Independent Auditor's Report

Plan Participants, Audit Committee
Urban Land Institute 403(b) Plan

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We were engaged to perform audits of the financial statements of Urban Land Institute 403(b) Plan (the Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statement of net assets available for benefits as of December 31, 2022, the related statement of changes in net assets available for benefits for the year then ended, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from qualified institutions as of December 31, 2022 and 2021, and for the year ended December 31, 2022, stating that the certified investment information, as described in Note 2 to the financial statements, is complete and accurate or complete and accurate to the best of their knowledge and belief.

Disclaimer of Opinion

We do not express an opinion on the accompanying financial statements of the Plan. Because of the significance of the matters described in the Basis for Disclaimer of Opinion section of our report, we have not been able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion on the financial statements.

Basis for Disclaimer of Opinion

The Plan has not maintained sufficient accounting records and supporting documents relating to certain annuity contracts and custodial accounts issued to current and former employees prior to January 1, 2009. Accordingly, we were unable to apply auditing procedures sufficient to determine the extent to which the accompanying financial statements may have been affected by these conditions.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with U.S. GAAP, and for the design, implementation and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern within one year after the date that the financial statements are issued or available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the Plan, and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Our responsibility is to conduct an audit of the Plan's financial statements in accordance with auditing standards generally accepted in the United States of America and to issue an auditor's report. However, because of the matters described in the Basis for Disclaimer of Opinion section of our report, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion on these financial statements.

We are required to be independent of the Plan, and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audit.

Other Matter—Supplemental Schedule Required by ERISA

The supplemental schedule of assets (held at end of year) as of December 31, 2022, is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the DOL's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. Because of the significance of the matters described in the Basis for Disclaimer of Opinion section of our report, it is inappropriate to and we do not express an opinion on the supplemental schedule referred to above.

Urban Land Institute 403(b) Plan

Notes to Financial Statements

Note 1. Plan Description and Significant Accounting Policies

The following description of Urban Land Institute 403(b) Plan (the Plan) provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General: The Plan is a defined contribution plan, covering substantially all employees of Urban Land Institute (the Plan Sponsor). The Audit Committee is responsible for oversight of the Plan. The Retirement Plan Committee determines the appropriateness of the Plan's investment offerings, monitors investment performance and reports to the Plan's Audit Committee. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

Contributions: Under the terms of the Plan, participants may elect to make voluntary contributions to the Plan not to exceed 100% of pretax annual compensation. Employees are automatically enrolled in the Plan at a deferral rate of 5% of pretax compensation, unless the employee specifically opts-out of participation or elects a different deferral rate. The automatic deferral percentage will be automatically increased by 1% on the first day of each calendar year, up to a maximum of 15% of compensation deferred, not to exceed the statutory maximum in a calendar year. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions. Participants may also contribute amounts representing distributions from other qualified defined benefit or defined contribution plans (rollovers).

The Plan Sponsor may make matching contributions, at its discretion, to all employees who have completed one year of service, however, no matching contributions were made for the year ended December 31, 2022. The Sponsor made discretionary nonelective contributions, to all employees who have completed one year of service, at a stated rate of 3% of eligible compensation.

Contributions are subject to certain Internal Revenue Service (IRS) limitations.

Investment options: Upon enrollment in the Plan, a participant may direct all contributions to selected investments as made available and determined by the Plan Administrator. Participants may change their investment options daily.

Participant accounts: Each participant's account is credited with the participant's contributions and the Plan Sponsor's matching contributions, as well as allocations of any non-elective contributions, and Plan earnings/losses. Participant accounts are charged with an allocation of administrative expenses that are paid by the Plan. Allocations are based on participant earnings, account balances, or specified transactions, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting: Participants are immediately vested in their contributions plus actual earnings thereon. Vesting in employer matching and nonelective contributions is based on years of continuous service. A participant will become 20% vested after two years of service, then vests at a rate of 20% for each year of credited service, and is 100% vested after six years of credited service. Participants 65 years of age and older are 100% vested in employer matching and nonelective contributions regardless of years of service.

Payment of benefits: The Plan permits withdrawals when a participant terminates employment, reaches retirement age, or becomes disabled or deceased. In-service withdrawals are also permitted for certain financial hardships or when a participant attains age 59½. Benefits are payable in lump-sum payments with certain exceptions allowed.

Urban Land Institute 403(b) Plan

Notes to Financial Statements

Note 1. Plan Description and Significant Accounting Policies (Continued)

Forfeitures: Forfeitures are used to reduce future employer contributions or pay Plan expenses. Forfeited nonvested accounts totaled \$53,341 and \$90,343, at December 31, 2022 and 2021, respectively. During 2022, \$75,000 of forfeitures were used to reduce employer contributions and \$8,245 were used to pay administrative expenses.

Notes receivable from participants: Participants may borrow from their accounts a minimum of \$1,000 up to a maximum equal to the lesser of 50% of their vested account balance or \$50,000. Loan terms range up to five years or over a reasonable period of time for the purchase of a participant's primary residence, as established by the Plan Administrator at the time of the loan. The loans are collateralized by the vested balance in the participant's account and bear interest at a rate of prime plus one percentage point. These rates range from 4.25% to 6.5% on loans outstanding at December 31, 2022, and the loans mature through 2030. Principal and interest are paid ratably through bi-weekly payroll deductions.

A summary of the Plan's significant accounting policies follows:

Basis of accounting: The financial statements of the Plan are prepared on the accrual basis of accounting.

Use of estimates: The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America (U.S. GAAP) requires the Plan's management to make estimates and assumptions that affect the reported amounts of net assets available for benefits and changes therein. Actual results could differ from those estimates.

Investment valuation and income recognition: Investments are reported at fair value, except for direct investments in fully benefit-responsive investment contracts, which are reported at contract value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Plan's management determines the Plan's valuation policies utilizing information provided by the investment custodians and insurance company. See Note 3 for discussion of fair value measurements.

Contract value is the relevant measurement for the portion of the net assets available for benefits attributable to direct investments in fully benefit-responsive investment contracts because contract value is the amount participants normally would receive if they were to initiate permitted transactions under the terms of the Plan.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net depreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Investment securities are exposed to various risks, such as interest rate, market and credit risk. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the value of investment securities will occur in the near-term and such changes could materially affect participant account balances and the amounts reported in the statements of net assets available for benefits.

Urban Land Institute 403(b) Plan

Notes to Financial Statements

Note 1. Plan Description and Significant Accounting Policies (Continued)

Notes receivable from participants: Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred. If a participant ceases to make the scheduled repayments and the Plan Administrator deems the participant to be in default, the participant's note receivable is reduced and a benefit payment is recorded based on the terms of the Plan. No allowance for credit losses has been recorded as of December 31, 2022 and 2021.

Excess contributions payable: Participant contributions in excess of amounts allowed by the IRS are recorded as a liability with a corresponding reduction in contributions.

Payment of benefits: Benefits are recorded when paid.

Expenses: Certain fees and expenses of maintaining the Plan are paid directly by the Plan Sponsor and are excluded from these financial statements. Administrative expenses include fees related to the administration of notes receivable that are charged directly to the participant's account and certain recordkeeping fees paid by the Plan. Investment related expenses are included in net depreciation of fair value of investments.

Subsequent events: The Plan Administrator has evaluated subsequent events (events occurring after December 31, 2022) through October 13, 2023, the date the financial statements were available to be issued.

Note 2. Information Certified and Provided by Qualified Institutions

The following is a summary of the Plan's asset information as of December 31, 2022 and 2021, and for the year ended December 31, 2022, included throughout the Plan's financial statements and ERISA-required supplemental schedule. The Plan Administrator has obtained certifications from the issuers and custodians that information provided to the Plan Administrator by the issuers and custodians related to the following assets is complete and accurate, and complete and accurate to the best of their knowledge and belief. Accordingly, as permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA, the Plan Administrator instructed the Plan's independent auditors not to perform any auditing procedures with respect to the information that appears throughout the financial statements and ERISA-required supplemental schedule.

The certified investment information as of December 31, 2022 was obtained by management and agreed to or derived from information certified by TIAA and CREF, issuers of certain investments, Empower Trust Company (ETC), a custodian of the Plan, and Empower Annuity Insurance Company (EAIC) on behalf of Mass Mutual Life Insurance Company (Mass Mutual), a custodian of the Plan, under a power of attorney granted to EAIC. The certified investment information as of December 31, 2021 was obtained by management and agreed to or derived from information certified by TIAA and CREF, issuers of certain investments, Reliance Trust Company (Reliance), a custodian of the Plan, and Empower Retirement LLC on behalf of Mass Mutual, a custodian of the Plan, under a power of attorney granted to Great West Life & Annuity Insurance Company.

Certain certified investment information for the period from January 1, 2022 to September 9, 2022 was obtained by management and agreed to or derived from information certified by Reliance, a custodian of the Plan.

Certain certified investment information for the period from September 10, 2022 to December 31, 2022 was obtained by management and agreed to or derived from information certified by ETC, a custodian of the Plan.

TIAA and CREF, EAIC on behalf of Mass Mutual, and ETC certified to the completeness and accuracy of, and Reliance certified to the best of their knowledge and belief the completeness and accuracy of \$4,578,126 of net depreciation in fair value of investments and \$590,415 of interest and dividend income related to the aforementioned plan assets for the year ended December 31, 2022.

Note 3. Fair Value Measurements

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3). The three levels of the fair value hierarchy are described below:

Level 1: Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2: Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets
- Quoted prices for identical or similar assets or liabilities in inactive markets
- Inputs other than quoted prices that are observable for the asset or liability
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Urban Land Institute 403(b) Plan

Notes to Financial Statements

Note 3. Fair Value Measurements (Continued)

Level 3: Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of input that is significant to the fair value measurement. Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2022 and 2021.

Mutual funds: Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily net asset value and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

Variable annuities: All of the CREF variable annuities are valued at the daily unit value published on NASDAQ. The fund is not traded on this exchange. The value of the unit holder's investment rises and falls with the returns on the underlying assets in the funds.

Pooled separate account: The Real Estate Account is a pooled separate annuity for which daily unit values are published on NASDAQ. The fund is not traded on this exchange. The value of the unit holder's investment rises and falls with the return on the underlying assets in the account.

The following tables set forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2022 and 2021.

Description	Assets at Fair Value as of December 31, 2022			
	Level 1	Level 2	Level 3	Total
Mutual funds	\$ 20,563,332	\$ -	\$ -	\$ 20,563,332
Variable annuities	982,699	-	-	982,699
Pooled separate account	201,589	-	-	201,589
	<u>\$ 21,747,620</u>	<u>\$ -</u>	<u>\$ -</u>	<u>\$ 21,747,620</u>

Description	Assets at Fair Value as of December 31, 2021			
	Level 1	Level 2	Level 3	Total
Mutual funds	\$ 17,352,750	\$ -	\$ -	\$ 17,352,750
Variable annuities	1,267,494	-	-	1,267,494
Pooled separate account	193,255	-	-	193,255
	<u>\$ 18,813,499</u>	<u>\$ -</u>	<u>\$ -</u>	<u>\$ 18,813,499</u>

To assess the appropriate classification of investments within the fair value hierarchy, the availability of market data is monitored. Changes in economic conditions or valuation techniques may require the transfer of investments from one fair value level to another.

Plan management evaluates the significance of transfers between levels based upon the nature of the investment and size of the transfer relative to total net assets available for benefits.

Urban Land Institute 403(b) Plan

Notes to Financial Statements

Note 4. Fully Benefit-Responsive Guaranteed Investment Contracts

The Plan has a fixed annuity contract that is fully and unconditionally guaranteed by TIAA, which is shown in the accompanying statements of net assets available for benefits as an insurance annuity contract. The crediting interest rate is based on a formula agreed upon with the issuer, but it generally will not be less than 3%. Additional interest, when declared, remains in effect for the declaration year, which begins each March 1. Additional interest is not guaranteed for future years. When the accumulation in TIAA Traditional Annuity is converted to an annuity based on life expectancy, the present value of the stream of payments is equal to the accumulation. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value. There are no reserves against contract value for credit risk of the contract issuers or otherwise. The contract does not permit the insurance company to terminate the agreement prior to the scheduled maturity date.

The Plan also invests in the MassMutual Guaranteed Interest Account, a fully benefit-responsive general investment account, provided through a group annuity contract. The account is credited with contributions plus earnings on the underlying investments and charged for participant withdrawals and administrative expenses. The contract is included in the financial statements at contract value as reported to the Plan by MassMutual. The contract issuer is contractually obligated to repay the principal and a specified interest rate that is guaranteed to the Plan. The crediting interest rate is based on an agreed-upon formula with MassMutual, but cannot be less than a minimum guaranteed rate of return which is revised quarterly. There are no reserves against contract value for credit risk of the contract issuer or otherwise.

For investment contracts that are fully benefit-responsive, contract value is the relevant measurement attribute for that portion of the net assets available for benefits attributable to the guaranteed investment contract. The contract is included in the financial statements at contract value, as reported to the Plan by TIAA-CREF. Contract value represents contributions made under the contract, plus earnings, less participant withdrawals and administrative expenses.

The Plan's ability to receive amounts due in accordance with the fully benefit-responsive investment contracts is dependent on the third-party issuers' ability to meet their financial obligations. The issuers' ability to meet their contractual obligations may be affected by future economic and regulatory developments.

Certain events may limit the ability of the Plan to transact at contract value with the issuers. These events may be different under each contract. Examples of such events include the following:

1. The Plan's failure to qualify under Section 401(a) of the Internal Revenue Code (IRC) or the failure of the trust to be tax-exempt under Section 501(a) of the IRC
2. Premature termination of the contract
3. Plan termination or merger
4. Changes to the Plan's prohibition on competing investment contract
5. Bankruptcy of the Plan Sponsor or other Plan Sponsor events (for example, divestitures or spinoffs of a subsidiary) that significantly affect the Plan's normal operations

No events are probable of occurring that might limit the ability of the Plan to transact at contract value with the contract issuers of the group supplemental retirement annuity and that also would limit the ability of the Plan to transact at contract value with the participants.

Notes to Financial Statements

Note 4. Fully Benefit-Responsive Guaranteed Investment Contracts (Continued)

In addition, certain events allow the issuers to terminate the contracts with the Plan and settle at an amount different from contract value. Those events may be different under each contract. Examples of such events include the following:

1. An uncured violation of the Plan's investment guidelines
2. A breach of material obligation under the contract
3. A material misrepresentation
4. A material amendment to the agreements without the consent of the issuer

Note 5. Related-Party and Party-in-Interest Transactions

TIAA-CREF, MassMutual and Reliance, issue certain investments and provide custodial services to the Plan; therefore, transactions with these entities qualify as party-in-interest transactions. Fees paid by the Plan to MassMutual and other bundled service providers totaled \$40,596 for the year ended December 31, 2022. The Plan Sponsor also paid certain administrative expenses of the Plan.

Note 6. Plan Termination

Although it has not expressed any intent to do so, the Plan Sponsor has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants would become 100% vested in their employer contributions.

Note 7. Tax Status

The Plan has adopted a volume submitter plan sponsored by MassMutual. The volume submitter plan has received an advisory letter from the IRS as to the volume submitter plan's qualified status. The volume submitter advisory letter has been relied upon by this Plan. The Plan has been amended since the volume submitter received the advisory letter. The Plan Administrator believes the Plan is designed and is being operated in compliance with the applicable provisions of the IRC.

U.S. GAAP requires Plan management to evaluate tax positions taken by the Plan, and recognize a tax liability (or asset) if the Plan has taken any significant uncertain tax positions that more likely than not would not be sustained upon examination. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.
