Independent Auditors' Report

To the Plan Administrator
of West Shore LLC 401(K) Plan

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit for the 2022 Financial Statements

We have performed an audit of the accompanying financial statements of the West Shore LLC 401(K) Plan (the "Plan"), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) ("ERISA Section 103(a)(3)(C) audit"). The financial statements comprise the statement of net assets available for benefits as of December 31, 2022, and the related statement of changes in net assets available for benefits for the year ended December 31, 2022, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audit of the West Shore LLC 401(K) Plan's 2022 financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audit need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained a certification from a qualified institution as of and for the year ended December 31, 2022, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion on the 2022 Financial Statements

In our opinion, based on our audit and on the procedures performed as described in the Auditors' Responsibilities for the Audit of the 2022 Financial Statements section—

- the amounts and disclosures in the 2022 financial statements referred to above, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- the information in the 2022 financial statements referred to above related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion on the 2022 Financial Statements

We conducted our audit in accordance with auditing standards generally accepted in the United States of America. Our responsibilities under those standards are further described in the Auditors' Responsibilities for the Audit of the 2022 Financial Statements section of our report. We are required to be independent of the West Shore LLC 401(K) Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the 2022 Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about West Shore LLC 401(K) Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments; administering the plan; and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditors' Responsibilities for the Audit of the 2022 Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit for the 2022 Financial Statements section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditors' report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with generally accepted auditing standards, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of West Shore LLC 401(K) Plan's internal control. Accordingly, no such opinion is expressed.

- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about West Shore LLC 401(K) Plan's ability to continue as a going concern for a reasonable period of time.

Our audit did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the 2022 financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matters

2022 Supplemental Schedule Required by ERISA

The supplemental schedule of Assets (Held at End of Year) as of December 31, 2022, is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with generally accepted auditing standards. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including their form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion—

- the form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, is presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Report on Compiled 2021 Financial Statement

Plan management is responsible for the accompanying financial statement of West Shore LLC 401(K) Plan, which comprises the statement of net assets available for benefits as of December 31, 2021. We have performed a compilation engagement in accordance with Statements on Standards for Accounting and Review Services promulgated by the Accounting and Review Services Committee of the AICPA. We did not audit or review the financial statement nor were we required to perform any procedures to verify the accuracy or completeness of the information provided by plan management. Accordingly, we do not express an opinion, a conclusion, nor provide any form of assurance on the financial statements of West Shore LLC 401(K) Plan as of and for the year ended December 31, 2021.

WEST SHORE LLC 401(K) PLAN

Notes to Consolidated Financial Statements

Note 1 – Description of the Plan

The following brief description of the West Shore LLC 401(K) Plan (the “Plan”) is provided for general information purposes only. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General

The Plan was established by West Shore LLC (the “Sponsor”) effective January 1, 2019, for the benefit of its employees. The Plan is a defined contribution plan and is subject to the provisions of the Internal Revenue Code (“IRC”) and the Employee Retirement Income Security Act of 1974 (“ERISA”), as amended. The Sponsor is the Plan Administrator. In general, the Plan Administrator manages the operation of the Plan, subject to the terms and provisions of the Plan. Capital Bank and Trust Company is the Trustee of the Plan's assets.

Eligibility

The Plan covers all employees of the Plan Sponsor except for union employees whose employment is governed by a collective bargaining agreement, employees who are nonresident aliens, and leased employees. Employees become eligible to participate in the Plan once they have completed six months of service and are at least twenty-one years old.

Contributions

Participants may contribute their compensation on a pre-tax or after-tax Roth basis, subject to IRC limitations. Participants who are at least age 50 may make additional catch-up contributions subject to IRC limitations. Rollover contributions from other qualified retirement plans are permitted.

The Plan Sponsor provides a non-elective safe harbor contribution equal to 100% of a participant's salary deferrals that do not exceed three percent of the participant's compensation, plus 50% of a participant's salary deferrals between 3.00% to 5.00% of the participant's compensation. The Plan Sponsor may make an additional discretionary matching contribution. There were no discretionary matching contributions in 2022.

The Plan Sponsor may make discretionary profit sharing contributions in an amount to be determined annually by the Plan Sponsor. To be eligible for a discretionary profit sharing contribution, an employee must be employed on the last day of the plan year and must have completed at least 1,000 hours of service during the plan year. The 1,000 hours of service requirement is waived for participants who become disabled, deceased, or terminated after normal retirement age during the Plan year. There were no discretionary profit sharing contributions in 2022.

Participant accounts

Each participant's account is credited with the participant's contributions, the Sponsor's matching contributions and Plan earnings. Expenses that are paid by the Plan using the Plan's assets will be allocated either proportionally based on the value of the participant's account balances or as an equal dollar amount based on the number of participants in the Plan. The method of allocating the expenses depends on the nature of the expense itself. Allocations are based on participant earnings, account balances, or specific participant transactions, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

WEST SHORE LLC 401(K) PLAN

Notes to Consolidated Financial Statements

Vesting

Participants are immediately vested in their voluntary contributions and the Plan Sponsor matching contributions plus actual earnings thereon. Participants become vested in discretionary profit sharing contributions using a graduated vesting schedule wherein participants become 20% vested in their discretionary profit sharing contributions after two years of service, with an additional 20% becoming vested for each year of service thereafter. Participants become fully vested in discretionary profit sharing contributions after six years of service.

Notes receivable from participants

Loans are not permitted to the Plan. Loan rollovers from other qualified retirement plans are not permitted.

Payment of benefits

Upon termination of employment for any reason, including retirement, a participant's vested account is generally distributed either in a single lump-sum payment or in installments over a period of time. Participants who are still employed may withdraw their vested accounts upon attaining age 59-1/2. If the termination is before the normal or early retirement dates and is for a reason other than death or disability and the vested balance is \$5,000 or less, the entire balance will be distributed. For retired participants, the latest commencement date for distributions is April 1 of the calendar year following the year in which the participant attains age 72-1/2. A participant may request withdrawal from their account in the case of hardship as defined in the Plan document.

Forfeited accounts

Non-vested forfeited participant accounts may be used to pay administrative expenses. In some cases, remaining forfeitures are used to reduce employer contributions to the Plan. There were no unallocated forfeitures recorded within the Plan's assets on December 31, 2022 and 2021, respectively.

Note 2 – Summary of significant accounting policies

Method of accounting

The Plan maintains its accounting records and prepares its financial statements and supplemental schedule on the accrual basis.

Use of estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires the Plan Administrator to make estimates and assumptions that affect certain reported amounts and disclosures in the financial statements. Accordingly, actual results may differ from these estimates.

Investment valuation and income recognition

Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See discussion under Note 4 – Fair Value of Investments for a description of valuation methodologies used for assets measured at fair value.

WEST SHORE LLC 401(K) PLAN

Notes to Consolidated Financial Statements

Purchases and sales of securities are recorded on a trade-date basis. Gain or loss on sales of investments is based on average cost. Interest income is recorded, as earned, on the accrual basis. Dividends are recorded on the ex-dividend date. The Plan presents the net appreciation or depreciation in the fair value of its investments in the Statement of Changes in Net Assets Available for Benefits which consist of the realized gains or losses and the unrealized appreciation and depreciation on those investments.

Allocations to participants' accounts

Individual accounts are maintained for each participant, which are separated into the various investment fund components. Separate accounts are also maintained for rollover, matching and discretionary profit-sharing contributions.

Income for each fund is allocated to each participant's account monthly in proportion to each participant's account balance. The income allocation is based on the actual daily yield for the Plan.

Payment of benefits

Benefits are recorded when paid.

Administrative expenses

Certain expenses of maintaining the Plan are paid by the Plan, unless otherwise paid by the Plan Sponsor. Expenses that are paid by the Plan Sponsor are excluded from these financial statements. Investment related expenses are included in net depreciation in fair value of investments.

Note 3 – Information certified by the Plan's trustee (unaudited)

The following information included in the Plan's financial statements and supplemental schedule was derived from data that has been certified by the trustee as being complete and accurate and has been furnished to the plan administrator.

Investment in mutual funds	\$ 633,153	\$ 556,687

Note 4 – Fair value of investments

The Fair Value Measurements topic of the FASB Accounting Standards Codification (FASB ASC) establishes a framework for measuring fair value. The framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy are: Level 1, defined as observable inputs such as quoted prices in active markets; Level 2, defined as inputs other than quoted prices in active markets that are either directly or indirectly observable; and Level 3, defined as unobservable inputs in which little or no market data exists, therefore requiring an entity to develop its own assumptions. The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

WEST SHORE LLC 401(K) PLAN

Notes to Consolidated Financial Statements

The following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2022 and 2021.

Mutual funds are valued at the Net Asset Value ("NAV") of shares held by the Plan at year end.

All of the Plan's investments for 2022 and 2021 are classified as Level 1, within the fair value hierarchy, at December 31.

Note 5 – Plan termination

Although the Sponsor has not expressed any intent to do so, it may terminate the Plan at any time, subject to the provisions of ERISA. If the Plan is terminated, all participants would become 100% vested in their discretionary profit sharing contributions.

Note 6 – Income tax status

The Plan has not obtained a private letter ruling or determination letter from the Internal Revenue Service stating that the plan, as designed, is in compliance with the applicable requirements of the Internal Revenue Code ("IRC"). However, the Plan operates under a prototype plan sponsored by Ascensus LLC. The prototype plan sponsor has obtained an opinion letter dated June 30, 2020, in which the IRS stated that the prototype plan document was in compliance with applicable requirements of the IRC. Although the Plan has been amended since receiving the determination letter, the plan administrator and the Plan's tax counsel believe that the Plan is designed, and is currently being operated, in compliance with the applicable requirements of the IRC and, therefore, believe that the plan is qualified, and the related trust is tax-exempt.

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the organization has taken an uncertain position that more likely than not would not be sustained upon examinations by the Federal and State tax authorities. The plan administrator has analyzed the tax positions taken by the Plan and has concluded that as of December 31, 2022, there are no uncertain positions taken, or expected to be taken, that would require recognition of a liability or disclosure in the financial statements.

The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The plan administrator believes it is no longer subject to income tax examinations for years prior to 2019.

Note 7 – Related party transactions

Affiliates of the Trustee manage investments and provide recordkeeping services to the Plan. These investments and the administrative fees associated with the recordkeeping services qualify as party-in-interests transactions.

Note 8 – Risks and uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks, such as interest rate, credit, and overall market volatility. Due to the level of risk associated with certain investment securities, it is reasonably possible that changes in the values of investment securities will occur in the near term and such changes could materially affect the amounts reported in the financial statements.

WEST SHORE LLC 401(K) PLAN

Notes to Consolidated Financial Statements

Note 9 – Subsequent events

The Plan has evaluated subsequent events and transactions through October 12, 2023, the date the financial statements were available to be issued. There were no subsequent events or transactions requiring recognition or disclosure in the financial statements.
