Independent Auditor's Report

To the Plan Administrator
ConvenientMD LLC 401(k) Plan
Portsmouth, New Hampshire

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the financial statements of ConvenientMD LLC 401(k) Plan (the Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C). The financial statements comprise the statements of net assets available for benefits as of December 31, 2022 and 2021, and the related statement of changes in net assets available for benefits for the year ended December 31, 2022, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under ERISA (ERISA Section 103(a)(3)(C) audit). As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency (qualified institution), provided that the investment information is prepared and certified to by the qualified institution in accordance with 29 CFR 2520.103-5 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

Management has obtained certifications from a qualified institution as of December 31, 2022 and 2021, and for the year ended December 31, 2022, stating that the certified investment information, as described in Note 4 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and the procedures performed as described in the *Auditor's Responsibilities for the Audit of the Financial Statements* section of our report

- the amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America (GAAP); and
- the certified investment information in the accompanying financial statements agrees to, or is derived from, in all material respects, the information prepared and certified by a qualified institution that management determined meet the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the *Auditor's Responsibilities for the Audit of the Financial Statements* section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with GAAP, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern within one year after the date that the financial statements are issued or available to be issued.

Management is responsible for maintaining a current plan instrument, including all plan amendments. Management is also responsible for administering the Plan and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the *Scope and Nature of the ERISA Section 103(a)(3)(C) Audit* section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if, there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.

- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certifications, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of GAAP.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with GAAP.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter – Supplemental Schedules Required by ERISA

The supplemental schedules of Schedule H (Form 5500), Line 4a - Schedule of Delinquent Participant Contributions for the year ended December 31, 2022 and Schedule H (Form 5500), Line 4i - Schedule of Assets (Held at End of Year) as of December 31, 2022 are presented for purposes of additional analysis and are not a required part of the financial statements but are supplementary information required by the DOL's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the 2022 financial statements. The information included in the supplemental schedules, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the

supplemental schedules that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedules, we evaluated whether the supplemental schedules, other than the information agreed to or derived from the certified investment information, including their form and content, are presented in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion

- the form and content of the supplemental schedules, other than the information in the supplemental schedules that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.
- the certified investment information in the supplemental schedules agrees to, or are derived from, in all material respects, the information prepared and certified by a qualified institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

ConvenientMD LLC 401(k) Plan

Notes to Financial Statements

1. Description of the Plan

The following brief description of the ConvenientMD LLC 401(k) Plan (the Plan) provides only general information. Participants should refer to the Plan document for a complete description of the Plan's provisions.

General

The Plan is a defined contribution plan sponsored by ConvenientMD LLC, (the Company, the Plan Sponsor or Plan Administrator). It is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA). The Plan covers all eligible employees of the Company. The Plan's Retirement Committee is responsible for oversight of the Plan. The Plan's Retirement Committee determines the appropriateness of the Plan's investment offerings and monitors investment performance.

Eligibility Requirements

All employees who have completed three months of service and are age 18 or older are eligible to make voluntary participant contributions. Eligible employees may make contributions to the Plan starting on the first day of the month following completion of eligibility requirements. Employees become eligible upon completion of 12 months of employment for the employer match.

Contributions

Each year, participants may contribute up to 90% of their compensation, subject to limits set by the Internal Revenue Code (IRC). Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions. Participants may also contribute amounts representing distributions from other qualified defined benefit or defined contribution plans (rollover).

The Company may also contribute matching contribution and allocate a discretionary contribution equal to a percentage of each eligible participants' elective deferrals. During 2022, matching employer contributions were 25% of the first 8% that employee's deferred. There was no employer discretionary contribution in 2022.

Participant Accounts

Each participant's account is credited with the participant's contributions and allocations for the Company's contribution and Plan earnings. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account. All investments in each participant's account are directed by the participant. The account is decreased by any participant withdrawals and an allocated share of investment expenses. Participants allocate contribution amounts to various investment choices offered by the Plan.

Vesting

Participants are immediately vested in their voluntary contributions, plus actual earnings thereon. Vesting in the employer's contributions is based on years of service. A participant is 25% vested after one year of service, increasing 25% per year, with 100% vesting after four years of credited service. Years of service are credited by performing at least 1,000 hours of service during a Plan year.

ConvenientMD LLC 401(k) Plan

Notes to Financial Statements

Forfeitures

Forfeitures of terminated participants' nonvested accounts may be used to pay plan expenses or reduce future employer contributions. For the years ended 2022 and 2021, forfeitures used to offset matching employer contribution were \$12,193 and \$25,622, respectively. Unused forfeitures amounted to \$6,390 and \$740 as of December 31, 2022 and 2021, respectively.

Investment Options

A participant may direct their contributions to any of the various investment options available to the Plan. Fund balances may be transferred between the funds at the discretion of the participant without restriction. Participants may change their investment options at any time.

Notes Receivable from Participants

Participants may borrow from their account balance up to a maximum equal to the lesser of \$50,000 or 50% of the participant's vested account balance limited by the highest loan balance in the last 12 months. The Plan requires a minimum loan of \$1,000. A participant may only have one loan outstanding at a time. Most participant loans must be repaid within five years. If the participant loan is made for the purpose of purchase or construction of the primary residence of the participant, then such participant loan may be repaid over a period more than five years, the maximum being 30 years. The participant loans are secured by the balance in the participant's account and bear interest at a fixed rate determined at the time of borrowing and fixed for the life of the loan. Principal and interest are paid through payroll deductions.

Payment of Benefits

Benefits may be distributed to participants upon attainment of age 59½, termination of employment by reason of retirement, disability, death or other separation from service. Benefits may be paid in a lump sum or installments. Participants who terminate employment and have a vested account balance of less than \$1,000 will receive a lump-sum distribution of 100% of their vested benefits. Distributions to participants with vested account balances greater than \$1,000, but not in excess of \$5,000, who terminate employment and fail to make a timely distribution election, will be paid to an individual retirement account designated by the Plan Administrator. Participants who have a vested account balance in excess of \$5,000 may leave their funds invested in the Plan or may elect a lump-sum distribution or installment payments.

Administrative Expenses

Certain administrative expenses of the Plan are paid by the Company and are excluded from these financial statements, except loan fees and expenses directly related to the management of each fund (such as investment management fees, redemption fees, commissions, and other transaction costs), which are charged against the assets of the total applicable fund to which such expenses directly relate. Participant loan fees are charged to participants borrowing from their accounts.

ConvenientMD LLC 401(k) Plan

Notes to Financial Statements

2. Summary of Accounting Policies

Basis of Presentation

The financial statements of the Plan are prepared on the accrual basis of accounting in accordance with accounting principles generally accepted in the United States of America (GAAP).

Use of Estimates

The preparation of financial statements in conformity with GAAP requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosures of contingent assets and liabilities. Actual results could differ from those estimates.

Investment Valuation and Income Recognition

The Plan's investments are stated at fair value. Fair value is defined as the exchange price that would be received for an asset or paid to transfer a liability in the principal or most advantageous market for the asset or liability in an orderly transaction between market participants on the measurement date (an exit price). See Note 5 for a discussion of fair value measurements.

Purchases and sales of investments are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments bought and sold, as well as held, during the year.

Payment of Benefits

Benefits are recorded when paid.

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance, plus any accrued but unpaid interest. Delinquent participant loans are reclassified as distributions based upon the terms of the Plan document. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred. No allowance for credit losses has been recorded as of December 31, 2022 and 2021.

3. Risks and Uncertainties

The Plan offers a variety of investment funds, which includes mutual funds and money market fund. The investment funds invest in U.S. equities, international equities, and fixed-income securities. Investment securities, in general, are exposed to various risks, such as interest, credit, and overall market volatility risk. Due to the level of risk associated with certain investment securities, it is reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect the amounts reported in the statements of net assets available for benefits and participant account balances.

The Plan's exposure to a concentration of credit risk is limited by the diversification of investments across various participant-directed fund elections. Additionally, the investments within each participant-directed fund election are further diversified into varied financial instruments.

ConvenientMD LLC 401(k) Plan

4. Certified Investment Information

The Plan Administrator has elected the method of annual reporting compliance permitted by ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, Fidelity Management Trust Company, a qualified institution, has certified that the following data included in the accompanying financial statements and ERISA-required supplemental schedule is complete and accurate:

- Investments at fair value and notes receivable from participants reflected on the accompanying statements of net assets available for benefits as of December 31, 2022 and 2021.
- Net depreciation in fair value of investments, dividends and interest and interest income on notes receivable from participants reflected on the accompanying statements of changes in net assets available for benefits for the year ended December 31, 2022.
- Investments reflected on the supplemental Schedule of Assets (Held at End of Year) as of December 31, 2022.

At the request of the Plan Administrator, the Plan's independent auditors did not perform auditing procedures with respect to this information, except for comparing such information to the related information included in the financial statements and ERISA-required supplemental schedule.

5. Fair Value Measurement

GAAP establishes the framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements).

The three levels of the fair value hierarchy, as defined by U.S. GAAP, are as follows:

Level 1 - Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 - Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets.
- Quoted prices for identical or similar assets or liabilities in inactive markets.
- Inputs other than quoted prices that are observable for the asset or liability.
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 - Inputs to the valuation methodology are unobservable and significant to the overall fair value measurement.

ConvenientMD LLC 401(k) Plan

Notes to Financial Statements

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs. Observable inputs are inputs that reflect the assumptions market participants would use in pricing the asset or liability developed based on market data obtained from sources independent of the Plan. Unobservable inputs are inputs that reflect the Plan's own assumptions about the assumptions market participants would use in pricing the asset or liability developed based on the best information available in the circumstances.

The following is a description of the valuation methodologies used for assets measured at fair value.

Mutual Funds - These assets are valued at the daily closing price, as reported by the fund. Mutual funds held by the Plan are open-ended mutual funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily net asset value (NAV) and to transact at that price. The mutual funds held by the Plan are actively traded.

Money Market Fund - This asset is valued at the unadjusted quoted market price, which represents the NAV of shares owned by the Plan at year-end.

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date. There have been no changes in the valuation methodologies of these items held at December 31, 2022 and 2021.

The following tables set forth by level, within the fair value hierarchy, the Plan's assets at fair value:

December 31, 2022

	Level 1		Level 2		Level 3		Total
Mutual funds	\$	7,025,724	\$	-	\$	-	\$ 7,025,724
Money market fund*		108,405		-		-	108,405
Total Investments, at fair value	\$	7,134,129	\$	-	\$	-	\$ 7,134,129

December 31, 2021

	Level 1		Level 2		Level 3		Total
Mutual funds	\$	5,892,369	\$	-	\$	-	\$ 5,892,369
Money market fund*		34,558		-		-	34,558
Total Investments, at fair value	\$	5,926,927	\$	-	\$	-	\$ 5,926,927

* Certain investments that are measured at fair value using the NAV per share (or its equivalent) practical expedient have not been categorized in the fair value hierarchy. The fair value amounts presented in this table are intended to permit reconciliation of the fair value hierarchy to the amounts presented in the statements of net assets available for benefits.

Notes to Financial Statements

The Plan had no financial assets that were measured at fair value on a nonrecurring basis during the years ended December 31, 2022 and 2021. There were no transfers between levels during the years ended December 31, 2022 and 2021.

6. Party-in-Interest Transaction

Certain Plan investments are managed by Fidelity Management Trust Company. Any purchases and sales of these funds qualify as party-in-interest transactions. Such transactions, while considered party-in-interest transactions under ERISA regulations, are permitted under the provisions of the Plan and are specifically exempt from the prohibition of party-in-interest transactions under ERISA. Notes receivable from participants and fees paid to Fidelity Management Trust Company also qualify as exempt party-in-interest transactions.

7. Plan Termination

Although the Plan Sponsor has not expressed any intent to do so, it has the right to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants would remain 100% vested in their deferral accounts and Employer contributions and become 100% vested in their non-elective contribution accounts, and the net assets of the Plan would be distributed, as prescribed by ERISA.

8. Tax Status

The Plan has adopted a Prototype Non-Standardized Profit-Sharing Plan with Cash or Deferred Arrangement (CODA), of which the Internal Revenue Service (IRS) has determined and informed Fidelity Management & Research Company by a letter dated June 30, 2020 that the Plan was designed in accordance with the applicable sections of the IRC. Although the Plan has been amended, the Plan Sponsor believes that the Plan currently is designed and is being operated in compliance with the applicable requirements of the IRC.

GAAP requires Plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

9. Reconciliation of Financial Statements to Form 5500

The following is a reconciliation of net assets available for plan benefits per the financial statements and Form 5500 at December 31, 2022 and 2021:

<i>December 31,</i>	2022	2021
Net Assets Available for Plan Benefits per the Financial Statements	\$ 7,309,284	\$ 6,075,194
Less: Participant contribution receivable	(90,659)	(92,421)
Less: employer contribution receivable	(11,119)	(15,114)
Add: excess contributions payable	23,504	559
Net Assets Available for Plan Benefits per the Form 5500	\$ 7,230,974	\$ 5,968,218

Excess contribution payable		(559)		(13,121)
Total Investments	\$	1,262,756	\$	2,402,135

10. Late Remittances

During the Plan years ended December 31, 2022 and 2021, employee withholdings and loan repayments in the amount of \$24,649 and \$111,355, respectively, were not remitted within the appropriate time period by the Plan Sponsor. These transactions constitute prohibited transactions, as defined by ERISA. The Plan Sponsor has taken the appropriate steps to correct the situation.

11. Subsequent Events

The Plan has evaluated subsequent events through October 16, 2023, the date that the financial statements were available to be issued. There were no subsequent events identified requiring disclosure or adjustment to the financial statements.
