Independent Auditor's Report

Fastening Solutions, Inc.
Employee Retirement Plan
Montgomery, Alabama

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed an audit of the financial statements of Fastening Solutions, Inc. Employee Retirement Plan (the Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statements of net assets available for benefits (modified cash basis) as of December 31, 2022 and 2021, the related statements of changes in net assets available for benefits (modified cash basis) for the years then ended, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audit of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audit need not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained a certification from a qualified institution as of December 31, 2022 and 2021, and for the years then ended, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audit and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section:

- The amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America (U.S. GAAP).
- The information in the accompanying financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Basis of Accounting

We draw attention to Note 1 of the financial statements, which describes the basis of accounting. The financial statements and supplemental schedule are prepared on the modified cash basis of accounting, which is a basis of accounting other than accounting principles generally accepted in the United States of America. Our opinion is not modified with respect to that matter.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with the modified cash basis of accounting described in Note 1; this includes determining that the modified cash basis of accounting is an acceptable basis for the preparation of the financial statements in the circumstances. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern within one year after the date that the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the Plan, and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if, there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of U.S. GAAP.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with U.S. GAAP.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter - Supplemental Schedule Required by ERISA

The supplemental schedule H, line 4i - schedule of assets (held at end of year)(modified cash basis) is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the DOL's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule (modified cash basis), we evaluated whether the supplemental schedule (modified cash basis), other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- The form and content of the supplemental schedule (modified cash basis), other than the information in the supplemental schedule (modified cash basis) that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.
- The information in the supplemental schedule (modified cash basis) related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Employee Retirement Plan
Notes to Financial Statements (Modified Cash Basis)
December 31, 2022 and 2021

Note 1 - Summary of Accounting Policies

Basis of presentation - The financial statements have been prepared on the modified cash basis of accounting, which is a comprehensive basis of accounting other than United States generally accepted accounting principles. Under the modified cash basis of accounting, revenue is recognized when received, other than the discretionary employer profit sharing contribution that is recognized in the Plan year in which the applicable eligible compensation is earned by the participants, and unrealized appreciation or depreciation in the value of the Plan's investments which is recognized as of the reporting date. Expenditures are recognized when they are paid. Generally accepted accounting principles record revenue when earned, rather than when received, and expenses when the liability is incurred, rather than when actually paid.

Use of estimates in the preparation of financial statements - In preparing financial statements, management is required to make estimates and assumptions that affect the reported amounts of assets and liabilities and the disclosure of contingent assets and liabilities at the date of the financial statements and revenue and expenses during the reporting period. Actual results could differ from those estimates.

Valuation of investments - The Plan's assets are presented at fair value (except for fully benefit-responsive investment contracts, which are reported at contract value). Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Plan's Trustees determine the Plan's valuation policies utilizing information provided by the investment advisors and Custodians. See Note 4 for a discussion of fair value measurements.

Notes receivable from participants - Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred. If a participant ceases to make loan repayments and the Plan Administrator deems the participant loan to be in default, the participant loan balance is reduced and a benefit payment is recorded when a distributable event, as defined in the plan, occurs.

Payment of benefits - Benefits are recorded when paid.

Expenses - Certain expenses of maintaining the Plan are paid by the Plan, unless otherwise paid by Fastening Solutions, Inc. (the Plan Sponsor). Expenses that are paid by the Plan Sponsor are excluded from these financial statements. Certain investment related expenses are included in net appreciation (depreciation) of fair value of investments.

Note 2 - Description of the Plan

The following description of the Fastening Solutions, Inc. Employee Retirement Plan provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions:

General - The Plan was established by the Plan Sponsor on October 1, 1964, for the benefit of all eligible employees of Fastening Solutions, Inc.

Eligibility - Employees who have obtained 30 days of service and have reached their 21st birthday are eligible to participate, except for part-time, temporary or seasonal employees. A part-time, temporary, or seasonal employee is an employee whose regularly scheduled service is less than 1,000 hours of service. If a part-time, temporary, or seasonal employee completes a year of service in the relevant eligibility computation period as defined by the Plan, then such employee will no longer be excluded.

December 31, 2022 and 2021

Note 2 - Description of the Plan (continued)

Participation - All eligible employees shall become a participant as of the first day of the month coinciding with or next following the date eligibility requirements are met.

Participant contribution - Participants may elect to have a percentage of their salary withheld and contributed to the Plan on their behalf, not to exceed the maximum as permitted by law. Participants also have the option to make Roth elective deferrals to the Plan. Participants who have attained the age of 50 before the end of the Plan year are eligible for catch-up contributions. Participants may also contribute amounts representing distributions from other qualified defined benefit or contribution plans. Participants direct the investment of their contributions into various investment options offered by the Plan.

Employer contributions - The Sponsor contributes a safe harbor matching contribution equal to 100% of the first 3% and 50% of the next 2% of employee deferrals. Safe harbor matching contributions are available to employees who have completed one year of service.

The Sponsor may also contribute the following: (1) a discretionary matching contribution on elective deferrals up to 6% of compensation, not to exceed 4% of employee compensation, and (2) a discretionary profit sharing contribution. For the purposes of these contributions, employees who have not obtained age 21 and completed one year of service as of the first day of the Plan year quarter coinciding with or next following the date the requirement is met is excluded until such requirements are met.

Matching contributions may be based on business units or locations and may be stated as a discretionary percentage of a participant's compensation or a discretionary dollar amount, the percentage or dollar amount to be determined by the employer on a uniform basis for all eligible participants. Discretionary matching contributions are available to all employees regardless of service completed during the Plan year or employment status on the last day of the Plan year.

Profit sharing contributions may be based on business units or locations. Each participant constitutes a separate classification. Profit sharing contributions are allocated to participants based on relative compensation. Profit sharing contributions are available only to employees who are employed on the last day of the Plan year and have completed one year of service. The requirement to be an employee on the last day of the Plan year is waived if employment was terminated due to death, disability, or retirement.

Total safe harbor matching contributions totaled \$343,363 and \$304,828 for the years ended December 31, 2022 and 2021, respectively. There were no discretionary employer contributions declared for the years ended December 31, 2022 and 2021.

Vesting of participant's interest - Participants will always be 100% vested in employee salary deferrals including Roth 401(k) deferrals, safe harbor employer contributions and employee rollover contributions, plus actual earnings thereon. Vesting in the remainder of their accounts is based on the number of years during which the employee has worked 1,000 hours.

<u>Years of Service</u>	<u>Vesting %</u>
Less than two years	0%
Two years	20%
Three years	40%
Four years	60%
Five years	80%
Six years	100%

Note 2 - Description of the Plan (continued)

Participant accounts - Each participant's account is credited with the participant's contributions and employer matching contributions, as well as allocations of the employer's discretionary contribution, if any, and Plan earnings. Participant accounts are charged with an allocation of administrative expenses that are paid by the Plan. Allocations are based on participant earnings, account balances, or specific participant transactions, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Notes receivable from participants - A participant may borrow the lesser of \$50,000 or 50% of their vested account balance, with a minimum loan amount of \$1,000. General purpose loans are repayable through payroll deduction over periods ranging up to 60 months. However, if the loan is for the purchase of a principal residence, the Administrator may permit longer repayment terms. The interest rate is based on 1% plus the prime interest rate and is fixed over the life of the note. The interest rate on outstanding loans varied between a low of 4.25% and a high of 6.50% at December 31, 2022. A participant may have only one loan outstanding at any given time. Outstanding loans are collateralized by participant accounts.

Payment of benefits - Upon termination of service, a participant may elect to receive a lump sum or installment distribution from the participant's elective deferral, safe harbor match, and rollover accounts. Upon termination of service due to death, disability or retirement, a participant may elect to receive an amount equal to the value of the participant's vested interest in his or her discretionary match or profit sharing account in either a lump-sum amount, or in installments. A participant may not receive a distribution from his or her profit sharing account until death, disability or retirement unless the participant's vested account does not exceed \$5,000. Under certain circumstances, the Plan provides for hardship distributions to currently employed participants.

Forfeited accounts - At December 31, 2022 and 2021, forfeited accounts totaled approximately \$1,269 and \$1,258, respectively. These accounts may be used to (a) reinstate previously forfeited account balances of participants, if any, in accordance with Plan provisions, (b) cover amounts due to an unknown participant or beneficiary that was located subsequent to forfeiture of related account balance (c) pay administrative expenses of the Plan or (d) reduce employer contributions. For the years ended December 31, 2022 and 2021, there were no forfeitures used.

Note 3 - Certified Investments

The following is a summary of certain information related to investments and notes receivable from participants disclosed in the accompanying financial statements and ERISA-required supplemental schedule (modified cash basis), as of December 31, 2022 and 2021, that was obtained by management and agreed to or derived from information certified as complete and accurate by Great West Life & Annuity Insurance Company (the Custodian of the Plan):

	<u>2022</u>	<u>2021</u>
Mutual funds	\$ 20,675,450	\$ 26,460,921
Guaranteed investment contracts	922,334	770,166
Participant notes receivable	128,626	141,778
Total	<u>\$ 21,726,410</u>	<u>\$ 27,372,865</u>
Interest and dividend income	\$ 935,966	\$ 1,383,535
Interest income on notes receivable from participants	6,236	4,562
Net (depreciation) appreciation in fair value	(5,036,730)	1,825,663

Note 4 - Fair Value Measurements

Professional accounting standards establish a framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of fair value hierarchy are described as follows:

Level 1 - Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the plan has the ability to access.

Level 2 - Inputs to the valuation methodology include quoted prices for similar assets or liabilities in active markets; quoted prices for identical or similar assets or liabilities in inactive markets; inputs other than quoted prices that are observable for the asset or liability; inputs that are derived principally from or corroborated by observable market data by correlation or other means. If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full-term of the asset or liability.

Level 3 - Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level with the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2022 and 2021.

Mutual funds: Valued at the daily closing price as reported by the fund. The funds publish their daily net asset values (NAV) and transact at those prices. The mutual funds held by the Plan are deemed to be actively traded.

Notes to Financial Statements (Modified Cash Basis)
December 31, 2022 and 2021

The following tables set forth by level, within the fair value hierarchy, the Plan's assets at fair value at December 31, 2022 and 2021:

Assets at Fair Value as of December 31, 2022			
	Level 1	Level 2	Level 3
Mutual Funds	\$ 20,675,450		
Investments at fair value	\$ 20,675,450	\$ -	\$ -

Assets at Fair Value as of December 31, 2021			
	Fair Value	Level 2	Level 3
Mutual Funds	\$ 26,460,921		
Investments at fair value	\$ 26,460,921	\$ -	\$ -

Realized gains included in changes in net assets for the periods above are reported in net appreciation in fair value of investments in the statements of changes in net assets available for benefits (modified cash basis).

Note 5 - Fully Benefit-Responsive Investment Contract

The Plan has a group annuity contract with Great-West Life & Annuity Insurance Company. The contract is a traditional investment contract. This contract meets the fully benefit-responsive investment contract criteria and therefore is reported at contract value. Contract value is the relevant measure for fully benefit-responsive investment contracts because this is the amount received by participants if they were to initiate permitted transactions under the terms of the Plan. Contract value represents contributions made under each contract, plus earnings, less participant withdrawals, and administrative expenses. As a traditional investment contract, the Plan owns only the contract itself.

The traditional investment contract held by the Plan is a guaranteed investment contract. The contract issue is contractually obligated to repay the principal and interest at a specified interest rate that is guaranteed to the Plan. The crediting rate is based on a formula established by the contract issuer but may not be less than zero percent. The credit rating is reviewed on a quarterly basis for resetting. The contract does not have a maturity date.

The Plan's ability to receive amounts due in accordance with the fully benefit-responsive investment contract is dependent upon the third-party issuer's ability to meet its financial obligations. The issuer's ability to meet its contractual obligations may be affected by future economic and regulatory developments. Certain events might limit the ability of the Plan to transact at contract value with the contract issuer. These events may be different under each contract. Examples of such events include, but are not limited to the Plan's failure to qualify under Section 401(a) of the Internal Revenue Code (IRC) or the failure of the trust to be tax exempt under Section 501(a) of the IRC; premature termination of the contract; Plan termination or merger; changes to the Plan's prohibition or competing investment options; and bankruptcy of the Plan Sponsor or other events of the Sponsor, such as divestitures, that significantly affect the Plan's normal operations.

Management believes that there are no events probable of occurring that might limit the ability of the Plan to transact at contract value with the contract issuer and that would also limit the ability of the Plan to transact at contract value with the participants.

December 31, 2022 and 2021

Note 6 - Income Tax Status

The Plan utilizes a volume submitter plan document which was pre-approved by the Internal Revenue Service. The Plan Administrator believes that the Plan is currently designed and being operated in compliance with the applicable requirements of the IRC. The Plan Administrator also believes that the Plan was qualified and the related trust was tax exempt as of the financial statement date.

In preparing financial statements, plan management is required to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the taxing authorities. The Plan Administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2022, there are no uncertain positions taken or expected to be taken that would require disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

Note 7 - Plan Termination

Although it has not expressed an intention to do so, the Plan Sponsor has the right under the Plan to discontinue its contribution at any time and to terminate the Plan, subject to the provisions of ERISA. In the event of Plan termination, participants will become 100% vested in their accounts.

Note 8 - Related Party Transactions

Certain Plan investment options are offered by Great West Life & Annuity Insurance Company as the Custodian of the Plan. Retirement Strategies, Inc. is the third-party administrator. The Plan also engages third-parties to provide investment advisory and management services. Transactions with these entity qualify as party-in-interest transactions. Amounts paid directly by the Plan for investment advisory and management services amounted to \$93,483 and \$104,008 for the years ended December 31, 2022 and 2021, respectively. The Plan Sponsor pays directly any other fees related to the Plan's operations.

Note 9 - Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits (modified cash basis).

Note 10 - Reconciliation of Financial Statements to Form 5500
