REPORT OF INDEPENDENT CERTIFIED PUBLIC ACCOUNTANTS

Administrative Committee
Michels Corporation 401(k) Savings Plan

Scope and nature of the ERISA Section 103(a)(3)(C) audit for the 2022 financial statements

We have performed an audit of the financial statements of Michels Corporation 401(k) Savings Plan (the "Plan"), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statement of net assets available for benefits as of December 31, 2022, and the related statement of changes in net assets available for benefits for the year then ended, and the related notes to the financial statements ("2022 financial statements").

Management, having determined it is permissible in the circumstances, has elected to have the audit of the Plan's 2022 financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audit need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained a certification from a qualified institution as of and for the year ended December 31, 2022, stating that the certified investment information, as described in Note H to the financial statements, is complete and accurate.

Opinion on the 2022 financial statements

In our opinion, based on our audit and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the 2022 Financial Statements section

- The amounts and disclosures in the accompanying 2022 financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- The information in the accompanying 2022 financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for opinion on the 2022 financial statements

We conducted our audit in accordance with auditing standards generally accepted in the United States of America (US GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the 2022 Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of management for the 2022 financial statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the plan, and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's responsibilities for the audit of the 2022 financial statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit of the 2022 Financial Statements section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with US GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with US GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audit did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the 2022 financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other matters

2022 supplemental schedules required by ERISA

The supplemental schedules of delinquent participant contributions for the year ended December 31, 2022 and assets (held at end of year) as of December 31, 2022 are presented for purposes of additional analysis and are not a required part of the financial statements but are supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such supplementary information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the 2022 supplemental schedules, other than that agreed to or derived from the certified investment information, has been subjected to the auditing procedures applied in the audit of the 2022 financial statements and certain additional procedures. These additional procedures included comparing and reconciling such information directly to the underlying accounting and other records used to prepare the 2022 financial statements or to the 2022 financial statements themselves, and other additional

procedures in accordance with US GAAS. For information included in the 2022 supplemental schedules that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the 2022 supplemental schedules, we evaluated whether the 2022 supplemental schedules, other than the information agreed to or derived from the certified investment information, including their form and content, are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion

- The form and content of the 2022 supplemental schedules, other than the information in the supplemental schedules that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- The information in the 2022 supplemental schedules related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Auditor's report on the 2021 financial statements

We have audited the statement of net assets available for benefits of the Plan as of December 31, 2021 and the related statement of changes in net assets available for benefits for the year ended December 31, 2021, and in our report dated October 17, 2022, we expressed an unmodified opinion on those financial statements.

Michels Corporation 401(k) Savings Plan

NOTES TO THE FINANCIAL STATEMENTS

December 31, 2022 and 2021

NOTE A - DESCRIPTION OF PLAN

The following description of the Michels Corporation 401(k) Savings Plan (the Plan) provides only general information. Participants should refer to the Plan document for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution plan covering all eligible nonunion employees of Michels Corporation and Subsidiaries (the Employer or Michels), as amended. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA) as amended.

The Plan was amended on January 4, 2021 to include employees from Michels Energy Group, Inc., a subsidiary of Michels Corporation, and its subsidiaries, Michels Utility Services, Inc. and Michels Power, Inc. Effective June 28, 2021, the Plan was amended to include employees of Michels Pipeline, Inc., another subsidiary of Michels Energy Holdings, Inc. Effective November 1, 2021, the Plan was amended to include employees of MICON Group, Inc., a subsidiary of Michels Corporation, and its subsidiaries, Michels Construction, Inc. and Michels Road & Stone, Inc. Effective August 29, 2022, the Plan was amended to include employees of Michels Trenchless, Inc., a subsidiary of MICON Group, Inc. Effective October 14, 2022, the Plan was amended to include employees of Aqueos Marine Inc., a subsidiary of MICON Group, Inc. Employees are credited with years of service while employed by any one of the Michels family of companies.

Contributions

Participants may elect to make pre-tax and/or Roth contributions as a percentage of their annual compensation, not to exceed the limits of the Internal Revenue Code (IRC) as defined in the Plan document. These deferrals are specifically allocated to the account of the individual participant.

Participants are automatically enrolled in the Plan at an employee deferral contribution rate of 3% of eligible compensation. All employees with more than 30 days of service who are not covered by a CBA are eligible to participate in the Plan.

Matching contributions may be made by the Employer at an amount equal to a discretionary percentage of the amount of participant's pre-tax contributions, as determined by the Employer. The Employer matched 40% of the first 5% of employee deferrals for the 2022 and 2021 Plan years. In addition to the matching contributions, the Employer makes a fixed contribution of \$1.00 for each hour of service worked by the participant during the Plan year. Employees must complete one year of service to be eligible for the fixed contribution. The Employer made both discretionary matching contributions and fixed contributions to all eligible participants for the years ended December 31, 2022 and 2021.

Also, the Employer may make a profit sharing contribution to the Plan at the discretion of the board of directors. No such contribution was made for the years ended December 31, 2022 and 2021.

Participant Accounts

Each participant's account is credited or charged with the participant's contribution and an allocation of: (a) the Employer's discretionary matching contribution; (b) the Employer's fixed contribution; (c) the Employer's discretionary profit sharing contribution; (d) Plan investment income (loss); and (e) Plan administrative expenses. Allocations are based on participant compensation or account balances, as defined in the Plan document. The Plan allows participants to invest their account balances between or among separate investment funds established by the trustee within the trust.

The Plan does not allow loans to be taken out by Plan participants.

Vesting

Participants are immediately vested in their voluntary contributions, including rollover amounts, plus actual earnings thereon. Vesting in the Employer contributions portion of their account plus earnings thereon is based on years of continuous service. A participant is vested in employer contributions at 20% per year starting in year two and is 100% vested after six years of credited service.

Payment of Benefits

Upon termination of service due to termination of employment, death, disability, or retirement, a participant may elect to receive the value of the vested portion in his or her account in the form of a lump-sum distribution or installments. Any benefits provided by the Plan are paid from the net assets available for benefits. The benefit to which a plan participant is entitled is the benefit that can be provided by the contributions and income thereon (including net realized and unrealized investment gains and losses) allocated to such participant's account. The method of distribution will be determined by an election made by the Plan participant. The participant can elect a lump-sum distribution, partial distribution or installment payments for a specified term as defined in the Plan document. The source of distribution will be determined by an election made by the Plan participant for in-service, post-severance and lifetime required minimum distributions. Participants experiencing financial hardship may withdraw a portion of this account balance as defined by the Plan document.

Forfeited Accounts

Forfeited non-vested accounts from Employer matching and fixed contributions reduce non-elective contributions to the Plan. Forfeitures of terminated participants' non-vested account balances used to reduce Employer contributions amounted to \$219,170 and \$589,799 for the years ended December 31, 2022 and 2021, respectively. At December 31, 2022 and 2021, the outstanding balance of forfeited non-vested accounts totaled \$236,126 and \$381,781, respectively.

NOTE B - SUMMARY OF ACCOUNTING POLICIES

The significant accounting policies which have been consistently applied in the preparation of the accompanying financial statements follow:

Basis of Accounting

The financial statements of the Plan are prepared using the accrual basis of accounting in conformity with accounting principles generally accepted in the United States of America (U.S. GAAP).

Investment Valuation and Income Recognition

Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note E for discussion of fair value measurements.

Purchases and sales are recorded on a trade-date basis. Dividends are recorded on the ex-dividend date. Net appreciation (depreciation) includes the Plan's gains and losses on investments bought and sold, as well as held during the year.

Use of Estimates

In preparing financial statements in conformity with U.S. GAAP, management is required to make estimates and assumptions that affect the reported amounts of assets and liabilities, the disclosure of contingent

NOTES TO THE FINANCIAL STATEMENTS - CONTINUED

December 31, 2022 and 2021

assets and liabilities at the date of the financial statements, and the reported amounts of additions to net assets and deductions from net assets during the reporting period. Actual results could differ from those estimates.

Payment of Benefits

Benefits are recorded when paid.

Expenses

Certain Plan administrative expenses are paid by the Plan and expensed when incurred. All other administrative expenses are paid by the Employer.

NOTE C - TAX STATUS

The Internal Revenue Service (IRS) issued its latest determination letter for the plan on September 15, 2023, which stated that the Plan and its underlying trust qualify under the applicable provisions of the IRC and, therefore, are exempt from federal income taxes. The determination letter does not cover all amendments to the Plan. However, in the opinion of the Plan administrator, the Plan and its underlying trust have operated within the terms of the Plan in all material respects and remain qualified under the applicable provisions of the IRC.

U.S. GAAP requires Plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan administrator has analyzed the tax positions taken by the Plan and has concluded that, as of December 31, 2022 and 2021, there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

NOTE D - PLAN TERMINATION

Although it has not expressed any intent to do so, the Employer has the right to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants shall become 100% vested in their accounts.

NOTE E - FAIR VALUE MEASUREMENTS

The Financial Accounting Standards Board provides a framework for measuring fair value. This framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy are described as follows:

Level 1 - Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 - Inputs to the valuation methodology include quoted prices for similar assets or liabilities in active markets; quoted prices for identical or similar assets or liabilities in inactive markets; inputs other than quoted prices that are observable for the asset or liability; inputs that are derived principally from or corroborated by observable market data by correlation or other

Michels Corporation 401(k) Savings Plan

NOTES TO THE FINANCIAL STATEMENTS - CONTINUED

December 31, 2022 and 2021

means. If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 - Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2022 and 2021.

Mutual funds - Valued at the net asset value (NAV) of shares held by the Plan at year end, which is obtained from an active market.

Collective trust funds - Valued at NAV of units of a bank collective trust, as provided by Principal Trust Company, which is obtained on an active market.

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of:

	December 31, 2022			
	Level 1	Level 2	Level 3	Total
Mutual funds	\$ 75,017,907	\$ -	\$ -	\$ 75,017,907

Total investments	<u>\$ 221,525,357</u>	<u>\$ -</u>	<u>\$ -</u>	<u>\$ 221,525,357</u>

^(a) Redemption of the collective trust funds are generally permitted daily and there are no unfunded commitments.

^(b) Collective trust funds have been reclassified to Level 1 investments as of December 31, 2021 to conform to the December 31, 2022 presentation.

NOTE F - RISKS AND UNCERTAINTIES

Investments

The Plan's investments are exposed to various risks, such as interest rate, market and credit risks. Due to the level of risk associated with certain investments and the level of uncertainty related to changes in the values of investments, it is at least reasonably possible that changes in the values of investments will occur in the near term and that such changes could materially affect participant account balances and the amounts reported in the financial statements of the Plan.

NOTE G - RELATED-PARTY TRANSACTIONS

Certain Plan investments are managed by Principal Trust Company (Principal). In May 2021, the Plan's trustee changed from Wells Fargo Bank N.A. (Wells Fargo) to Principal as part of the sale of the Institutional Retirement & Trust Business. Principal and Wells Fargo are the trustees as defined by the Plan and, therefore, any transactions with Principal or Wells Fargo qualify as party-in-interest transactions. However, they are exempt from the prohibited transactions rules under ERISA.

A portion of the costs of administering the Plan are paid by the Employer and are exempt from the prohibited transactions rules under ERISA. These costs include audit fees, investment advisory fees and custodial fees.

NOTE H - INFORMATION CERTIFIED BY TRUSTEE

The Plan administrator has elected the method of annual reporting compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, Principal ("Trustee") has certified that the following data included in the financial statements and supplemental schedule is complete and accurate:

- Investments and cash, as shown in the statements of net assets available for benefits as of December 31, 2022;
- Investment income, as shown in the statements of changes in net assets available for benefits for the year ended December 31, 2022; and
- Schedule H, line 4i - schedule of assets (held at end of year), as of December 31, 2022.

The Plan's independent accountants did not perform auditing procedures with respect to this information, except for comparing such information to the related information included in the financial statements and supplemental schedule.

NOTE I - NONEXEMPT TRANSACTION

As required by ERISA Section 2510.3-102, the Plan Sponsor is required to segregate participant contributions from its general assets as soon as practicable. During 2022 and 2021, the Company failed to timely remit to the Plan's trustees certain participant contributions totaling \$411,454 and \$46,882, respectively within the period prescribed by DOL regulations. The delayed contributions are considered prohibited, or nonexempt, transactions. The Plan Sponsor has corrected the prohibited transactions during 2022 and 2021, respectively, and the associated lost earnings in 2022 and 2023 respectively, in accordance with applicable DOL guidelines.

NOTE J - SUBSEQUENT EVENTS

The Plan evaluated its December 31, 2022, financial statements for subsequent events through October 9, 2023, the date the financial statements were available to be issued.

The Plan is not aware of any subsequent events which would require recognition or disclosure in the financial statements.
