REPORT OF INDEPENDENT CERTIFIED PUBLIC ACCOUNTANTS

The Fiduciary Committee, Trustee and Plan Administrator
Genisys Controls 401(k) Profit Sharing Plan

Scope and nature of the ERISA Section 103(a)(3)(C) audit

We have performed audits of the financial statements of Genisys Controls 401(k) Profit Sharing Plan (the "Plan"), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statements of net assets available for benefits as of December 31, 2022 and 2021, and the related statement of changes in net assets available for benefits for the year ended December 31, 2022, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of December 31, 2022 and 2021, and for the year ended December 31, 2022, stating that the certified investment information, as described in Note G to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section

- The amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- The information in the accompanying financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (US GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of management for the financial statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the plan, and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's responsibilities for the audit of the financial statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with US GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with US GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other matter - supplemental schedule required by ERISA

The supplemental schedule of assets (held at end of year) as of December 31, 2022 is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such supplementary information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule other than that agreed to or derived from the certified investment information, has been subjected to the auditing procedures applied in the audits of the financial statements and certain additional procedures. These additional procedures included comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with US GAAS. For information included in the supplemental schedule that agreed to or is derived from

the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion

- The form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, is presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- The information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Genisys Controls 401(k) Profit Sharing Plan

NOTES TO THE FINANCIAL STATEMENTS

December 31, 2022 and 2021

NOTE A - DESCRIPTION OF THE PLAN

The following description of the Genisys Controls 401(k) Profit Sharing Plan (the "Plan") provides only general information. Participants should refer to the Plan document for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution, deferred profit sharing and 401(k) plan covering all U.S. employees of Genisys Controls, LLC (the "Plan Sponsor" or the "Company"). It was adopted in July 2017. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974, as amended ("ERISA").

Administration

The Plan is administered by the Fiduciary Committee (the "Plan Administrator"), which consists of members appointed by management of the Plan Sponsor. The Plan Administrator is responsible for general administration of the Plan and interpretation and execution of the Plan's provisions. Trustees are appointed by management of the Plan Sponsor and have as their general duties to hold, invest and reinvest funds available and to pay monies in accordance with the provisions of the Plan. Bank of America, N.A. ("Bank of America") serves as the trustee for the Plan.

Contributions

Participants may elect to make pre-tax contributions for any percentage of their annual eligible compensation subject to the limitations of the Internal Revenue Code ("IRC"). Participants may change their election rate every pay period. Participants may also contribute amounts representing rollover contributions from other qualified plans. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions as defined in the Plan document. Participants direct the investment of their contributions into various options offered by the Plan.

When a participant becomes eligible for the Plan, if an elective deferral contribution election is not made, the participant will be deemed to have made an elective deferral contribution election in the amount of 6% of the participant's compensation.

The Plan Sponsor may make a discretionary matching contribution equal to 100% of the first 3% of participant contributions and 50% up to an additional 6% of participant contributions for all participants employed on the last day of the plan year for a maximum Plan Sponsor match of 6% of each participant's eligible compensation. The Plan Sponsor may make additional discretionary profit sharing contributions as authorized by the Plan Sponsor. There were no profit sharing contributions in 2022.

For the years ended December 31, 2022 and 2021, the Plan Sponsor approved matching contributions and recorded receivables of \$1,899,627 and \$1,747,986, respectively. The receivables were remitted by the Plan by March 15, 2023 and 2022, respectively.

Eligibility

All U.S. employees of the Plan Sponsor are eligible to participate in the Plan, except non-resident aliens, members of a union who bargained separately for retirement benefits during negotiations, and independent contractors. An employee becomes eligible to participate in the Plan upon completing one hour of service. An hour of service is generally defined as any hour in which the participant is paid or entitled to payment for services rendered to the Plan Sponsor.

Participant Accounts and Investment Options

Each participant's account is credited with the participant's contributions, the Plan Sponsor's contributions and their portion of the Plan's earnings (losses) and is charged with certain administrative fees. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account. Participants may change their investment options daily. If an automatically enrolled employee does not select a particular investment or combination of investments, contributions are directed to the Moderate Portfolio Model of the Goal Manager Investment Option. Bank of America Goal Manager provides a preselected mix of investments based on tolerance for investment risk.

Vesting

A participant has a non-forfeitable vested interest in the current fair value of the assets purchased with their contributions. A participant becomes 33% vested in the Plan Sponsor's contributions made on their behalf after one year of service. For vesting purposes, one year of service equals 1,000 hours of service during a plan year. Such vesting increases to 67% after two years of service and 100% after three years of a participant's service. In addition, a participant's account becomes 100% vested upon death, total and permanent disability, or upon reaching normal retirement age. In addition, participants are 100% vested in qualified non-elective contributions, regardless of length of service.

Forfeitures

Plan Sponsor contributions which are not vested at the time a participant withdraws from the Plan by reason of termination of employment are forfeited and may be used to reduce future Plan Sponsor contributions. The amount of forfeitures included in the Plan's net assets were \$33,579 and \$46,275 as of December 31, 2022 and 2021, respectively. Forfeitures of \$13,251 and \$28,978 were subsequently allocated to offset the Company's Plan Sponsor contributions for 2022 and 2021, respectively.

Benefit Payments

Distribution of a participant's vested account is available upon the participant's retirement, attainment of the age 59½, death, disability, or termination of employment. Hardship withdrawals are available to participants who are experiencing an immediate financial need meeting the requirements of the Internal Revenue Service ("IRS") regulations. Elective deferral contributions will be suspended for a period of six-months following the date of the hardship withdrawal. Upon completion of the six-month suspension, the participant must notify Bank of America to resume contributions.

Notes Receivable from Participants

Participants may borrow a minimum of \$500 up to a maximum of 50% of the vested account balance not to exceed \$50,000, less the highest outstanding loan amount during the prior 12 months. Loan terms may not exceed five years, unless the loan principal is used for the acquisition of a primary residence. The loans bear interest at the Wall Street Journal Prime Rate as published at the end of the previous month. Interest rates on notes receivable from participants range from 3.25% and 7.50% at December 31, 2022 and 3.25% and 6.25% at December 31, 2021. Principal and interest payments are paid ratably through payroll deductions. Participants are limited to one general purpose loan and one residential loan at any one time.

NOTE B - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting

The accompanying financial statements have been prepared on the accrual basis of accounting in accordance with accounting principles generally accepted in the United States of America ("U.S. GAAP").

Use of Estimates

The preparation of financial statements in conformity with U.S. GAAP requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Investment Valuation and Income Recognition

The Plan's investments are stated at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note C for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Dividend income is recorded on the ex-dividend date. Interest income is recorded on the accrual basis. Net appreciation (depreciation) in fair value of investments consists of net realized gains and losses on the sale of investments and net unrealized appreciation (or depreciation) of investments.

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are expensed when they are incurred and reflected in administrative expenses. Notes receivable from participants are secured by the participant's vested account balance. No allowance for credit losses has been recorded as of December 31, 2022 and 2021. Delinquent loans are reclassified as benefit payments based upon the terms of the Plan document.

Payment of Benefits

Benefit payments are recorded when paid.

Excess Contributions Payable

Amounts payable to participants for contributions in excess of amounts permitted by the IRS are recorded as a liability with a corresponding reduction to contributions. A refund of excess contributions payable of \$77,240 and \$155,784 was included in net assets available for benefits as of December 31, 2022 and 2021, respectively. The Plan distributed the 2022 excess contributions to the applicable participants prior to March 15, 2023.

Risks and Uncertainties

The Plan's investments, in general, are exposed to various risks, such as interest rate, credit, and overall market volatility risk. Due to the level of risk associated with certain investments, it is reasonably possible that changes in the values of investments will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

Genisys Controls 401(k) Profit Sharing Plan

NOTES TO THE FINANCIAL STATEMENTS - CONTINUED

December 31, 2022 and 2021

Administrative Expenses

Certain expenses of maintaining the Plan are paid by the Plan, unless otherwise paid by the Company. Expenses that are paid by the Company are excluded from these financial statements. Fees related to the administration of notes receivable from participants are charged directly to the participant's account and are included in administrative expenses. Investment related expenses are included in net depreciation of fair value of investments.

NOTE C - FAIR VALUE MEASUREMENTS

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted market prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy are described below:

- Level 1 - Unadjusted quoted prices in active markets for identical assets or liabilities that the Plan has the ability to access at the measurement date;
- Level 2 - Observable inputs other than quoted prices included within Level 1, such as quoted prices for similar assets or liabilities in active markets; quoted prices for identical assets or liabilities in inactive markets; inputs other than quoted prices that are observable for the asset or liability; or inputs that are derived principally from or corroborated by observable market data by correlation or other means. If the asset or liability has a specified contractual term, the Level 2 input must be observable for substantially the full term of the asset or liability; and
- Level 3 - Unobservable inputs that reflect the Plan's own assumptions and the assumptions that market participants would use in the pricing of the asset or liability and that are, consequently, not based on market activity, but upon particular valuation techniques.

An asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs. The following is a description of the valuation methodologies used for assets measured at fair value.

Mutual Funds and Money Market Funds: Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-ended mutual funds that are registered with the U.S. Securities Exchange Commission. These funds are required to publish their daily net asset values ("NAV") and to transact at that price. These funds held by the Plan are deemed to be actively traded.

Collective Trust Fund: The Plan is invested in a stable value fund, the Federated Capital Preservation Fund (the "Fund"). The Fund is a collective trust valued at the NAV of the fund. The NAV is calculated by the fund based on the fund's underlying net assets, which includes fully benefit-responsive investment contracts at contract value. This NAV represents the Plan's fair value since this is the amount at which the Plan transacts with the fund. The NAV, as provided by the trustee, is used as a practical expedient to estimate fair value.

The preceding methods may produce a fair value calculation that may not be indicative of the net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date. There were no changes to the Plan methodologies for the years ended December 31, 2022 and 2021.

Total investments, at fair value				<u>\$ 57,935,475</u>

The following table summarizes investments for which fair value is measured using the NAV per share practical expedient as of December 31, 2022 and 2021, respectively. Certain withdrawals for other than normal benefit payments and participant directed transfers may require up to 12 months' notice.

	Fair Value at December 31,		Unfunded Commitment
	2022	2021	
Collective trust fund	\$ 7,990,147	\$ 7,208,252	None

NOTE D - PLAN TERMINATION

Although it has not expressed any intent to do so, the Plan Sponsor has the right under the Plan to discontinue contributions and to terminate the Plan at any time, subject to the provisions of ERISA, by action of the Plan Sponsor. If the Plan is terminated, each participant would become 100% vested in Plan Sponsor contributions.

Genisys Controls 401(k) Profit Sharing Plan

NOTES TO THE FINANCIAL STATEMENTS - CONTINUED

December 31, 2022 and 2021

NOTE E - TAX STATUS

At December 31, 2022, the Plan's most recent opinion letter from the IRS was dated June 30, 2020. This letter of determination was based upon a prototype plan, as amended. The Plan has been amended subsequent to the date of the opinion letter. The Plan has not applied for a separate determination letter. However, the Plan Sponsor believes that the Plan is currently designed in compliance with the applicable requirements of the IRC. Therefore, no provision for income taxes has been included in the Plan's financial statements.

U.S. GAAP requires Plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by taxing authorities. The Plan Administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2022, there are no uncertain positions taken or expected to be taken that would require recognition of a liability or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

NOTE F - RELATED PARTY AND PARTY-IN-INTEREST TRANSACTIONS

The Plan invests in a money market fund managed by Bank of America. Transactions with Bank of America qualify as party-in-interest transactions, which are exempt from the prohibited transaction rules. Direct fees paid by the Plan to Bank of America are included in administrative expenses in the statement of changes in net assets available for benefits, as they represent commissions on sales of investments.

NOTE G - INFORMATION PREPARED AND CERTIFIED BY TRUSTEE

The Plan Administrator has elected the method of annual reporting permitted by 29 CFR 2520.103-8. Accordingly, Bank of America, the trustee, has certified that the following data included in the accompanying financial statements and supplemental schedule is complete and accurate:

- Investments and notes receivable from participants, as shown in the statements of net assets available for benefits as of December 31, 2022 and 2021;
- Investment income (loss) and interest income on notes receivable from participants, as shown in the statement of changes in net assets available for benefits for the year ended December 31, 2022; and
- Schedule H, line 4i - schedule of assets (held at end of year) as of December 31, 2022.

NOTE H - SUBSEQUENT EVENTS

Effective January 1, 2023, the Plan made a Plan Sponsor safe harbor matching contribution election. The Plan Sponsor will contribute an amount equal to the sum of 100% of the amount of the participant's elective deferrals that do not exceed 3% of the participant's compensation, plus 50% of the amount of the participant's elective deferrals that exceed 3% of the participant's compensation, but not to exceed 5% of the participant's compensation.

Genisys Controls 401(k) Profit Sharing Plan

NOTES TO THE FINANCIAL STATEMENTS - CONTINUED

December 31, 2022 and 2021

In October 2023, the Plan Sponsor entered into a transaction that is subject to certain closing conditions which, when closed, will result in a partial plan termination as defined by ERISA. Under ERISA, a partial plan termination may occur if a significant percentage of the Plan participants are terminated because of action taken by the Plan Sponsor. If a partial plan termination occurs, full vesting is required for all terminated participants ("affected employees"), irrespective of the event in which the partial plan termination was related to, during the Plan year in which the partial plan termination occurred. Management expects the transaction to close prior to December 31, 2023. Upon closing of the transaction, affected employees who were participants in the Plan will be fully vested in their account balances consistent with the Plan's vesting policies, which complies with plan termination requirements under ERISA.

Management has evaluated subsequent events through October 16, 2023, the date the financial statements were available to be issued.
