan or the termination of the Plan, would limit the Plan's ability to transact at contract value. The Plan Administrator believes the occurrence of such events that would also limit the Plan's ability to transact at contract value with the Plan participants is not probable. Because the contract is considered fully benefit-responsive, it is stated at contract value on the accompanying statements of net assets available for benefits. Assets in the guaranteed interest account were credited at an interest rate of 3.20 percent and 1.60 percent as of December 31, 2022 and 2021, respectively.

10. Reconciliation of Financial Statements to Schedule H of Form 5500

These financial statements have been prepared using the accrual basis of accounting. Schedule H of Form 5500 presents the net assets and activity of the Plan on the cash basis. The following is a reconciliation of net assets available for benefits per the financial statements for the years ended December 31, 2022 and 2021, to Schedule H of Form 5500:

	<u>2022</u>	<u>2021</u>

11. Reclassification

Certain prior year amounts have been reclassified to conform to the current year presentation. Such reclassifications had no effect on previously stated changes in net assets available for benefits.

12. Subsequent Events

Management evaluates events and transactions that occur after the statements of net assets available for benefits date as potential subsequent events. Management has performed this evaluation through the date of the independent auditor's report.
