Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the accompanying financial statements of J.L. Carr Enterprises, Inc. 401(k) Retirement Plan (the Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(C) audit). The financial statements comprise the statements of net assets available for benefits as of December 31, 2022 and 2021, and the related statement of changes in net assets available for benefits for the year ended December 31, 2022, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of J.L. Carr Enterprises, Inc. 401(k) Retirement Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of December 31, 2022 and 2021, and for the year ended December 31, 2022, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditors' Responsibilities for the Audit of the Financial Statements section—

- the amounts and disclosures in the financial statements referred to above, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

- the information in the financial statements referred to above related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America. Our responsibilities under those standards are further described in the Auditors' Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of J.L. Carr Enterprises, Inc. 401(k) Retirement Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about J.L. Carr Enterprises, Inc. 401(k) Retirement Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments; administering the plan; and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditors' Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditors' report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if

there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with generally accepted auditing standards, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of J.L. Carr Enterprises, Inc. 401(k) Retirement Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about J.L. Carr Enterprises, Inc. 401(k) Retirement Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Supplemental Schedules Required by ERISA

The supplemental schedules of Schedule H, Line 4(i) – Schedule of Delinquent Participant Contributions and Schedule H, Line 4(i) – Schedule of Assets (Held at End of Year) as of December 31, 2022, are presented for purposes of additional analysis and are not a required part of the financial statements but are supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the

responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedules, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with generally accepted auditing standards. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including their form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion—

- the form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, is presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Notes to Financial Statements

NOTE 1: DESCRIPTION OF THE PLAN

The following description of the J.L. Carr Enterprises, Inc. 401(k) Retirement Plan (the Plan) provides only general information. Participants should refer to the Plan document for more complete description of the Plan's provisions.

General

The Plan was adopted on January 1, 1970 and amended on June 16, 2020 to adopt a prototype plan sponsored by NOVA 401(K) Associates (NOVA). The Plan is a defined contribution plan covering all full-time employees of J.L. Carr Enterprises, Inc. and its subsidiaries, J.D. Martin Co. Inc. and its majority-owned subsidiaries, Schell Martin Company, LLC, Centauri Martin Company, LLC, and, effective October 1, 2022, I-Pro Martin, LLC (collectively the Company, Sponsor, Employer, or Plan Administrator). The Plan is subject to the provisions of the Department of Labor's (DOL's) Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974 (ERISA). The Plan's Benefit Committee (Benefit Committee) determines the appropriateness of the Plan's investment offerings and monitors investment performance.

Some administrative functions are performed by employees of the Company. No compensation is remitted to the Company for these services.

Plan assets are held and managed by Voya Retirement Insurance and Annuity Company ("VOYA", the custodian and the qualified institution for the plan which invests contributions and Plan earnings, makes investment transactions as directed by the Benefit Committee and provides certain recordkeeping services. NOVA acts as the third-party administrator for the Plan, which performs certain plan administration and annual ERISA compliance testing.

Eligibility

All employees who have completed six months of service, as defined in the Plan document, are eligible to participate in the Plan. Employees may enroll in the Plan on the first day of the quarter upon satisfaction of the eligibility requirement. Effective January 1, 2023, the eligibility requirement changed to one month of service, as defined in the Plan document.

Contributions

Each year, participants may contribute up to the maximum amount allowed by statute, which was \$20,500 for 2022. Participants who have attained age 50 before the end of the Plan year are eligible to make catch up contributions. Employee contributions may be made only by payroll deductions. Participants may also contribute amounts representing distributions from other qualified defined benefit or defined contribution plans (i.e. rollover contributions). Participants direct the investment of their contributions into various investment options offered by the Plan. The Company may make discretionary matching contributions equal to a discretionary percentage of the participants' elective deferrals. During 2022, the Company elected to make matching contributions equal to 50% of the participants' deferrals up to 2.5% of eligible compensation. In 2022, Company matching contributions totaled \$314,020.

J.L. Carr Enterprises, Inc. 401(k) Retirement Plan Notes to Financial Statements

NOTE 1: DESCRIPTION OF THE PLAN (Continued)

Additionally, the Company may make discretionary profit sharing contributions. For the year ended December 31, 2022, no discretionary profit sharing contributions were made. Contributions are subject to certain Internal Revenue Service (IRS) limitations.

Participant Accounts

Each participant's account is credited with the participant's contributions and Company's matching contributions, as well as allocations of the Company's profit sharing contributions and Plan earnings. Participant accounts are charged with an allocation of administrative expenses that are paid by the Plan. Allocations are based on participant earnings, account balances, or specific participant transactions, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting

Participants are vested immediately in their contributions plus actual earnings thereon. Vesting in the Company's contribution portion of their accounts is based on years of continuous service. A participant is 100% vested after six years of credited service.

The vesting percentage is as follows:

Number of Years of Completed Service as defined in Plan document	Percentage of Vested Interest
Two Years	20%
Three Years	40%
Four Years	60%
Five Years	80%
Six Years	100%

Notes Receivable from Participants

Participants may borrow from their fund accounts a minimum of \$1,000 to a maximum of \$50,000 or 50% of their vested balance, whichever is less, and limited to only two outstanding loans. The notes receivable are secured by the balance in the participant's account. The loan interest rate is set at 2% above the prime rate, as defined. The principal and interest is paid ratably through payroll deductions or by check.

J.L. Carr Enterprises, Inc. 401(k) Retirement Plan

Notes to Financial Statements

NOTE 1: DESCRIPTION OF THE PLAN (Continued)

Benefit Payments

On termination of service due to death, disability, or retirement, a participant may elect to receive either a lump sum amount equal to the value of the participant's vested interest in his or her account, or partial withdrawals. For termination of service for other reasons, a participant may receive the value of the vested interest in his or her account as a lump sum distribution.

Forfeitures

At December 31, 2022 and 2021 there were \$17,068 and \$9,722, respectively, of forfeited non-invested accounts. The accounts are first used to reduce expenses related to the administration of the Plan and then to reduce Company contributions. During the year ended December 31, 2022, there were no forfeitures used to offset plan administrative expenses.

Hardship Withdrawals

As permitted by the Internal Revenue Code (IRC), and in accordance with the plan agreement, a participant may request a financial hardship withdrawal if they experience a severe financial hardship. The financial hardship withdrawal may not exceed the amount of the financial hardship or the value of the vested portion of the participant's balance, whichever is less.

NOTE 2: SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting

The accompanying financial statements have been prepared on the accrual basis of accounting in accordance with accounting principles generally accepted in the United States of America (U.S. GAAP). The Financial Accounting Standards Board (FASB) provides authoritative guidance regarding U.S. GAAP through the Accounting Standards Codification (ASC) and related Accounting Standards Updates (ASUs).

Use of Estimates

The preparation of U.S. GAAP financial statements requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

J.L. Carr Enterprises, Inc. 401(k) Retirement Plan

Notes to Financial Statements

NOTE 2: SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

Investment Valuation and Income Recognition

Investments generally are reported at fair value, but may also be reported at contract value or net asset value (NAV). Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Notes 4 and 5 for further discussion of fair value measurements, contract value, and NAV.

The Plan's Benefit Committee determines the Plan's valuation policies utilizing information provided by the investment advisors, custodian and insurance company.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net depreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred. No allowance for credit losses has been recorded as of December 31, 2022 and 2021.

Payment of Benefits

Distributions to participants are recorded when paid.

Administrative Expenses

Certain expenses of maintaining the Plan are paid by the Plan, unless otherwise paid by the Company. Expenses that are paid by the Company are excluded from these financial statements. Fees related to the administration of notes receivable from participants are charged directly to the participant's account and are included in administrative expenses. Investment related expenses are included in net appreciation/depreciation of fair value of investments

Risk and Uncertainties

The Plan invests in various investment securities. Investment securities, in general, are exposed to various risks, such as interest rate, credit and overall market volatility. Due to the level of risk associated with certain investment securities, it is reasonably possible that changes in value of investment securities will occur in the near term and that these changes could materially affect amounts reported in the Plan's financial statements.

J.L. Carr Enterprises, Inc. 401(k) Retirement Plan
Notes to Financial Statements

NOTE 2: SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

Subsequent Events

Plan management has evaluated subsequent events through the date that the financial statements were available to be issued, October 12, 2023, and determined there were no events that occurred that require disclosure except for change in eligibility requirement disclosed in Note 1. No subsequent events occurring after this date have been evaluated for inclusion in the financial statements.

NOTE 3: INFORMATION CERTIFIED BY QUALIFIED INSTITUTION

The Plan Administrator has elected the method of compliance, as permitted by 29 CFR 2520.103-8 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA. The following financial information included in the Plan's financial statements was obtained by management and agreed to or derived from information certified to be complete and accurate by the qualified institution:

- a) Total investments, at fair value, (or with respect to the fixed account at contract value) included in the statements of net available for benefits at December 31, 2022 and 2021;
- b) Notes receivable from participants included in the statements of net assets available for benefits at December 31, 2022 and 2021;
- c) Investment income and net depreciation in fair value of investments and interest income from notes receivable information included in the statement of changes in net assets available for benefits for the year ended December 31, 2022;
- d) All amounts included in Note 4, *Fair Value Measurements*;
- e) All amounts included in Note 5, *Investments Reported at Contract Value*.
- f) All information included in the supplemental schedule of assets (held at end of year) as of December 31, 2022.

J.L. Carr Enterprises, Inc. 401(k) Retirement Plan

Notes to Financial Statements

NOTE 4: FAIR VALUE MEASUREMENTS

Fair value is the exchange price that would be received for an asset or paid to transfer a liability (exit price) in the principal or most advantageous market for the asset or liability in an orderly transaction between market participants on the measurement date. There are three levels of inputs that may be used to measure fair values:

Level 1 - Quoted prices (unadjusted) for identical assets or liabilities in active markets that the entity has the ability to access as of the measurement date.

Level 2 - Significant other observable inputs other than Level 1 prices, such as:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs, other than quoted prices, that are:
 - observable; or
 - can be corroborated by observable market data.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 - Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2022 and 2021.

Pooled separate accounts: Variable annuities valued at net asset value (NAV) per share as determined by the issuer based on market quotations of the underlying investments or prices obtained from independent sources who may employ various pricing methods to value the underlying securities. The pooled separate accounts balance as of December 31, 2022 and 2021 of \$6,626,801 and \$7,076,327, respectively, are measured at fair value using the NAV per share (or its practical expedient); therefore, they have not been classified in the fair value hierarchy, in accordance with ASU 2015-07.

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan Administrator believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine fair value of certain financial instruments could result in different fair value measurements at the reporting date.

J.L. Carr Enterprises, Inc. 401(k) Retirement Plan
Notes to Financial Statements

NOTE 4: FAIR VALUE MEASUREMENTS (Continued)

Fair Value of Investments that Calculate Net Asset Value

The following table summarizes information related to the pooled separate accounts measured at fair value based on NAV per share as of December 31, 2022 and 2021, respectively. The pooled separate accounts are maintained by insurance companies and hold investments in accordance with a stated set of objectives.

Year-End	Fair Value	Unfunded Commitments	Redemption Frequency (if currently eligible)	Redemption Notice Period
December 31, 2022	\$ 6,626,801	\$ -	Immediate	None
December 31, 2021	\$ 7,076,327	\$ -	Immediate	None

NOTE 5: INVESTMENTS REPORTED AT CONTRACT VALUE

As of December 31, 2022 and 2021, the Plan has a fully benefit responsive investment contract with VOYA totaling \$746,822 and \$601,796, respectively. VOYA maintains the contributions in a general account. The account is credited with earnings on the underlying investments and charged for participant withdrawals and administrative expenses. The guaranteed investment contract issuer is contractually obligated to repay the principal and a specified interest rate that is guaranteed to the Plan. The crediting rate is based on a formula established by the contract issuer but may not be less than 1%. The crediting rate is reviewed on a quarterly basis for resetting. The guaranteed investment contract does not permit the insurance company to terminate the agreement prior to the scheduled maturity date.

This contract meets the fully benefit-responsive investment contract criteria and therefore is reported at contract value. Contract value is the relevant measure for fully benefit-responsive investment contracts because this is the amount received by participants if they were to initiate permitted transactions under the terms of the Plan. Contract value, as reported to the Plan by VOYA, represents contributions made under the contract, plus earnings, less participant withdrawals, and administrative expenses. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value.

The Plan's ability to receive amounts due is dependent on the issuer's ability to meet its financial obligations. The issuer's ability to meet its contractual obligations may be affected by future economic and regulatory developments.

J.L. Carr Enterprises, Inc. 401(k) Retirement Plan

Notes to Financial Statements

NOTE 5: INVESTMENTS REPORTED AT CONTRACT VALUE (Continued)

Certain events might limit the ability of the Plan to transact at contract value with the issuer. Such events include (1) amendments to the Plan documents (including complete or partial Plan termination or merger with another plan), (2) changes to the Plan's prohibition on competing investment options or deletion of equity wash provisions, (3) bankruptcy of the Plan sponsor or other Plan sponsor events (for example, divestitures or spin-offs of a subsidiary) that cause a significant withdrawal from the Plan, or (4) the failure of the trust to qualify for exemption from federal income taxes or any required prohibited transaction exemption under ERISA (5) premature termination of the contract. No events are probable of occurring that might limit the ability of the Plan to transact at contract value with the contract issuers and that also would limit the ability of the plan to transact at contract value with the participants.

In addition, certain events allow the issuer to terminate the contract with the Plan and settle at an amount different from contract value. Such events include (1) an uncured violation of the Plan's investment guidelines, (2) a breach of material obligation under the contract, (3) a material misrepresentation, or (4) a material amendment to the agreement without the consent of the issuer.

NOTE 6: TAX STATUS

The Plan uses a prototype plan sponsored by NOVA. NOVA received an opinion letter from the IRS dated March 31, 2014, which states that the prototype document satisfies the applicable provisions of the IRC. Although the Plan has been amended since receiving the opinion letter, the Plan administrator believes that the Plan is designed, and is currently being operated, in compliance with the applicable requirements of the IRC and, therefore, believe that the Plan is qualified, and the related trust is tax-exempt.

Tax positions are recognized only if it is "more likely than not" that the tax position be sustained in a tax examination, with a tax examination being presumed to occur. The amount recognized is the largest amount that is greater than 50% likely of being realized on examination. For tax positions not meeting the "more likely than not" test, no tax position is recorded. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

J.L. Carr Enterprises, Inc. 401(k) Retirement Plan

Notes to Financial Statements

NOTE 7: RELATED PARTY AND PARTY-IN-INTEREST TRANSACTIONS

The Plan holds notes receivable from participants. As a result, these assets and all transactions relating to these assets qualify as party-in-interest transactions. These transactions are exempt from being prohibited transactions by ERISA. Plan investments are managed by VOYA, as approved by the Plan's management. VOYA is the Custodian and record-keeper for the Plan and, therefore, these transactions qualify as party-in-interest transactions under ERISA.

The Plan incurs expenses related to general administration, recordkeeping services and investment advisory services. Fees paid by the Plan for these services totaled \$17,688 for the year ended December 31, 2022.

NOTE 8: PLAN TERMINATION

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants would become 100% vested in their employer contributions.

NOTE 9: DELINQUENT PARTICIPANT CONTRIBUTIONS

The Department of Labor (DOL Regulation 2510.3-102) requires an employer to segregate participant contributions and loan repayments from its general assets as soon as practicable, but in no event later than the 15th business day following the end of the month in which amounts are contributed by participants or withheld from their wages. During the year ended December 31, 2022, the Company failed to segregate contributions totaling \$26,141 in a timely manner. Although the contributions were remitted to the Plan in 2022, the Company did not contribute lost earnings associated with these late remittances. As required by the Department of Labor, the late remittances continue to be reported as late through the year the lost earnings are contributed. The Company calculated lost earnings pursuant to guidelines established by the Department of Labor. The amount, which is immaterial to the financial statements, is not recorded in the accompanying financial statements. The Company is in the process of contributing lost earnings and interest, file Form 5330, pay all applicable excise taxes and file under the Voluntary Fiduciary Compliance Program.
