INDEPENDENT AUDITOR'S REPORT

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the accompanying financial statements of the TSG Cennox, LLC 401(k) Plan (the Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statements of net assets available for benefits as of December 31, 2022 and 2021, and the related statements of changes in net assets available for benefits for the years then ended, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the TSG Cennox, LLC 401(k) Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained a certifications from qualified institutions as of December 31, 2022 and 2021 and for the years then ended December 31, 2022 and 2021, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section:

- the amounts and disclosures in the financial statements referred to above, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- the information in the financial statements referred to above related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management has determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America. Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the TSG Cennox, LLC 401(k) Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the TSG Cennox, LLC 401(k) Plan's ability to continue as a going concern within one year after the date that the financial statements are issued.

Management is also responsible for maintaining a current Plan instrument, including all Plan amendments; administering the Plan; and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing our audits in accordance with generally accepted auditing standards, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the TSG Cennox, LLC 401(k) Plan's internal control. Accordingly, no such opinion is expressed.

Auditor's Responsibilities for the Audit of the Financial Statements (Continued)

In performing our audits in accordance with generally accepted auditing standards, we:

- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the TSG Cennox, LLC 401(k) Plan's ability to continue as a going concern for a reasonable amount of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certifications, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Supplemental Schedule Required by ERISA

The supplemental Schedule of Assets (Held at End of Year) as of December 31, 2022, is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and is derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplementary schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with generally accepted auditing standards. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

Supplemental Schedule Required by ERISA (Continued)

In our opinion:

- the form and content of the supplemental schedule, other than the information in the supplemental schedule agreed to or derived from the certified investment information, is presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedule relates to assets held by Empower Trust Company & Talcott Resolution Life Insurance Company and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by institutions that management determined meet the requirements of ERISA Section 103(a)(3)(C).

TSG CENNOX, LLC 401(k) PLAN
NOTES TO FINANCIAL STATEMENTS
December 31, 2022 and 2021

1. DESCRIPTION OF THE PLAN

The following brief description of TSG Cennox, LLC 401(k) Plan (the Plan) is provided for general information purposes only. Participants should refer to the Summary Plan Description for more complete information.

General

The Plan was adopted effective January 1, 1999. The Plan Sponsor is TSG Cennox, LLC (the Company). The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA), as amended. The Plan is a defined contribution plan covering employees of the Company, including employees who are leased and whose terms and conditions of employment are determined by a collective bargaining agreement.

Employees are eligible to participate in the Plan upon the completion of twelve months of service under the elapsed time method, provided they are age 21. Eligible employees may enter the Plan on the first day of each quarter once satisfying the eligibility requirements.

The Plan was restated effective August 4, 2021 for all current legislation under the cycle three restatement period and to change the Plan name to TSG Cennox, LLC 401(k) Plan.

The Plan has been periodically amended to allow for the recognition of prior service for eligibility and vesting under the TSG Cennox, LLC 401(k) Plan for various companies acquired by the Plan Sponsor.

Plan Administration

The Plan is administered by the Trustees. The Trustees contract with an independent third-party administration firm to perform recordkeeping responsibilities. All funds that are contributed to the Plan are held for the benefit of the participants.

Contributions

Participant contributions are made on a pre-tax basis through payroll deduction. Participants may contribute up to 100% of deferral earnings, as limited by the Internal Revenue Code section 402(g). Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions. Rollover contributions from other qualified defined benefit or defined contribution plans are also allowed. Rollovers into the Plan were \$0 and \$72,193 for the years ended December 31, 2022 and 2021, respectively. Participants direct the investment of their contributions into various investment options offered by the Plan.

The Company makes safe harbor matching contributions equal to 100% of salary deferrals up to the first 3% of compensation and 50% of deferrals between 3% and 5% of compensation. The Company made safe harbor matching contributions of \$231,956 and \$191,606 for the years ended December 31, 2022 and 2021, respectively. The Plan also provides that the Company may make a discretionary matching contribution, determined each year, of a percentage of an employee's eligible compensation that is contributed to the plan as deferral contributions, but in no case in an amount which is in excess of the amount allowable as a tax deduction under the Internal Revenue Code. Annual employer contributions are to be funded no later than the date the Company's federal income tax return is due.

NOTES TO FINANCIAL STATEMENTS
December 31, 2022 and 2021

1. DESCRIPTION OF THE PLAN (Continued)

Contributions (Continued)

The Company may also make discretionary non-elective contributions. A participant must have provided one hour of service and be employed on the last day of the plan year to be eligible for a non-elective contribution.

Participants' Accounts

Participants are allowed to direct the investment of their accounts among several investment choices. Each participant account is credited with (a) the participant's elective deferral contribution, (b) the Company's contributions, (c) forfeitures of terminated participants' nonvested accounts (if they are used to offset employer contributions), and (d) the participant's individual gains or losses from investments.

Investment Options

Upon enrollment in the Plan, a participant may direct employee and employer contributions into any of a variety of funds made available through the Plan. The Plan Sponsor may change the investment options offered at any time, as deemed appropriate. Participants have access to their account information through the Internet and may make allocation changes at any time, subject to the Securities & Exchange Commission restrictions on excess trading.

The fund offerings are intended to provide participants with a variety of options over the usual range of asset classes with varying risk categories from conservative to aggressive. The prospectuses of the various funds offer detailed information on the characteristics, operations, management and expenses of the investments offered.

Vesting

Participants are 100% vested in their salary deferral contributions and employer safe-harbor matching contributions, plus actual earnings thereon. Vesting in the Company's matching and non-elective contributions and earnings thereon is based on covered years of service. For purposes of determining a participant's vested benefit, years of service are computed on the basis of completed plan years of service and include all years of service with the employer. A participant has no vested interest until reaching two years of covered service, at which point that participant becomes 20% vested. Vesting is increased 20% for each year of covered service thereafter. A participant is 100% vested after six years of covered service.

Forfeitures

Forfeitures of non-vested matching contributions and non-vested employer non-elective contributions may be used to restore forfeitures, reduce employer contributions, reallocate as employer contributions or pay Plan expenses. Forfeitures shall be used no later than the end of the Plan year following the Plan year during which the forfeiture occurred. Plan forfeitures used to pay Plan expenses were \$5,297 and \$0 for the Plan years ended December 31, 2022 and 2021, respectively. Forfeitures available to be used were \$2,573 and \$7,671 for the years ended December 31, 2022 and 2021, respectively.

NOTES TO FINANCIAL STATEMENTS
December 31, 2022 and 2021

1. DESCRIPTION OF THE PLAN (Continued)

Payment of Benefits

Pursuant to plan provisions, distributions may be made from the Plan upon the participant's normal retirement, disability, death or termination of employment. A mandatory distribution is required if the account balance is less than \$1,000 or subject to automatic rollover if less than or equal to \$5,000. The normal form of payment under the Plan is a lump sum distribution, although installment distributions are permitted. The Plan also allows hardship distributions from pre-tax deferrals, employer non-elective contributions if the participant is 100% vested in the employer contribution and rollover accounts. In addition, the Plan allows in-service distributions for participants who have attained the age of 59 1/2 from all accounts.

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting

The accompanying financial statements have been prepared on the accrual basis of accounting.

Use of Estimates

The preparation of financial statements in accordance with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Investment Valuation and Income Recognition

The Plan's investments are stated at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 6 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Net appreciation (depreciation) includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Contract value is the relevant measurement attribute for the portion of the net assets available for benefits of a defined contribution plan attributable to fully benefit-responsive investment contracts because contract value is the amount participants would receive if they were to initiate permitted transactions under the terms of the Plan. The financial statements are prepared on a contract value basis for fully benefit-responsive investment contracts.

Benefit Payments

Benefits are recorded when paid.

Administrative Fees

Administrative fees, if any, and all other fees associated with the Plan have been paid by the Plan Sponsor and are excluded from these financial statements. Participants may be charged distribution fees upon withdrawal of their accounts.

3. INFORMATION CERTIFIED BY THE CUSTODIANS

The Plan administrator has elected the method of annual reporting compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Investment information disclosed in the accompanying financial statements and schedule, including net appreciation (depreciation) in fair value of investments, interest, dividends, gain (loss) on sales of assets, investment expenses and administrative fees were obtained or derived from information supplied to the Plan administrator and certified as complete and accurate by the custodians Empower Trust Company & Talcott Resolution Life Insurance Company for the year ended December 31, 2022 and Great-West Life & Annuity Insurance Company for the year ended December 31, 2021.

Accordingly, as permitted under such election, the following information was not subjected to any auditing procedures performed by the independent public accountants, except for comparing such information certified by the custodians to information included in the Plan's financial statements and supplemental schedule:

	<u>2022</u>	<u>2021</u>
Market value of investment assets	\$ 3,944,774	\$ 4,845,401
Contract value of investment assets	408,784	612,044
Net appreciation (depreciation) in fair value of investments	(977,941)	57,357
Interest and dividends	247,123	534,876

4. TAX STATUS

The Plan has adopted a non-standardized pre-approved profit sharing plan document and as such, may rely on the Internal Revenue Service opinion letter as evidence that the Plan is qualified under §401 of the Internal Revenue Code. The Plan obtained its latest opinion letter on June 30, 2020, in which the Internal Revenue Service stated that the Plan, as then designed, was in compliance with the applicable requirements of the Internal Revenue Code. Although the Plan has been amended since then, the Plan administrator and the Plan's Trustees believe that the Plan is designed, and is currently being operated, in compliance with the applicable requirements of the Internal Revenue Code, and therefore, believe that the Plan is qualified, and the related trust is tax-exempt.

Accounting principles generally accepted in the United States of America require Plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain tax position that more likely than not would not be sustained upon examination by the Internal Revenue Service or Department of Labor. The Plan administrator has analyzed the tax positions taken or expected to be taken by the Plan, and has concluded that as of December 31, 2022 and 2021 there are no such tax positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

5. GUARANTEED INVESTMENT CONTRACT

The Plan maintains a fully benefit-responsive investment contract with Empower Trust Company & Talcott Resolution Life Insurance Company ("Empower"). The Group Contract holder is the owner of the Group Annuity Contract, and has all rights, remedies and recourses given in the Group Annuity Contract. The Group Annuity Contract is treated as a trust for the purposes of §401(a), §401(f) and §457(g) of the Internal Revenue Code, and no portion of the amount contributed to the Group Annuity Contract, including earnings thereon, may be used for or diverted to any purpose other than the exclusive benefit of Plan participants and their beneficiaries prior to the satisfaction of all liabilities with respect to payees. The Group Annuity Contract and the participant annuity accounts are held in respect of the Plan, and there is no contractual relationship between either Company and the participants.

The account is credited with all contributions made by or on behalf of participants, all interest credited to the fixed account at a rate declared each quarter, any amounts transferred or distributed from the account and applicable charges and fees. Empower determines the "Declared Interest Rate" for any quarter at their discretion. Empower guarantees the "Declared Interest Rate" applicable to any quarter to the end of the year in which the rate was applied. Empower will declare any change in the "Declared Interest Rate" before the start of each quarter. The Fixed Account interest rate will never be less than the minimum interest rate specified in the contract. Empower may, from time to time, credit interest rates in excess of the minimum interest rate. The contract is included in the financial statements at contract value as reported to the Plan by Empower. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value. The guaranteed investment contract issuer is contractually obligated to repay the principal and a specified interest rate that is guaranteed to the Plan.

As described in Note 2, because the guaranteed investment contract is fully benefit-responsive, contract value is the relevant measurement attribute. There are no reserves against contract value for credit risk of the contract issuer or otherwise. The contract value of the Fixed Accounts at December 31, 2022 and 2021, was \$408,784 and \$612,044, respectively. For the periods ending December 31, 2022 and 2021, the crediting interest rate for the Fixed Account was 3.00%.

In certain circumstances, the amount withdrawn from the Fixed Accounts would be payable at fair value rather than at contract value. These circumstances include termination of the Plan, a material adverse change to the provisions of the Plan, or if the Plan withdraws from the Fixed Account in order to switch to a different investment provider.

The circumstances described above that could result in payment of benefits at market value rather than contract value are not probable of occurring in the foreseeable future. Examples of events that would permit the Fixed Account issuer to terminate the contract upon short notice include 1) the Plan's loss of its qualified status, 2) material and adverse changes to the provisions of the Plan, or 3) uncured material breaches of responsibilities. If one of these events was to occur, the contract issuer could terminate the contract at the market value of the underlying investments at the hypothetical market value based upon a contractual formula.

6. FAIR VALUE MEASUREMENTS

The Financial Accounting Standards Board (FASB) developed the Accounting Standards Codification (ASC) 820, "Fair Value Measurements," to establish a framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1 measurement) and the lowest priority to unobservable inputs (level 3 measurements).

The three levels of the fair value hierarchy under the "Fair Value Measurements" guidance are described as follows:

Level 1 - Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the plan has the ability to access.

Level 2 - Inputs to the valuation methodology include (1) quoted prices for similar assets in active markets, (2) quoted prices for identical or similar assets in inactive markets, (3) inputs other than quoted market prices that are observable from the asset, (4) inputs that are derived principally from or corroborated by observable market data by correlation or other means. If the asset has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset.

Level 3 - Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2022 and 2021.

Pooled separate accounts: The unregistered pooled separate accounts are divided into investments called sub-accounts. Each sub-account invests in shares of an underlying mutual fund. Sub-account values are measured in terms of accumulation units. The accumulation units of a sub-account are assigned a unit value on a daily basis. The unit value is assigned at the close of each day the New York Stock Exchange (NYSE) is open for trading (this is called a "valuation day"). To determine the current accumulation unit value for a sub-account, the prior valuation day's accumulation unit value is multiplied by the net investment factor. The net investment factor is used to measure the investment performance of a sub-account from one valuation day to the next. The net investment factor for each sub-account equals the net asset value (NAV) per share of the underlying fund held in the sub-account at the end of the current valuation day, divided by the NAV per share of the underlying fund held in the sub-account at the end of each prior valuation day, minus any daily mortality and expense risk and administration charges, if applicable.

6. FAIR VALUE MEASUREMENTS (Continued)

The preceding method described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2022 and 2021:

	<u>Level 1</u>	<u>Level 2</u>	<u>Level 3</u>	<u>Total</u>
December 31, 2022				
Pooled separate accounts	\$ <u>-</u>	\$ <u>3,944,774</u>	\$ <u>-</u>	\$ <u>3,944,774</u>
Total investments at fair value	\$ <u>-</u>	\$ <u>3,944,774</u>	\$ <u>-</u>	\$ <u>3,944,774</u>

Total investments at fair value	\$ <u>-</u>	\$ <u>4,845,401</u>	\$ <u>-</u>	\$ <u>4,845,401</u>

7. PLAN TERMINATION

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants would become 100% vested in their employer contributions and the assets will be distributed to participants in proportion to their respective account balances.

8. PARTY-IN-INTEREST TRANSACTIONS

Parties-in-interest are defined under Department of Labor regulations as any fiduciary of the Plan, any party rendering services to the Plan, the employer, and certain others. Plan investments were managed by Empower Annuity Insurance Company of America for the years ended December 31, 2022 and 2021. Empower Annuity Insurance Company of America were also the custodians for the Plan, and, therefore, are party-in-interests. The Plan paid administrative fees of \$7,137 and \$1,180 for the years ended December 31, 2022 and 2021, respectively.

9. RISKS AND UNCERTAINTIES

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

10. SUBSEQUENT EVENTS

Effective January 1, 2023, the Plan was amended to credit service to multiple companies that were involved with the merger with TSG Cennox, LLC during 2022 and to make all eligible employees 100% vested in their participant accounts. In addition, effective January 1, 2023, the Plan was amended for the plan merger of the Bancsource Savings Plan and FKI Security Group, LLC Salaried Employee 401(k) Profit Sharing Plan.

Management has evaluated subsequent events through October 16, 2023 the date on which the financial statements were available to be issued. Management determined there were no other subsequent events that required reporting in the financial statements.
