INDEPENDENT AUDITOR'S REPORT

To the Management of
IPPC Inc. 401(k) Profit Sharing Plan
Morganville, New Jersey

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit for the 2022 Financial Statements

We have performed audits of the financial statements of IPPC Inc. 401(k) Profit Sharing Plan, an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statements of net assets available for benefits as of December 31, 2022 and 2021, and the related statement of changes in net assets available for benefits for the year ended December 31, 2022, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of IPPC Inc. 401(k) Profit Sharing Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of December 31, 2022 and 2021, and for the year ended December 31, 2022, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section

- the amounts and disclosures in the financial statements referred to above, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- the information in the financial statements referred to above, related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of IPPC Inc. 401(k) Profit Sharing Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about IPPC Inc. 401(k) Profit Sharing Plan's ability to continue as a going concern for the one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the plan; and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the IPPC Inc. 401(k) Profit Sharing Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about IPPC Inc. 401(k) Profit Sharing Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter — *Supplemental Schedules Required by ERISA*

The supplemental schedule of Schedule H, Line 4i – Schedule of Assets Held (at end of year) is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor’s Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, are presented in conformity with the Department of Labor’s Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion

- the form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

IPPC INC. 401(k) PROFIT SHARING PLAN
NOTES TO FINANCIAL STATEMENTS
DECEMBER 31, 2022 AND 2021

Note 1 – Description of Plan

The IPPC Inc. 401(k) Profit Sharing Plan (the “Plan”) was established and became effective on January 1, 2003. IPPC Inc. (the “Company” and “Employer”), has general responsibility for the administration of the Plan, including, but not limited to complying with reporting and disclosure requirements, establishing, and maintaining Plan records and adopting amendments to the Plan. The trustee has the responsibility under the Plan for the management and control of the assets of the Plan. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (“ERISA”).

The following description provides only general information about the Plan. Participants should refer to the Plan agreement for a more complete description of the Plan’s provisions.

General

The Plan is a defined contribution 401(k) plan covering substantially all employees of IPPC Inc. and a commonly owned entity, Poet’s Square Pharmacy, Inc. An employee is eligible to participate in the Plan upon reaching age 21 and completing one year of service in which the employee is credited with a minimum of 1,000 hours of service. An eligible employee can enter the Plan on a monthly basis.

Contributions and Allocation

There are five types of contributions that can be made to the Plan. They are voluntary pre-tax salary reductions, Roth contributions, employer safe harbor matching contributions, employer profit sharing contributions and rollover contributions. The Plan permits eligible employees to make voluntary salary reductions not to exceed an amount set by law. The maximum salary reduction allowed for the calendar years 2022 is \$20,500. Participants who have attained the age of 50 before the end of the plan year are eligible to make catch-up contribution. The maximum catch up contribution for the calendar year 2022 is \$6,500.

The Plan provides that for each plan year, the employer will make safe harbor matching contributions equal to 100% of the amount of the employee’s elective deferrals that do not exceed 3% of the employee’s compensation plus 50% of the amount of the employee’s elective deferrals that exceed 3% of the employee compensation but do not exceed 5% of the employee’s compensation.

The Plan provides that for each plan year, the employer may make a discretionary profit sharing contribution.

Eligible employees may transfer or rollover contributions of a benefit from another qualified retirement plan. These contributions are 100% vested and will be placed in a separate account known as the “participant’s rollover account” and investments are participant directed.

Participant’s Account

Each participant’s account is credited with the employee salary reduction, employer discretionary match and profit sharing contribution, earnings on investments, and any increase or decrease in the fair value of investments. The benefit to which a participant is entitled is the benefit that can be provided from the participant’s vested account.

IPPC INC. 401(k) PROFIT SHARING PLAN
NOTES TO FINANCIAL STATEMENTS (CONTINUED)
DECEMBER 31, 2022 AND 2021

Note 1 – Description of Plan (Continued)

Vesting

Participants are immediately vested in their voluntary contributions, rollover contributions and employer safe harbor matching contributions plus actual earnings thereon. A participant's vested percentage in their account balance attributable to employer discretionary matching contributions is based on vesting years of service. A participant is 100% vested after six years.

<u>Years of Service</u>	<u>Percentage of Employer Discretionary Profit Sharing Contribution Account that is Vested</u>
Less than 1	0%
2	20%
3	40%
4	60%
5	80%
6	100%

Forfeitures

At December 31, 2022 and 2021 forfeited non-vested accounts totaled \$2,446 and \$767, respectively and were used to offset the employer profit sharing contribution accrued for the respective years ended.

Notes Receivable from Participant

Participants may borrow from their fund accounts to a maximum equal to the lesser of \$50,000 or half their account balance. Principal and interest are paid by periodic level payments at least as frequently as quarterly over a reasonable period of time not to exceed sixty months or five years.

The loan term for the purchase of a primary residence is not to exceed ten years. The loans are secured by the balance in the participant's account and bear interest at a rate commensurate with local prevailing rates as determined by the Plan Sponsor.

Payment of Benefits

On termination of service due to retirement, death, disability, or other reasons, a participant may elect to receive a single lump sum distribution of 100% of their account balance. Participants may also elect to receive the benefits in the form of an annuity. For termination of service due to other reasons, a participant may receive the value of the vested interest in his or her account as a lump-sum.

Note 2 – Summary of Significant Accounting Policies

Basis of Accounting

The financial statements of the Plan are prepared on the accrual method of accounting in accordance with accounting principles generally accepted in the United States of America.

Contributions

Participant and Company contributions are recorded in the period in which the Company makes the payroll deductions from the participant earnings. Contributions as of the end of the plan year are accrued in the period in which such amounts relate to.

IPPC INC. 401(k) PROFIT SHARING PLAN
NOTES TO FINANCIAL STATEMENTS (CONTINUED)
DECEMBER 31, 2022 AND 2021

Note 2 – Summary of Significant Accounting Policies (Continued)

Use of Estimates

The preparation of financial statements in accordance with accounting principles generally accepted in the United States of America requires management to make estimates and assumption that effect certain reported amounts and disclosures. Accordingly, actual results could differ from those estimates.

Investments

The Plan's investments are stated at fair value as determined by the trustee, using market quotations and other available information. Securities are valued at the last reported sales price on the last business day of the Plan's year. Net appreciation or depreciation of investments is reported in the statement of change in net assets available for benefits and consists of the realized gains or losses and the unrealized appreciation or depreciation of those investments. Participants direct the investment of their accounts into various investment options that are offered by the Plan which offered 29 mutual funds in 2022.

The Plan provides for participant-directed investment programs. The significant changes in net assets are detailed in the statement of changes in net assets available for benefits.

Notes Receivable from Participants

Participant loans are valued at cost, which approximates fair value.

Payment of Benefits

Benefit payments are recorded when paid.

Administrative Expenses

During the year ended December 31, 2022, the Company paid a significant amount of the Plan's operating expenses. Administrative expenses incurred by the trustee and asset management and advisory fees are paid from the assets of the Plan.

Subsequent Events

Management evaluated all activity of the Plan through October 12, 2023, the date the financial statements were available to be issued and concluded that no subsequent events occurred that would require recognition or disclosure in the financial statements or notes.

Note 3 – Information Certified by Trustee

The plan management has elected the method of compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, Mid Atlantic Trust Company, the trustee of the plan, has certified to the completeness and accuracy of all investments reflected on the accompanying statements of net assets available for benefits as of December 31, 2022 and 2021, and the supplemental Schedule H, line 4i - Schedule of Assets (Held at End of Year) as of December 31, 2022; the related investment activity reflected in the statement of changes in net assets available for benefits for the year ended December 31, 2022.

Note 4 – Fair Value Measurements

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1) and the lowest priority to unobservable inputs (level 3). The three levels of fair value hierarchy under FASB ASC 820 are described below:

Level 1	Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.
Level 2	Inputs to the valuation methodology include: • Quoted prices for similar assets or liabilities in active markets; • Quoted prices for identical or similar assets or liabilities in active markets; • Inputs other than quoted prices that are observable for the asset or liability; • Inputs that are derived principally from or corroborated by observable market data by correlation or other means. If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.
Level 3	Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Note 4 – Fair Value Measurements (Continued)

Following is a description of the valuation methodology used for assets measured at fair value. There have been no changes to the methodology used at December 31, 2022 and 2021.

Mutual Funds: Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily net asset value (NAV) and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

The Plan's investments are reported at fair value in the accompanying statements of net assets available for benefit.

Note 5 – Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants will become 100 percent vested in their accounts. The Company also has the right to amend the Plan at any time.

Note 6 – Tax Status

The Plan was established using the ADP, LLC Prototype Non-Standardized Profit Sharing Plan, which, according to an opinion letter dated August 31, 2020 from the Internal Revenue Service, may be relied upon by an employer to adopt and qualify as an approved plan under the applicable sections of the Internal Revenue Code (IRC).

Note 8 – Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

INDEPENDENT AUDITOR'S REPORT

To the Management of
IPPC Inc. 401(k) Profit Sharing Plan
Morganville, New Jersey

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit for the 2022 Financial Statements

We have performed audits of the financial statements of IPPC Inc. 401(k) Profit Sharing Plan, an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statements of net assets available for benefits as of December 31, 2022 and 2021, and the related statement of changes in net assets available for benefits for the year ended December 31, 2022, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of IPPC Inc. 401(k) Profit Sharing Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of December 31, 2022 and 2021, and for the year ended December 31, 2022, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section

- the amounts and disclosures in the financial statements referred to above, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- the information in the financial statements referred to above, related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of IPPC Inc. 401(k) Profit Sharing Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about IPPC Inc. 401(k) Profit Sharing Plan's ability to continue as a going concern for the one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the plan; and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the IPPC Inc. 401(k) Profit Sharing Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about IPPC Inc. 401(k) Profit Sharing Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter — *Supplemental Schedules Required by ERISA*

The supplemental schedule of Schedule H, Line 4i – Schedule of Assets Held (at end of year) is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor’s Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, are presented in conformity with the Department of Labor’s Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion

- the form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

IPPC INC. 401(k) PROFIT SHARING PLAN
NOTES TO FINANCIAL STATEMENTS
DECEMBER 31, 2022 AND 2021

Note 1 – Description of Plan

The IPPC Inc. 401(k) Profit Sharing Plan (the “Plan”) was established and became effective on January 1, 2003. IPPC Inc. (the “Company” and “Employer”), has general responsibility for the administration of the Plan, including, but not limited to complying with reporting and disclosure requirements, establishing, and maintaining Plan records and adopting amendments to the Plan. The trustee has the responsibility under the Plan for the management and control of the assets of the Plan. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (“ERISA”).

The following description provides only general information about the Plan. Participants should refer to the Plan agreement for a more complete description of the Plan’s provisions.

General

The Plan is a defined contribution 401(k) plan covering substantially all employees of IPPC Inc. and a commonly owned entity, Poet’s Square Pharmacy, Inc. An employee is eligible to participate in the Plan upon reaching age 21 and completing one year of service in which the employee is credited with a minimum of 1,000 hours of service. An eligible employee can enter the Plan on a monthly basis.

Contributions and Allocation

There are five types of contributions that can be made to the Plan. They are voluntary pre-tax salary reductions, Roth contributions, employer safe harbor matching contributions, employer profit sharing contributions and rollover contributions. The Plan permits eligible employees to make voluntary salary reductions not to exceed an amount set by law. The maximum salary reduction allowed for the calendar years 2022 is \$20,500. Participants who have attained the age of 50 before the end of the plan year are eligible to make catch-up contribution. The maximum catch up contribution for the calendar year 2022 is \$6,500.

The Plan provides that for each plan year, the employer will make safe harbor matching contributions equal to 100% of the amount of the employee’s elective deferrals that do not exceed 3% of the employee’s compensation plus 50% of the amount of the employee’s elective deferrals that exceed 3% of the employee compensation but do not exceed 5% of the employee’s compensation.

The Plan provides that for each plan year, the employer may make a discretionary profit sharing contribution.

Eligible employees may transfer or rollover contributions of a benefit from another qualified retirement plan. These contributions are 100% vested and will be placed in a separate account known as the “participant’s rollover account” and investments are participant directed.

Participant’s Account

Each participant’s account is credited with the employee salary reduction, employer discretionary match and profit sharing contribution, earnings on investments, and any increase or decrease in the fair value of investments. The benefit to which a participant is entitled is the benefit that can be provided from the participant’s vested account.

IPPC INC. 401(k) PROFIT SHARING PLAN
NOTES TO FINANCIAL STATEMENTS (CONTINUED)
DECEMBER 31, 2022 AND 2021

Note 1 – Description of Plan (Continued)

Vesting

Participants are immediately vested in their voluntary contributions, rollover contributions and employer safe harbor matching contributions plus actual earnings thereon. A participant's vested percentage in their account balance attributable to employer discretionary matching contributions is based on vesting years of service. A participant is 100% vested after six years.

<u>Years of Service</u>	<u>Percentage of Employer Discretionary Profit Sharing Contribution Account that is Vested</u>
Less than 1	0%
2	20%
3	40%
4	60%
5	80%
6	100%

Forfeitures

At December 31, 2022 and 2021 forfeited non-vested accounts totaled \$2,446 and \$767, respectively and were used to offset the employer profit sharing contribution accrued for the respective years ended.

Notes Receivable from Participant

Participants may borrow from their fund accounts to a maximum equal to the lesser of \$50,000 or half their account balance. Principal and interest are paid by periodic level payments at least as frequently as quarterly over a reasonable period of time not to exceed sixty months or five years.

The loan term for the purchase of a primary residence is not to exceed ten years. The loans are secured by the balance in the participant's account and bear interest at a rate commensurate with local prevailing rates as determined by the Plan Sponsor.

Payment of Benefits

On termination of service due to retirement, death, disability, or other reasons, a participant may elect to receive a single lump sum distribution of 100% of their account balance. Participants may also elect to receive the benefits in the form of an annuity. For termination of service due to other reasons, a participant may receive the value of the vested interest in his or her account as a lump-sum.

Note 2 – Summary of Significant Accounting Policies

Basis of Accounting

The financial statements of the Plan are prepared on the accrual method of accounting in accordance with accounting principles generally accepted in the United States of America.

Contributions

Participant and Company contributions are recorded in the period in which the Company makes the payroll deductions from the participant earnings. Contributions as of the end of the plan year are accrued in the period in which such amounts relate to.

IPPC INC. 401(k) PROFIT SHARING PLAN
NOTES TO FINANCIAL STATEMENTS (CONTINUED)
DECEMBER 31, 2022 AND 2021

Note 2 – Summary of Significant Accounting Policies (Continued)

Use of Estimates

The preparation of financial statements in accordance with accounting principles generally accepted in the United States of America requires management to make estimates and assumption that effect certain reported amounts and disclosures. Accordingly, actual results could differ from those estimates.

Investments

The Plan's investments are stated at fair value as determined by the trustee, using market quotations and other available information. Securities are valued at the last reported sales price on the last business day of the Plan's year. Net appreciation or depreciation of investments is reported in the statement of change in net assets available for benefits and consists of the realized gains or losses and the unrealized appreciation or depreciation of those investments. Participants direct the investment of their accounts into various investment options that are offered by the Plan which offered 29 mutual funds in 2022.

The Plan provides for participant-directed investment programs. The significant changes in net assets are detailed in the statement of changes in net assets available for benefits.

Notes Receivable from Participants

Participant loans are valued at cost, which approximates fair value.

Payment of Benefits

Benefit payments are recorded when paid.

Administrative Expenses

During the year ended December 31, 2022, the Company paid a significant amount of the Plan's operating expenses. Administrative expenses incurred by the trustee and asset management and advisory fees are paid from the assets of the Plan.

Subsequent Events

Management evaluated all activity of the Plan through October 12, 2023, the date the financial statements were available to be issued and concluded that no subsequent events occurred that would require recognition or disclosure in the financial statements or notes.

Note 3 – Information Certified by Trustee

The plan management has elected the method of compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, Mid Atlantic Trust Company, the trustee of the plan, has certified to the completeness and accuracy of all investments reflected on the accompanying statements of net assets available for benefits as of December 31, 2022 and 2021, and the supplemental Schedule H, line 4i - Schedule of Assets (Held at End of Year) as of December 31, 2022; the related investment activity reflected in the statement of changes in net assets available for benefits for the year ended December 31, 2022.

Note 3 – Information Certified by Trustee (Continued)

The following information included in the accompanying financial statements and supplemental schedule was obtained from data that has been prepared and certified to as complete and accurate by the trustee:

	<u>2022</u>	<u>2021</u>
Investments at Fair Value:		
Mutual funds	<u>\$ 12,285,722</u>	<u>\$ 15,138,899</u>

During the year ended December 31, 2022, the Plan's investments (including gains and losses on investments bought and sold, as well as held during the year) appreciated in value as follows:

	<u>2022</u>
Realized/Unrealized gain:	
Mutual funds	<u>\$ 3,421,111</u>

Note 4 – Fair Value Measurements

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1) and the lowest priority to unobservable inputs (level 3). The three levels of fair value hierarchy under FASB ASC 820 are described below:

Level 1	Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.
Level 2	Inputs to the valuation methodology include: • Quoted prices for similar assets or liabilities in active markets; • Quoted prices for identical or similar assets or liabilities in active markets; • Inputs other than quoted prices that are observable for the asset or liability; • Inputs that are derived principally from or corroborated by observable market data by correlation or other means. If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.
Level 3	Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Note 4 – Fair Value Measurements (Continued)

Following is a description of the valuation methodology used for assets measured at fair value. There have been no changes to the methodology used at December 31, 2022 and 2021.

Mutual Funds: Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily net asset value (NAV) and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

The Plan's investments are reported at fair value in the accompanying statements of net assets available for benefit.

Note 5 – Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants will become 100 percent vested in their accounts. The Company also has the right to amend the Plan at any time.

Note 6 – Tax Status

The Plan was established using the ADP, LLC Prototype Non-Standardized Profit Sharing Plan, which, according to an opinion letter dated August 31, 2020 from the Internal Revenue Service, may be relied upon by an employer to adopt and qualify as an approved plan under the applicable sections of the Internal Revenue Code (IRC).

Note 8 – Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.
