Independent Auditors' Report

To the Trustee of
Lowcountry Grocers LLC Retirement Savings Plan
Mount Pleasant, South Carolina

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed an audit of the financial statements of Lowcountry Grocers LLC Retirement Savings Plan (the "Plan"), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statements of net assets available for benefits as of December 31, 2022 and 2021, the related statement of changes in net assets available for benefits for the year ended December 31, 2022, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audit of Lowcountry Grocers LLC Retirement Savings Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audit need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of December 31, 2022 and 2021, and for the year ended December 31, 2022, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audit and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section—

- the amounts and disclosures in the financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- the information in the financial statements referred to above related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audit in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of Lowcountry Grocers LLC Retirement Savings Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about Lowcountry Grocers LLC Retirement Savings Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments; administering the plan; and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with generally accepted auditing standards, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of Lowcountry Grocers LLC Retirement Savings Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about Lowcountry Grocers LLC Retirement Savings Plan's ability to continue as a going concern for a reasonable period of time.

Our audit did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter—Supplemental Schedules Required by ERISA

The supplemental schedules of Schedule H; Line 4a – Schedule of Delinquent Participant Contributions for the year ended December 31, 2022 and Schedule H; Line 4i – Schedule of Assets (Held at End of Year) as of December 31, 2022 are presented for purposes of additional analysis and are not a required part of the financial statements but are supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedules, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional

procedures in accordance with GAAS. For information included in the supplemental schedules that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedules, we evaluated whether the supplemental schedules, other than the information agreed to or derived from the certified investment information, including their form and content, are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion—

- the form and content of the supplemental schedules, other than the information in the supplemental schedules that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedules related to assets held by and certified to by a qualified institution agrees to or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Lowcountry Grocers LLC Retirement Savings Plan

Notes to Financial Statements

1. Description of Plan

The following description of Lowcountry Grocers LLC Retirement Savings Plan (the Plan) provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution plan covering substantially all employees of Lowcountry Grocers LLC (the "Company") who are age twenty-one or older and have completed one year of eligible service. Leased employees, union employees and employees who are non-resident aliens are not permitted to participate in the Plan. Participants may enter the Plan on the first day of the quarter after which the participant meets the Plan's eligibility requirements. The plan document has been amended to recognize prior service credit for employees of newly acquired locations. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974, as amended ("ERISA"). The Plan is administered by the Retirement Plan Committee of the Company. The Retirement Plan Committee of the Company acts as trustee and is responsible for the custody and management of the Plan's assets.

On June 18, 2022 the Plan document was amended and restated in accordance with the Cycle 3 restatement adoption period established by the Internal Revenue Service for preapproved plans.

Contributions

Each year, participants may contribute an elected amount of pretax annual compensation, as defined in the Plan. Additionally, participants may elect to make after-tax Roth contributions to the Plan. Participants who are age fifty or older by the end of the year are eligible to make an additional catch-up contribution to the Plan. With the Trustee's consent, participants may also contribute amounts representing distributions from other qualified defined benefit or contribution plans (rollover contributions).

The Plan contains an automatic enrollment provision. Upon meeting the Plan's eligibility requirements, participant contributions are automatically started at an initial contribution rate of three percent of eligible compensation.

The Company may provide a discretionary matching contribution dependent on the Company's operating results. Company contributions are invested into the investment options elected by the participant. The Company has elected not to make any discretionary contributions since the inception of the Plan.

Contributions are subject to certain Internal Revenue Service (IRS) limitations.

Participant Accounts

Each participant's account is credited with the participant's contribution and allocations of the Company's contribution and Plan earnings and charged with an allocation of administrative expenses. Allocations of Company's contributions are based on a match of participant deferral contributions. Allocations of Plan earnings and administrative expenses are based on account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting

Participants are immediately vested in their elective contributions plus actual earnings thereon. Vesting in the Company's discretionary contribution plus actual earnings thereon is based on years of credited service. A participant vests according to the following schedule:

Years of Service	Vesting Percentage
Less than two years	0%
More than two years, less than three years	20%
More than three years, less than four years	40%
More than four years, less than five years	60%
More than five years, less than six years	80%
More than six years	100%

Investment Options

Upon enrollment in the Plan, a participant may direct employee contributions and employer matching contributions into any of the available investment options offered under the Plan. The Plan currently offers various mutual funds, a money market account and a common collective trust fund as investment options for participants. Participants may change their investment options as often as permitted under the investment vehicles chosen by the participant.

Notes Receivable from Participants

Participants may borrow from their fund accounts a minimum of \$1,000 up to a maximum equal to the lesser of \$50,000 or 50 percent of their vested account balance. Participant loans are valued at their unpaid principal balances, plus all accrued but unpaid interest. The loans are secured by the balance in the participant's account and bear interest at prime rate plus 1%. Principal and interest is paid ratably through weekly payroll deductions. The Plan only allows loans that meet established Safe Harbor hardship criteria.

Payment of Benefits

On retirement, death, disability, or termination of service, a participant (or participant's beneficiary in the event of death) receives a lump sum distribution equal to the participant's vested account balance. Hardship distributions are permitted if certain criteria are met.

Forfeitures

There have been no employer contributions into the plan; therefore, there have been no forfeitures of participant account balances.

Unallocated Asset Holdings

As of December 31, 2022 and 2021, there are \$88 and \$1,655, respectively, of unallocated asset holdings. These amounts represent uncashed checks for distributions to plan participants that have been returned to the Plan. These funds originate from vested participant account balances and are not available for general plan use. During 2022, the Plan used \$1,575 of these funds for administrative expenses constituting a prohibited use of funds.

2. Summary of Significant Accounting Policies

Basis of Accounting

The accompanying financial statements have been prepared on the accrual basis of accounting.

Use of Estimates

The preparation of financial statements in conformity with generally accepted accounting principles in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Investment Valuation and Income Recognition

Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Plan's Trustees determine the Plan's valuation policies utilizing information provided by the Plan's investment advisors and custodians. See Note 4 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net depreciation includes the plan's gains and losses on investments bought and sold as well as held during the year.

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred. No allowance for credit losses has been recorded as of December 31, 2022. If a participant ceases to make loan repayments and the plan administrator deems the participant loan to be in default, the participant loan balance is reduced and a benefit payment is recorded.

Payment of Benefits

Benefits are recorded when paid.

Administrative Expenses

Certain expenses incurred in connection with the general administration of the Plan are paid by the Plan and are recorded in the accompanying statement of changes in net assets available for benefits as administrative expenses. Expenses of maintaining the Plan that are paid directly by the Company are excluded from these financial statements. Fees related to the administration of notes receivable from participants are charged directly to the participant's account and are included in administrative expenses. Investment related expenses are included in net depreciation of fair value of investments.

Subsequent Events

The Plan has evaluated subsequent events through October 16, 2023, the date the financial statements were available to be issued.

3. Investment Information Certified by Custodian (Unaudited)

Massachusetts Mutual Life Insurance Company (Mass Mutual) held plan assets on December 31, 2021. Empower Trust Company, LLC, (Empower) held plan assets on December 31, 2022. The accompanying financial statements and supplemental schedule include the following unaudited information as of December 31, 2022 and 2021 and for the year ended December 31, 2022 that was obtained from data prepared and certified to be complete and accurate by Empower and Mass Mutual, the custodians:

	2022	2021
Investments, at fair value	\$ 2,037,936	\$ 2,294,555
Investments, at contract value	\$ 681	\$ 2,220
Net depreciation in fair value of investments	\$ (319,447)	
Interest and dividends	\$ 10	

Supplemental Schedule H; Line 4i - Schedule of Assets (Held at End of Year) included on page 16; all items excluding participant notes receivable.

4. Fair Value Measurements

Financial Accounting Standards Board (FASB) *Accounting Standards Codification* (ASC) 820, *Fair Value Measurements*, provides the framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1 measurements) and the lowest priority to unobservable inputs (level 3 measurements). The three levels of the fair value hierarchy under FASB ASC 820 are described as follows:

Basis of Fair Value Measurement

Level 1 Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the plan has the ability to access.

Level 2 Inputs to the valuation methodology include

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability; and
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of input that is significant to the fair value measurement. The Plan's assessment of the significance of a particular input to the fair value measurement requires judgment, and may affect the valuation of fair

Lowcountry Grocers LLC Retirement Savings Plan

Notes to Financial Statements

value assets and liabilities and their placement within the fair value hierarchy levels. Valuation techniques used maximize the use of observable inputs and minimize the use of unobservable inputs.

The following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2022.

Pooled Separate Accounts: The Plan's assets are held in a group annuity unallocated contract offered as a pooled separate account (PSA). The underlying investments in the PSA consist of mutual funds and a common collective trust account/

PSA - Mutual Funds: The Plan's assets are held in a group annuity unallocated contract offered as a pooled separate account (PSA). The PSA invests in mutual funds that are valued based on the market value of the underlying net asset in each separate account. The majority of the underlying net assets have observable Level 1 and/or 2 quoted pricing inputs which are used to determine the unit value of the PSA which is not publicly quoted.

PSA - Common Collective Trust Funds: Valued at the NAV of units of a bank collective trust. The NAV, as provided by the custodian, is used as a practical expedient to estimate fair value. The NAV is based on the fair value of the underlying investments held by the fund less its liabilities. This practical expedient is not used when it is determined to be probable that the fund will sell the investment for an amount different than the reported NAV. Participant transactions (purchases and sales) may occur daily. Were the Plan to initiate a full redemption of the collective trust, the investment adviser reserves the right to temporarily delay withdrawal from the trust in order to ensure that securities liquidations will be carried out in an orderly business manner.

The preceding methods described may produce a fair value calculation that may not be indicative of the net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following tables sets forth by level, within the fair value hierarchy, the Plan's fair value measurement at December 31, 2022 and 2021:

Description	Assets at Fair Value as of December 31, 2022

5. Common Collective Trust Funds

The common collective trust funds held by the Plan at the end of 2022 and 2021 consist of the Wilmington Trust Index Select Funds. These Funds invest in other collective funds, investment contracts and securities, including MassMutual Stable Value Contract GIA, a stable value contract offered by Mass Mutual.

An investment contract is a contract issued by a financial institution to provide a stated rate of return to the buyer of the contract for a specified period of time. A security-backed contract has similar characteristics as a traditional investment contract and is comprised of two parts: the first part is a fixed-income security or portfolio of fixed-income securities; the second part is a contract value guarantee (wrapper) provided by a third party. Wrappers provide contract value payments for certain participant-initiated withdrawals and transfers, a floor crediting rate, and return of fully accrued contract value at maturity.

6. Fixed Interest Investments

As of December 31, 2022 and 2021, the Plan held \$681 and \$2,220, respectively, of fixed interest investments under an Agreement with Mass Mutual. The Fixed Interest Account, backed by Mass Mutual's general assets, is designed to provide stable, long-term investment growth. The diversified portfolio is composed primarily of high-quality, fixed-income investments including public bonds, private placements, commercial mortgage loans and short-term investments. Investments are made using a conservative approach by matching assets to liabilities.

Participants are guaranteed preservation of principle and a stated rate of return regardless of economic events while their investment is active. The guaranteed interest rate is determined in advance thus allowing plan sponsors and participants to make informed decisions regarding current allocations of their investment holdings.

Participants' accounts invested in the Fixed Interest Account are available for participant-initiated transactions at book value, including transfers to other investment options, loans and distributions in the event of hardship and upon a participant's retirement, death, disability and certain separations from service. Because these participant-initiated transactions occur at book value, participants' investments are not subject to changes in value due to market conditions. Mass Mutual backs its commitments with its own surplus and capital.

Lowcountry Grocers LLC Retirement Savings Plan

Notes to Financial Statements

If the Agreement is fully or partially terminated, participants will receive the liquidation value of the Fixed Interest Account instead of the book value. The liquidation value is determined in accordance with a formula contained in the Agreement, which is designed to reflect the value of the assets in the account. The liquidation value may be more or less than the book value of the plan's investments in the account. This means that upon partial or full termination of the Agreement, a participant's account balance in the Fixed Interest Account may be either increased or decreased.

The MassMutual Fixed Income Account is fully-benefit responsive and has been reported in the Statement of Net Assets Available for Benefits at contract value. A reconciliation of fair value to contract value at December 31, 2022 and 2021 is as follows:

MassMutual Fixed Income Account	2022	2021
Investment, at fair value	\$ 593	\$ 2,213
Contract value adjustment	88	7
Investment, at contract value	<u>\$ 681</u>	<u>\$ 2,220</u>

7. Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the plan to discontinue its contributions at any time and to terminate the plan, subject to plan provisions and ERISA. In the event of plan termination, participants would become 100% vested in the company contributions portion of their account.

8. Related Party Transactions

The Company performs certain administrative functions for the Plan for which no fees are charged. Additionally, the Company pays directly any administrative fees not paid from Plan assets.

9. Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risk. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect the amounts reported in the individual participant account statements and the statement of net assets available for benefits.

10. Prohibited Transactions – Delinquent Participant Contributions

For the plan year ended December 31, 2021, the Company failed to remit participant deferral contributions and loan repayments totaling \$6,936 to the Plan within the time limit required by the Department of Labor, representing a nonexempt loan of funds to the Company from the Plan. These untimely remittances constitute prohibited transactions between the Company and the Plan. The Company corrected this deficiency during 2022 by filing a Form 5330 for the late remittances and remitting lost earnings to the Plan.

Lowcountry Grocers LLC Retirement Savings Plan

Notes to Financial Statements

For the plan year ended December 31, 2022, the Company failed to remit participant deferral contributions and loan repayments totaling \$19,630 to the Plan within the time limit required by the Department of Labor, representing a nonexempt loan of funds to the Company from the Plan. These untimely remittances constitute prohibited transactions between the Company and the Plan. The Company is currently working with the Plan's third-party service provider to correct this deficiency by filing a Form 5330 for the late remittances and remitting lost earnings to the Plan. Plan management does not believe that the resolution and correction of this matter will have a negative impact on the Plan's qualified tax status.

11. Tax Status

The Plan is a volume Submitter 401(k)/Profit Sharing Plan offered by My Benefits, LLC. The Internal Revenue Service issued an opinion letter dated June 30, 2020, indicating that the plan is designed in accordance with applicable sections of the Internal Revenue Code (IRC). Although the plan has been amended since receipt of the opinion, letter, the plan administrator believes that the Plan is designed and is currently being operated in compliance with the applicable requirements of the IRC and therefore believes that the plan is qualified and tax-exempt.

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the plan and recognize a tax liability (or asset) if the plan has taken an uncertain position that more likely than not would not be sustained upon examination by the Internal Revenue Service. The plan administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2022, there were no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the notes to the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The plan administrator believes it is no longer subject income tax examinations for years prior to 2019.
