INDEPENDENT AUDITOR'S REPORT

To the Administrative Committee of
The McConnell Group, Inc. 401(k) Profit Sharing Plan

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed an audit of the accompanying financial statements of The McConnell Group, Inc. 401(k) Profit Sharing Plan, an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) [ERISA Section 103(a)(3)(C) audit]. The financial statements comprise the statement of net assets available for benefits as of December 31, 2022, and the related statement of changes in net assets available for benefits for the year then ended, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audit of The McConnell Group, Inc. 401(k) Profit Sharing Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audit need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained a certification from a qualified institution as of and for the year ended December 31, 2022, stating that the certified investment information, as described in Note E to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audit and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section—

- the amounts and disclosures in the financial statements referred to above, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- the information in the financial statements referred to above related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audit in accordance with auditing standards generally accepted in the United States of America. Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of The McConnell Group, Inc. 401(k) Profit Sharing Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about The McConnell Group, Inc. 401(k) Profit Sharing Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments; administering the plan; and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with generally accepted auditing standards, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of The McConnell Group, Inc. 401(k) Profit Sharing Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about The McConnell Group, Inc. 401(k) Profit Sharing Plan's ability to continue as a going concern for a reasonable period of time.

Our audit did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Supplemental Schedule Required by ERISA

The supplemental schedule of assets as of December 31, 2022 is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with generally accepted auditing standards. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion—

- the form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

The McConnell Group, Inc. 401(k) Profit Sharing Plan
Notes to Financial Statements
For the year ended December 31, 2022

Note A – Plan Description and Summary of Significant Accounting Policies

General: The following information and description of The McConnell Group, Inc. 401(k) Profit Sharing Plan (the Plan) is provided for informational purposes only. Participants should refer to the actual plan document, contractual agreements, and summary plan description as provided by the plan sponsor, The McConnell Group, Inc. (the Corporation), for more complete and current information.

Description: The Plan was established in April 2001 by the Corporation's management and was amended in January 2021 to comply with various regulatory and legislative changes. The Plan is a defined contribution plan intended to qualify under Section 401(k) of the Internal Revenue Code (IRC) and is subject to applicable provisions of the Employee Retirement Income Security Act (ERISA) of 1974. The Plan covers employees with a minimum age of 21 and three months of service to be eligible for employee deferrals and a minimum age of 21 and twelve months of service to be eligible for employer matching and profit-sharing contributions. Employees are eligible to participate on the first day of each quarter (January 1st, April 1st, July 1st, or October 1st) after meeting eligibility requirements. As of December 31, 2022, the Plan had a total of 119 participants.

Plan Administration: The Corporation's president is also the sole trustee of the Plan. The trustee retained Principal Life Insurance Company (Principal) effective August 2020 to act as an independent plan trustee and investment custodian. As such, Principal holds plan assets in trust and executes investment transactions on behalf of participants. The trustees also retained The Paragon Alliance Group (TPA) effective August 2020 as the third-party administrator to provide administrative, compliance, and recordkeeping services.

Basis of Accounting: The Plan prepares its financial statements on the accrual basis of accounting in accordance with accounting principles generally accepted in the United States of America. Under the accrual basis of accounting, revenue is recognized when earned and expenses when obligations are incurred. Investments are reported at fair value (except for fully benefit response investment contracts reported at contract value) with interest, dividends, net realized, and unrealized gains and losses (i.e., market appreciation and depreciation) reported as components of investment income. Participant and employer contributions, which are reported when compensation is paid to participating employees and contributions are withheld and payable to the Plan, and employer matching and profit-sharing contributions are similarly determinable. Excess contributions or qualified non-elective contributions resulting from non-discrimination and compliance testing are reported when incurred.

Income Tax Status: The Plan is designed to be qualified under the IRC Section 401(k) and exempt from income taxes. The current plan document was adopted effective January 1, 2021, and was amended to comply with new laws and regulations.

Note A – Plan Description and Summary of Significant Accounting Policies – Continued

Income Tax Status: The prototype plan adopted by the Plan effective January 2021 received an updated determination letter from the IRS effective June 2020 setting forth the prototype plan's tax-exempt status. However, the plan document has been amended since to comply with various regulatory and legislative changes. Accordingly, no provision for income taxes has been included in the accompanying financial statements.

Plan Eligibility: The Plan's eligibility requirements are a minimum age of 21 and three months of service for employee deferrals and a minimum age of 21 and twelve months of service to participate in employer matching and profit-sharing contributions. Employees are eligible to participate on the first day of each quarter (January 1st, April 1st, July 1st, or October 1st) after meeting eligibility requirements. Certain eligibility requirements, such as active employment and minimum hours of service, may be applicable to employer discretionary contributions.

Participant Accounts: Individual accounts are maintained for each plan participant and include the participant's pre, post, and catch-up contributions, any roll-over contributions, any employer matching, and profit-sharing contributions, including any excess prevailing wage contributions, plan earnings, including any interest, dividends, realized and unrealized gains or losses on investments, and reduced by any allocable administrative fees, expenses, and withdrawals.

Participant Contributions: Participants may make pre- and post-tax contributions from their compensation each pay period up to statutory limits per the Internal Revenue Code (IRC). Distributions from other qualified retirement plans can also be contributed as rollover contributions. Participants are fully vested in their salary deferral and rollover contributions.

Employer Contributions: The Plan adopted a safe harbor matching provision in which the Corporation makes matching contributions equal to the sum of 100% of the amount of each participant's elective deferral that does not exceed 3% of the participant's eligible compensation, plus 50% of the amount in which the participant's elective deferrals exceeds 3% of the participant's eligible compensation but not to exceed 5% of participant's eligible compensation. Safe harbor matching contributions are not subject to vesting requirements, so participants are immediately and fully vested. During the year ended December 31, 2022, the Corporation made safe harbor matching contributions totaling \$58,561. As of December 31, 2022, the Plan reported \$8,376 of contributions receivable pertaining to outstanding employer matching contributions.

For the year ended December 31, 2022

Note A – Plan Description and Summary of Significant Accounting Policies – Continued

Vesting: Plan participants are immediately and fully vested in all employee deferral, rollover, and company safe harbor matching contributions, which are not subject to vesting. The Corporation may also elect to make additional discretionary matching or profit-sharing contributions to the Plan. Discretionary matching and profit-sharing contributions may also be dependent upon active employment as of the end of the plan year and minimum hours of service. Vesting in the Corporation's discretionary and profit-sharing contributions and earnings thereon is based upon each employee's active employment and length of service, with 20% vesting after two years of service, 40% after three years, 60% after four years, 80% after five years, and 100% after six years of service. The Plan reported no discretionary matching or profit-sharing contributions that would be subject to vesting during the year ended December 31, 2022.

Terminating Participants and Forfeitures: Participants who terminate their employment with the Corporation forfeit the non-vested portion of any employer discretionary matching and profit-sharing contributions. Forfeitures are first used to reduce employer contributions to the plan and then used to offset plan administrative costs. Any remaining forfeitures would be allocated to plan participants.

Distributions to Participants: Amounts credited to an individual participant's account are eligible for distribution upon termination of employment, retirement, death, or total and permanent disability, generally as lump sum distributions. Distributions due to termination or disability may be deferred until the participant retires if the value of their account exceeds or has exceeded \$1,000. The Plan may distribute participant balances of less than \$1,000 to terminated participants. Terminated participants with balances of \$1,000 to \$5,000 may be rolled into IRA accounts in the name and for the benefit of terminated participants. Distributions upon death must be made to all beneficiaries within five years. Participant benefits eligible for distribution must be distributed based upon age and date of retirement as set forth in the IRC. Benefit payments and distribution to participants are recorded and reflected as plan deductions in the accompanying financial statements when paid to plan participants.

Investment Valuation and Recognition: Investments are reported at fair value (except for fully benefit response investment contracts reported at contract value). Fair value is generally determined as the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. Certain investments may be valued at net asset value as a practical expedient of estimated fair value. The Plan reports interest, dividends, net realized and unrealized gains and losses (i.e., market appreciation and depreciation) as components of investment income. Purchases and sales of investments are recorded on a trade-date basis, interest income is recorded when earned, and dividends are on an ex-dividend date basis.

Notes to Financial Statements
For the year ended December 31, 2022

Note A – Plan Description and Summary of Significant Accounting Policies – Continued

Notes Receivable from Participants: The Plan allows participants to borrow against their vested account balances subject to IRC restrictions. Loans are typically limited to a maximum of \$50,000 or 50% of the participant's vested account balance and are secured by the investments within the participant's account. The promissory notes have terms of 60 months or less unless the loan was made for the purchase of the participant's primary residence and require periodic payments of principal and interest generally through payroll deductions. Loans are considered a direct investment of the participant's account and have annual interest rates based upon the prime lending rate plus one percent at the time of the loan, which was approximately 4.25% to 6.5% during the year ended December 31, 2022. Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Delinquent loans are treated as distributions based on provisions of the plan document. As of December 31, 2022, the Plan reported notes receivable from participants outstanding of \$72,717. Interest income on notes receivable totaled \$3,325 during the year ended December 31, 2022.

Excess Contributions Payable: Amounts payable to participants for contributions in excess of amounts allowed by the DOL and IRS rules and regulations, including any excess matching contributions, are reflected as liabilities in the accompanying financial statements with a corresponding amount reflected as benefits paid to participant for the corrective distributions or a reduction in employer matching contributions in the case of excess matching contributions.

Benefits Paid and Expenses: Benefit distributions are recorded generally when paid. Certain expenses of maintaining the Plan are paid by the Corporation and are, therefore, excluded from the accompanying financial statements. Investment-related expenses are generally included in the net appreciation (depreciation) in investments. Fees associated with administering the Plan and notes receivable to participants and benefit distributions to participants are included in administrative fees in the accompanying financial statements and charged directly to participant accounts.

Hardship Withdrawals: The Plan also allows, in certain hardship situations as defined by DOL and IRS regulations, participants to withdraw portions of their vested account balance subject to taxation and other IRC restrictions. Any withdrawals reduce the participant's vested account balance and are reflected as plan deductions and in the accompanying financial statements.

Fair Value Measurements: The Plan adopted a framework for measuring and disclosing fair value that prioritizes the inputs to valuation methodologies used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) or other observable inputs (Level 2) and the lowest priority to unobservable inputs (Level 3). Management uses a fair value measurement hierarchy based upon the lowest level of any input that is significant to the measurement with Level 3 being the lowest level.

The McConnell Group, Inc. 401(k) Profit Sharing Plan
Notes to Financial Statements
For the year ended December 31, 2022

Note A – Plan Description and Summary of Significant Accounting Policies – Continued

Fair Value Measurements – Continued: Management also attempts to maximize the use of observable inputs (Level 1 and 2) and minimize unobservable inputs (Level 3). Fair value measurement disclosures are required for assets and liabilities measured and reported at fair value and consist of the following three levels:

- *Level 1* – valuation methodology based upon unadjusted quoted prices for identical assets or liabilities traded in an active market that the Plan has the ability to access;
- *Level 2* – valuation methodology based upon unadjusted quoted prices for similar assets and liabilities traded in active markets or identical or similar assets and liabilities in inactive markets, observable market inputs for assets and liabilities not traded in active markets, observable market inputs derived or corroborated principally by correlation or other means, or Level 1 instruments where there is a contractual restriction; and
- *Level 3* – valuation methodology is unobservable and significant to the fair value measurement.

As of December 31, 2022, the Plan's investments in registered mutual funds are classified as Level 1 financial instruments as fair value was established by quoted market prices for identical assets or liabilities traded in active markets. The Plan's investments in common collective trust and pooled separate accounts are valued at net asset value as a practical expedite of estimated fair value, which is published and establishes trading values. Given that that participant trades at net asset value which is readily available to plan participants, management determined pooled separate accounts and common collective trust are classified as Level 1 financial instruments. Disclosures about estimated fair values and fair value measurements were determined by the Plan based on pertinent market data and other information available as of December 31, 2022. Considerable judgment is necessary to interpret market and financial data and to develop fair value measurements in certain circumstances, especially Level 3 financial instruments. Although the Plan is unaware of any factors that would significantly affect their estimates, the Plan's estimates of fair values and fair value measurements may not be indicative of amounts realized at disposition.

Plan Termination: The Corporation has the right under the plan document to discontinue its contributions to the Plan and to terminate the Plan subject to the provisions of IRS and ERISA rules and regulations. In the event of the Plan's termination, participants become fully vested in their account balances. The plan sponsor has not expressed any interest in terminating the Plan or ceasing employer safe harbor matching or discretionary matching or profit-sharing contributions.

Note A – Plan Description and Summary of Significant Accounting Policies – Continued

Accounting Estimates: The preparation of financial statements in accordance with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect certain reported amounts and disclosures. Significant estimates may be required in the determination of fair value in certain circumstances. Accordingly, actual results could differ from those estimates and the difference may be material.

Note B – Related Party and Party-in-Interest Transactions

Plan Sponsor: The Corporation may, at management's discretion, pay certain administrative and professional expenses of the Plan. During the year ended December 31, 2022, the Corporation paid for certain services provided to the Plan by professional service providers, the third-party administrator, and other compliance related costs. Plan investment advisory and management service fees may be assessed to the Plan and allocated and charged against the participant account balances as allowed by the plan document and DOL and IRS regulations. Certain fees paid by the Plan for investment management services may be netted against the net appreciation (depreciation) in investments as reported in the accompanying financial statements. The Plan may also allocate forfeitures to offset employer contributions or pay plan expenses.

Plan Custodian: The plan trustee and investment custodian, Principal effective August 2020 may be related or affiliated with companies and various subsidiaries that manage investment options offered to plan participants. The trustee and custodian and other related parties may receive commissions and other forms of remuneration through its relationship with these related parties and affiliates.

Note C – Plan Investments

General: The plan trustee and investment custodian, Principal effective August 2020, holds the plan's investments, executes investment transactions, and maintains participant accounts. The plan trustee and investment custodian manages the investment options offered to plan participants through a variety of fund management companies, which may include subsidiaries and other related parties.

Plan Investments: The Plan has over 25 registered mutual funds, pooled separate accounts, and common collective trust from which participants may direct their investments in the Plan. Plan participants have investment options covering a wide range of risk, return and retirement objectives.

Participants may allocate their contributions across these investment options in any proportion they desire and may change their allocations as set forth in the plan document. Participants may also elect to transfer their account balances between the available investment options. Participants have access to their account balances via the web.

Investment Valuation: The Plan's investments are reported at fair value in the accompanying financial statements. Fair value is generally determined as the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Plan's investments in mutual funds are reported at fair value based upon unadjusted market prices and pooled separate accounts and common collective trusts are valued based upon the per unit net asset value as a practical expedite of estimated fair value. The following is a description of the valuation methodologies used by the Plan in determining fair value for financial instruments reported at fair value:

- *Mutual Funds* – valued at the daily closing price as reported by the fund in active markets in which these funds are required to publish their daily net asset value and are generally required to transact at that price. Mutual funds are deemed to be actively traded.
- *Pooled Separate Accounts and Common Collective Trusts* – valued at per unit net asset value as provided and certified by the plan trustee and investment custodian as a practical expedient of estimated fair value. Net asset value is generally determined based upon the fair value of the underlying assets held by the fund less its liabilities. Net asset value may not be used in situations whereby it is probable that the fund will transact at an amount different than the reported net asset value. In certain situations, the plan trustee and investment custodian may temporarily delay withdrawal if necessary to ensure an orderly liquidation of assets. Otherwise, plan participants transact generally at published net asset value.

Investment Income/Loss: The Plan reports interest, dividends, net realized and unrealized gains and losses (i.e., market appreciation and depreciation) as components of investment income/loss. Purchases and sales of investments are recorded on a trade-date basis, interest income is recorded when earned, and dividends are on an ex-dividend date basis. Accordingly, investment loss totaled \$585,670, for the year ended December 31, 2022.

Investments: The Plan's investments in marketable securities consist principally of registered mutual funds, common collective trust, and pooled separate accounts held and certified by Principal as of December 31, 2022. The common collective trust and pooled separate accounts are valued at net asset value as practical expedient of fair value. Plan participants generally transact at net asset value which is published and widely available to plan participants.

Note D – Fair Value Measurements

Fair value measurement disclosures are required for assets and liabilities measured and reported at fair value in the financial statements. As of December 31, 2022, the Plan's investments in marketable securities were categorized in accordance with the fair measurement hierarchy described above as follows:

	<u>Fair Value</u>	<u>Level 1</u>	<u>Level 2</u>	<u>Level 3</u>
Registered Mutal Funds	\$ 2,984,706	\$ 2,984,706	\$ -	\$ -

	<u>\$ 3,509,732</u>	<u>\$ 3,509,732</u>	<u>\$ -</u>	<u>\$ -</u>

The Plan reported no significant assets or liabilities reported at fair value using significant unobservable inputs, Level 3 instruments, as of December 31, 2022. The following tables summarize investments for which fair value was measured using the net asset value per share as a practical expedient of estimated fair value as of December 31, 2022:

<u>Investment</u>	<u>Fair Value</u>	<u>Unfunded Commitments</u>	<u>Redemption Frequency</u>	<u>Redemption Notice Period</u>
Common Collective Trust	\$ 522,007	N/A	Daily	Daily

Interest on notes receivable from participants	<u><u>\$ 3,325</u></u>

Note F – Collective Trust and Investment Contract with Insurance Company

Principal Stable Value Fund: The Plan holds a common collective trust with Principal that guarantees the contract benefit value upon termination, death, disability, or retirement of a plan participant.

For the year ended December 31, 2022

Note F – Collective Trust and Investment Contract with Insurance Company – Continued

Principal Stable Value Fund – Continued: Contract value is defined as the value paid when funds are withdrawn at maturity or at the time of termination, death, disability, or retirement of a plan participant and is equal to amounts deposited plus accrued interest. The common collective trust requires Principal to repay the principal and a specified interest rate that is guaranteed by the issuer.

Although Principal considers the Principal Stable Value Fund to be fully benefit responsive, as a common collective trust it is reported at net asset value as a practical expedient of fair value for financial reporting purposes. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value. There are no reserves against contract value for credit risk of the contract issuer or otherwise. Fair value is determined based on the net asset value of the underlying fair value of the fund's assets less any liabilities. Because participants generally transact at published net asset value, fair value is determined annually for financial reporting.

In determining the reasonableness of the fair value methodology, the Plan also evaluates a variety of factors including reviewing existing contracts, economic conditions, industry and market developments, and overall credit ratings. Certain observable inputs are assessed through a review of contract terms while others are substantiated utilizing available market data. The average yields for the investment contract and actual average yields earned on the investment contract as reported by Principal for the year ended December 31, 2022 were approximately 1.82%

Note G – Reconciliation of the Financial Statements to Federal Form 5500

The following schedule reconciles the net assets available for benefits per the accompanying financial statements to the net assets as reflected in Part I, *Assets and Liability Statement*, of Schedule H in the Federal Form 5500 as of December 31, 2022:

	2022
Net assets available for benefits per financial statement	<u>\$ 3,590,825</u>
Net assets available for benefits per Federal Form 550	<u>\$ 3,590,825</u>

The following schedule reconciles net increase (decrease) in net assets available for benefits per the accompanying financial statements to net income (loss) per Part II, *Income and Expense Statement*, of Schedule H to Federal Form 5500 for the year ended December 31, 2022:

Net income (loss) per Federal Form 5500	<u>\$ (851,385)</u>

Note H – Miscalculation of Matching Contributions

During the years ended December 31, 2021 and 2020, the Corporation encountered some difficulties in the determination of matching contributions for eligible employees. Accordingly, matching contributions for certain eligible employees were incorrectly determined resulting in missed matching contributions. As of December 31, 2022, the Plan reported missed matching contributions of \$8,376 carried over from the previous year.

Note I – Plan Termination

The Corporation has the right under the plan document to discontinue contributions to the Plan and to even terminate the Plan subject to the provisions of DOL and IRS regulations. In the event of the Plan's termination, participants become fully vested in their account balances. The Corporation has not expressed any interest in discontinuing contributions or terminating the Plan, including the safe harbor matching contribution provision adopted by the Plan.

Note J – Income Tax Considerations

Income Tax Status: The Plan is designed to be qualified under the IRC Section 401(k) and exempt from income taxes. The prototype plan adopted by the Plan received an updated determination letter from the IRS effective June 2020. However, the plan document has been amended since to comply with various regulatory and legislative changes. Modifications and amendments may be required to comply with various legislative and regulatory changes or for the Plan to modify various elections available under the prototype plan document. Effective January 1, 2019, the Plan was amended to accept excess prevailing wage contributions. The plan sponsor and administrator believe the plan is designed and operating in compliance with the plan's tax exemption status as a qualified retirement plan. No assurances can be provided until such modifications and amendments are reviewed and approved by the IRS. Given the tax exempt status of the Plan, no provision for income taxes has been included in the accompanying financial statements.

Note J – Income Tax Considerations – Continued

Tax Contingencies: Although the Plan has not received any notice of intent to examine its tax returns, the Plan's tax returns remain subject to examination or review by tax authorities pursuant to various statutes of limitations. Accounting principles generally accepted in the United States of America require Plan management to evaluate tax positions taken by the Plan and to recognize a tax liability (or asset) if the Plan has taken uncertain tax positions that would more likely than not be sustained upon examination. Management is unaware of any significant uncertain tax positions arising during the year ended December 31, 2022, that are more likely than not to be sustained should the Plan's tax returns be subject to examination. Accordingly, the Plan did not incur or accrue any penalties or interest associated with uncertain tax positions during the year ended December 31, 2022.

Note K – Risks and Uncertainties

Plan participants invest in various investment securities that are exposed to various interest rates, economic, market, and other credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such change could materially affect participant account balances and plan investments as reported in the accompanying financial statements. Additionally, the plan sponsor may elect to change the investment options available to plan participants. Investment options may include various affiliates, subsidiaries, and parties related to the plan trustee and custodian or the investment brokerage. The Plan also utilizes valuation methodologies that may employ significant estimates and produce fair value estimates that may not be indicative of net realizable value or reflective of future fair values. Although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date. No assurance can be provided regarding the realization of Plan assets which are subject to market, credit, and other risks.

Note L – Subsequent Events Evaluation

In preparing these financial statements, management has evaluated events and transactions for potential recognition or disclosure through the date the financial statements were available to be issued.
