INDEPENDENT AUDITORS' REPORT

To the Participants and Plan Administrator of
Johnstone Supply Retirement Savings Plan
Downingtown, Pennsylvania

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit of the 2022 Financial Statements

We have performed an audit of the financial statements of Johnstone Supply Retirement Savings Plan (the "Plan"), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statement of net assets available for benefits as of December 31, 2022, and the related statement of changes in net assets available for benefits for the year then ended, and the related notes to the financial statements (2022 Financial Statements).

Management, having determined it is permissible in the circumstances, has elected to have the audit of the Johnstone Supply Retirement Savings Plan's 2022 financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audit need not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained a certification from a qualified institution as of and for the year ended December 31, 2022, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion on the 2022 Financial Statements

In our opinion, based on our audit and on the procedures performed as described in the Auditors' Responsibilities for the Audit of the 2022 Financial Statements section—

- the amounts and disclosures in the accompanying 2022 financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- the information in the accompanying 2022 financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion on the 2022 Financial Statements

We conducted our audit in accordance with auditing standards generally accepted in the United States of America. Our responsibilities under those standards are further described in the Auditors' Responsibilities for the Audit of the 2022 Financial Statements section of our report. We are required to be independent of the Johnstone Supply Retirement Savings Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the 2022 Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Johnstone Supply Retirement Savings Plan's ability to continue as a going concern for one year after the date that the financial statements are available to be issued.

Management is also responsible for maintaining a current Plan instrument, including all Plan amendments, administering the Plan, and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditors' Responsibilities for the Audit of the 2022 Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit of the 2022 Financial Statements section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditors' report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with generally accepted auditing standards, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.

- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Johnstone Supply Retirement Savings Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Johnstone Supply Retirement Savings Plan's ability to continue as a going concern for a reasonable period of time.

Our audit did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the 2022 financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the 2022 financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter - 2022 Supplemental Schedule Required by ERISA

The supplemental Schedule H, Line 4(i) – Schedule of Assets (Held at End of Year), as of December 31, 2022 is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the 2022 financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the 2022 financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the 2022 financial statements or to the 2022 financial statements themselves, and other additional procedures in accordance with generally accepted auditing standards. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

Johnstone Supply Retirement Savings Plan
Downingtown, Pennsylvania

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including their form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion —

- the form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, is presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Other Matter – Accountants' Compilation Report on 2021 Financial Statement

Plan management is responsible for the accompanying financial statement of Johnstone Supply Retirement Savings Plan, which comprises the statement of net assets available for benefits as of December 31, 2021 and the related notes to the 2021 financial statement in accordance with accounting principles generally accepted in the United States of America. We have performed a compilation engagement in accordance with Statements on Standards for Accounting and Review Services promulgated by the Accounting and Review Services Committee of the AICPA. We did not audit or review the 2021 financial statement nor were we required to perform any procedures to verify the accuracy or completeness of the information provided by Plan management. Accordingly, we do not express an opinion, a conclusion, nor provide any form of assurance on the 2021 financial statement.

JOHNSTONE SUPPLY RETIREMENT SAVINGS PLAN

Notes to Financial Statements

December 31, 2022 and 2021

NOTE 1 - Description of the Plan

The following description of the Johnstone Supply Retirement Savings Plan (the “Plan”) provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan’s provisions.

General – The Plan is a defined contribution plan covering substantially all employees of J.R. Balsan, Inc. T/A Johnstone Supply (the “Company”), as described in the Plan agreement, who meet the eligibility requirements of the Plan. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA). The Administrative Committee is responsible for the oversight of the Plan including the appropriateness of the Plan’s investment offerings and monitoring of the investment performance.

Plan Amendments – Effective April 1, 2022, the Plan was amended to count service of employees with the prior employer Woburn Group. Effective November 1, 2022, the Plan was amended to count service of employees with the prior employer Bejian Century Supply.

Contributions – There are two types of salary deferrals: Pre-Tax 401(k) deferrals and Roth 401(k) deferrals. Each year, participants may contribute up to 100 percent of their pretax annual compensation, as defined in the Plan. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions. Participants may also contribute amounts representing distributions from other qualified defined benefit or defined contribution plans (rollover). Participants direct the investment of their contributions into various investment options offered by the Plan. The Plan currently offers twenty-nine (29) mutual funds and two (2) money market funds as investment options for participants. Participants may change their investment options at any time. The Plan is a Safe-Harbor Plan where the Company’s non-elective Safe-Harbor contributions are equal to 100 percent of the employee deferral up to 3 percent of Plan compensation plus 50 percent of employee deferrals between 3 percent and 5 percent of Plan compensation. The Plan may also elect to make discretionary employer matching contributions to the Plan based on a discretionary percentage of eligible compensation that a participant contributes to the Plan. For the year ended December 31, 2022, no discretionary employer matching contributions were made to the Plan. The Company’s non-elective Safe-Harbor contributions and discretionary employer matching contributions are participant directed as stated above. Contributions are subject to certain IRS limitations.

Participant Accounts – Each participant’s account is credited with the participant’s contributions, Company’s non-elective Safe-Harbor contributions, and discretionary employer matching contributions, as well as allocations of Plan earnings. Participant accounts are charged with an allocation of administrative expenses that are paid by the Plan. Allocations are based on participant earnings, account balances, or specific participant transactions, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant’s vested account.

JOHNSTONE SUPPLY RETIREMENT SAVINGS PLAN

Notes to Financial Statements

December 31, 2022 and 2021

NOTE 1 - Description of the Plan (continued)

Vesting - Participants are vested immediately in their contributions, including rollovers and Company's non-elective Safe-Harbor matching contributions, plus actual earnings thereon. Vesting in the Company's discretionary employer matching contributions portion of their accounts is based on years of continuous service. A participant is 100 percent vested after six (6) years of credited service. A participant is 100 percent vested upon death, disability, or normal retirement.

Notes Receivable from Participants - Participants may borrow from their accounts a minimum of \$1,000 up to a maximum equal to the lesser of \$50,000 or 50 percent of their vested account balance. Participant may only have two (2) notes outstanding at any time. The notes are secured by the balance in the participant's account and bear interest at a rate that is established at the time of the loan as determined by the Plan administrator. Principal and interest are paid ratably through payroll deductions.

Payment of Benefits - On termination of service due to death, disability or retirement, or upon termination of employment, a participant or their beneficiary (ies) may elect to receive either a lump-sum amount, or substantially equal installments or partial withdrawals equal to the value of the participant's vested interest in his or her account. An account balance less than \$1,000 will receive an automatic lump-sum payment regardless of whether the participant or their beneficiary (ies) elects to receive payment.

Forfeited Accounts - Forfeitures may be used to pay Plan administrative expenses or reduce employer contributions. There were no non-vested accounts at December 31, 2022 and 2021, nor were any used for the offset of Plan administration expenses or employer contributions.

NOTE 2 - Summary of Significant Accounting Policies

Basis of Accounting - The accompanying financial statements of the Plan are prepared on the accrual basis of accounting.

Use of Estimates - The preparation of financial statements in accordance with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

JOHNSTONE SUPPLY RETIREMENT SAVINGS PLAN

Notes to Financial Statements

December 31, 2022 and 2021

NOTE 2 - Summary of Significant Accounting Policies (continued)

Investment Valuation and Income Recognition - Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Plan's Administrative Committee determines the Plan's valuation policies utilizing information provided by the investment adviser and trustee. See Note 4 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net depreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Notes Receivable from Participants - Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred. If a participant ceases to make loan payments and the Plan administrator deems the participant loan to be in default, the participant loan is reduced and a benefit payment is recorded. No allowance for credit losses has been recorded as of December 31, 2022 and 2021.

Payment of Benefits - Benefits are recorded when paid.

Administrative Expenses - Certain expenses of maintaining the Plan are paid by the Plan, unless otherwise paid by the Company. Expenses that are paid by the Company are excluded from these financial statements. Fees related to the administration of notes receivable from participants and certain distributions are charged directly to the participant's account and are included in administrative expenses. Investment related expenses are included in net depreciation of fair value of investments.

Subsequent Events - The Plan has evaluated subsequent events through October 13, 2023, the date the financial statements were available to be issued. Effective January 1, 2023, the Plan was amended to count service of employees with the prior employer Waltham Group. Except as noted above, no events of transactions have occurred during this period which would render these financial statements to be misleading.

NOTE 3 - Certified Investments (Unaudited)

Certain information related to investments and notes receivable from participants disclosed in the accompanying financial statements and ERISA-required supplemental schedule, including investments and notes receivable from participants held at December 31, 2022 and 2021, and net depreciation in fair value of investments, dividends, and interest income on notes receivable from participants for the year ended December 31, 2022, was obtained by management and agreed to or derived from information certified as complete and accurate by Fulton Bank, N.A., the trustee of the Plan.

NOTE 4 – Fair Value Measurements

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3).

The three levels of the fair value hierarchy under FASB ASC 820 are described as follows:

Level 1	Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.
Level 2	Inputs to the valuation methodology include • Quoted prices for similar assets or liabilities in active markets; • Quoted prices for identical or similar assets or liabilities in inactive markets; • Inputs other than quoted prices that are observable for the asset or liability; • Inputs that are derived principally from or corroborated by observable market data by correlation or other means. If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.
Level 3	Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2022 and 2021.

Money Market Funds and Mutual Funds: Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the Securities and Exchange Commission (SEC). These mutual funds are required to publish their daily net asset value (NAV) and to transact at that price. The money market funds and mutual funds held by the Plan are deemed to be actively traded.

NOTE 5 - Related Party Transactions and Party in Interest Transactions

Plan investments are shares of mutual funds and money market funds managed by Fulton Bank, N.A., the trustee of the Plan. Fulton is the trustee as defined by the Plan and therefore these transactions qualify as party in interest transactions. Fees incurred by the Plan for the investment management services are included in net depreciation in fair value of investments, as they are paid through revenue sharing, rather than direct payment. Fees paid by the Plan for administrative expenses amounted to \$30,386 for the year ended December 31, 2022, which were not covered by revenue sharing. The Plan sponsor pays directly any other fees related to the Plan's operations.

Notes receivable from participants qualify as party in interest transactions and are exempt from the prohibited transaction rules.

NOTE 6 - Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants would become 100 percent vested in their employer contributions.

NOTE 7 - Tax Status

The underlying prototype non-standardized profit sharing plan has received an opinion letter dated June 30, 2020 from the Internal Revenue Service (IRS) stating that the form of the Plan is acceptable for use by employers for the benefit of employees under Internal Revenue Code (IRC) Section 401. The Plan Sponsor has adopted the Plan and may rely on the current qualifications of the prototype non-standardized profit sharing plan opinion letter. Once qualified, the Plan is required to operate in conformity with the Code to maintain its qualifications. Although the Plan has been amended since receiving the opinion letter, the Plan administrator believes that the Plan is designed, and is currently being operated in compliance with the applicable requirements of the IRS and, therefore, believes the Plan is qualified, and the related trust is tax exempt.

Accounting principles generally accepted in the United States of America require Plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the Internal Revenue Service. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

NOTE 8 - Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks, such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such change could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits. The current economic environment has increased the degree of uncertainty.
