INDEPENDENT AUDITORS' REPORT

To the Plan Administrator and Participants of
Frazer, LTD 401(k) Plan

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the financial statements of Frazer, LTD 401(k) Plan (the "Plan"), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 ("ERISA"), as permitted by ERISA Section 103(a)(3)(C). The financial statements comprise the statements of net assets available for benefits as of December 31, 2022 and 2021, and the related statement of changes in net assets available for benefits for the year ended December 31, 2022, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's ("DOL") Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the Plan ("investment information") by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency ("qualified institution"), provided that the investment information is prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

Management has obtained certifications from a qualified institution as of December 31, 2022 and 2021 and for the year ended December 31, 2022, stating that certified investment information, as described in Note 3 to the financial statements is complete and accurate.

Opinion

In our opinion, based on our audits and the procedures performed as described in the Auditors' Responsibilities for the Audit of the Financial Statements section—

- the amounts and disclosures in the financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America ("GAAP").
- the information in the financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America ("GAAS"). Our responsibilities under those standards are further described in the Auditors' Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with GAAP, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all Plan amendments; administering the Plan; and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditors' Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditors' report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of GAAP.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with GAAP.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter — Supplemental Schedule Required by ERISA

The supplemental schedule of Schedule H, Line 4i – Schedule of Assets Held at End of Year as of December 31, 2022 is presented for the purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the DOL's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compare such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion—

- the form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, is presented, in all material respects, in conformity with the DOL's Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to or is derived from, in all material respects, the information prepared and certified by qualified institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Notes to Financial Statements

December 31, 2022

Note 1 - Description of the Plan

The following description of the Frazer, LTD 401(k) Plan (the "Plan") provides only general information. Participants should refer to the basic plan document for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution plan generally covering all employees of Frazer, LTD (the "Company"). The Plan, effective as of January 1, 2016, and restated March 1, 2022. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA"), as amended.

Plan administration

On December 31, 2020, Empower acquired the retirement business of Massachusetts Mutual Life Insurance Company ("MassMutual"). Following the initial transition period, Empower became the sole administrator of this business in 2021. Custodial services are provided to the Plan by Empower Trust Company, LLC and Empower Annuity Insurance Company of America (collectively "Empower").

Eligibility

Employees who have attained age 18 and who have completed two months of service are eligible to participate in the Plan. Employees are auto enrolled in the Plan at 4%. The Plan is set up to increase the automatic deferral amount each year by 1% of compensation up to a maximum of 10% of compensation for participants enrolled with an automatic deferral. Employees may elect a different percentage or elect not to participate in the Plan by notifying the custodian. Employees participating in the Plan will become a participant of the Plan for all contribution types allowed by the Plan on the first day of the month following eligibility.

Contributions

Participants may make pre-tax or post-tax ("Roth") participant contributions not to exceed the lesser of 100% of eligible compensation or the limits set by the Internal Revenue Code ("IRC"), which limits the annual amount of salary deferrals that may be made by any participant. Participants, who are age 50 or older by the end of the calendar year and are making deferral contributions to the Plan, may also make catch-up contributions up to the limit dictated by the IRC.

The Plan allows for discretionary employer matching contributions to all eligible participants as determined annually by management. During 2022, the Company made discretionary matching contributions of 50% of eligible participants' deferral up to 2% of eligible compensation.

Participant accounts

Each participant's account is credited with the participant's contribution, Company contributions, if any, and Plan earnings or losses. Each participant's account is charged with an allocation of administrative Plan expenses, if any.

Frazer, LTD 401(k) Plan

Notes to Financial Statements

Note 1 - Description of the Plan (Continued)Participant accounts (continued)

Participants direct the investment of their account balances in any of several investment options. Participants can change their investment options among the various investment funds either through direct transfers from one option to another or by changing the percentage allocation of future contributions. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting

Participants are immediately vested in their voluntary contributions and rollover contributions. Participants are 100% vested after two years of service. For vesting purposes, an employee earns a year of service upon completing 1,000 hours of service during a Plan year. Hours of service are calculated based on actual hours worked during the Plan year.

Forfeitures

Forfeitures are retained in the Plan and may first be used to pay administrative expenses. Any remaining amounts will be used to reduce employer contributions payable under the Plan. No forfeitures were utilized during 2022. Forfeitures of \$4,423 and \$0 remained as of December 31, 2022 and 2021, respectively.

Distributions to participants

Upon termination of employment or retirement, a participant may elect to receive a lump-sum distribution or payments in equal periodic installments based on the valuation of the participant's account as of the date of termination, death or retirement or defer such benefits until a later date. If the vested balance of the participant's account exceeds \$5,000, the payment may be made in cash in a single lump-sum. If the vested account balance is less than \$5,000, participants must elect how to receive their distribution. Any taxable distribution paid directly to the participant will be subject to mandatory federal income tax withholding of 20% of the requested distribution.

Notes receivable from participants

The Plan does not allow for participants to borrow from their accounts.

Plan termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to terminate the Plan at any time subject to the provisions of ERISA. In the event of Plan termination, the net assets would be allocated among the participants of the Plan in accordance with the provisions of the Plan.

Note 2 - Summary of Significant Accounting PoliciesBasis of accounting

The financial statements of the Plan are prepared on the accrual basis of accounting.

Frazer, LTD 401(k) Plan

Notes to Financial Statements

December 31, 2022

Note 2 - Summary of Significant Accounting Policies (Continued)Use of estimates

The preparation of financial statements in conformity with GAAP requires the Plan administrator to make estimates and assumptions that affect certain reported amounts in the financial statements and accompanying notes. Actual results may differ from these estimates.

Investment valuation and income recognition

The Plan's investments in pooled separate accounts are stated at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date.

The fixed income account is primarily invested in investment contracts deemed to be fully benefit-responsive and is reported at contract value in the statements of net assets available for benefits.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date.

Unrealized appreciation or depreciation in the fair value of investments held at year-end is determined using the fair value at the beginning of the year or the purchase price if the investment is acquired during the year. The realized gain or loss on the sale of investments is determined using historical cost. Upon the sale of an investment, the current year unrealized appreciation or depreciation is adjusted for unrealized gains and losses recognized in prior year. Unrealized appreciation or depreciation and realized gains and losses are reported as net appreciation or depreciation in fair value of investments in the accompanying statement of changes in net assets available for benefits.

Excess contributions payable

Amounts payable to participants for contributions in excess of amounts allowed by the Internal Revenue Service ("IRS") are recorded as a liability with a corresponding reduction to contributions.

Distributions to participants

Distributions are recorded when paid.

Administrative expenses

All administrative expenses, unless paid by the Company, are paid by the Plan.

Subsequent events

The Plan has evaluated subsequent events through October 16, 2023, the date the financial statements were available to be issued.

Note 3 - Certified Investments

Certain information related to investments disclosed in the accompanying financial statements and ERISA-required supplemental schedule, including investments held as of December 31, 2022 and 2021, and net depreciation in fair value of investments for the year ended December 31, 2022, was obtained by the Company and agreed to or derived from information certified as complete and accurate by Empower.

Note 4 - Fair Value Measurements

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1) and the lowest priority to unobservable inputs (level 3). The three levels of the fair value hierarchy under the Financial Accounting Standards Board Accounting Standard Codification Topic 820 are described as follows:

- Level 1 – Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.
- Level 2 – Inputs to the valuation methodology include quoted prices for similar assets or liabilities in active markets; quoted prices for identical or similar assets or liabilities in inactive markets; inputs other than quoted prices that are observable for the asset or liability; and inputs that are derived principally from or corroborated by observable market data by correlation or other means. If the asset or liability has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability.
- Level 3 – Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of relevant observable inputs and minimize the use of able inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in methodologies used as of December 31, 2022 and 2021.

- Pooled separate accounts – Valued at net asset value ("NAV") of units held. The NAV is used as a practical expedient to estimate fair value. The NAV is based on the fair value of the underlying investments held by the account less its liability. The practical expedient is not used when it is determined to be probable that the account will sell the investment for an amount different than the reported NAV.

Note 4 - Fair Value Measurements (Continued)

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair as of December 31, 2022 and 2021:

Assets at Fair Value as of December 31, 2022				
	Level 1	Level 2	Level 3	Total
Investments in the fair value hierarchy	\$ -	\$ -	\$ -	\$ -
Investments measured at NAV	-	-	-	3,032,460
Investments at fair value	\$ -	\$ -	\$ -	\$3,032,460

Assets at Fair Value as of December 31, 2021				
	Level 1	Level 2	Level 3	Total
Investments in the fair value hierarchy	\$ -	\$ -	\$ -	\$ -
Investments measured at NAV	-	-	-	3,181,915
Investments at fair value	\$ -	\$ -	\$ -	\$3,181,915

Fair value of investment that calculate net asset value

The following table summarizes the investments measured at fair value based on NAVs per share as of December 31, 2022 and 2021, respectively:

Year Ended	Fair Value	Unfunded Commitments	Redemption Frequency	Redemption Notice Period
December 31, 2022	\$3,032,460	N/A	Daily	Daily
December 31, 2021	\$3,181,915	N/A	Daily	Daily

Note 5 - Investment Contract with Insurance Company

The fixed income account holds a benefit-responsive investment contract (the "Contract") with Empower. Empower maintains the contributions in a general account. The account is credited with earnings and charged for participant withdrawals and administrative expenses. The contract issuer is contractually obligated to repay the principal and a specified interest rate that is guaranteed to the Plan.

Frazer, LTD 401(k) Plan

Notes to Financial Statements

December 31, 2022

Note 5 - Investment Contract with Insurance Company (Continued)

The Contract can be redeemed daily unless the amounts transferred from the Contract are being transferred to a competing contract or an amount transferred from a contract to an account may not subsequently be transferred to another account which Empower considers to be a competing contract for a period of 90 days beginning on the date such an amount is transferred from the account. The amount of the withdrawal, when added to the sum of all such withdrawals and transfers from the Contract made during the preceding twelve months, cannot exceed one sixth of the balance of the Contract. Participants may be subject to a surrender charge or market value adjustment upon early liquidation of their investment in the Contract.

Because the Contract is fully benefit-responsive, contract value is the relevant measurement attribute for that portion of the net assets available for benefits attributable to the Contract. Contract value, as reported to the Plan by Empower, represents contributions made under the Contract, plus earnings, less participant withdrawals and administrative expenses. Participants may ordinarily direct withdrawals or transfers of all or a portion of their investment at contract value.

There are no reserves against contract value for credit risk of the contract issuer or otherwise. The crediting interest rate is based on a formula agreed upon with the issuer, but it may not be less than three percent. Such interest rates may change from time to time. Any such change by Empower shall be declared in advance and shall become effective as of the first day of the month immediately following the date the Company is mailed notice of such change. The declared interest rate credited during a contract year shall not be less than the guaranteed rate for such contract year.

Note 6 - Tax Status

The volume submitter profit sharing plan adopted by the Company received its latest opinion letter dated June 30, 2020, in which the IRS stated that the plan, as then designed, was in compliance with applicable requirements of the IRC. Although the Plan has been amended since received the opinion letter, the Plan administrator believes that the Plan and related trust are currently designed and being operated in compliance with applicable requirements of the IRC And was tax-exempt as of December 31, 2022 and 2021.

GAAP requires the Company to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan is subject to audits by taxing jurisdictions; however, there are currently no audits in progress.

Note 7 - Party-in-Interest Transactions

Plan investments are managed by Empower. Empower is the custodian and recordkeeper for the Plan and therefore, these transactions qualify as party-in-interest transactions.

Note 8 - Reconciliation of Financial Statements to Form 5500

The following is a reconciliation of net assets available for benefits per the financial statements to Form 5500 as of December 31:

	<u>2022</u>	<u>2021</u>
Net assets available for benefits per the financial statements	\$ 3,090,747	\$ 3,221,641
Excess contributions payable	<u>-</u>	<u>18,611</u>
Net assets available for benefits per Form 5500	<u>\$ 3,090,747</u>	<u>\$ 3,240,252</u>

The following is a reconciliation of the participant contributions per the financial statements to participant contributions per Form 5500 for the year ended December 31, 2022:

Participant contributions per the financial statements	\$ 625,690
Change in excess contributions payable	<u>(18,611)</u>
Participant contributions per Form 5500	<u>\$ 607,079</u>

Note 9 - Risks and Uncertainties

The Plan provides for investments in pooled separate accounts and a fixed income account which, in general, are exposed to various risks, such as interest rate, market volatility, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect the amounts reported in the statement of net assets available for benefits and participant account balances. Plan participants bear the risk of any investment losses.
